

Corporate Governance report

Corporate Governance Practices

Good corporate governance is conducive to improving overall performance and attaining long-term sustainable growth and is essential in modern corporate administration. The Corporation's corporate governance practices are set out in the "Corporate Governance Code" (the "Code") which was approved by the Board on 14 December 2004 and which took immediate effect. The Code is premised on the principles of fairness, transparency, accountability and responsibility to all stakeholders and has been issued to the shareholders and the directors. The Code is also available on our website and is accessible by the public.

Throughout 2006, the Corporation has complied with the provisions of the Code. Maintaining a robust and sensible framework of corporate governance for the effective and prudent management of the Corporation has always been a top corporate priority.

Shareholders

All the shares of the Corporation are beneficially owned by the Financial Secretary of Hong Kong as Controller of the Exchange Fund. Therefore, whilst the Corporation operates on prudent commercial principles, the Board endeavours to ensure that the Corporation delivers its performance based on good corporate governance practices which are commensurate with best international standards.

The Board

The Board is responsible for leading the Corporation and promoting its success in a responsible and effective manner. In fulfilment of its responsibility in providing strategic leadership and effective control of the Corporation, the Board meets in person at least once every three months and on other occasions when a board decision is required on major issues. During the year ended 31 December 2006, the Board held four quarterly meetings and one special meeting in July to oversee the Corporation's business strategy and policies, budgeting and planning, organisational and financial performance, risk management, human resources as well as community relations.

Directors are requested to declare their direct or indirect interests, if any, in any transactions to be considered by the Board at board meetings and withdraw from the meetings as appropriate. Certain significant related party transactions entered into between various Directors with the Corporation are disclosed in the Report of the Directors by reference to Note 29 to the financial statements.

As at 31 December 2006, there were 18 Directors, all of whom had been duly appointed by the Financial Secretary in his capacity as shareholder of the Corporation. Information of the Directors is set out in the Report of the Directors published

in the Annual Report. All Directors (with the exception of four Executive Directors) are non-executive and independent of the Corporation's management team. An updated list of the Directors is published on the Corporation's website (www.hkmc.com.hk). Whilst not actively involved in the day-to-day management of the Corporation, Non-Executive Directors do play an important role in bringing their independent judgment and considerable knowledge and expertise to the Board's deliberations, which in turn contribute to the effective direction of the Corporation. The Corporation does not remunerate its Directors.

The Corporation has maintained appropriate insurance cover for its Directors and officers against legal proceedings and other claims arising in the course of discharge of their duties.

Chairman and Chief Executive Officer

The posts of Chairman and Chief Executive Officer ("CEO") are held by Mr. Henry Tang and Mr. James H. Lau Jr. respectively. This segregation ensures a clear division of responsibilities between the Board and the executive functions of the Corporation's management team. The Board is responsible for laying down strategic direction and business guidelines, approving financial objectives and

closely monitoring the Corporation's performance on an on-going basis. The CEO, who is accountable to the Board, is responsible for implementing the Board's decisions in a proper and efficient manner.

Company Secretary

The Company Secretary is directly accountable to the Board and her main duty is to ensure that all company secretarial procedures are followed by the Corporation and the Board. In addition, the Company Secretary oversees the preparation of meeting agendas and Board Papers which are distributed to Directors in a timely and comprehensive manner prior to each Board meeting and the Annual General Meeting of the Corporation.

In 2006, Board Papers were sent to Directors at least seven days before the relevant Board meeting (including the special meeting held in July) so that Directors were properly briefed before the Board meeting. The Board Papers typically contain comprehensive background and/or explanatory information about the subject matters and include supporting documents, analyses, research findings, projections, budgets and forecasts, where appropriate. However, any Director adjudged to have a conflict of interests in the subject matter under discussion in a Board Paper is not provided with the relevant Board Paper.

Internal Control

The Board has the overall responsibility for the Corporation's internal control systems and, through the Audit Committee, conducts periodic review on the effectiveness and efficiency of the systems. The internal control systems are designed to provide reasonable assurance against material misstatement or loss, manage risks of failure in the operational systems and the achievement of business objectives; safeguard assets against unauthorised use; ensure the maintenance of proper accounting records for internal use and publication, and assure compliance with applicable legislation and regulations.

In February 2007, the Chief Internal Auditor duly conducted an independent review of the self-assessment forms provided by each department in relation to compliance with the Code for the year 2006. Based on the audit findings on the Corporation's internal control systems and the self-assessment forms, the Chief Internal Auditor was satisfied that there had been no material breach of the Code in 2006.

Code of Conduct

The Corporation requires the highest standards of integrity and conduct from its staff members. The requirements and the relevant legal obligations are clearly set out in a code of conduct ("Code of Conduct") incorporated into the Staff Handbook. The Code of Conduct also sets out, in particular, provisions as regards potential conflict of interests situation which may arise between the staff members and the Corporation of which the staff members should be aware and other provisions designed to ensure that they carry out their work properly, impartially and free from any suggestion of improper influence.

In 2006, the Corporation thoroughly reviewed and updated the Code of Conduct to align it with the latest developments in corporate governance practices. A copy of the Code of Conduct is posted on the Corporation's intranet to make it readily accessible by all staff members.

Staff members are required to give written confirmation of their compliance with the Code of Conduct on an annual basis. Based on the confirmation received from the staff members, Management was satisfied that staff members had complied with the Code of Conduct during 2006.

Communication

The Corporation attaches great importance to communications with the public at large. The Annual Report of the Corporation contains comprehensive information on its business strategies and developments. The Corporation's website (www.hkmc.com.hk) offers timely access to the Corporation's press releases and other business information. The Corporation also maintains a hotline telephone system to service enquiries from the public.

Conclusion

The Board was satisfied with the corporate governance practices of the Corporation during 2006. The Board, assisted by the Audit Committee and Management, will continue to review and, where appropriate, improve those practices in light of ongoing experience, regulatory changes, international trends and developments to enhance the Corporation's efficiency and effective management in achieving its ultimate business objectives.
