Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement and the listing document referred to herein are for information purposes only as required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") and do not constitute an offer to sell or acquire or the solicitation of an offer to buy any securities. Neither this announcement nor anything referred to herein (including the listing document) forms the basis for any contract or commitment whatsoever.

For the avoidance of doubt, the publication of this announcement and the listing document referred to herein shall not be deemed to be an offer of securities made pursuant to a prospectus issued by or on behalf of the Issuer (as defined below) for the purposes of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong nor shall it constitute an advertisement, invitation or document containing an invitation to the public to enter into or offer to enter into an agreement to acquire, dispose of, subscribe for or underwrite securities for the purposes of the Securities and Futures Ordinance (Cap. 571) of Hong Kong.

*This announcement and the listing document referred to herein are for informational purposes only and do not constitute or form a part of an offer to sell or the solicitation of an offer to buy any securities in the United States or any other jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. The securities referred to herein have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any state of the United States or any other jurisdiction. If any offer proceeds, the securities will only be offered and sold outside the United States in reliance on Regulation S under the Securities Act and may not be offered or sold within the United States absent registration under, or an applicable exemption from, or in a transaction not subject to, the registration requirements under the Securities Act and applicable state or local securities laws of the United States. No public offering of the securities referred to herein will be made in the United States or in any other jurisdiction where such an offering is restricted or prohibited or where such offer would be unlawful prior to registration or qualification under the securities laws of such jurisdiction.*

Notice to Hong Kong investors: The Issuer confirms that the Notes (as defined below) are intended for purchase by professional investors (as defined in Chapter 37 of the Listing Rules) ("**Professional Investors**") only and have been listed on The Stock Exchange of Hong Kong Limited (the "**Hong Kong Stock Exchange**") on that basis. Accordingly, the Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

IMPORTANT NOTICE

NOT FOR DISTRIBUTION IN THE UNITED STATES OR TO U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT)

IMPORTANT: You must read the following disclaimer before continuing. The following disclaimer applies to the attached Information Memorandum. You are advised to read this disclaimer carefully before accessing, reading or making any other use of the attached Information Memorandum. In accessing the attached Information Memorandum, you agree to be bound by the following terms and conditions, including any modifications to them from time to time, each time you receive any information from us as a result of such access.

Confirmation of Your Representation: This Information Memorandum is being sent to you at your request, and, by accepting the email and accessing the attached Information Memorandum, you shall be deemed to represent to Standard Chartered Bank (the "**Sole Global Coordinator**"), BNP Paribas, China International Capital Corporation Hong Kong Securities Limited, ING Bank N.V., Singapore Branch, MUFG Securities Asia Limited, SMBC Nikko Securities (Hong Kong) Limited and Standard Chartered Bank (each a "**Joint Bookrunner**", and together the "**Joint Bookrunners**") that (1) you and any account or investor you represent are not located in the United States of America, its territories and possessions, any state of the United States or the District of Columbia, you are not, and are not acting for the account or benefit of, a U.S. person, as defined in Regulation S under the United States Securities Act of 1933, as amended (the "**Securities Act**") or a Risk Retention U.S. Person (defined below), and "possessions" include Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands, and the email attaching this Information Memorandum has been delivered to a recipient who is not located in the United States, its territories or possessions, and (2) you consent to delivery of the attached Information Memorandum and any amendments or supplements thereto by electronic transmission.

The attached Information Memorandum has been made available to you in electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of transmission, and consequently none of the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, the Collateral Manager Related Party, the Retention Holder, or the Trustee (each as defined in the attached Information Memorandum) or their affiliates, directors, officers, employees, representatives, agents and each person who controls any of them or their respective affiliates accepts any liability or responsibility whatsoever in respect of any discrepancies between the document distributed to you in electronic format and the hard copy version. A hard copy version will be provided to you upon request.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER OF SECURITIES FOR SALE IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE NOTES (THE "**NOTES**") DESCRIBED HEREIN HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR OTHER JURISDICTION. THE NOTES MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, A U.S. PERSON, UNLESS REGISTERED UNDER THE SECURITIES ACT OR PURSUANT TO AN AVAILABLE EXEMPTION FROM SUCH REGISTRATION. THIS OFFERING IS MADE SOLELY IN OFFSHORE TRANSACTIONS PURSUANT TO REGULATION S. UNLESS OTHERWISE NOTED, TERMS USED IN THIS PARAGRAPH HAVE THE DEFINITIONS ASCRIBED TO THEM IN REGULATION S.

EXCEPT WITH THE PRIOR WRITTEN CONSENT OF THE ISSUER AND WHERE SUCH SALE FALLS WITHIN THE EXEMPTION PROVIDED BY RULE 20 OF THE FINAL RULES PROMULGATED UNDER SECTION 15G OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED (THE "**U.S. RISK RETENTION RULES**"), THE NOTES OFFERED AND SOLD BY THE ISSUER MAY NOT BE PURCHASED BY, OR FOR THE ACCOUNT OR BENEFIT OF, ANY "**U.S. PERSON**" AS DEFINED IN THE U.S. RISK RETENTION RULES ("**RISK RETENTION U.S. PERSONS**"). PROSPECTIVE INVESTORS SHOULD NOTE THAT THE DEFINITION OF "**U.S. PERSON**" IN THE U.S. RISK RETENTION RULES IS SUBSTANTIALLY SIMILAR TO, BUT NOT IDENTICAL TO, THE DEFINITION OF "**U.S. PERSON**" IN REGULATION S. EACH PURCHASER OF NOTES, INCLUDING BENEFICIAL INTERESTS THEREIN, WILL BE DEEMED TO HAVE MADE CERTAIN REPRESENTATIONS AND AGREEMENTS, INCLUDING THAT IT (1) IS NOT A RISK RETENTION U.S. PERSON (UNLESS IT HAS OBTAINED A PRIOR WRITTEN CONSENT OF THE ISSUER), (2) IS ACQUIRING SUCH NOTES OR A BENEFICIAL INTEREST THEREIN FOR ITS OWN ACCOUNT AND NOT WITH A VIEW TO DISTRIBUTE SUCH NOTES, AND (3) IS NOT ACQUIRING SUCH NOTES OR A BENEFICIAL INTEREST THEREIN AS PART OF A SCHEME TO EVADE THE REQUIREMENTS OF THE U.S. RISK RETENTION RULES.

THIS INFORMATION MEMORANDUM MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND, IN PARTICULAR, MAY NOT BE FORWARDED TO ANY PERSON OR ADDRESS IN THE UNITED STATES. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

Nothing in this electronic transmission constitutes an offer or an invitation by or on behalf of the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder or the Trustee to subscribe for or purchase any of the securities described therein, and access has been limited so that it shall not constitute directed selling efforts (within the meaning of Regulation S). If a jurisdiction requires that the offering be made by a licensed broker or dealer, the Sole Global Coordinator or any Joint Bookrunner, or any affiliate of theirs is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the Sole Global Coordinator or such Joint Bookrunner, or any such affiliate on behalf of the Issuer in such jurisdiction.

You are reminded that you have accessed the attached Information Memorandum on the basis that you are a person into whose possession this Information Memorandum may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not nor are you authorised to deliver this document, electronically or otherwise, to any other person. If you have gained access to this transmission contrary to the foregoing restrictions, you are not allowed to purchase any of the securities described in the attached.

Actions that You May Not Take: If you receive this document by email, you should not reply by email, and you may not purchase any securities by doing so. Any reply email communications, including those you generate by using the "Reply" function on your email software, will be ignored or rejected.

YOU ARE NOT AUTHORISED TO AND YOU MAY NOT FORWARD OR DELIVER THE ATTACHED INFORMATION MEMORANDUM, ELECTRONICALLY OR OTHERWISE, TO ANY OTHER PERSON OR REPRODUCE SUCH INFORMATION MEMORANDUM IN ANY MANNER WHATSOEVER. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THE ATTACHED INFORMATION MEMORANDUM IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

(A public company limited by shares incorporated under the Companies Ordinance of Hong Kong with Business Registration No. 74600206 and Legal Entity Identifier 2549008FDWIGZ5DV3B42)

US$128,500,000 CLASS A1-SU SENIOR SECURED FLOATING RATE NOTES DUE OCTOBER 2045 (the "Class A1-SU Notes")

US$242,200,000 CLASS A1 SENIOR SECURED FLOATING RATE NOTES DUE OCTOBER 2045 (the "Class A1 Notes")

US$46,000,000 CLASS B SENIOR SECURED FLOATING RATE NOTES DUE OCTOBER 2045 (the "Class B Notes")

US$18,000,000 CLASS C SENIOR SECURED FLOATING RATE NOTES DUE OCTOBER 2045 (the "Class C Notes")

US$22,600,000 CLASS D SENIOR SECURED FLOATING RATE NOTES DUE OCTOBER 2045 (the "Class D Notes")

US$24,172,000 SUBORDINATED SECURED FLOATING RATE NOTES DUE OCTOBER 2045 (the "Subordinated Notes")

This Information Memorandum is for the purposes of offering the Notes (as defined herein) to be issued by Bauhinia ILBS 1 Limited (the "**Issuer**"), subject to the terms and conditions in this Information Memorandum.

The Hong Kong Mortgage Corporation Limited ("**HKMC**") is the Sponsor and also acts as the Collateral Manager and Retention Holder in connection with the issuance of the Notes (respectively, the "**Sponsor**", the "**Collateral Manager**" and the "**Retention Holder**"). The Transaction Administrator is Deutsche Bank AG, Hong Kong Branch (the "**Transaction Administrator**").

Application will be made to The Stock Exchange of Hong Kong Limited (the "**SEHK**") for the listing of, and permission to deal in the Class A1-SU Notes, the Class A1 Notes, the Class B Notes, the Class C Notes and the Class D Notes by way of debt issues to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**HKLRs**")) ("**Professional Investors**") only. This document is for distribution to Professional Investors only.

Notice to Hong Kong investors: The Issuer confirms that the Senior Notes (as defined herein) are intended for purchase by Professional Investors only and will be listed on the SEHK on that basis. Accordingly, the Issuer confirms that the Senior Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

The SEHK has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Senior Notes on the SEHK is not to be taken as an indication of the commercial merits or credit quality of the Senior Notes or the Issuer, the Sponsor or the Group (as defined herein) or quality of disclosure in this document. Hong Kong Exchanges and Clearing Limited and the SEHK take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

Potential investors should be aware that the Notes are complex asset backed financial instruments and may not be suitable for all investors. Investing in the Notes involves substantial risk. The payment on a junior class of Notes will be subordinated to the payment on each class of Notes ranking senior to such class of Notes. The "*Risk Factors*" section contains details of certain risks and other factors that should be given particular consideration before investing in the Notes. Potential investors should be aware of the issues summarised within that section.

The Class A1-SU Notes, the Class A1 Notes, the Class B Notes, the Class C Notes and the Class D Notes (collectively, the "**Senior Notes**") and the Subordinated Notes (together with the Senior Notes, the "**Notes**") will be issued and secured pursuant to a trust deed (the "**Trust Deed**") dated on or about 30 October 2026 (the "**Closing Date**") and a Hong Kong law governed security deed dated on or about the Closing Date (the "**Hong Kong Security Deed**"), each made between (among others) the Issuer and DB Trustees (Hong Kong) Limited as trustee (the "**Trustee**"). The issue price of each Class of Senior Notes will be 100 per cent. of their principal amount. The Subordinated Notes are not being offered hereby and will not be rated.

The Notes will be obligations solely of the Issuer and will not be the obligations of, or guaranteed or insured by, or be the responsibility of, any other entity. In particular, the Notes will not be obligations of, and will not be guaranteed or insured by any of the Sponsor, the Collateral Manager, the Collateral Manager Related Party, the Retention Holder, the Sole Global Coordinator, the Joint Bookrunners, the Originating Banks (as defined herein) or the Trustee or any of their respective Associates (as defined herein).

Interest on the Notes will be payable semi-annually on 19 April and 19 October of each year (or, following the occurrence of a Payment Frequency Switch Event, quarterly), scheduled to commence on 19 April 2027 and ending on the Maturity Date (as defined below) in accordance with the Priorities of Payments described herein.

The Notes will be subject to Optional Redemption, Mandatory Redemption and Special Redemption, each as described herein. See Condition 7 (*Redemption and Purchase*) of the Conditions (as defined herein).

The Notes are limited recourse obligations of the Issuer which are payable solely out of amounts received by or on behalf of the Issuer in respect of the Collateral (as defined herein). The net proceeds of the realisation of the security over the Collateral upon acceleration of the Notes following a Note Event of Default (as defined herein) may be insufficient to pay all amounts due on the Notes after making payments to other creditors of the Issuer ranking prior thereto or *pari passu* therewith. In the event of a shortfall in such proceeds, the Issuer will not be obliged to pay, and the other assets of the Issuer will not be available for payment of, such shortfall, all claims in respect of which shall be extinguished, and the Noteholders (as defined herein) will have no direct recourse to the Collateral. See Condition 4 (*Security*) of the Conditions.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), and may not be offered, sold or otherwise transferred within the United States or to, or for the account or benefit of, "U.S. Persons" (as defined in Regulation S under the Securities Act ("**Regulation S**")), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Notes are being offered and sold by the Sole Global Coordinator and the Joint Bookrunners only outside the United States to persons that are not, and are not acting for the account or benefit of, U.S. persons in accordance with Regulation S.

Except with the prior written consent of the Issuer and where such sale falls within the exemption provided by Rule 20 of the U.S. Risk Retention Rules, the Notes offered and sold by the Issuer may not be purchased by, or for the account or benefit of, any "**U.S. Person**" as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**"). Prospective investors should note that the definition of "**U.S. Person**" in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of "**U.S. Person**" in Regulation S. Each purchaser of Notes, including beneficial interests therein, will be deemed to have made certain representations and agreements, including that it (1) is not a Risk Retention U.S. Person (unless it has obtained a prior written consent of the Issuer), (2) is acquiring such Notes or a beneficial interest therein for its own account and not with a view to distributing such Notes, and (3) is not acquiring such Notes or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

For a description of certain restrictions on resale or transfer, see the section entitled "*Subscription and Sale — Selling Restrictions*" of this Information Memorandum.

The Notes are complex financial instruments and may not be suitable for all investors. Investing in the Notes involves substantial risk. Potential investors should not invest in the Notes unless they understand the terms and risks of the Notes and are able to bear the economic consequences of an investment in the Notes. In making an investment decision, potential investors must rely on their own examination of the Issuer and the Portfolio (as defined herein), and the terms and conditions of the Notes. By receiving this Information Memorandum, potential investors acknowledge that (i) they have been afforded an opportunity to request and to review, and have received, all information that investors consider necessary to verify the accuracy of, or to supplement, the information contained in this Information Memorandum, (ii) they have not relied on the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, the Transaction Administrator, the Trustee or the Agents (as defined herein), nor any of their Affiliates (as defined herein), directors, officers, employees, representatives, agents and each Person (as defined herein) who controls any of them or their respective Affiliates (the "**Associates**") in connection with their investigations of the accuracy of any information in this Information Memorandum or their investment decision, (iii) no Person has been authorised to give any information or to make any representation concerning the issue or sale of the Notes, the Issuer, the Sponsor, the Collateral Manager, the Retention Holder, any Collateral Manager Related Party, the Transaction Administrator or the Portfolio other than as contained in this Information Memorandum and, if given or made, any such other information or representation should not be relied upon as having been authorised by the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, the Transaction Administrator, the Trustee or the Agents and (iv) none of the Sponsor, the Collateral Manager, the Collateral Manager Related Party, the Retention Holder or the Transaction Administrator is the primary debtor, guarantor or surety for any indebtedness or any other obligations of the Issuer arising under any provision of the Transaction Documents (as defined herein) or the Notes.

Neither the delivery of this Information Memorandum nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer, the Portfolio or in any statement of fact or information contained in this Information Memorandum since the date hereof or the date upon which this Information Memorandum has been most recently amended or supplemented, or that there has been no adverse change in the financial position of the Issuer or the Portfolio since the date hereof or the date upon which this Information Memorandum has been most recently amended or supplemented, or that any other information supplied in connection with the offering of the Notes is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

This Information Memorandum includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Issuer, the Sponsor and the Group. The Issuer accepts full responsibility for the accuracy of the information contained in this document and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

HKMC, in its capacity as the Sponsor and the Collateral Manager, accepts responsibility for the information contained in the sections entitled "*Overview of the Transaction*" (to the extent relating to HKMC acting in such capacities), "*Risk Factors — Risks relating to certain conflicts of interest — The Sponsor and the Collateral Manager may be subject to certain conflicts of interest as a result of their advisory, investment and other business activities*" (to the extent relating to HKMC acting in such capacities), "*Risk Retention Requirements*" and "*Description of the Sponsor and the Collateral Manager*" of this Information Memorandum (collectively, the "**Sponsor and Collateral Manager Information**"). To the best of the knowledge and belief of HKMC, in its capacity as the Sponsor and the Collateral Manager (which has taken all reasonable care to ensure that such is the case in all respects), such information is in accordance with the facts and does not omit anything likely to affect the import of such

information in any respect. The Transaction Administrator accepts responsibility for the information contained in the section entitled "*Description of the Transaction Administrator*" of this Information Memorandum. To the best of the knowledge and belief of the Transaction Administrator (which has taken all reasonable care to ensure that such is the case), such information is in accordance with the facts and does not omit anything likely to affect the import of such information. Except for the Sponsor and Collateral Manager Information in the case of the Sponsor, the Retention Holder, the Collateral Manager Related Party and the Collateral Manager, and for the section entitled "*Description of the Transaction Administrator*" of this Information Memorandum, in the case of the Transaction Administrator, each of the Sponsor, the Collateral Manager, the Collateral Manager Related Party, the Retention Holder and the Transaction Administrator does not accept any responsibility for the accuracy and completeness of any information contained in this Information Memorandum. The delivery of this Information Memorandum at any time does not imply that the information herein is correct at any time subsequent to the date of this Information Memorandum.

None of the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Transaction Administrator (save in respect of the section entitled "*Description of the Transaction Administrator*" of this Information Memorandum), the Trustee, the Agents or any other party or any of their Affiliates has separately verified the information contained in this Information Memorandum and, accordingly, to the fullest extent permitted by law, none of the Sole Global Coordinator, the Joint Bookrunners, the Sponsor (save as specified above), the Collateral Manager (save as specified above), any Collateral Manager Related Party, the Retention Holder (save as specified above), the Transaction Administrator (save as specified above), the Trustee, the Agents or any other party or any of their Affiliates (save for the Issuer as specified above) makes any representation, express or implied, or accepts any responsibility whatsoever for the Notes, the Transaction Documents (including the effectiveness thereof) or the contents of this Information Memorandum, with respect to the accuracy or completeness of any of the information in this Information Memorandum or for any statement made or purported to be made by the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, the Transaction Administrator, the Trustee, the Agents or on their behalf in connection with the Issuer, the Portfolio or the issue and offering of the Notes. Each of the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, the Transaction Administrator, the Trustee and the Agents accordingly disclaim all and any liability whether arising in tort or contract or otherwise which it might otherwise have in respect of the Notes, the Transaction Documents or this Information Memorandum or any such statement. None of this Information Memorandum, any other financial statements or information supplied in connection with the offering of the Notes is intended to provide the basis of any credit or other evaluation, and should not be considered as a recommendation by the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, the Transaction Administrator, the Trustee or the Agents that any recipient of this Information Memorandum or any other person should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Information Memorandum, and its purchase of Notes should be based upon such investigation as it deems necessary.

This Information Memorandum does not constitute an offer, solicitation or invitation to subscribe for and/or purchase the Notes in any jurisdiction or under any circumstances in which such offer, solicitation or invitation is unlawful or is not authorised or to any person to whom it is unlawful to make such offer, solicitation or invitation. The distribution of this Information Memorandum and the offering of the Notes in certain jurisdictions may be restricted by law. No action has been taken by the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, the Transaction Administrator, the Trustee or the Agents which is intended to permit a public offering of any Notes or distribution of this Information Memorandum in any jurisdiction where action for such public offering is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Information Memorandum nor any advertisement, offering,

publicity or other material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Information Memorandum comes are required by the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, the Transaction Administrator, the Trustee or the Agents to inform themselves about and to observe any such restrictions. For a description of certain further restrictions on offers and sales of the Notes and distribution of this Information Memorandum, see the section entitled "*Subscription and Sale*" of this Information Memorandum.

IMPORTANT NOTICE TO PROSPECTIVE INVESTORS

Prospective investors should be aware that certain intermediaries in the context of this offering of the Notes, including the Sole Global Coordinator and certain Joint Bookrunners, are "capital market intermediaries" ("**CMIs**") subject to Paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission (the "**Code**"). This notice to prospective investors is a summary of certain obligations that the Code imposes on such CMIs, which require the attention and co-operation of prospective investors. Certain CMIs may also be acting as "overall coordinators" ("**OCs**") for this offering and are subject to additional requirements under the Code.

Prospective investors who are the directors, employees or major shareholders of the Issuer, a CMI or its group companies would be considered under the Code as having an association ("**Association**") with the Issuer, the CMI or the relevant group company. Prospective investors associated with the Issuer or any CMI (including its group companies) should specifically disclose their Associations when placing an order for the Notes and should disclose, at the same time, if such orders may negatively impact the price discovery process in relation to this offering. Prospective investors who do not disclose their Associations are hereby deemed not to be so associated. Where prospective investors disclose their Associations but do not disclose that such order may negatively impact the price discovery process in relation to this offering, such order is hereby deemed not to negatively impact the price discovery process in relation to this offering.

Prospective investors should ensure, and by placing an order, prospective investors are deemed to confirm, that orders placed are *bona fide*, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). If a prospective investor is an asset management arm affiliated with any Joint Bookrunner, such prospective investor should indicate when placing an order if it is for a fund or portfolio where the Joint Bookrunner or its group company has more than a 50 per cent. interest, in which case it will be classified as a "proprietary order" and subject to appropriate handling by CMIs in accordance with the Code and should disclose, at the same time, if such "proprietary order" may negatively impact the price discovery process in relation to this offering. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not such a "proprietary order". If a prospective investor is otherwise affiliated with any Joint Bookrunner, such that its order may be considered to be a "proprietary order" (pursuant to the Code), such prospective investor should indicate to the relevant Joint Bookrunner when placing such order. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not such a "proprietary order". Where prospective investors disclose such information but do not disclose that such "proprietary order" may negatively impact the price discovery process in relation to this offering, such "proprietary order" is hereby deemed not to negatively impact the price discovery process in relation to this offering.

Prospective investors should be aware that certain information may be disclosed by CMIs (including private banks) which is personal and/or confidential in nature to the prospective investor. By placing an order, prospective investors are deemed to have understood and consented to the collection, disclosure, use and transfer of such information by the Joint Bookrunners and/or any other third parties as may be required by the Code, including to the Issuer, relevant regulators and/or any other third parties as may be

required by the Code, it being understood and agreed that such information shall only be used for the purpose of complying with the Code during the book-building process for this offering. Failure to provide such information may result in that order being rejected.

NOTICE TO RESIDENTS OF THE EUROPEAN ECONOMIC AREA

This Information Memorandum has been prepared on the basis that any offer of Notes in any member state of the European Economic Area (the "**EEA**") will be made pursuant to an exemption under Regulation (EU) No 2017/1129 (as amended, the "**Prospectus Regulation**") from the requirement to publish a prospectus for offers of Notes. Accordingly, any person making or intending to make an offer in a member state of the EEA of Notes that are the subject of an offering contemplated in this Information Memorandum may only do so in circumstances in which no obligation arises for the Issuer or the Sole Global Coordinator and the Joint Bookrunners to publish a prospectus pursuant to the Prospectus Regulation in relation to such offer. This Information Memorandum is not a prospectus for the purpose of the Prospectus Regulation.

Prohibition of Sale to EEA Retail Investors — The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a "**retail investor**" means a person who is one (or more) of:

(i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or

(ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared, and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

This Information Memorandum has been sent to you in the belief that you are (a) a person in member states of the EEA that is a "qualified investor" within the meaning of Article 2(e) of the Prospectus Regulation and (b) a person to whom the document can be sent lawfully in accordance with all other applicable securities laws. If this is not the case then you must return the document immediately.

EU MiFID II product governance/Professional investors and ECPs only target market — Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

NOTICE TO RESIDENTS OF THE UNITED KINGDOM

THE NOTES MUST NOT BE OFFERED OR SOLD AND THE DISTRIBUTION OF THIS INFORMATION MEMORANDUM AND ANY OTHER DOCUMENT IN CONNECTION WITH THE OFFERING AND ISSUANCE OF THE NOTES MUST NOT BE ISSUED OR PASSED ON TO PERSONS IN THE UNITED KINGDOM EXCEPT TO PERSONS WHO: (I) HAVE PROFESSIONAL

EXPERIENCE IN MATTERS RELATING TO INVESTMENTS AND ARE PERSONS FALLING WITHIN ARTICLE 19(5) OF THE FINANCIAL SERVICES AND MARKETS ACT 2000 ("**FSMA**") (FINANCIAL PROMOTION) ORDER 2005 (THE "**ORDER**"); OR (II) ARE PERSONS FALLING WITHIN ARTICLE 49(2) OF THE ORDER OR (III) ARE PERSONS TO WHOM THIS INFORMATION MEMORANDUM OR ANY OTHER SUCH DOCUMENT MAY OTHERWISE LAWFULLY BE ISSUED OR PASSED ON (ALL SUCH PERSONS TOGETHER BEING REFERRED TO AS "**RELEVANT PERSONS**").

A PERSON WHO IS NOT A RELEVANT PERSON SHOULD NOT ACT OR RELY ON THIS INFORMATION MEMORANDUM OR ANY OF ITS CONTENTS. ANY INVESTMENT OR INVESTMENT ACTIVITY TO WHICH THIS INFORMATION MEMORANDUM RELATES IS AVAILABLE ONLY TO RELEVANT PERSONS AND WILL BE ENGAGED IN ONLY WITH RELEVANT PERSONS.

RELEVANT PERSONS SHOULD NOTE THAT ALL, OR MOST, OF THE PROTECTIONS OFFERED BY THE UNITED KINGDOM REGULATORY SYSTEM WILL NOT APPLY TO AN INVESTMENT IN THE OFFERED NOTES AND THAT COMPENSATION WILL NOT BE AVAILABLE UNDER THE UNITED KINGDOM FINANCIAL SERVICES COMPENSATION SCHEME.

This Information Memorandum has been prepared on the basis that any offer of Notes in the United Kingdom will be made pursuant to an exemption under the Public Offers and Admissions to Trading Regulations 2024 (as amended, the "**UK POATRs**") from the requirement to publish a prospectus for offers of Notes. Accordingly, any person making or intending to make an offer in the United Kingdom of Notes that are the subject of an offering contemplated in this Information Memorandum may only do so in circumstances in which no obligation arises for the Issuer or the Sole Global Coordinator and the Joint Bookrunners to publish a prospectus pursuant to the UK POATRs in relation to such offer. This Information Memorandum is not a prospectus for the purpose of the UK POATRs.

Prohibition of Sale to UK Retail Investors — The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is either one (or both) of the following: (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018; or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024. Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook ("**DISC**") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared, and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

UK MiFIR product governance/Professional investors and ECPs only target market — Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook, and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels. For the avoidance of doubt, no disclosure document required by the FCA Product Disclosure Sourcebook has been or will be prepared in respect of such securities (if any).

In this Information Memorandum, unless otherwise specified or the context otherwise requires:

(i) all references to "**Australian dollar**", "**AUD**" or "**A$**" shall mean the lawful currency for the time being of the Commonwealth of Australia;

(ii) all references to "**Euro**", "**euro**", "**EUR**" or "**€**" shall mean the single currency of the member state of the European Union that has euro as its lawful currency in accordance with legislation of the European Union relating to Economic and Monetary Union;

(iii) all references to "**Hong Kong Dollar**", "**Hong Kong dollar**", "**HKD**" or "**HK$**" shall mean the lawful currency of the Hong Kong Special Administrative Region of the People's Republic of China ("**Hong Kong**");

(iv) all references to "**Renminbi**" or "**CNH**" shall mean the lawful currency of the People's Republic of China (the "**PRC**", which for the purpose of this Information Memorandum, does not include the Hong Kong and Macau Special Administrative Regions or Taiwan); and

(v) all references to "**US Dollar**", "**US dollar**", "**USD**" or "**US$**" shall mean the lawful currency of the United States of America.

NOTICE TO INVESTORS IN HONG KONG

IN HONG KONG, THIS INFORMATION MEMORANDUM IS ONLY BEING DISTRIBUTED TO AND IS DIRECTED ONLY (1) TO "PROFESSIONAL INVESTORS" AS DEFINED IN THE SECURITIES AND FUTURES ORDINANCE (CAP. 571 OF THE LAWS OF HONG KONG) ("**SECURITIES AND FUTURES ORDINANCE**") AND ANY RULES MADE UNDER THE SECURITIES AND FUTURES ORDINANCE OR (2) IN OTHER CIRCUMSTANCES WHICH DO NOT RESULT IN THE DOCUMENT BEING A "PROSPECTUS" AS DEFINED IN THE COMPANIES (WINDING UP AND MISCELLANEOUS PROVISIONS) ORDINANCE (CAP. 32 OF THE LAWS OF HONG KONG) ("**COMPANIES (WINDING UP AND MISCELLANEOUS PROVISIONS) ORDINANCE**") OR WHICH DO NOT CONSTITUTE AN OFFER TO THE PUBLIC WITHIN THE MEANING OF THE COMPANIES (WINDING UP AND MISCELLANEOUS PROVISIONS) ORDINANCE.

EU SECURITISATION REGULATION

The Retention Holder will undertake to retain a material net economic interest in the securitisation transaction described in this Information Memorandum that is proposed to be retained in accordance with Article 6(3)(d) of Regulation (EU) No 2017/2402 (as amended and together with any regulatory and implementing technical standards supplementing such regulation from time to time and official guidance related thereto, the "**EU Securitisation Regulation**"), by means of its retaining ownership of the Subordinated Notes in an amount of not less than five per cent. of the Principal Balance of the Infra Debt Obligations, and the Retention Holder will give certain other covenants and representations, all in the manner, and on the terms, summarised in this Information Memorandum. The Investor Reports and the Payment Date Reports will include a statement as to the receipt by the Issuer and the Transaction Administrator of a confirmation from the Retention Holder as to the holding of the Subordinated Notes, which confirmation the Retention Holder will undertake to provide to the Issuer and the Transaction Administrator on a semi-annual basis so that such confirmation can be included in the Investor Report or the Payment Date Report, as applicable. The Issuer shall be the designated entity for the purpose of Article 7(2) of the EU Securitisation Regulation and HKMC, in its capacity as Collateral Manager only, will, on behalf of the Issuer, undertake to use reasonable endeavours to make available to Noteholders and potential investors on an ongoing basis such additional information as is required to be made available pursuant to Articles 7(1)(a), (e), (f) and (g) of the EU Securitisation Regulation. Each prospective investor in the Notes is required to independently assess and determine whether the information provided

herein and in any reports provided to investors in relation to this transaction is sufficient to comply with the EU Securitisation Regulation or any other applicable legal, regulatory or other requirements.

Notwithstanding anything in this Information Memorandum to the contrary, none of the Issuer, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, HKMC, the Retention Holder, the Sole Global Coordinator, the Joint Bookrunners, the Transaction Administrator, the Trustee, their respective Affiliates, corporate officers or professional advisers or any other Person makes any representation, warranty or guarantee that any such information is sufficient for such purposes or any other purpose, and no such Person shall have any liability to any prospective investor or any other Person with respect to the insufficiency of such information or any failure of the transactions contemplated hereby to satisfy or otherwise comply with the EU Securitisation Regulation, the implementing provisions in respect of the EU Securitisation Regulation in their relevant jurisdiction or any other applicable legal, regulatory or other requirements other than, in the case of the Retention Holder and in such respect only for the benefit of the addressees of the Risk Retention Letter in accordance with the terms thereof, where such failure results from a breach of the Risk Retention Letter (as defined in the terms and conditions of the Notes) by the Retention Holder. Each prospective investor in the Notes which is subject to the EU Securitisation Regulation or any other regulatory requirement should consult with its own legal, accounting, regulatory and other advisers and/or its national regulator to determine whether, and to what extent, such information is sufficient for such purposes and any other requirements of which it is uncertain. See the section entitled "*Risk Factors — Regulatory risks relating to the Notes — EU/UK Risk Retention and Due Diligence Requirements*" below of this Information Memorandum.

UK SECURITISATION FRAMEWORK

The Retention Holder will undertake to retain a material net economic interest in the securitisation transaction described in this Information Memorandum that is proposed to be retained in accordance with paragraph (d) of Article 6(3) of Chapter 2 of the PRASR and paragraph (d) of SECN 5.2.8R(1), by means of its retaining ownership of the Subordinated Notes in an amount of not less than five per cent. of the Principal Balance of the Infra Debt Obligations, and the Retention Holder will give certain other covenants and representations, all in the manner, and on the terms, summarised in this Information Memorandum. The Investor Reports and the Payment Date Reports will include a statement as to the receipt by the Issuer and the Transaction Administrator of a confirmation from the Retention Holder as to the holding of the Subordinated Notes, which confirmation the Retention Holder will undertake to provide to the Issuer and the Transaction Administrator on a semi-annual basis so that such confirmation can be included in the Investor Report or the Payment Date Report, as applicable. HKMC, in its capacity as Collateral Manager only, will, on behalf of the Issuer, undertake to use reasonable endeavours to make available to Noteholders and potential investors on an ongoing basis such additional information as is required to be made available pursuant to (i) Articles 7(1)(a), (e), (f) and (g) of the EU Securitisation Regulation in the form prescribed under the EU Securitisation Rules, (ii) Articles 7(1)(a), (e), (f) and (g) of Chapter 2 of the PRASR in the form prescribed under the PRA Transparency Rules and (iii) SECN 6.2.1R(1), SECN6.2.1R(5), SECN 6.2.1R(6) and SECN 6.2.1R(7) in the form prescribed under the FCA Transparency Rules, **provided that** the Issuer's obligation in relation to (ii) and (iii) in this paragraph may be satisfied by making such information available in the form prescribed under the EU Securitisation Rules.

Notwithstanding anything in this Information Memorandum to the contrary, none of the Issuer, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, HKMC, the Retention Holder, the Sole Global Coordinator, the Joint Bookrunners, the Transaction Administrator, the Trustee, their respective Affiliates, corporate officers or professional advisers or any other Person makes any representation, warranty or guarantee that any such information is sufficient for such purposes or any other purpose, and no such Person shall have any liability to any prospective investor or any other Person with respect to the insufficiency of such information or any failure of the transactions contemplated hereby to satisfy or otherwise comply with the UK Securitisation Framework or any other applicable

legal, regulatory or other requirements other than, in the case of the Retention Holder and in such respect only for the benefit of the addressees of the Risk Retention Letter in accordance with the terms thereof, where such failure results from a breach of the Risk Retention Letter (as defined in the terms and conditions of the Notes) by the Retention Holder. Each prospective investor in the Notes which is subject to the UK Securitisation Framework or any other regulatory requirement should consult with its own legal, accounting, regulatory and other advisers and/or its national regulator to determine whether, and to what extent, such information is sufficient for such purposes and any other requirements of which it is uncertain. See the section entitled "*Risk Factors — Regulatory risks relating to the Notes — EU/UK Risk Retention and Due Diligence Requirements*" below of this Information Memorandum.

VOLCKER RULE

The Issuer does not intend to rely on the "loan securitization exclusion" or any other exclusion or exemption from the definition of "covered fund" under the Volcker Rule, and may be a "covered fund" under the Volcker Rule as of the Closing Date. See "*Risk Factors — Regulatory risks relating to the Notes — Volcker Rule*" herein.

INDUSTRY AND MARKET DATA

This Information Memorandum includes information regarding the infrastructure and project finance industry, which has been derived from general information which is publicly available as well as the specific sources cited in this Information Memorandum. Such information is included for information purposes only. None of the Issuer, the Sponsor, the Collateral Manager, the Collateral Manager Related Party, the Retention Holder, the Sole Global Coordinator, the Joint Bookrunners, the Transaction Administrator, the Trustee, the Agents or any of their respective Affiliates, directors, officers, employees, representatives, agents or advisers nor any other party has conducted an independent review of the information from such source or verified the accuracy of the contents of the relevant information and none of the Issuer, the Sponsor, the Collateral Manager, the Collateral Manager Related Party, the Retention Holder, the Sole Global Coordinator, the Joint Bookrunners, the Transaction Administrator, the Trustee, the Agents or any of their respective Affiliates, directors, officers, employees, representatives, agents or advisers makes any representation as to the accuracy or completeness of that information. Such information may not be consistent with other information compiled within or outside Hong Kong or by any other party. In addition, third party information providers may have obtained information from market participants and such information may not have been independently verified.

FORWARD-LOOKING STATEMENTS

Certain statements in this Information Memorandum may constitute "forward-looking statements". For example, unless otherwise indicated, the numbers and amounts in relation to the Portfolio and the Infra Debt Obligations as disclosed in the sections entitled "*Overview of the Transaction*", "*Risk Factors*" and "*The Portfolio*" of this Information Memorandum are estimates of the numbers or amounts as of the Closing Date calculated as at the date of this Information Memorandum based on information available as at such date. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements of the Issuer, the Portfolio or the Infra Debt Obligations to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These forward-looking statements speak only as at the date of this Information Memorandum. The Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, HKMC, the Transaction Administrator, the Trustee and the Agents expressly disclaim any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any change in the expectations of the Issuer with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

The information contained in this Information Memorandum (including, without limitation, in the sections entitled "*Industry Overview*" and "*The Portfolio*" of this Information Memorandum) includes

historical information or simulations about the Portfolio, the Infra Debt Obligations and the infrastructure and project finance industry generally that should not be regarded as an indication of the future performance or results of the Portfolio, the Infra Debt Obligations or the infrastructure and project finance industry generally.

Potential investors should consider the risks and disclaimers set out in italicised wording in the sections entitled "*Industry Overview*" and "*The Portfolio*" of this Information Memorandum, and the information in these sections of this Information Memorandum should be read and understood in the context of such risks and disclaimers, as well as the risk factors set out in the section entitled "*Risk Factors*" of this Information Memorandum.

NOTICE TO INVESTORS IN SINGAPORE

This Information Memorandum has not been registered as a prospectus with the Monetary Authority of Singapore ("**MAS**"). Accordingly, this Information Memorandum and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes may not be circulated or distributed, nor may the Notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act ("**SFA**")) pursuant to Section 274 of the Securities and Futures Act or (ii) to an accredited investor (as defined in Section 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA. Any reference to the "**Securities and Futures Act**" is a reference to the Securities and Futures Act 2001 of Singapore and a reference to any term as defined in the Securities and Futures Act or any provision in the Securities and Futures Act is a reference to that term or provision as modified or amended from time to time including by such of its subsidiary legislation as may be applicable at the relevant time.

Singapore SFA Product Classification: In connection with Section 309B of the Securities and Futures Act and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the "**CMP Regulations 2018**"), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are "capital markets products other than prescribed capital markets products" (as defined in the CMP Regulations 2018) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

KINGDOM OF SAUDI ARABIA NOTICE

This Information Memorandum may not be distributed in the Kingdom of Saudi Arabia except to such persons as are permitted under the Rules on the Offer of Securities and Continuing Obligations issued by the Capital Market Authority of the Kingdom of Saudi Arabia (the "**Capital Market Authority**").

The Capital Market Authority does not make any representations as to the accuracy or completeness of this Information Memorandum, and expressly disclaims any liability whatsoever for any loss arising from, or incurred in reliance upon, any part of this Information Memorandum. Potential investors should conduct their own due diligence on the accuracy of the information relating to the Notes. If a potential investor does not understand the contents of this Information Memorandum, he or she should consult an authorised financial adviser.

GENERAL NOTICE

EACH PURCHASER OF THE NOTES MUST COMPLY WITH ALL APPLICABLE LAWS AND REGULATIONS IN FORCE IN EACH JURISDICTION IN WHICH IT PURCHASES, OFFERS OR SELLS SUCH NOTES OR POSSESSES OR DISTRIBUTES THIS INFORMATION MEMORANDUM, AND MUST OBTAIN ANY CONSENT, APPROVAL OR PERMISSION REQUIRED FOR THE PURCHASE, OFFER OR SALE BY IT OF SUCH NOTES UNDER THE LAWS AND REGULATIONS IN FORCE IN ANY JURISDICTIONS TO WHICH IT IS SUBJECT OR IN WHICH IT MAKES SUCH PURCHASES, OFFERS OR SALES, AND NONE OF THE ISSUER, THE SOLE GLOBAL COORDINATOR, THE JOINT BOOKRUNNERS, THE SPONSOR, THE COLLATERAL MANAGER, ANY COLLATERAL MANAGER RELATED PARTY, THE RETENTION HOLDER, HKMC, THE TRUSTEE OR THE TRANSACTION ADMINISTRATOR SPECIFIED HEREIN (OR ANY OF THEIR RESPECTIVE AFFILIATES) SHALL HAVE ANY RESPONSIBILITY THEREFOR.

THE NOTES ARE SUBJECT TO RESTRICTIONS ON TRANSFERABILITY AND RESALE, AND MAY NOT BE TRANSFERRED OR RESOLD EXCEPT AS PERMITTED UNDER THE SECURITIES ACT, AND THE APPLICABLE STATE SECURITIES LAWS PURSUANT TO REGISTRATION OR EXEMPTION THEREFROM. INVESTORS SHOULD BE AWARE THAT THEY MAY BE REQUIRED TO BEAR THE FINANCIAL RISKS OF THIS INVESTMENT FOR AN INDEFINITE PERIOD OF TIME.

The Notes do not represent deposits with, or other liabilities of, any of the Sole Global Coordinator, the Joint Bookrunners, the Originating Banks, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, HKMC, the Transaction Administrator, the Trustee, the Agents and/or any of their respective Affiliates. The Notes are subject to investment risks (see the section entitled "*Risk Factors*" of this Information Memorandum), including, without limitation, prepayment or interest rate or credit risks, possible delays in repayment and loss of income and principal monies invested. Subscribers or purchasers of the Notes should conduct such independent investigation and analysis as they deem appropriate to evaluate the merits and risks of investment in the Notes. None of the Sole Global Coordinator, the Joint Bookrunners, the Originating Banks, the HKMC (in each of its capacities in connection with the Notes) or any of their respective Affiliates in any way stands behind or makes any representation, warranty, covenant or guarantee as to the capital value or performance of the Notes or of any assets of, or held by, the Issuer. The obligations of the Sole Global Coordinator, the Joint Bookrunners, the Originating Banks, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, HKMC, the Transaction Administrator, the Trustee, the Agents and their respective Affiliates to the Issuer and the holders of the Notes are limited to those expressed in the Transaction Documents (as defined herein) to which the Sole Global Coordinator, the Joint Bookrunners, the Originating Banks and/or, where applicable, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Retention Holder, HKMC, the Transaction Administrator, the Trustee and/or the Agents is or are parties. Please refer to the Condition 4 (*Security*) of the Conditions, the sections entitled "*Description of the Sponsor and the Collateral Manager*", "*Description of the Collateral Management and Administration Agreement*" and "*Description of the Trustee*" of this Information Memorandum for more information.

Certain monetary amounts included in this Information Memorandum have been subject to rounding adjustments. Accordingly, totals of numbers may not be equal to the apparent total of the individual items and actual numbers may differ from those contained in this Information Memorandum due to rounding.

OVERVIEW OF THE TRANSACTION

*This section "Overview of the Transaction" does not purport to be complete and is qualified in its entirety by reference to the detailed information appearing elsewhere in this information memorandum (this "**Information Memorandum**") and related documents referred to herein. Capitalised terms not specifically defined in this Overview have the meanings set out in Condition 1 (Definitions) under the section "Terms and Conditions of the Notes" below of this Information Memorandum or are defined elsewhere in this Information Memorandum. References to a "Condition" are to the specified Condition in the section "Terms and Conditions of the Notes" below and references to "Conditions" are to the section "Terms and Conditions of the Notes" below. Unless otherwise indicated, the numbers and amounts in relation to the Portfolio and the Infra Debt Obligations as disclosed in this section are estimates of the numbers or amounts as of the Closing Date, calculated as at the date of this Information Memorandum based on information available as at such date. For a discussion of certain risk factors to be considered in connection with an investment in the Notes, see the section "Risk Factors" of this Information Memorandum.*

Overview of the Sponsor

The Sponsor was incorporated in March 1997 as a public company with limited liability under the Companies Ordinance (Chapter 32 of the Laws of Hong Kong) (the predecessor of the Companies Ordinance (Chapter 622 of the Laws of Hong Kong)) ("**Companies Ordinance**"). The Sponsor is wholly owned by the Government of the Hong Kong Special Administrative Region of the People's Republic of China ("**Hong Kong Government**") through the Exchange Fund, a fund under the control of the Financial Secretary of the Hong Kong Government ("**Financial Secretary**") as provided under the Exchange Fund Ordinance (Chapter 66 of the Laws of Hong Kong).

As part of its primary business operations, the Sponsor commenced in 2019 acquiring infrastructure loans and other financial assets (collectively, "**infrastructure loan assets**" or "**infrastructure loans**") predominantly from banks, as well as co-financing infrastructure projects with multilateral development banks and commercial banks, through its infrastructure financing and securitisation ("**IFS**") business, with a view to building a portfolio to support distribution of infrastructure loan-backed securities ("**ILBS**") to institutional investors in the capital markets. The Sponsor structures and manages the issuance of ILBS and invests in the subordinated notes of such ILBS issuance for aligning its interest with the institutional investors. Over 2023 to 2025, the Sponsor launched three issuances of ILBS.

By acquiring infrastructure loan assets and subsequently distributing ILBS in the capital markets, the Sponsor aims to:

- further its mandate to promote the development of the local bond market, and the stability of the banking sector in Hong Kong;
- fill the gap in the local infrastructure financing market to facilitate infrastructure investment and financing fund flow; and
- help consolidate Hong Kong's position as an infrastructure financing hub and benefit its financial and professional services sectors.

The Sponsor predominantly focuses on the acquisition of infrastructure loan assets that are senior debt of greenfield and brownfield projects, covering a variety of infrastructure assets such as gas and oil infrastructure, power (conventional and renewable), electricity distribution/transmission, energy shipping, social infrastructure, telecommunication, transportation, water desalination, and ports.

The Sponsor aims to continue to work closely with participants in the loans and capital markets to promote infrastructure financing as well as ILBS to institutional investors with a view to enabling the

local infrastructure financing market to become more vibrant and diversified, and also to facilitate the inflow of capital to infrastructure projects.

As at the date of this Information Memorandum, the Sponsor maintains credit ratings of AA+ (stable outlook) from S&P Global Ratings ("**S&P**") and Aa3 (stable outlook) from Moody's Investors Service ("**Moody's**").

Background of the Transaction – Refinancing of the Existing Notes

This securitisation transaction refinances all outstanding rated notes and subordinated notes issued by the Issuer (the "**Existing Notes**") which were constituted by a trust deed entered into between, among others, the Issuer and DB Trustees (Hong Kong) Limited (as the "**Existing Trustee**") dated 30 May 2023, as amended pursuant to a deed of amendment dated 11 August 2026. The Existing Notes are secured in favour of the Existing Trustee by security over a diversified portfolio of project and infrastructure loans across multiple geographies and sectors. The Issuer has given notice to the noteholders of the Existing Notes on 18 September 2026 of the proposed optional early redemption of the Existing Notes in full (the "**Existing Notes Redemption**"), with redemption expected to occur on or about 20 October 2026 (the "**Existing Notes Redemption Date**"). Following redemption of the Existing Notes in full and the discharge of all secured obligations under the Existing Notes, the Issuer will promptly enter into a deed of termination and release governed by Hong Kong law and a deed of termination and release governed by English law (together, the "**Deeds of Termination and Release**") to release respectively the Hong Kong law security and the English law security created in respect of the Existing Notes.

In connection with the Existing Notes Redemption and the issuance of the Notes, the Sponsor has made available an unsecured refinancing facility (the "**Sponsor Refinancing Facility**") to the Issuer pursuant to a refinancing sponsor loans deed between the Sponsor and the Issuer dated 14 September 2026 (the "**Refinancing Sponsor Loans Deed**"). The Sponsor Refinancing Facility consists of (i) a redemption loan (the "**Redemption Loan**") in an amount not less than the principal amount of all outstanding Infra Debt Obligations held by the Issuer on the Existing Notes Redemption Date but excluding the Pre-funded IDOs (collectively, the "**Existing IDOs**") for the purpose of financing the Existing Notes Redemption, and (ii) one or more warehouse loans (the "**Warehouse Loans**") for the purpose of funding the Issuer's acquisition of additional Infra Debt Obligations (the "**Pre-funded IDOs**") prior to the Closing Date.

Prior to the Closing Date, the Issuer would pass through to the Sponsor: (i) as interest payment under each Warehouse Loan, all interests received in respect of the Pre-funded IDOs accrued from and including their respective dates of acquisition, and (ii) as interest payment under the Redemption Loan, all interests received in respect of the Existing IDOs accrued from and including the Existing Notes Redemption Date. As part of the commitment fee under the Sponsor Refinancing Facility, the Issuer shall pass through all interest, fees, expenses and other amounts which have accrued or fallen due in respect of all the Existing IDOs up to but excluding the Existing Notes Redemption Date but are only received after such date.

On the Closing Date, (a) the Issuer will use a portion of the proceeds of the issuance of the Notes to repay to the Sponsor the principal amount of the Sponsor Refinancing Facility and (b) pursuant to the Closing Sponsor Loans Agreement:

(i) the Refinancing Sponsor Loans Deed will be terminated in all respects as of the Closing Date;

(ii) the Issuer and the Sponsor agree to novate the Issuer's payment obligations in respect of any amounts (including interests, commitment fee and any other amounts) which have accrued or been incurred under the Sponsor Refinancing Facility (in each case corresponding to amounts that have accrued or fallen due under the Existing IDOs or the Pre-funded IDOs prior to the Closing Date) but which are not yet due and payable, or due but remain unpaid, as of the Closing Date under the Refinancing Sponsor Loans Deed (such amounts, the "**Deferred RSLD Interest and Income**") to the Closing Sponsor Loans Agreement; and

(iii) any Deferred RSLD Interest and Income shall be payable by the Issuer on the date falling two Business Days after the Issuer's receipt of the relevant amount, and no interest shall accrue on any Deferred RSLD Interest and Income.

Following the Closing Date, the Deferred RSLD Interest and Income shall be payable by the Issuer to the Sponsor under the Closing Sponsor Loans Agreement only to the extent that the Issuer has actually received the corresponding amount under the relevant Existing IDO or Pre-funded IDO. Accordingly, if the Issuer has not received the corresponding amount, it will not be under any obligation to pay the related part of the Deferred RSLD Interest and Income to the Sponsor. Any Deferred RSLD Interest and Income payable under the Closing Sponsor Loans Agreement shall constitute a Non-Waterfall Amount and hence, it would not be subject to or paid pursuant to the Principal Priority of Payments and Interest Priority of Payments and, if the Post-Acceleration Priority of Payments applies, it would be paid prior to the distribution pursuant thereto.

Building up of the Portfolio following the Existing Notes Redemption

Upon the entry into of the Deeds of Termination and Release, the Issuer will enter into the Collateral Management and Administration Agreement with the Collateral Manager and the Transaction Administrator and the Collateral Manager will build up the Portfolio prior to the Closing Date pursuant thereto. In addition to the acquisition of certain Pre-funded IDOs prior to the Closing Date, a portion of the Existing IDOs will form part of the Portfolio (the relevant Infra Debt Obligations, the "**Retained IDOs**") and the Issuer will either continue to hold such Existing IDOs or, in the case of any Existing IDO in which the Issuer holds its interest by way of a sub-participation with the Sponsor (with aggregate principal amount outstanding as of the Existing Notes Redemption Date being US$171.2 million), terminate such sub-participation concurrently with the Existing Notes Redemption and enter into a fresh sub-participation with the Sponsor which will take effect on the Closing Date pursuant to the Master Participation Agreement.

With respect to the remaining portion, the Issuer will transfer to the Sponsor (whether by sale or, in the case of any Existing IDO in which the Issuer holds its interest by way of a sub-participation with the Sponsor, by termination of such sub-participation) certain Existing IDOs relating to infrastructure projects (the "**Excluded IDOs**") and will apply the sale/termination proceeds towards the repayment of the portion of the Redemption Loan attributable to the Excluded IDOs. With respect to the Excluded IDOs that are securities or held by way of a sub-participation, settlement of such transfers will occur on or prior to the Closing Date, and with respect to other Excluded IDOs, settlement of such transfers is expected to occur on or prior to the Closing Date. Investors should note that the Excluded IDOs will not form part of the Portfolio in respect of the Notes.

Transaction Structure

The Infra Debt Obligations consist of a diversified portfolio of project and infrastructure loans and debt securities across multiple geographies and sectors (the "**Portfolio**").

It is expected that, by the Closing Date, the Retained IDOs will form part of the Portfolio. In addition, it is expected that by the Closing Date, the Issuer will have acquired (a) a part of the Portfolio from the Sponsor for an aggregate purchase consideration of US$271.4 million, being 56.4 per cent. of the aggregate principal amount of the Infra Debt Obligations underlying the Portfolio of US$481.5 million, and (b) the Pre-funded IDOs from the Sponsor or certain Originating Banks with the proceeds made available under the Refinancing Sponsor Loans Deed for an aggregate purchase consideration of US$38.9 million, being 8.1 per cent. of the aggregate principal amount of the Infra Debt Obligations underlying the Portfolio of US$481.5 million.

The Issuer expects to issue the Notes for an aggregate issue size of approximately US$481.5 million, the proceeds of which will be used to repay all amounts then due and payable under the Refinancing Sponsor Loans Deed (excluding, for the avoidance of doubt, any Deferred RSLD Interest and Income) on the Closing Date, as described above, fund the acquisition of a portion of the Portfolio which was not acquired by the Issuer before the Closing Date with the proceeds made available pursuant to the Refinancing Sponsor Loans Deed on the Closing Date, make a deposit equal to the Undrawn Commitment Amount in the Undrawn Commitment Account, credit US$1,338.61 (the "**Excess Note Issuance Proceeds**") to the Principal Account and credit the remaining balance to the Interest Account.

It is expected that as at the Closing Date, within the Portfolio:

(a) US$171.2 million in aggregate principal amount of Infra Debt Obligations (comprising 35.6 per cent. of the Infra Debt Obligations in the Portfolio) will originate from the portfolio of the Existing Notes, which were retained by the Issuer following the Existing Notes Redemption Date;

(b) US$161.6 million in aggregate principal amount of Infra Debt Obligations (comprising 33.6 per cent. of the Infra Debt Obligations in the Portfolio) will be acquired directly from the Sponsor pursuant to a sponsor purchase and sale agreement between the Issuer and the Sponsor dated 9 October 2026 (such agreement, as may be amended and/or restated from time to time, the "**Sponsor Purchase and Sale Agreement**", together with the Master Participation Agreement (as defined below), and each other agreement entered into by the Issuer in relation to the purchase by the Issuer from the Sponsor of Infra Debt Obligations from time to time, the "**Sponsor Collateral Acquisition Agreements**"), under which the Sponsor has agreed to transfer its rights and obligations to the Issuer under each of the Infra Debt Obligations that are the subject of the Sponsor Purchase and Sale Agreement. In these instances, the Issuer will succeed to the rights and obligations of the Sponsor under the relevant Credit Documentation in respect of such Infra Debt Obligations and will be deemed to have the same rights against the Obligors as each of the other lenders or, as the case may be, holders of debt securities of the relevant Infra Debt Obligations;

(c) US$18.9 million in aggregate principal amount of Infra Debt Obligations (comprising 3.9 per cent. of the Infra Debt Obligations in the Portfolio) will be acquired directly from Originating Banks with the proceeds made available pursuant to the Refinancing Sponsor Loans Deed, each pursuant to an English law-governed transfer agreement between the Issuer and the relevant Originating Bank (such agreement, as may be amended and/or restated from time to time, the "**Originating Bank Transfer Agreement**"), under which the relevant Originating Bank has agreed to transfer its rights and obligations by way of novation to the Issuer under the relevant Infra Debt Obligation. In these instances, the Issuer will succeed to the rights and obligations of the relevant Originating Banks under the relevant Credit Documentation in respect of such Infra Debt Obligations and will be deemed to have the same rights against the underlying Obligors as each of the other lenders of the relevant Infra Debt Obligations; and

(d) the remaining US$129.8 million in aggregate principal amount of Infra Debt Obligations (comprising 27.0 per cent. of the Infra Debt Obligations in the Portfolio) will not be directly assigned or novated to the Issuer as a result of various factors such as contractual limitations and third-party consent requirements. In respect of the relevant Infra Debt Obligations which are to be acquired from the Sponsor, the Issuer will, pursuant to the Sponsor Collateral Acquisition Agreements, either (i) where HKMC held the loan as a funded participation, succeed to the rights and obligations of HKMC under the underlying participation agreements between HKMC and the relevant Eligible Originating Banks or (ii) where the loan was held by HKMC as a direct lender, enter into a funded participation agreement with HKMC (such agreement, as may be amended and/or restated from time to time, the "**Master Participation Agreement**") in respect of the relevant loan. In other cases, the Issuer will enter into a funded participation with an Eligible Originating Bank pursuant to a Participation Agreement.

These participation arrangements do not result in a contractual relationship between the Issuer and the Obligors of the underlying Infra Debt Obligations, and the Issuer will therefore only be able to enforce compliance by the Obligors with the terms of the relevant Credit Documentation in respect of such Infra Debt Obligations by acting (if such actions are permitted under the terms of the relevant participation agreements) through the relevant Eligible Originating Banks or HKMC (as applicable). See the section entitled "*Risk Factors — Risks relating to the Portfolio — A portion of the Portfolio will consist of Participations, which have limited rights vis-à-vis Obligors and collateral compared with Novations*" of this Information Memorandum.

In the case of (b) above, the Issuer will be responsible for undrawn or partially drawn commitments that may be required to be funded in the future. The aggregate principal amount of such undrawn or partially drawn commitments is expected to be around US$10.4 million as at the Closing Date. The Issuer will have the obligation to make available the Undrawn Commitment to the Obligors. See the section entitled "*Risk Factors — Risks relating to the Portfolio — As at the Closing Date, the Portfolio includes Infra Debt Obligations where the Issuer has an unfunded lending commitment*" of this Information Memorandum.

The Issuer will issue six Classes of Notes (the Class A1-SU Notes and the Class A1 Notes (collectively, the "**Class A Notes**"), the Class B Notes, the Class C Notes, the Class D Notes and the Subordinated Notes, and together, the "**Notes**"). These Notes are backed by cash flows from the Portfolio. The Issuer will apply the net proceeds from the issue of the Notes to repay all of the amounts then due and payable under the Refinancing Sponsor Loans Deed (excluding, for the avoidance of doubt, any Deferred RSLD Interest and Income) on the Closing Date, fund the acquisition of a portion of the Portfolio which will not otherwise be acquired before the Closing Date, make a deposit equal to the Undrawn Commitment Amount in the Undrawn Commitment Account, credit the Excess Note Issuance Proceeds to the Principal Account and credit the remaining balance to the Interest Account. The Issuer shall apply an amount equal to the proceeds of the Class A1-SU Notes that it receives towards the acquisition of loans classified as Eligible Assets (as defined in HKMC's Social, Green and Sustainability Financing Framework[1] dated August 2025, as amended from time to time (the "**SGS Framework**")) in the Portfolio (the "**Class A1-SU Eligible Loans**").

Under the Green Bond Principles 2025, the Social Bond Principles 2025, and the Sustainability Bond Guidelines 2021 published by the International Capital Market Association ("**ICMA**"), a secured green, social or sustainability bond is defined as a bond where the net proceeds will be exclusively applied to finance or refinance either:

(a) green and/or social project(s) that are securing the specific bond only; or

(b) the green and/or social project(s) of the issuer, originator or sponsor of the securitisation, where such green and/or social project(s) may or may not be securing the specific bond in whole or in part (a "**Secured Sustainability Standard Bond**"). A Secured Sustainability Standard Bond may be a specific class or tranche of a larger transaction.

These secured bond categories may include, but are not limited to, covered bonds, securitisations, asset-backed commercial paper, secured notes and other secured structures, where generally the cash flows of assets are available as a source of repayment or assets serve as security for the bonds in priority to other claims.

[1] The SGS Framework as at the date of this Information Memorandum can be found at Annex A to this Information Memorandum. The then current version of the SGS Framework can be found at: https://www.hkmc.com.hk/eng/investor_relations/sustainable_finance.html.

Since the Class A1-SU Notes are secured by the entire Portfolio (and not only by the Class A1-SU Eligible Loans), such Class A1-SU Notes are considered Secured Sustainability Standard Bonds under the Green Bond Principles 2025, the Social Bond Principles 2025 and the Sustainability Bond Guidelines 2021 published by the ICMA.

It is expected that the Notes will, when issued, be assigned the following credit ratings from Moody's:

Class	Ratings (Moody's)
Class A1-SU Notes	Aaa (sf)
Class A1 Notes	Aaa (sf)
Class B Notes	Aa2 (sf)
Class C Notes	A3 (sf)

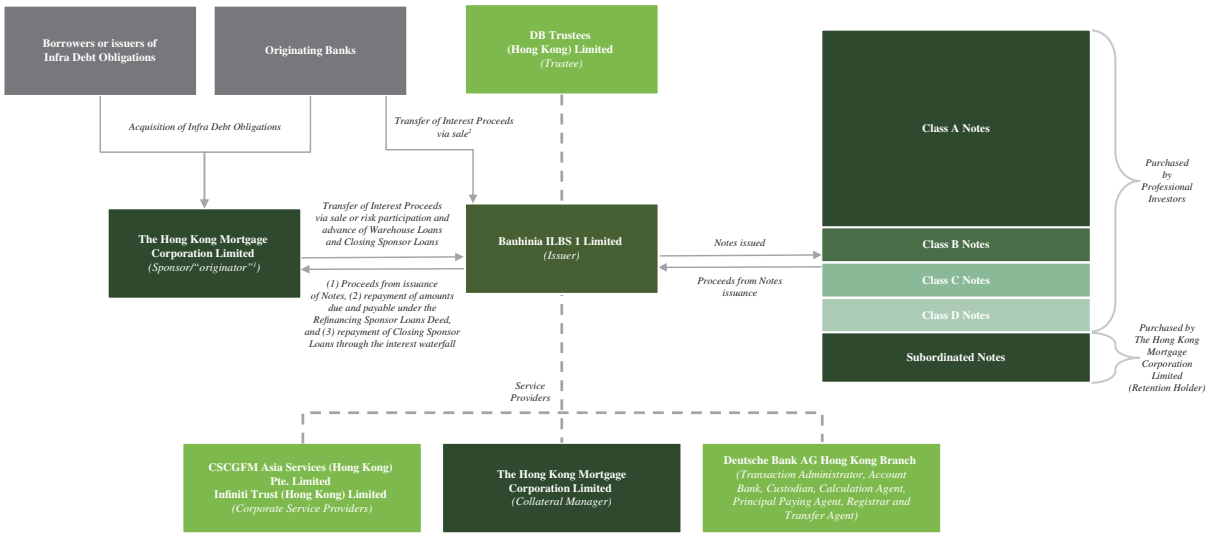

The Subordinated Notes are not being offered hereby. The Class D Notes and the Subordinated Notes will not be rated.

Application will be made to the SEHK for the listing of, and permission to deal in the Class A1-SU Notes, the Class A1 Notes, the Class B Notes, the Class C Notes and the Class D Notes by way of debt issues to Professional Investors only. The Subordinated Notes will not be listed on any securities exchange. HKMC, as Sponsor of the transaction, will acquire the Subordinated Notes and intends to retain the Subordinated Notes in accordance with (i) Article 6(3)(d) of the EU Securitisation Regulation, (ii) paragraph (d) of Article 6(3) of Chapter 2 of the PRASR and (iii) paragraph (d) of SECN 5.2.8R(1), by means of its retaining ownership of the Subordinated Notes in an amount of not less than five per cent. of the Principal Balance of the Infra Debt Obligations. More details on the transaction structure, the Notes, the Subordinated Notes and the credit ratings are described in the sections entitled "*The Portfolio*", "*Overview of the Notes*", "*Terms and Conditions of the Notes*" and "*Ratings of the Notes*" of this Information Memorandum.

The Sponsor will make available to the Issuer on the Closing Date a US$4.5 million secured and subordinated term loan (the "**Bridging Sponsor Loan**") and a US$3.0 million secured and subordinated revolving loan facility (the "**Multi-Purpose Sponsor Facility**", and each loan made pursuant to the Multi-Purpose Sponsor Facility, a "**Multi-Purpose Sponsor Loan**" and together with the Bridging Sponsor Loan, the "**Closing Sponsor Loans**") pursuant to the Closing Sponsor Loans Agreement. The proceeds of the Bridging Sponsor Loan will be used (a) to fund the General Reserve Account in an amount equal to the General Reserve Account Cap and (b) the remainder credited to the Interest Account and applied as Interest Proceeds. The Bridging Sponsor Loan will bear interest at an amount agreed between the Issuer and the Sponsor and will be repaid in accordance with the Priorities of Payments. The proceeds of each Multi-Purpose Sponsor Loan (if any) will be used for procuring and/or renewing Risk Protection or settling hedging-related payments (including but not limited to any scheduled hedge payments and Termination Payments). Where the purpose of a Multi-Purpose Sponsor Loan is for procuring and/or renewing Risk Protection, the proceeds will be credited to the Risk Protection Reserve Account and the Issuer (as directed by the Collateral Manager) or the Collateral Manager (acting on behalf of the Issuer) will, from time to time, procure payment of amounts available in the Risk Protection Reserve Account to procure and/or renew any Risk Protection in accordance with the Collateral Management and Administration Agreement. Where the purpose of a Multi-Purpose Sponsor Loan is for settling hedging-related payments, the proceeds will first be credited to the Interest Account where the purpose of such Multi-Purpose Sponsor Loan is for the settlement of hedging-related payments (including but not limited to any Termination Payments but excluding scheduled hedging-related payments) and the Hedge Reserve Account where the purpose of such Multi-Purpose Sponsor Loan is for the settlement of scheduled hedging-related payments on any day. Each Multi-Purpose Sponsor Loan will bear interest at an amount agreed between the Issuer and the Sponsor and will be repaid in accordance with the Priorities of Payments, except that, in respect of any Multi-Purpose Sponsor Loan the purpose of which is for the settlement of scheduled hedging-related payments under a Hedge Agreement entered into by the Issuer to manage foreign exchange risk, the principal amount of such Multi-Purpose Sponsor Loan

will be repaid from time to time insofar as the Issuer subsequently receives relevant amount(s) representing Interest Proceeds and/or Principal Proceeds from the Sponsor or the relevant Originating Bank as grantor, the relevant Obligor or the facility agent (as the case may be) which would have caused the Issuer not to require such Multi-Purpose Sponsor Loan.

An indicative diagrammatic representation of the transaction structure is set out below:

Notes:

1 HKMC is only classified as "originator" for the purpose of the EU Securitisation Regulation and the UK Securitisation Framework.

2 Certain Infra Debt Obligations were transferred directly from Originating Banks to the Issuer prior to the Closing Date, the transfer of which was funded by the Warehouse Loans provided by the Sponsor, which will be fully repaid (excluding, for the avoidance of doubt, any Deferred RSLD Interest and Income) by the proceeds from issuance of the Notes on the Closing Date.

Interest and principal repayments on the Infra Debt Obligations are the principal source of cash for the Issuer. On each Notes Payment Date, the distributions received from the Infra Debt Obligations will be applied in accordance with the Priorities of Payments (as described in Condition 3(c) (*Priorities of Payments*)). Following the delivery of an Enforcement Notice which has not been rescinded and annulled in accordance with Condition 10(c) (*Curing of Note Event of Default*) or, as the case may be, following automatic acceleration of the Notes or pursuant to an Optional Redemption in whole in accordance with Condition 7(b) (*Optional Redemption*) or Condition 7(f) (*Redemption following Note Tax Event*), the Post-Acceleration Priority of Payments will apply (as described in Condition 11(c) (*Post-Acceleration Priority of Payments*)). See the sections entitled "*Overview of the Notes*" and "*Terms and Conditions of the Notes*" of this Information Memorandum for more information.

Potential change of the Issuer's name

The Issuer may change its name following the Closing Date.

Transaction Parties

HKMC as Sponsor and Collateral Manager is responsible for the sourcing of the Portfolio from the Originating Banks or itself, including initial screening, credit analysis, due diligence and documentation (as described in the section entitled "*Description of the Sponsor and the Collateral Manager — IFS Business of the Sponsor*" of this Information Memorandum). The Sponsor will also provide secured and subordinated loans to the Issuer pursuant to the Closing Sponsor Loans Agreement.

The Issuer will appoint the Collateral Manager to provide certain investment management functions in accordance with the Collateral Management and Administration Agreement and to perform certain administrative and advisory functions on behalf of the Issuer in accordance with the applicable provisions of the Collateral Management and Administration Agreement (as described in the section entitled "*Description of the Collateral Management and Administration Agreement*" of this Information Memorandum).

The Issuer will appoint Deutsche Bank AG, Hong Kong Branch as the Transaction Administrator to perform certain portfolio administration and reporting services in accordance with the Collateral Management and Administration Agreement (as described in the sections entitled "*Description of the Transaction Administrator*" and "*Description of the Reports*" of this Information Memorandum) and DB Trustees (Hong Kong) Limited as the Trustee for the Secured Parties pursuant to the Trust Deed. The Issuer will also appoint Deutsche Bank AG, Hong Kong Branch as Account Bank, Principal Paying Agent, Calculation Agent, Registrar and Transfer Agent pursuant to the Agency and Account Bank Agreement and as Custodian pursuant to the Custody Agreement and has appointed CSCGFM Asia Services (Hong Kong) Pte. Limited and Infiniti Trust (Hong Kong) Limited as the Corporate Service Providers to provide corporate secretarial services pursuant to the Corporate Services Agreement.

Offering Highlights

Diversified portfolio of project and infrastructure loans and debt securities with credit enhancement features

The Portfolio is diversified across 32 projects among 11 industry subsectors as at the date of this Information Memorandum. The projects underlying the Portfolio are located in 15 countries across the Africa, Asia-Pacific, Europe, the Middle East and South America regions. Many of the projects that underlie the Portfolio involve infrastructure assets that are critical to the water, telecommunication, natural resources, energy and power generation infrastructure of their host countries, and are supported by major corporate sponsors, state-owned enterprises and government or government-linked sponsor entities. Accordingly, the Issuer believes that the diversification within the Portfolio is a significant mitigant to geographical, industry or corporate and consumer business-cycle risks.

Experienced and dedicated infrastructure and project finance specialist, with appropriate alignment of interests with the Noteholders

HKMC is the Sponsor of the transaction, and will be acting as the Collateral Manager for the Portfolio under the terms of the Collateral Management and Administration Agreement. Members of the Infrastructure Financing and Securitisation Division ("**IFS Division**") of the Sponsor possess extensive experience in the infrastructure and project finance sectors, across investment, risk and portfolio management and the IFS business is further supported by the comprehensive suite of business functions of the Sponsor (including corporate risk management, legal and compliance, financial control and treasury functions).

HKMC as Collateral Manager of the Portfolio is guided by the Infrastructure Financing and Securitisation Collateral Manager Committee ("**IFSCMC**"). The IFSCMC is required by its terms of reference to act in accordance with the Collateral Management and Administration Agreement and the terms and conditions of a particular issuance of Notes in the discharge of its functions. The IFSCMC is independent from the infrastructure loan asset acquisition of the Sponsor which is guided by the Infrastructure Financing and Securitisation Investment Committee ("**IFSIC**"). For further information, please see the sections entitled "*Risk Factors — Risks relating to the Issuer and the Collateral Manager", "Risk Factors — Risks relating to certain conflicts of interest*" and "*Description of the Sponsor and the Collateral Manager — Risk Management — Risk management and governance of the IFS business*" of this Information Memorandum.

HKMC as Sponsor of the transaction will subscribe for the Subordinated Notes and intends to retain these Subordinated Notes in its capacity as Retention Holder.

The Issuer believes that with these features, the interests of the Noteholders, the Sponsor, the Retention Holder and the Collateral Manager are properly aligned.

Rating factor and credit enhancement features

As at the Closing Date, it is expected that US$386.7 million, or 80.3 per cent. of the aggregate principal amount of the Portfolio, relates to operational infrastructure projects that are generating cash flows (some of which may have ongoing ramp-up or additional works to achieve the intended full production capacity), while the remaining US$94.8 million, or 19.7 per cent. of the aggregate principal amount of the Portfolio, relates to infrastructure projects where construction is ongoing but which are generating cash flows, or are expected to begin generating cash flows by or around October 2026, to service the relevant projects.

In addition, it is expected that, as at the Closing Date, Infra Debt Obligations representing US$229.9 million, or 47.8 per cent. of the aggregate principal amount in the Portfolio, are investment-grade assets with a Moody's Rating Factor of 610 or lower based on Moody's existing credit estimate disclosure policy introduced in March 2022, which no longer incorporates the benefit of external credit support for Infra Debt Obligations covered by export credit agencies. However, Moody's nonetheless ascribes higher recovery rates to such Infra Debt Obligations in its analysis of the Portfolio in order to determine the level of credit protection necessary to achieve the expected loss associated with the rating of each rated Class of Notes. It is also expected that, as at the Closing Date, Infra Debt Obligations representing US$45.3 million, or 9.4 per cent. of the aggregate principal amount in the Portfolio, are supported by export credit agencies through various forms of credit enhancement such as guarantees and insurance.

Stable and predictable cash flows

The Infra Debt Obligations in the Portfolio are generally supported by infrastructure projects with stable and predictable long-term cash flows, such as through offtake agreements with reputable and creditworthy counterparties including major global corporates, state-owned enterprises and government or government-linked entities. As at the Closing Date, it is expected that 88.6 per cent. of the aggregate principal amount in the Portfolio will be denominated in US Dollars and pay a floating rate, while cash flows from the remaining 11.4 per cent. of the aggregate principal amount of the Portfolio will have to be converted into US Dollars paying a floating rate through swaps to match the debt service cash flows with respect to the Notes.

The Infra Debt Obligations in the Portfolio are expected to remain relatively stable on and from the Closing Date. The Collateral Manager is only permitted to acquire Reinvestment Infra Debt Obligations during the Reinvestment Period in certain limited circumstances. Such circumstances include (i) the early repayment of an Infra Debt Obligation in full during the Reinvestment Period, (ii) the cancellation of an Undrawn Commitment (or the expiry of the availability period relating to an Undrawn Commitment) during the Reinvestment Period, (iii) where an Infra Debt Obligation has become a Refinancing (Obligor) Infra Debt Obligation, (iv) where an Infra Debt Obligation has been sold because it has become a Defaulted Obligation or a Credit Risk Obligation, or is reasonably expected to become credit impaired in the reasonable opinion of the Collateral Manager, or is otherwise subject to, or in the sole opinion of the Collateral Manager, will be subject to a Collateral Tax Event, or (v) where a Non-Eligible Sustainability Infra Debt Obligation has been disposed of during the Reinvestment Period and is to be replaced by one or more Infra Debt Obligations which constitute "**Eligible Assets**" as defined in the SGS Framework (such Infra Debt Obligations, "**Eligible Sustainability Infra Debt Obligations**"). Each Reinvestment Infra Debt Obligation must meet the Reinvestment Criteria for inclusion in the Portfolio.

Multilayered credit approval process

Prior to being selected for inclusion in the Portfolio, each of the Infra Debt Obligations has undergone a review and credit approval process by each of the Originating Banks (where applicable) and the Sponsor. The Sponsor's review and credit approval process includes detailed financial, industry, technical, insurance, environmental and social and legal due diligence to understand the technical, legal, commercial and financial considerations for each of the underlying Infra Debt Obligations, as well as the current operating or construction status of each Infra Debt Obligation.

Following the Closing Date, the Collateral Manager will continue to monitor and manage the Portfolio and the credit performance of each of the underlying Infra Debt Obligations, including through periodic credit reviews, covenant monitoring, processing of waivers and other notices, maintenance of credit estimates and valuation support.

OVERVIEW OF THE NOTES

The following summary does not purport to be complete and is qualified in its entirety by reference to the detailed information appearing elsewhere in this Information Memorandum and related documents referred to herein. Descriptions of the Subordinated Notes, which are not being offered pursuant to this Information Memorandum, are included herein for informational purposes only.

Class	Principal Amount	Issue Price	Initial Interest Rate[2]	Maturity Date	Ratings (Moody's)
Class A1-SU Notes	US$128,500,000	100.0%	Benchmark + 1.25%	19 October 2045	Aaa (sf)
Class A1 Notes	US$242,200,000	100.0%	Benchmark + 1.26%	19 October 2045	Aaa (sf)
Class B Notes	US$46,000,000	100.0%	Benchmark + 1.55%	19 October 2045	Aa2 (sf)
Class C Notes	US$18,000,000	100.0%	Benchmark + 1.75%	19 October 2045	A3 (sf)
Class D Notes	US$22,600,000	100.0%	Benchmark + 4.95%	19 October 2045	Unrated
Subordinated Notes	US$24,172,000	100.0%	Not disclosed	19 October 2045	N/A

Eligible Purchasers ..... The Notes of each Class will be offered to non-U.S. Persons in "offshore transactions" in reliance on Regulation S.

Issue Date ..... The Notes of each Class will be issued by the Issuer on the Closing Date, being on or about 30 October 2026.

Notes Payment Dates ..... 19 April and 19 October of each year, scheduled to commence on 19 April 2027 and ending on the Maturity Date (subject to any earlier redemption of the Notes and in each case to adjustment for non-Business Days or a Payment Frequency Switch Event, in accordance with the Conditions).

Stated Note Interest ..... Interest in respect of the Notes of each Class will be payable semi-annually (or, following the occurrence of a Payment Frequency Switch Event, quarterly) in arrear on each Notes Payment Date (with the first Notes Payment Date scheduled to occur on 19 April 2027) in accordance with the Interest Priority of Payments.

Benchmark Replacement ..... If Daily Non-Cumulative Compounded SOFR is unavailable or no longer reported, the Benchmark Replacement will become the Benchmark. In connection with the implementation of a Benchmark Replacement, the Collateral Manager will have the right to make Benchmark Replacement Conforming Changes from time to time pursuant to a supplemental trust deed or by delivery of written notice to the Issuer (who will forward such notice to the Noteholders at the direction of the Collateral Manager), the Trustee and the Calculation Agent.

---

[2] The Benchmark will initially be Daily Non-Cumulative Compounded SOFR and will be calculated in accordance with the definition of "Benchmark". The Benchmark may be replaced in certain circumstances by the applicable Benchmark Replacement in accordance with Condition 15(d) (Effect of Benchmark Transition Event), including in some circumstances without the consent of any Noteholders.

Non-payment and Deferral of Interest .....

Failure on the part of the Issuer to pay (i) any interest in respect of the Class A Notes or the Class B Notes or (ii) any interest in respect of the Class C Notes or the Class D Notes which is not deferred in accordance with Condition 6(d) (*Deferral of Interest*), in each case when the same becomes due and payable, shall be a Note Event of Default if such failure continues for a period of at least five Business Days (or, in the case of administrative error or omission, at least seven Business Days) following notice thereof.

For so long as any of the Class A Notes or Class B Notes remain Outstanding, to the extent that interest payments on the Class C Notes, the Class D Notes or the Subordinated Notes are not made on the relevant Notes Payment Date and the relevant Class of Notes is not the Controlling Class, an amount equal to such unpaid interest will be added to the principal amount of the Class C Notes, the Class D Notes or the Subordinated Notes (as applicable), and from the date such unpaid interest is added to the Principal Amount Outstanding of the Class C Notes, the Class D Notes or the Subordinated Notes, such unpaid amount will accrue interest at the rate of interest applicable to the Class C Notes, the Class D Notes or the Subordinated Notes (as applicable), and the failure to pay such interest payments to the holders of the Class C Notes, the Class D Notes or the Subordinated Notes will not constitute a Note Event of Default until the earlier of the Maturity Date or any earlier date on which the Notes are to be redeemed in full. See Condition 6(d) (*Deferral of Interest*).

Failure on any Notes Payment Date to disburse amounts (other than interest and principal on the Senior Notes (in accordance with Condition 10(a)(i) (*Non-payment of interest*) and (ii) (*Non-payment of principal*))) available in the Payment Account:

(a) in respect of any taxes, governmental fees, filing and registration fees and registered office fees owing by the Issuer in accordance with the Priorities of Payments, in excess of US$25,000; and

(b) in respect of all other payments in accordance with the Priorities of Payments, in excess of US$200,000,

will, in each case, constitute a Note Event of Default if such failure continues for a period of at least five Business Days (or, in the case of administrative error or omission, at least seven Business Days) following notice thereof.

For the avoidance of doubt, non-payment of Interest Amounts due and payable on any Class of Notes as the result of any deduction therefrom or the imposition of any withholding tax thereon as set out in Condition 9 (*Taxation*) shall not constitute a Note Event of Default.

Redemption of the Notes . . . . . Principal payments on the Notes may be made in the following circumstances:

(a) on the Maturity Date;

(b) on any Notes Payment Date following a Determination Date on which a Coverage Test is not satisfied (to the extent such test is required to be satisfied on such Determination Date);

(c) on any Notes Payment Date during the Reinvestment Period by the Collateral Manager (acting on behalf of the Issuer), following written certification by the Collateral Manager to the Trustee (on which the Trustee shall be entitled to conclusively rely without enquiry or liability) that, using reasonable endeavours, it has been unable, for a period of at least 45 consecutive Business Days, to identify additional Infra Debt Obligations or Reinvestment Infra Debt Obligations in sufficient amounts to permit the investment of all or a portion of the Reinvestment Proceeds then available for reinvestment, those Reinvestment Proceeds shall be a Special Redemption Amount (see Condition 7(d) (*Special Redemption*)). In addition, where the Collateral Manager has not identified or has not been able to identify any Reinvestment Infra Debt Obligations for the purposes of acquisition, any Reinvestment Proceeds not used for acquisition of Reinvestment Infra Debt Obligations and standing to the credit of the Principal Account may, as determined by the Collateral Manager using reasonable judgment in accordance with the terms of the Collateral Management and Administration Agreement, be paid out of the Principal Account to the Payment Account to the extent required for disbursement pursuant to the Principal Priority of Payments;

(d) in whole (with respect to all Classes of Senior Notes) but not in part on any Business Day after expiry of the Non-Call Period from Disposal Proceeds or Refinancing Proceeds (or any combination thereof) at the option of the holders of the Subordinated Notes (acting by way of Extraordinary Resolution) or at the direction of the Collateral Manager (subject to the subsequent consent of the holders of the Subordinated Notes (acting by way of Extraordinary Resolution) to the terms thereof), **provided that** the Issuer has entered into sale agreements and/or a Refinancing which will raise sufficient funds not later than two Business Days prior to the proposed redemption date (see Condition 7(b)(i) (*Optional Redemption in Whole — Holders of Subordinated Notes or Collateral Manager*));

(e) the Subordinated Notes may be redeemed in whole on any Business Day at the direction of the holders of the Subordinated Notes (acting by way of Extraordinary Resolution), in each case following the redemption in full of all Classes of Senior Notes (see Condition 7(b)(vii) (*Optional Redemption of Subordinated Notes*));

(f) on any Notes Payment Date following the occurrence of a Collateral Tax Event in whole (with respect to all Classes of Senior Notes) at the option of the holders of the Subordinated Notes acting by way of Extraordinary Resolution (see Condition 7(b)(i) (*Optional Redemption in Whole — Holders of Subordinated Notes or Collateral Manager*));

(g) in whole (with respect to all Classes of Senior Notes) but not in part from Disposal Proceeds on any Business Day following the redemption in full of the Class A Notes and if directed in writing by the Collateral Manager, **provided that** the Issuer has entered into sale agreements and/or a Refinancing which will raise sufficient funds not later than two Business Days prior to the proposed redemption date (see Condition 7(b)(ii) (*Optional Redemption in Whole*));

(h) in whole (with respect to all Classes of Notes) on any Notes Payment Date at the option of the holders of the Subordinated Notes, acting by way of Extraordinary Resolution, following the occurrence of a Note Tax Event, subject to (i) the Issuer having failed to change the territory in which it is resident for tax purposes to another territory which, at the time of such change, would not give rise to a Note Tax Event and (ii) certain minimum time periods (see Condition 7(f) (*Redemption following Note Tax Event*)); and

(i) at any time following an acceleration of the Notes after the occurrence of a Note Event of Default which is continuing and has not been cured or waived (see Condition 10 (*Note Events of Default*)).

Non-Call Period . . . . . During the period from the Closing Date up to, but excluding the Notes Payment Date scheduled to fall on 19 October 2029 or, if such day is not a Business Day, then the next succeeding Business Day, unless it would fall in the following month, in which case it shall be the immediately preceding Business Day (the "**Non-Call Period**"), the Notes are not subject to Optional Redemption (save for upon a Collateral Tax Event, a Note Tax Event, a Special Redemption or an Optional Redemption in whole pursuant to Condition 7(b)(ii) (*Optional Redemption in Whole*)). See Condition 7(b) (*Optional Redemption*), Condition 7(d) (*Special Redemption*) and Condition 7(f) (*Redemption following Note Tax Event*).

Redemption Price	The Redemption Price for each Subordinated Note will be its *pro rata* share (calculated in accordance with the applicable Priorities of Payments) of the aggregate proceeds of liquidation of the Collateral, or realisation of the security thereover in such circumstances, remaining following application of such proceeds in accordance with the Priorities of Payments. The Redemption Price of each Class of Senior Notes will be 100 per cent. of the Principal Amount Outstanding thereof (if any), together with any accrued and unpaid interest in respect thereof to the relevant day of redemption.
Additional Issuance of Notes	The Issuer may, during the Reinvestment Period, subject to the approval of the Collateral Manager, the holders of the Subordinated Notes and, in the case of the issuance of additional Class A Notes, subject to the approval of the Controlling Class of such Noteholders, in each case acting by Ordinary Resolution, create and issue further Class A Notes, Class B Notes, Class C Notes or Class D Notes having the same terms and conditions as existing Classes of Notes (save as provided below) and which shall be consolidated and form a single series with the Outstanding Notes of such Class (unless otherwise provided), and will use the proceeds of sale thereof to acquire additional Infra Debt Obligations, subject to the satisfaction of certain conditions in accordance with Condition 18 (*Additional Issuances of Notes*). The Issuer may, during the Reinvestment Period, issue additional Subordinated Notes on substantially similar terms to the Subordinated Notes outstanding on the Closing Date, subject to the satisfaction of certain conditions in accordance with Condition 18 (*Additional Issuances of Notes*).
Priorities of Payments	Prior to the delivery of an Enforcement Notice (deemed or otherwise) in accordance with Condition 10(b) (*Acceleration*) or following the delivery of an Enforcement Notice (deemed or otherwise) which has subsequently been rescinded and annulled in accordance with Condition 10(c) (*Curing of Note Event of Default*), and save for in connection with any optional redemption of the Notes in whole but not in part pursuant to Condition 7(b) (*Optional Redemption*) or in connection with a redemption in whole pursuant to Condition 7(f) (*Redemption following Note Tax Event*), Interest Proceeds will be applied in accordance with the Interest Priority of Payments and Principal Proceeds will be applied in accordance with the Principal Priority of Payments on each Notes Payment Date.

Upon any redemption in whole of the Notes in accordance with Condition 7(b) (*Optional Redemption*) or in accordance with Condition 7(f) (*Redemption following Note Tax Event*) or following the delivery of an Enforcement Notice (deemed or otherwise) in accordance with Condition 10(b) (*Acceleration*) which has not been rescinded and annulled in accordance with Condition 10(c) (*Curing of Note Event of Default*), Interest Proceeds and Principal Proceeds will be applied in accordance with the Post-Acceleration Priority of Payments, in each case as described in the Conditions, **provided that**, prior to any such distribution, the Collateral Manager shall determine whether any of the proceeds is an Overpaid Amount or a Non-Waterfall Amount and, if so determined and notified to the Trustee and the Transaction Administrator, the Transaction Administrator shall (on the instructions of the Trustee), subject to the receipt of the necessary information to do so, distribute any such Overpaid Amount or Non-Waterfall Amount to the relevant Person as soon as reasonably practicable.

Status and Ranking ..... The Notes of each Class constitute direct, general, secured, unconditional obligations of the Issuer, recourse in respect of which is limited in the manner described in Condition 4(c) (*Limited Recourse and Non-Petition*). The Notes of each Class are secured in the manner described in Condition 4(a) (*Security*) and, within each Class, shall at all times rank *pari passu* and without any preference among themselves. The Notes will rank at least *pari passu* with the claims of all the unsecured and unsubordinated creditors of the Issuer except where other obligations are mandatorily preferred by laws of general application.

Ranking of Payments of Interest . Payments of interest on each Class of Notes will be made in the following order of priority:

(a) first, to the Class A Notes, *pro rata* and *pari passu* between the Class A1 Notes and the Class A1-SU Notes;

(b) second, to the Class B Notes;

(c) third, to the Class C Notes;

(d) fourth, to the Class D Notes; and

(e) fifth, to the Subordinated Notes.

The Notes within each Class will rank *pro rata* and *pari passu* among themselves at all times in respect of payments of interest to be made to such Class.

Ranking of Payments of Principal ..... Payments of principal on each Class of Notes will be made in the following order of priority:

(a) first, to the Class A Notes, *pro rata* and *pari passu* between the Class A1 Notes and the Class A1-SU Notes;

(b) second, to the Class B Notes;

(c) third, to the Class C Notes;

(d) fourth, to the Class D Notes; and

(e) fifth, to the Subordinated Notes.

The Notes within each Class will rank *pro rata* and *pari passu* among themselves at all times in respect of payments of principal to be made to such Class.

Collateral Management Fees .... The Collateral Manager will be entitled to receive from the Issuer on each Notes Payment Date a management fee comprising a Senior Collateral Management Fee of 0.1 per cent. per annum of the Collateral Principal Amount and a Junior Collateral Management Fee of 0.2 per cent. per annum of the Collateral Principal Amount.

See the section entitled "*Description of the Collateral Management and Administration Agreement — Collateral Management Fees*" of this Information Memorandum.

Security for the Notes ..... The Notes will be secured in favour of the Trustee for the benefit of the Secured Parties by security over the Portfolio. The Notes will also be secured by, among other things, an assignment by way of security of various of the Issuer's other rights, including its rights under certain of the agreements described herein, but excluding its rights under any Refinancing (Issuer) Infra Debt Obligations which are Loans and Excluded Infra Debt Obligations which are Loans. See Condition 4 (*Security*).

Sponsor ..... In addition to the Retained IDOs, the Sponsor has selected the Infra Debt Obligations and has independently reviewed and assessed each such Infra Debt Obligation which the Issuer has agreed to acquire. The Sponsor, prior to the Closing Date, made Warehouse Loans available to the Issuer pursuant to the Refinancing Sponsor Loans Deed and will, on or after the Closing Date, make the Bridging Sponsor Loan and Multi-Purpose Sponsor Loan(s) available to the Issuer pursuant to the Closing Sponsor Loans Agreement.

Collateral Manager	Pursuant to the Collateral Management and Administration Agreement, the Collateral Manager is required to act as the Issuer's collateral manager, and the Issuer delegates authority to the Collateral Manager, with respect to the Portfolio, to act in specific circumstances in relation to the Portfolio on behalf of the Issuer and to carry out the duties and functions described therein. See the sections entitled "*Description of the Collateral Management and Administration Agreement*" and "*The Portfolio*" of this Information Memorandum.
Sale of Infra Debt Obligations	Subject to the limits described in the Collateral Management and Administration Agreement, the Collateral Manager, on behalf of the Issuer, may in certain limited circumstances dispose of any Infra Debt Obligation.
Reinvestment Infra Debt Obligations	Subject to the limits described in the Collateral Management and Administration Agreement and Reinvestment Proceeds being available for such purpose, the Collateral Manager may, in certain limited circumstances, on behalf of the Issuer, use reasonable endeavours in accordance with the terms of the Collateral Management and Administration Agreement to acquire Reinvestment Infra Debt Obligations meeting the Reinvestment Criteria during the Reinvestment Period. See the sections entitled "*Description of the Collateral Management and Administration Agreement — Sale of Infra Debt Obligations*" and "*Description of the Collateral Management and Administration Agreement — Reinvestment of Infra Debt Obligations*" of this Information Memorandum.
Refinancing (Issuer) Infra Debt Obligations	In respect of a proposed optional redemption of the Notes pursuant to Condition 7(b)(iv) (*Optional Redemption effected in whole or in part through Refinancing*), the Collateral Manager may, in connection with any Refinancing or the Refinancing Obligation, utilise any Refinancing Proceeds to purchase or commit to purchase Refinancing (Issuer) Infra Debt Obligations in accordance with the Collateral Management and Administration Agreement, provided that such purchase or commitment to purchase shall not prejudice or otherwise jeopardise the Issuer's compliance with the conditions set out therein.
Risk Protection	Where an Infra Debt Obligation (other than a Defaulted Obligation) is, in the reasonable judgment of the Collateral Manager, at risk of becoming a Credit Risk Obligation or is otherwise reasonably expected to become credit impaired, the Collateral Manager may procure and/or renew any Risk Protection in respect of such Infra Debt Obligation in accordance with the terms of the Collateral Management and Administration Agreement. See the section entitled "*Description of the Collateral Management and Administration Agreement — Risk Protection in respect of Infra Debt Obligations*" of this Information Memorandum.

Eligible Fixed Deposit ..... The Collateral Manager may from time to time invest any amounts standing to the credit of the Principal Account, Interest Account, Undrawn Commitment Account and any Eligible Depository Account in Eligible Fixed Deposits in accordance with the Conditions and the terms of the Collateral Management and Administration Agreement.

Coverage Tests ..... The Overcollateralisation Tests shall be satisfied on each Measurement Date, if the corresponding Overcollateralisation Ratio is at least equal to the percentage specified in the table below in relation to that Coverage Test.

The Interest Coverage Tests shall be satisfied on each Measurement Date occurring on and after the Determination Date immediately preceding the second Notes Payment Date, if the corresponding Interest Coverage Ratio is at least equal to the percentage specified in the table below in relation to that Coverage Test.

Class	Required Overcollateralisation Ratio
A/B	110.5 per cent.
C	107.1 per cent.
D	103.5 per cent.

Class	Required Interest Coverage Ratio
A/B	110.0 per cent.
C	107.5 per cent.
D	101.0 per cent.

Infra Debt Obligations in respect of which the Issuer or the Collateral Manager, on behalf of the Issuer, has agreed to acquire, but which have not yet settled, shall be included as Infra Debt Obligations in the calculation of the Coverage Tests applicable to the Portfolio at any time as if such acquisition had been completed. Infra Debt Obligations in respect of which the Issuer or the Collateral Manager, on behalf of the Issuer, has agreed to sell, but which have not yet settled, shall not be included as Infra Debt Obligations in the calculation of the Coverage Tests applicable to the Portfolio at any time as if such sale had been completed.

Hedge Agreements	Infra Debt Obligations which are denominated in US Dollars and bear interest based on interest rate benchmarks other than SOFR have been exchanged into exposures linked to SOFR pursuant to interest rate swaps entered into prior to the Issue Date or thereafter in accordance with Condition 12 (*Hedge Agreements*), in each case between the Issuer and certain Hedge Counterparties that have credit ratings higher than or equal to A3 equivalent. Infra Debt Obligations that are not denominated in US Dollars have been swapped into US Dollar exposures until the legal final maturity of the respective Infra Debt Obligations pursuant to cross-currency swaps entered into in accordance with Condition 12 (*Hedge Agreements*) between the Issuer and certain Hedge Counterparties that have credit ratings higher than or equal to A3 equivalent. See Condition 12 (*Hedge Agreements*).
Authorised Denomination	The Notes of each Class will be issued in minimum denominations of US$200,000 and integral multiples of US$1,000 in excess thereof.
Form, Registration and Transfer of the Notes	The Notes of each Class sold outside the United States to non-U.S. Persons in reliance on Regulation S will be represented on issue by beneficial interests in one or more Global Certificates in registered form, without interest coupons or principal receipts, which will be deposited on or about the Closing Date with, and registered in the name of a nominee of, a common depository for Euroclear and Clearstream. Beneficial interests in a Global Certificate may at any time be held only through, and transfers thereof will only be effected through, records maintained by Euroclear and Clearstream. See the sections entitled "*Form of the Notes*" and "*Summary of Provisions Relating to the Notes in Global Form*" in this Information Memorandum. Interests in any Note may not at any time be held by any U.S. Person or US resident. Except in the limited circumstances described herein, the Senior Notes in definitive, certificated and registered form ("**Definitive Certificates**") will not be issued in exchange for beneficial interests in Global Certificates. See the section entitled "*Form of the Notes — Exchange for Definitive Certificates*" of this Information Memorandum.

	Transfers of interests in the Notes are subject to certain restrictions and must be made in accordance with the procedures set forth in the Trust Deed. See the sections entitled "*Form of the Notes*", "*Summary of Provisions Relating to the Notes in Global Form*" and "*Transfer Restrictions*" in this Information Memorandum. Each purchaser of Notes in making its purchase will make certain acknowledgements, representations and agreements (actual or deemed). See the section entitled "*Transfer Restrictions*" of this Information Memorandum.
Governing Law	The Notes, the Trust Deed, the Collateral Management and Administration Agreement, the Sponsor Collateral Acquisition Agreements, the Agency and Account Bank Agreement, the Risk Retention Letter, the Closing Sponsor Loans Agreement, the Subscription Agreement and the Hedge Agreements will be governed by English law. The other Transaction Documents (including the Custody Agreement, the Hong Kong Security Deed and the Corporate Services Agreement) will be governed by the laws of Hong Kong.
Listing	Application will be made to the SEHK for the listing of, and permission to deal in the Class A1-SU Notes, the Class A1 Notes, the Class B Notes, the Class C Notes and the Class D Notes by way of debt issues to Professional Investors only. The Subordinated Notes will not be listed on any securities exchange.
Tax Status	See the section entitled "*Taxation*" of this Information Memorandum.
Withholding Tax	No gross-up of any payments will be payable to the Noteholders. See Condition 9 (*Taxation*).
EU Securitisation Regulation and UK Securitisation Framework Risk Retention Requirements .	The Subordinated Notes have been issued to the Retention Holder pursuant to the Subscription Agreement and, pursuant to the Risk Retention Letter, the Retention Holder will undertake, as an "originator", to retain the Subordinated Notes in an amount not less than five per cent. of the Principal Balance of the Infra Debt Obligations in order to comply with the Risk Retention Requirements. Pursuant to the Risk Retention Letter, the Retention Holder will give certain other covenants and representations, all in the manner, and on the terms, summarised in this Information Memorandum.

HKMC, in its capacity as Collateral Manager only, will, on behalf of the Issuer, also undertake to use reasonable endeavours to make available to Noteholders and potential investors on an ongoing basis such additional information as is required to be made available pursuant to (i) Articles 7(1)(a), (e), (f) and (g) of the EU Securitisation Regulation in the form prescribed under the EU Securitisation Rules, (ii) Articles 7(1)(a), (e), (f) and (g) of Chapter 2 of the PRASR in the form prescribed under the PRA Transparency Rules and (iii) SECN 6.2.1R(1), SECN 6.2.1R(5), SECN 6.2.1R(6) and SECN 6.2.1R(7) in the form prescribed under the FCA Transparency Rules, **provided that** the Issuer's obligation in relation to (ii) and (iii) in this paragraph may be satisfied by making such information available in the form prescribed under the EU Securitisation Rules. Each prospective investor in the Notes is required to independently assess and determine whether the information provided herein and in any reports provided to investors in relation to this transaction is sufficient to comply with the EU Securitisation Regulation and the UK Securitisation Framework or any other applicable legal, regulatory or other requirements and none of the Issuer, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Sole Global Coordinator, the Joint Bookrunners, the Transaction Administrator, the Trustee, their respective Affiliates, corporate officers or professional advisers or any other Person makes any representation, warranty or guarantee that any such information is sufficient for such purposes or any other purpose, and no such Person shall have any liability to any prospective investor or any other Person with respect to the insufficiency of such information or any failure of the transactions contemplated hereby to satisfy or otherwise comply with the EU Securitisation Regulation or the UK Securitisation Framework, the implementing provisions in respect of the EU Securitisation Regulation in their relevant jurisdiction or any other applicable legal, regulatory or other requirements.

See the sections entitled "*Risk Retention Requirements*" and "*Risk Factors — Regulatory risks relating to the Notes — EU/UK Risk Retention and Due Diligence Requirements*" of this Information Memorandum.

RISK FACTORS

The Notes are complex financial instruments. Investing in the Notes involves substantial risk. Potential investors should not invest in the Notes unless they understand the terms and risks of the Notes and are able to bear the economic consequences of an investment in the Notes.

Potential investors should review this entire Information Memorandum carefully and should consider, among other things, the risks and disclaimers set out in italicised wording in the sections of this Information Memorandum entitled "Industry Overview" and "The Portfolio" (and the information in these sections of this Information Memorandum should be read and understood in the context of such risks and disclaimers) and elsewhere in this Information Memorandum. Potential investors should also review the following risk factors before deciding whether to invest in the Notes. The risks described below are not intended to be exhaustive. There may be additional risks not described below or not presently known to the Issuer or that the Issuer currently deems immaterial or remote that turn out to be material.

Each potential investor should consult its own legal, tax, regulatory, accounting, investment and financial advisers regarding the desirability of purchasing the Notes and the suitability of an investment in the Notes. Potential investors should not construe the contents of this Information Memorandum as legal, tax, regulatory, accounting, investment or financial advice. Except as is otherwise stated below, the risk factors in this section are generally applicable to all of the Notes, although the degree of risk associated with each Class of Notes will vary.

The numbers and amounts in relation to the Portfolio and the Infra Debt Obligations as disclosed in this section are estimates of the numbers or amounts as of the Closing Date, calculated as at the date of this Information Memorandum based on information available as at such date.

Risks relating to the Portfolio

The Issuer will be entirely dependent on the full and timely repayment of the Infra Debt Obligations, and a material default under one or more of the Infra Debt Obligations could affect the Issuer's ability to fulfil its payment obligations under the Notes

The Issuer's ability to fulfil its payment obligations under the Notes is entirely dependent upon the full and timely payment by the Obligors under the various Infra Debt Obligations of the amounts that they are required to pay in respect of the Infra Debt Obligations. If the Issuer does not receive the full amount due from the Obligors in respect of the Infra Debt Obligations, then Noteholders (or the holders of certain Classes of Notes) may receive by way of principal repayment an amount less than the face value of their Notes, and the Issuer may be unable to pay, in whole or in part, interest due on the Notes. While the Collateral Manager and the Issuer are not aware of any existing payment defaults by any of the Obligors in respect of the Infra Debt Obligations forming the Portfolio, there can be no assurance that such defaults will not occur in the future. Any such defaults could have a material impact on the cash flows realisable from the Portfolio, and could in turn impact the Issuer's ability to fulfil its payment obligations under the Notes. Notwithstanding that the Collateral Manager (acting on behalf of the Issuer) may, at any time, procure and/or renew any Risk Protection in respect of any Infra Debt Obligation (other than a Defaulted Obligation) which is at risk of becoming a Credit Risk Obligation to protect the Issuer against the relevant risk or potential financial loss, there is no assurance that such Risk Protection will be able to mitigate the impact of any default on the cash flows realisable from the Portfolio and the Collateral Manager has no obligation to procure and/or renew such Risk Protection.

In the event of a default on a given Infra Debt Obligation, the Collateral Manager may, together with the requisite majority of other lenders under that Infra Debt Obligation, opt to restructure the relevant Infra Debt Obligation so as to mitigate cash flow shortfalls and recover losses. However, there can be no assurance that any such restructurings will be successful, or that such restructurings (even if they are

successful) will avoid interruptions, delays, deferrals, prepayments or reductions in cash flows from the relevant Infra Debt Obligations. Additionally, in the event that the Collateral Manager elects to sell or dispose of a defaulting or non-performing Infra Debt Obligation, there can be no assurance that such sale or disposition will be successful. Even if it is successful, the proceeds of any such sale or disposition may be less than the unpaid principal and interest thereon, and could result in a substantial impairment of both the value of the Portfolio as well as the cash flows realisable from it.

The Portfolio is subject to concentration risk

The Portfolio will initially consist of 42 Infra Debt Obligations in respect of 32 projects which are located across 15 countries in the Africa, Asia-Pacific, Europe, the Middle East and South America regions and diversified across 11 industry subsectors. As of the Closing Date, the individual Infra Debt Obligations within the Portfolio are expected to range from 0.4 per cent. to 7.2 per cent. of the aggregate principal amount of the total Portfolio. A material payment default under one or more of the proportionally larger Infra Debt Obligations in the Portfolio could have a material and adverse impact on the overall cash flows arising from the Portfolio, which could in turn impact the Issuer's ability to fulfil its payment obligations under the Notes.

In addition, it is possible that a default under one or more of the Infra Debt Obligations may be highly correlated with particular geographic regions or industries represented in the Portfolio. Although the Portfolio has been selected so as to diversify geographical, industry and other exposures, there can be no assurance that such diversification will mitigate the effects of highly correlated payment deficiencies or defaults. To the extent that there are any unscheduled prepayments or refinancing of Infra Debt Obligations, the Collateral Manager may cause the Issuer to acquire Reinvestment Infra Debt Obligations during the Reinvestment Period. In addition, even where individual Infra Debt Obligations in the Portfolio are paid or otherwise satisfied in accordance with their terms, this may impact the concentration risks within the Portfolio in certain geographies, regions or industries. In any of these circumstances, it is possible that the concentration of the Portfolio in a particular Obligor, industry or country could shift in a manner that would subject the Notes to a greater degree of risk with respect to defaults by such Obligor or offtake party, and the concentration of the Portfolio in any one industry or jurisdiction would subject the Notes to a greater degree of risk with respect to economic downturns relating to such industry or jurisdiction. Concentrations of this or any other nature within the Portfolio could exacerbate the impact of any political or economic developments that occur in relation to any of the key geographical or industry sectors that comprise the Portfolio, and could accordingly have a material and adverse impact on the performance of the Infra Debt Obligations in the Portfolio.

A substantial portion of the projects in the Portfolio is located in emerging markets

The Portfolio includes Infra Debt Obligations of Obligors located in countries not being a member of the Organisation for Economic Co-operation and Development ("**OECD**"). Although the underlying credit estimates of each Infra Debt Obligation have factored in non-OECD market risks, such obligations may nonetheless involve greater risks than Infra Debt Obligations of Obligors located in OECD markets. Such risks include, among other things: (a) risks associated with political, economic and social uncertainty, including the risks of nationalisation or expropriation of assets, the imposition of sanctions against governments or individuals in the relevant jurisdictions, diplomatic developments, war and revolution; (b) fluctuations of currency exchange rates (i.e., the cost of converting foreign currency into US Dollars); (c) insufficient foreign currency reserves; (d) lower levels of disclosure and regulation in foreign securities markets than in similar markets in OECD countries; (e) confiscatory taxation, taxation of income earned in foreign nations or other taxes or restrictions imposed with respect to investment in foreign nations; (f) economic and political risks, including potential foreign exchange controls (which may include suspension of the ability to transfer currency from a given country and repatriation of investments and redenomination of US Dollar-denominated Infra Debt Obligations into local currency), interest rate controls and other protectionist measures; (g) uncertainties as to the status, interpretation,

application and enforcement of laws, including insolvency laws; (h) increased levels of offtaker and counterparty payment risk; (i) the absence of developed legal structures governing private or foreign investment and private property; (j) the potential for higher rates of inflation or hyperinflation; (k) interest rate risk; (l) lower levels of democratic accountability; (m) the potential for increased incidences of corruption; and (n) different corporate governance frameworks.

Governments of many such countries have exercised and continue to exercise substantial influence over many aspects of the private sector. In some cases, such governments may own or control many companies, including some of the largest in the country. Accordingly, government actions could have a significant effect on economic conditions in such a country and on market conditions generally. Certain such countries have also historically taken extraordinary governmental actions with respect to the assets of both domestic and foreign investors. Such actions include, among other things, expropriation, nationalisation or confiscatory taxation and limitations on the convertibility of currency or the removal of securities. Any of these actions, if taken in relation to an Obligor, could have a material and adverse impact on the underlying Infra Debt Obligation, which could in turn affect the overall commercial viability of the Portfolio.

Collateral granted to secure the Infra Debt Obligations by Obligors which are located in such markets may be subject to various laws enacted in the home countries of their issuance for the protection of creditors, which laws may differ substantially from those applicable in OECD markets. As a result, it may be difficult to obtain and enforce a judgment relating to debt in the jurisdiction in which the majority of the assets of an obligor are located. These legal uncertainties may also render it difficult and time-consuming to take control of or liquidate the collateral securing Infra Debt Obligations. In addition, each of these considerations will depend on the country in which each Infra Debt Obligation is located, and may differ depending on whether the Obligor is a sovereign or a non-sovereign entity. Although approximately 9.4 per cent. of the aggregate principal amount outstanding in the Portfolio benefits from various forms of credit enhancement from export credit agencies, the remaining approximately 90.6 per cent. of the aggregate principal amount outstanding of the Portfolio does not benefit from this support, and is therefore subject to the legal risks described above. Additionally, if a given guarantee or insurance policy is withdrawn by an export credit agency or any claims made under a given guarantee or insurance policy are either rejected or not received in full and in a timely manner, then Noteholders (or the holders of certain Classes of Notes) may receive by way of interest payment or principal repayment an amount less than what is due on the Notes (or the relevant Classes of Notes). See the section entitled "*— Risks relating to the Infra Debt Obligations and the Obligors — Certain Infra Debt Obligations are backed by export credit agencies or insurers, some of which may be state-owned and subject to government control or other geopolitical factors*" below of this Information Memorandum.

All of the foregoing factors may adversely affect the market value of any Infra Debt Obligation of an Obligor located in such markets.

The Issuer will have only limited voting rights in relation to the underlying Infra Debt Obligations in the Portfolio, and will accordingly have only limited control in administering and amending the Infra Debt Obligations

The Infra Debt Obligations in the Portfolio consist primarily of (a) syndicated lending facilities pursuant to which debt has been advanced to the relevant Obligor by multiple lenders under one or more tranches of loans and (b) publicly listed senior notes held by multiple noteholders. The majority of the Infra Debt Obligations in the Portfolio are, and the Collateral Manager expects that any future Infra Debt Obligations will continue to be, minority lending interests in the underlying project loans or debt securities, and, as a holder of such minority interests, the Issuer will have limited consent and control rights and such rights may not be effective in view of the expected proportion of such obligations held by the Issuer.

The terms and conditions of the loan facilities or debt securities which underlie each of the Infra Debt Obligations may be amended, modified or waived only by the agreement of the requisite majority of

lenders or holders of the debt securities. Generally, any such amendment, modification or waiver will require the consent of a majority or a supermajority (measured by outstanding loans or commitments) or, in certain circumstances such as any change to any scheduled repayment or any payment of interest (including margin), a unanimous vote of the lenders or holders of the debt securities. Because the Infra Debt Obligations in the Portfolio are likely to constitute only a minority interest in such underlying loan facilities or debt securities, the terms and conditions of such underlying loan facilities or debt securities could be modified, amended or waived in a manner contrary to the preferences or interests of the Collateral Manager, the Issuer or the Noteholders if the amendment, modification or waiver of any term or condition does not require the unanimous vote and a sufficient number of the other lenders or holders of the debt securities concur with such modification, amendment or waiver. In particular, given the expectation that none of the Infra Debt Obligations held by the Issuer constitute a majority of the total outstandings under the underlying loan or debt securities, the remedies of the Issuer and the Collateral Manager with respect to the collateral securing such Infra Debt Obligation will be subject to the decisions made by, or including, other lenders to, or other holders of the debt securities issued by, that Obligor, which may affect the ability of the Issuer and the Collateral Manager to effect a timely realisation of the value of any collateral securing that Defaulted Obligation. In addition, the Issuer has agreed to restrict its voting rights in respect of certain of the Infra Debt Obligations held by it. See also the sections entitled "*— Risks relating to the Portfolio — A portion of the Portfolio will consist of Participations, which have limited rights vis-à-vis Obligors and collateral compared with Novations*" and "*— Risks relating to the Infra Debt Obligations and the Obligors — Certain Infra Debt Obligations are backed by export credit agencies or insurers, some of which may be state-owned and subject to government control or other geopolitical factors*" below of this Information Memorandum. There can be no assurance that any Infra Debt Obligations in the Portfolio will maintain the same terms and conditions as of the Closing Date.

A portion of the Portfolio will consist of Participations, which have limited rights vis-à-vis Obligors and collateral compared with Novations

The Collateral Manager, acting on behalf of the Issuer, may elect to acquire interests in Infra Debt Obligations either directly (by way of novation) or indirectly (by way of funded participation interests with the Originating Banks or the Sponsor). Interests in loans acquired directly by way of novation are referred to herein as "**Novation Interests**". Interests in loans taken indirectly by way of funded participation are referred to herein as "**Participation Interests**".

The Issuer, as the purchaser of a Novation Interest, typically succeeds to all the rights and obligations of the relevant Originating Bank or the Sponsor (which itself typically succeeds to all the rights and obligations of the relevant Originating Bank with respect to the relevant loan) as applicable and becomes entitled to the benefit of the relevant loan and the other rights and obligations of the lender under the relevant Credit Documentation in respect of such loan. As a purchaser of a Novation Interest, the Issuer will generally have the right to receive directly from the Obligor all payments of principal and interest arising from the underlying Infra Debt Obligation, and will typically have the same rights and obligations as other lenders under the relevant Credit Documentation in respect of such Infra Debt Obligation to waive enforcement of breaches of covenants. In such an instance, the Issuer will generally also have the same rights as other lenders to enforce compliance by the Obligor with the terms of the relevant Credit Documentation in respect of such Infra Debt Obligation, set off claims against the Obligor and have recourse to collateral supporting the Infra Debt Obligation. As a result, the Issuer will generally not bear the credit risk of the Originating Bank, and the insolvency of the Originating Bank should have no effect on the ability of the Issuer to continue to receive payment of principal or interest from the Obligor once the novation is complete. The Issuer will assume the credit risk of the Obligor once the novation is complete. The purchaser of a Novation Interest also typically succeeds to and becomes entitled to the benefit of any other rights of the Sponsor or relevant Originating Bank (as applicable) in respect of the Credit Documentation in respect of the relevant Infra Debt Obligation, including the right to the benefit of any security granted in respect of the loan transferred. The relevant Credit Documentation usually contains mechanisms for the transfer of the benefit of the loan to be transferred and the security relating

thereto. The efficacy of these mechanisms is rarely tested, if ever, and there is debate among counsel in civil law jurisdictions over their effectiveness. With regard to some of the Credit Documentation, security will have been granted over assets in different jurisdictions. Some of the jurisdictions will require registrations, filings or other formalities to be carried out not only in relation to the transfer of the loan but, depending on the mechanism for transfer, also with respect to the transfer of the benefit of the security.

By contrast, participations by the Issuer in an Originating Bank's or the Sponsor's (as applicable) portion of an underlying Infra Debt Obligation will typically arise from the transfer (by novation) by the Sponsor to the Issuer of the Sponsor's interests under its underlying funded participation agreement with the Originating Bank or the entry into by the Issuer of a funded participation with the Sponsor, resulting in a contractual relationship only with the Originating Bank or the Sponsor and not with the Obligor under such Infra Debt Obligation. In these instances, the Issuer will only be entitled to receive payments of principal and interest to the extent that the Originating Bank or the Sponsor (as applicable) has received such payments from the Obligor. In holding Participation Interests, the Issuer generally will have no right to enforce compliance by the Obligor with the terms of the relevant Credit Documentation in respect of such Infra Debt Obligation, and may not directly benefit from the collateral supporting such Infra Debt Obligation in respect of which it has acquired a Participation Interest. As a result, the Issuer will assume the credit risk of both the Obligor and the Originating Bank or the Sponsor (as applicable). In the event of the insolvency of the Originating Bank or the Sponsor, the Issuer may be treated as a general creditor of the Originating Bank or the Sponsor and may not benefit from any set-off between the Originating Bank or the Sponsor and the Obligor, and it may suffer a loss to the extent that the Obligor sets off claims against the Originating Bank or the Sponsor. When the Issuer holds a Participation in an Infra Debt Obligation, the Issuer generally will not have the right to participate directly in any vote to waive enforcement of any covenants breached by an Obligor. An Originating Bank or the Sponsor voting in connection with a potential waiver of a restrictive covenant may have interests which are different from those of the Issuer and (absent express undertakings to the contrary from the Originating Bank or the Sponsor) that Originating Banks or the Sponsor may not be required to consider the Issuer's interests in connection with the exercise of its votes, and the Issuer will therefore only be able to enforce compliance by the Obligor with the terms of the relevant Credit Documentation in respect of such Infra Debt Obligation by acting (if such actions are permitted under the terms of the relevant participation agreements) through the Originating Bank or the Sponsor (as applicable). Whilst the terms of the funded participation agreement entered into between the Issuer and an Originating Bank or the Sponsor generally provide for a right on the part of the Issuer to request that the Participation Interest be elevated to a direct interest in the participated loan, such right may be limited by a number of factors and circumstances (including, for example, documentary or regulatory restrictions that would operate to prevent the Issuer from becoming a lender of record under the loan), and there can be no assurance that such elevation will ever take place.

Approximately 32.7 per cent. of the aggregate principal amount of the Infra Debt Obligations constitutes Participation Interests, and there are associated risks with such Participation Interests as opposed to Novation Interests.

As at the Closing Date, the Portfolio includes Infra Debt Obligations where the Issuer has an unfunded lending commitment

While the majority of the Infra Debt Obligations in the Portfolio involve fully-funded Loans, the Portfolio also includes Infra Debt Obligations that involve partially-drawn or undrawn lending commitments that have been transferred to the Issuer, in an aggregate commitment amount of US$20.0–55.0 million with the outstanding undrawn commitment amount expected to be approximately US$10.4 million at the Closing Date. These partially-drawn or undrawn lending commitments constitute 2.2 per cent. of the total commitment amount of the Portfolio (on a fully drawn basis). In order to fund the financing obligations of the Issuer under such Infra Debt Obligations, the Issuer will deposit US$10.4

million from the net proceeds of the Notes into the Undrawn Commitment Account, and will be permitted to effect withdrawals from the Undrawn Commitment Account in order to fund the financing obligations of the Issuer in respect of such Infra Debt Obligations. The Issuer will be required to maintain its lending commitment in respect of its financing obligations under such Infra Debt Obligations for the full duration of the availability period applicable to those Infra Debt Obligations.

The undrawn commitment of the relevant Infra Debt Obligations may accrue commitment fees pending the utilisation of such amounts as Loans. However, such commitment fees and any income generated by the Issuer on the amounts in the Undrawn Commitment Account may not be sufficient to fully cover the obligations of the Issuer to pay interest on such amounts under the terms of the Notes. In addition, there can be no assurance that all of the amounts in the Undrawn Commitment Account will be utilised to fund the undrawn commitment of the relevant Infra Debt Obligations. So long as the funds in the Undrawn Commitment Account are not fully deployed, the Issuer will service its interest payment obligations on these amounts from the cash flows received by it in respect of the fully funded Infra Debt Obligations in the Portfolio, interest on the balance of the Undrawn Commitment Amount and commitment fees in respect of the Infra Debt Obligations with an undrawn commitment. In addition, to the extent that a failure to utilise all of the amounts available under the Infra Debt Obligations with an undrawn commitment arises from the delay or non-completion of the underlying infrastructure projects, this could also have an adverse impact on the cash flows from the Portfolio, which could in turn impact the Issuer's ability to fulfil its payment obligations under the Notes.

The Portfolio may include Reinvestment Infra Debt Obligations where the Issuer has an unfunded lending commitment in the future

The Portfolio may include Reinvestment Infra Debt Obligations that involve partially-drawn or undrawn lending commitments transferred to the Issuer. In such case, the Issuer will be required to maintain its lending commitment in respect of its financing obligations under such Infra Debt Obligations for the full duration of the availability period applicable to such Reinvestment Infra Debt Obligations.

The undrawn commitment of such Reinvestment Infra Debt Obligations may accrue commitment fees pending the utilisation of such amounts as Loans. However, any income generated by the Issuer on the amounts in the Undrawn Commitment Account may not be sufficient to fully cover the obligations of the Issuer to pay interest on such amounts under the terms of the Notes. In addition, there can be no assurance that all of the amounts in the Undrawn Commitment Account will be utilised to fund the undrawn commitment of the relevant Reinvestment Infra Debt Obligations. So long as the funds in the Undrawn Commitment Account are not fully deployed, the Issuer will service its interest payment obligations on these amounts from the cash flows received by it in respect of the fully funded Infra Debt Obligations in the Portfolio and interest on the balance of the Undrawn Commitments and commitment fees in respect of the Reinvestment Infra Debt Obligations with an undrawn commitment. In addition, to the extent that a failure to utilise all of the amounts available under the Infra Debt Obligations with an undrawn commitment arises from the delay or non-completion of the underlying infrastructure projects, this could also have an adverse impact on the cash flows from the Portfolio, which could in turn impact the Issuer's ability to fulfil its payment obligations under the Notes.

Only limited disclosure has been, and in future is likely to be, made available in relation to the Obligors and the Infra Debt Obligations, and these limited disclosures may not fully identify the material risks from time to time associated with the Infra Debt Obligations

Compared with general corporate issuers, there is only limited public information available about the Obligors. Certain of the Obligors are not public companies and, accordingly, both the Obligors and the Infra Debt Obligations (to the extent they are not publicly listed debt securities or otherwise available publicly) with which they are associated will not typically be subject to periodic public reporting requirements under applicable corporate or securities laws or regulations. The Collateral Manager and

the Issuer have had to make an investment determination in respect of each of the Infra Debt Obligations on the basis of the information that is available to them. While the Collateral Manager has initiated various due diligence processes in evaluating the suitability of each of the Infra Debt Obligations for inclusion in the Portfolio, there can be no assurance that the information that has been made available to the Collateral Manager and the Issuer sufficiently identifies all of the material risks associated with each of the Infra Debt Obligations or the Obligors. To the extent that any material information has been withheld from the Collateral Manager and the Issuer in relation to any Infra Debt Obligation or any Obligor, such information would not have been considered in determining the suitability of such Infra Debt Obligation for the Portfolio and may give rise to subsequent material adverse developments in relation to any such Infra Debt Obligation that were not accounted for by the Sponsor, the Collateral Manager or the Issuer in structuring the initial Portfolio or selecting any Reinvestment Infra Debt Obligation.

For the same reasons, it may be difficult for the Collateral Manager to obtain current operating and financial information concerning an Obligor in the course of administering the Portfolio and when evaluating a proposed investment in an Infra Debt Obligation or a proposed disposition of, or an amendment to, or restructuring of, an Infra Debt Obligation.

With respect to the Infra Debt Obligations which are loans, the Collateral Manager will typically receive from each Obligor (as applicable) quarterly, semi-annual and annual construction and operating reports relating to the project, as well as semi-annual and annual financial statements. However, there can be no assurance that such information will be made available to the Collateral Manager and the Issuer sufficiently or in a timely manner. To the extent that any material information is withheld from, or not provided in a timely manner to, the Collateral Manager and the Issuer, such information may not be considered by the Collateral Manager or the Issuer in the course of administering the Portfolio, and when evaluating a proposed investment in an Infra Debt Obligation or a proposed disposition of, or an amendment to, or restructuring of, an Infra Debt Obligation. This may give rise to subsequent material adverse developments in relation to one or more Infra Debt Obligations that were not accounted for by either the Collateral Manager or the Issuer in administering the Portfolio.

In addition, even if such current operating and financial information relating to the performance of an Obligor or an Infra Debt Obligation is made available to the Collateral Manager, disclosure of any such information to the Noteholders may not be permitted due to the confidentiality or other restrictions that have been imposed on the Collateral Manager and the Issuer pursuant to the Credit Documentation underlying such Infra Debt Obligation. Consequently, the Collateral Manager and the Issuer may be in possession of financial and other information concerning the Obligors and Infra Debt Obligations that they are not permitted to disclose to Noteholders, some of which could be material to the Noteholders. Accordingly, the Noteholders may not receive confidential or other non-public information regarding, or any notices or related documents in respect of, some or all of the Obligors or Infra Debt Obligations.

Under the Collateral Management and Administration Agreement, the Transaction Administrator has agreed to certain monitoring and reporting obligations. The Investor Reports and the Payment Date Reports made available to Noteholders will be compiled by the Transaction Administrator on behalf of the Collateral Manager and the Issuer based on certain information provided to it by the Collateral Manager.

Information in the reports will not be audited, nor will reports include a review or opinion by a public accounting firm. Except for the limited information provided in such reports, the Noteholders will have no right to obtain additional information concerning the Infra Debt Obligations in the Portfolio or the relevant Obligors, whether from the Collateral Manager, the Transaction Administrator, the Issuer or any other person. In addition, the Noteholders should take note that the historical information in the section "*The Portfolio*" is current only as at the reference date stated in that section and, accordingly, will be out-of-date as changes occur to the Infra Debt Obligations after the reference date used in such section.

Noteholders will be dependent upon the judgment and ability of the Collateral Manager in administering the Portfolio

The Collateral Manager has been appointed under the Collateral Management and Administration Agreement to act as Collateral Manager in respect of the Portfolio pursuant to and in accordance with the parameters and criteria set out in the Collateral Management and Administration Agreement. The powers and duties of the Collateral Manager in relation to the Portfolio include effecting, on the Issuer's behalf, in accordance with the provisions of the Collateral Management and Administration Agreement, (a) the acquisition of the Portfolio, (b) the acquisition of any Reinvestment Infra Debt Obligations or refinancing of any Refinancing (Obligor) Infra Debt Obligations during the Reinvestment Period in certain limited circumstances, such as, early repayment of an Infra Debt Obligation in full during the Reinvestment Period or where an Infra Debt Obligation has become a Defaulted Obligation or a Credit Risk Obligation, or where a Non-Eligible Sustainability Infra Debt Obligation is disposed of to be replaced by one or more Eligible Sustainability Infra Debt Obligations, (c) the procurement and/or renewal of Risk Protection, (d) the entry into any Hedge Agreement and any hedge transaction thereunder, (e) the procurement of Eligible Fixed Deposit investments, and (f) the ongoing administration of the Portfolio, including in relation to any waivers or amendments that may from time to time be required in respect of Infra Debt Obligations comprising the Portfolio. See the sections entitled "*Description of the Collateral Management and Administration Agreement*" and "*The Portfolio*" of this Information Memorandum.

Under the Collateral Management and Administration Agreement, the Collateral Manager has the ability to exercise or enforce, or refrain from exercising or enforcing, any or all of the Issuer's rights in connection with the Infra Debt Obligations or any related documents, or will refuse amendments or waivers of the terms of any underlying asset and related documents in accordance with its portfolio management practices and the standard of care specified in the Collateral Management and Administration Agreement. In discharging its obligations under the Collateral Management and Administration Agreement, the Collateral Manager may from time to time be required to take decisions on the basis of subjective valuations and assessments which may not necessary be in line with the expectations of the Noteholders.

The Noteholders will not have any right to compel the Collateral Manager to take or refrain from taking any actions other than in accordance with its portfolio management practices, the management criteria and the standard of care specified in the Collateral Management and Administration Agreement.

In addition, the Collateral Manager may, in accordance with its portfolio management practices and subject to the management criteria and its rights, obligations and discretions as set out in the Trust Deed and the Collateral Management and Administration Agreement, agree on the Issuer's behalf (to the extent of the Issuer's voting rights (if any) with respect to any Infra Debt Obligation) to extend or defer the maturity, or adjust the outstanding balance of any underlying asset, or otherwise amend, modify or waive the terms of any related Credit Documentation, including the payment terms thereunder. Any amendment, waiver or modification of an underlying asset could postpone the expected maturity of the Notes or reduce the likelihood of timely and complete payment of interest on or principal of the Notes.

See the section entitled "*— Risks relating to the Issuer and the Collateral Manager*" below of this Information Memorandum.

The Collateral Manager's ability to dispose of Infra Debt Obligations is limited

Subject to the limited exceptions described herein, the Portfolio as at the Closing Date has been designed primarily as a static pool of Infra Debt Obligations. Infrastructure and project finance loans tend to be an illiquid asset class, and accordingly the Infra Debt Obligations acquired or committed to be acquired by the Issuer as at or before the Closing Date are likely to be retained by the Issuer unless they are either prepaid or become Defaulted Obligations, in which case such Infra Debt Obligations may be disposed of by the Collateral Manager (on behalf of the Issuer).

The Collateral Manager is only permitted to acquire Reinvestment Infra Debt Obligations during the Reinvestment Period in certain limited circumstances as set out in the Trust Deed and the Collateral Management and Administration Agreement. Such circumstances include the early repayment of an Infra Debt Obligation in full during the Reinvestment Period, the cancellation of an Undrawn Commitment (or the expiry of the availability period relating to an Undrawn Commitment) during the Reinvestment Period, where an Infra Debt Obligation has become a Refinancing (Obligor) Infra Debt Obligation, where an Infra Debt Obligation has been sold because it has become a Defaulted Obligation or a Credit Risk Obligation, or is reasonably expected to become credit impaired in the reasonable opinion of the Collateral Manager, or is otherwise subject to, or in the sole opinion of the Collateral Manager, will be subject to a Collateral Tax Event or where a Non-Eligible Sustainability Infra Debt Obligation is disposed of and to be replaced by one or more Eligible Sustainability Infra Debt Obligations. In such circumstances (other than where an Infra Debt Obligation has become a Refinancing (Obligor) Infra Debt Obligation), the Collateral Manager may (on behalf of the Issuer) sell such Infra Debt Obligations, **provided that** in relation to the sale of a Credit Risk Obligation only, the aggregate principal amount of any Credit Risk Obligation that is so disposed of by the Collateral Manager does not exceed 30 per cent. of the Collateral Principal Amount (calculated as of the Closing Date) in any given 12-month period. Any sale of Credit Risk Obligations exceeding such threshold shall be subject to a Rating Agency Confirmation. In addition, the Collateral Manager may, during the Reinvestment Period and prior to the redemption in full of the Class A1-SU Notes, dispose of any Non-Eligible Sustainability Infra Debt Obligation on behalf of the Issuer, **provided that** the Collateral Manager shall use reasonable endeavours to use the Disposal Proceeds thereof to acquire one or more Eligible Sustainability Infra Debt Obligations and (where the acquisition price of such Eligible Sustainability Infra Debt Obligations is less than such Disposal Proceeds) the remaining amount of such Disposal Proceeds shall be applied in accordance with the applicable Priority of Payments. Each Reinvestment Infra Debt Obligation must meet the Reinvestment Criteria for inclusion in the Portfolio. However, there is no guarantee that the Collateral Manager, on behalf of the Issuer, will be able to effect such dispositions or reinvestments.

Prepayments of Infra Debt Obligations could potentially result in a reduction of portfolio yield and interest collection

Infra Debt Obligations may, in certain instances, be prepaid in whole or in part at the option of the Obligors or upon the occurrence of various prepayment events. Prepayments on Infra Debt Obligations may be caused by a wide variety of economic and other factors, including, but not limited to, the level of supply and demand in the loan and bond markets, general economic conditions, levels of relative liquidity for infrastructure, project finance loans and debt securities, funding cost of, and regulatory capital charges applicable to, banks in respect of infrastructure and project finance, the actual and perceived level of credit risk in the infrastructure and project finance loan and debt security markets, regulatory changes and such other factors that may affect pricing in the infrastructure and project finance market, which are difficult to predict.

In the event of any unscheduled principal prepayment of an Infra Debt Obligation, there can be no assurance that the Collateral Manager will be able to identify or acquire Reinvestment Infra Debt Obligations with comparable interest rates or (if the Collateral Manager is able to make such reinvestments) as to the length of any delays before such investments are made. In addition, declining credit spreads and increasing rates of prepayments and refinancings will likely result in a reduction of portfolio yield and interest collection on the Infra Debt Obligations, which would have an adverse effect on the amount available for distributions on Notes, beginning with the Subordinated Notes as the most junior Class.

There is a limited secondary market for project loans and interests and participations therein and certain debt securities, which is likely to impact the ability of the Collateral Manager to dispose of Infra Debt Obligations within the Portfolio

The market value of the Infra Debt Obligations included in the Portfolio generally will fluctuate with, among other things, the financial condition of the Obligors of the Infra Debt Obligations included in the

Portfolio, the remaining term to maturity, general economic conditions, the condition of certain financial markets, political events, developments or trends in any particular industry and changes in prevailing interest rates. In addition, the Infra Debt Obligations (other than those that are publicly traded debt securities) and interests therein are not generally traded on organised exchanges or markets, but are principally traded in privately negotiated transactions between banks and other institutional investors. As a result, the Portfolio is subject to higher liquidity risks with respect to the Infra Debt Obligations as compared with the corporate bond market. Such illiquidity may adversely affect the price and timing of liquidation of the Infra Debt Obligations upon the liquidation of the Portfolio following the occurrence of a Note Event of Default with respect to the Notes or if it is necessary for it to sell Infra Debt Obligations to repay indebtedness in order to effect a redemption of the Notes.

To the extent that a default occurs with respect to any Infra Debt Obligation and the Collateral Manager (acting on behalf of the Issuer) sells or otherwise disposes of such Infra Debt Obligation (in each case in accordance with the terms of the Collateral Management and Administration Agreement, the Trust Deed and each other applicable Transaction Document), the proceeds of such sale or disposition are likely to be less than the unpaid principal and interest thereon. Even in the absence of a default with respect to any of the Infra Debt Obligations, the general illiquidity of infrastructure and project finance loans and debt securities which are not publicly listed means that the market value of such Infra Debt Obligations could at any time vary, and may vary substantially, from the price at which such Infra Debt Obligations were initially acquired and from the principal amount of such Infra Debt Obligations. Accordingly, no assurance can be given as to the amount of proceeds of any sale or disposition of such Infra Debt Obligations at any time, or that the proceeds of any such sale or disposition would be sufficient to repay a corresponding par amount of principal of and interest on the Notes.

In addition, the Infra Debt Obligations that are loans may be subject to certain other assignment and transfer restrictions and consent requirements that may contribute to illiquidity. Accordingly, no assurance can be given that, if the Collateral Manager disposes of a particular Infra Debt Obligation in accordance with the terms of the Collateral Management and Administration Agreement, the Trust Deed or other applicable transaction document, such disposal can be undertaken at the previously prevailing market price or at all.

Risks relating to the Infra Debt Obligations and the Obligors

The majority of the Infra Debt Obligations are structured as limited recourse or non-recourse debts

The majority of the Infra Debt Obligations in the Portfolio are limited recourse or non-recourse loans that have been extended to finance the development, construction, expansion or operation of a particular infrastructure project, while a small portion of the Infra Debt Obligations in the Portfolio (30.1 per cent. of the aggregate principal amount outstanding of the initial Portfolio as at the date of this Information Memorandum) are expected to be sovereign loans, general corporate loans, acquisition loans or corporate debt securities.

For the Infra Debt Obligations that are limited recourse or non-recourse loans in the Portfolio, payments of amounts due on such Infra Debt Obligations are generally secured only by the revenues generated by, and assets of, that infrastructure project and equity interests in, and shareholder loans made to, the Obligor from shareholders of the Obligor as part of the equity funding, rather than the general assets or credit of the project sponsors or any other person. Project revenues may be subject to substantial variability, including for the reasons described herein. Any circumstance that reduces project revenues may result in a failure to pay principal and interest on the related Infra Debt Obligation when due, which may, in turn, adversely affect the ability of the Issuer to pay principal and interest to the Noteholders.

Lenders and holders of Infra Debt Obligations typically have recourse only to the assets of the underlying project and the Obligor itself and equity interests in, and shareholder loans made to, the Obligor from

shareholders of the Obligor. While some Infra Debt Obligations benefit from credit support from shareholders of the Obligors or other third parties, there can be no assurance that such credit support will be available as a general rule.

Obligors typically do not conduct any business, nor will they own any material assets other than in connection with the development, construction, expansion or operation of the projects. Accordingly, payment of principal and interest on the Infra Debt Obligations when due is dependent upon successful development, construction and operation of the projects, the underlying contractual arrangements and the sale or offtake of the project output. The ability of an Obligor to make required payments under the Infra Debt Obligations will primarily be a function of the availability of sufficient revenues derived from the project, after the payment of operating expenses and certain other obligations, proceeds of which follow a cash flow waterfall in a secured account on behalf of the project lenders. Any failure or underperformance of an underlying project may impact the Obligor's ability to meet its payment and other obligations under the relevant Infra Debt Obligations, which could, in turn, have an adverse impact on the cash flows of the Portfolio.

For the Infra Debt Obligations that are general corporate loans or acquisition loans in the Portfolio, while most of these Infra Debt Obligations have the benefit of certain security, the assets subject to such security may be broader or narrower in scope than any particular project owned by the relevant Obligor and/or its Affiliates. The lenders of such Infra Debt Obligations may also have wider recourse to other businesses or assets of the Obligor and its Affiliates as well as guarantees from other entities in the Obligor's corporate group, instead of only the assets of the underlying project and the Obligor itself and equity interests in, and shareholder loans made to, the Obligor from shareholders of the Obligor. However, on the other hand, such general corporate loans or acquisition loans may have fewer covenants or restrictions on matters such as debt incurred by the relevant Obligors and how revenues generated by, and assets of, projects held by the relevant Obligors are handled, so lenders of such loans may have less control over how the relevant Obligors manage their projects, related assets and revenues or other businesses owned by them and may take more general corporate credit and business risks on the obligors of such loans.

The projects and the Obligors of the Infra Debt Obligations are subject to significant regulatory, development, operating and market risks, and may experience unexpected disruptions that are beyond their control

Obligors are subject to numerous development and operating risks and hazards, many of which are beyond their control. Such risks and hazards include, among other things:

(1) Regulatory, compliance and jurisdictional risk

Many projects require the relevant Obligor to obtain and maintain relevant government licences, permits or approvals. Certain projects, particularly those relating to infrastructure development or natural resource extraction, are substantially dependent on government or private concessions. Any such licences, permits, approvals or concessions may be subject to certain conditions and approvals, and may only be issued for a stipulated period of time. Any failure on the part of an Obligor to satisfy or renew any relevant conditions or approvals on a timely basis could prevent or delay construction or operation of the project, and result in cost overruns, operational restrictions, decreased revenues or additional penalties, fees or taxes. There can be no assurance that any project will be constructed or continue to operate in accordance with all applicable licences, permits, approvals or concessions, or that the conditions imposed in relation to any such licences, permits, approvals or concessions will be maintained throughout the term of an Infra Debt Obligation. A breach of a material licence, permit, approval or concession by the relevant Obligor could result in such licence, permit, approval or concession being revoked. In addition, lenders or holders of debt securities relating to the Infra Debt Obligations generally require Obligors to

undertake to comply with applicable laws and regulations (including those relating to anti-money laundering, anti-corruption and sanctions) in all relevant jurisdictions. Any failure on the part of that Obligor to do so may constitute an event of default under the terms of the relevant Credit Documentation in respect of the relevant project, which could result in the relevant lenders or holders of debt securities relating to the Infra Debt Obligation terminating their commitments to Obligors or accelerating the repayment of principal and interest under that Infra Debt Obligation. Any of these events could have a material adverse impact on the development or operation of the relevant underlying project and on the operations of that Obligor, and could further result in that Obligor being unable to make full and timely repayment of the relevant Infra Debt Obligation.

Certain of the jurisdictions in which projects in the Portfolio are located have less developed legal systems than more established economies, which could result in risks such as a higher degree of discretion on the part of governmental authorities, ineffective legal redress in the courts of such jurisdictions, difficulties in enforcing legal rights and judgments and uncertainties as to the status, interpretation and application of laws, a lack of judicial or administrative guidance on interpreting applicable local rules and regulations, inconsistencies or conflicts between and within various laws, regulations and judgments, or relative inexperience of the judiciary and courts in such matters.

Furthermore, in certain of such jurisdictions, the legal regime regulating certain infrastructure projects and other activities which Obligors may undertake may be less developed or relatively unclear. As a result, certain Obligors may be unable to establish, protect or defend legal rights or title to assets in such jurisdictions reliably, and lenders or holders of debt securities may face uncertainties as to the obtaining or enforcement of a first priority perfected security interest in the assets of a project. There can therefore be no assurance that the proceeds of any collateral securing an Infra Debt Obligation will be available on a timely basis in the case of default or will be sufficient to pay in full amounts due on that Infra Debt Obligation.

In addition, although projects may include certain protections for changes in law and regulation (e.g., via government compensation, termination provisions or specific lender rights), such rights may be limited by consent or other similar requirements (i.e., discretionary ministerial, governmental or sovereign approvals). Any limitation on or delay in an Obligor's ability to obtain any payments as a result of such consent or other requirements may impact the Obligor's ability to meet its payment and other obligations in full.

In addition, changes in laws, rules, regulations, administrative or judicial orders or interpretations and similar events affecting the operation of a project may impose substantial additional costs on an Obligor or reduce an Obligor's revenue in a manner or an amount that was not anticipated at the time the loan with respect to an Infra Debt Obligation was extended. Such changes in laws, rules, regulations, administrative or judicial orders or interpretations and similar events may occur while the Notes are outstanding, and there can be no assurance that such regulatory changes would not decrease the output or efficiency of a given project, increase the operating or maintenance costs of such project or require the shutdown, refitting or renovation of such project, and thereby impact the project's cash flows and the ability of the Obligor to service the relevant Infra Debt Obligation. Although the project documents to which the Obligor is a party may provide for compensation or other similar mechanisms for payment to be paid to the Obligor which may then be available to repay the Infra Debt Obligations, the absence or, even if available, potential inadequacy, of any such compensation or similar payment mechanisms, or any delay or failure in payment under such mechanisms, could result in the Obligor incurring substantial costs, and could potentially impact the ability of that Obligor to meet its obligations under the underlying Infra Debt Obligations. See the section entitled "*— Risks relating to the Portfolio — A substantial portion of the projects in the Portfolio is located in emerging markets*" above of this Information Memorandum.

(2) Construction, completion and performance risk

As at the Closing Date, it is expected that 5 out of 32 projects (representing approximately 19.7 per cent. by aggregate principal amount of the Infra Debt Obligations of the Portfolio) would not have

achieved mechanical or operational completion. The progress of the projects' construction may be adversely affected by one or more factors commonly associated with large greenfield industrial projects, including shortages of equipment, materials and labour, delays in delivery of equipment and materials, labour disputes, political events, pandemics, local or political opposition, blockades or embargoes, litigation, adverse weather conditions, unanticipated increases in costs, natural disasters, accidents, unforeseen engineering, design, environmental or geological problems and other unforeseen circumstances. Although an Obligor may seek to allocate such risks to other project counterparties (such as engineering procurement and construction or shipbuilding contractors under fixed time and price arrangements), any such unallocated risks arising as a result of any of these events or other unanticipated events could give rise to delays or cost increases in the construction of the project (including cost overruns resulting from additional interest charged due to construction delays) and delays in its mechanical and operational completion. This could prevent an Obligor from completing construction of a project by the scheduled date of completion, cause defaults under its financing agreements (including the Infra Debt Obligations) or cause the project to be unprofitable for the Obligor, including cases in which penalties are levied or tariff rates change unfavourably due to the delay, or otherwise impair its business, financial condition and results of operations. In such an event, there can be no assurance that the project sponsors or any other persons will have sufficient funds available to provide additional equity funding, or that the conditions to funding by third-party debt providers will be satisfied in order to meet payments of project capital and operating expenses prior to mechanical and operational completion.

Certain project concessions or offtake arrangements may require the Obligor to complete project construction by a certain date. The commodity sale or offtake contracts that the Obligor has entered into may also require the Obligor to begin production by a certain date. If there are significant delays in the completion of a project, the underlying offtake arrangement (and, in some cases, the underlying concession) may be subject to termination without refunding costs incurred by the Obligor, and the Obligor may be liable for damages to the relevant counterparties.

Completed projects are often subject to ongoing performance requirements. For example, many offtake arrangements provide for certain penalties or liquidated damages which will be payable by an Obligor if its project performance does not meet certain levels. Such penalties may include the payment of damages or compensation in connection with unavailability of contracted project output, inability to meet minimum supply obligations or non-satisfaction of certain other conditions. In addition, the terms of most offtake arrangements do not require the counterparties to reimburse an Obligor for any increased costs arising as a result of the project's failure to operate within the agreed norms. Any operational disruptions to a project could therefore have a material impact on the Obligor's ability to meet its obligations under its offtake arrangements, which, in turn, would have an adverse effect on its business, cash flows, financial condition and results of operations and adversely affect its ability to meet its obligations under the Infra Debt Obligations.

Any of the above factors could have a material adverse impact on the business, financial condition and results of operations of an Obligor, which could impair its ability to make interest payments or scheduled repayments under the Infra Debt Obligations.

(3) Offtaker risk

Many Obligors depend in large part on offtake, charter-party or similar arrangements for their revenues. Such arrangements typically consist of a third party agreeing to purchase all or a specified portion of the output from the project (such as electricity or water) at predetermined prices. While some Obligors have the benefit of multiple offtake arrangements in respect of a single project, other Obligors have entered into sole offtaker arrangements, which result in increased reliance on a single counterparty. If an offtake counterparty refuses to renew a material

offtake arrangement, imposes material pricing or other conditions on any renewal of a material offtake arrangement, or fails to perform its obligations under the offtake arrangements to which it is a party (including as a result of the insolvency of that offtake counterparty), it may not be possible for that Obligor to enter into or renew such offtake arrangements on commercially acceptable terms or at all. Certain infrastructure projects, such as power generation projects, desalination plants or mining operations, among others, are constructed with a view to "tying-in" their output via a physical transmission line or pipeline to their offtaker's facilities. In such instances, any failure by the offtaker to renew or perform its obligations under the offtake arrangements would significantly impact the operations of the underlying projects because it may not be commercially or technically feasible for the Obligor to find a replacement offtaker for the output of the relevant project.

In addition, certain Obligors have entered into offtake arrangements with government entities. These Obligors may face difficulties in enforcing guarantees against government entities compared with guarantees granted by private sector procurers. Any failure on the part of a governmental or other offtake counterparty to perform its obligations under the relevant offtake agreement or guarantee is a sovereign-related risk, and could have a significant impact on the cash flows, income, business prospects and results of operations of a project, and could accordingly adversely affect the ability of an Obligor to make payments in full of amounts due under the relevant Infra Debt Obligation.

(4) Supplier risk

The ability of an Obligor to operate its project and generate revenues may depend in large part on supply or similar arrangements where a third party agrees to provide all or a specified portion of the raw materials, maintenance services or other specialised inputs used by such projects. Certain Obligors may be reliant on the availability of services or raw materials on commercially reasonable terms from a limited number of key providers in the jurisdictions in which they operate. As a result, Obligors rely heavily on such third parties to satisfactorily perform and fulfil these obligations. Loss of any of these essential supply or servicing arrangements for any reason, an increase in the price of such raw materials, or failure by a supplier or service contractor to perform its obligations under the relevant arrangements (including as a result of the insolvency of the supplier or contractor) may adversely affect the ability of such Obligors to operate such projects and therefore the ability of the related Obligors to make payments in full of amounts due under the relevant Infra Debt Obligation. Further, such risk is exacerbated where there is only a sole supplier arrangement for a project, which might result in increased reliance on a single supplier counterparty. If such supplier counterparty refuses to renew a material supply arrangement, imposes material pricing or other conditions on any renewal of a material supply arrangement, or fails to perform its obligations under the supply arrangements to which it is a party (including as a result of the insolvency of that supplier counterparty), it may not be possible for that Obligor to enter into or renew such supply or servicing arrangements on commercially acceptable terms or at all.

In addition, the supply arrangements of certain projects may depend on the use of utilities or infrastructure such as power, water or telecommunications infrastructure such as ports, pipelines or transmission capacity associated with or situated proximate to such projects. Any limitation on such projects' ability to use such utilities or infrastructure, including where such supply of utilities or use of infrastructure would require new infrastructure to be constructed by third parties and therefore is beyond the Obligor's control, could adversely affect revenues and the ability to make payments under the relevant Infra Debt Obligation.

(5) Operating risk

Obligors are subject to numerous operating risks and hazards normally associated with infrastructure projects. These operating risks and hazards include unanticipated climatic

conditions such as flooding or drought, metallurgical and other processing problems, information technology and technical failures, unavailability of materials and equipment, interruptions to power or other utility supplies, industrial actions or disputes, industrial accidents, labour force insufficiencies, disputes or disruptions, unanticipated logistical, infrastructure and transportation constraints, tribal action or political protests, force majeure factors, sabotage, cost overruns, environmental hazards, fire, explosions, vandalism and crime. Such risks and hazards could result in underperformance of projects or damage to, or destruction of, properties or production facilities, cause production to be reduced or to cease at those properties or production facilities, result in a decrease in the quality of the products, increased costs or delayed supplies, personal injury or death, environmental damage, business interruption and legal liability and in actual production differing from projected production. Obligors generally hold insurance coverage for a range of these unanticipated business interruption and environmental hazards (often in respect of both physical damage and lost revenues); however, such insurance coverage does not guarantee that the Infra Debt Obligations will be paid on a timely basis in full.

Certain projects, including, but not limited to, projects that are subject to reserve or resource risk, such as mining and renewable energy generation industries, are also constructed based on estimated reserve reports, resource forecasts and other projections that have been prepared or reviewed by industry professionals. Such projections and estimates rely substantially upon certain technical, geological, meteorological and other assumptions, which involve uncertainty and require both Obligors and their consultants or advisers to exercise considerable judgment, which does not guarantee a project's future performance. In addition, initial estimates and projections of Obligors or their consultants may include a degree of discretion, and accordingly may not translate into commercial viability, potential or profitability of any future operations of the relevant projects.

The financial performance of many Obligors is also susceptible to increases in their costs of operation should they not have fixed priced operations and maintenance or supply agreements with suppliers. Labour costs and other operating and infrastructure costs, including power and equipment costs, can have a significant impact on the financial condition of a project. Production costs are heavily influenced by the extent of ongoing development required, resource grades, site planning, processing technology, logistics, energy and supply costs and the impact of exchange rate fluctuations on costs of operations. Unit production costs are also significantly affected by production volumes and, therefore, production levels are frequently a key factor in determining the overall cost competitiveness of an Obligor's business. In addition, if certain inputs, feedstock or services are unavailable at any price, an Obligor may find its operations to be involuntarily curtailed, which would result in lost revenue and profits, and would adversely impact its results of operations and financial condition, thereby affecting its ability to meet its payment obligations under the relevant Infra Debt Obligation.

Certain Obligors are also subject to environmental hazards as a result of the processes used in extraction, production, storage, disposal and transportation methods. In addition, certain Obligors conduct oil and gas production activities and are also involved in storing and transporting gas (including liquified natural gas) and oil products. Damage to exploration or drilling equipment, a pipeline or vessel carrying gas or oil products or a facility where it is stored could lead to a spill, causing environmental damage with significant clean-up or remediation costs. The realisation of such operating risks and hazards and the costs associated with them could materially adversely affect an Obligor's business, results of operations and financial condition, including by requiring significant capital and operating expenditures to abate the risk or hazard, restore its property or third-party property, compensate third parties for any loss or pay fines or damages. While many Obligors hold operational and business interruption insurance relating to these events, there can be no assurance that such events will not occur and result in significant delays in project execution or major damage to important infrastructure facilities or cause significant disruption to operations, or

that any insurance in respect of any events will cover the costs incurred in part or in full. Any such significant environmental event could have a material adverse effect on an Obligor's business, financial position and results of operations, and could potentially affect the ability of the relevant Obligor to generate revenue from the project, which would, in turn, adversely impact its ability to meet its payment obligations under the relevant Infra Debt Obligation.

(6) Commodity pricing risk

Some Obligors, particularly those involved in the resources and energy industry, are subject to substantial commodity price risk, because commodities are a key supply input or output of many projects. As a result, the financial condition and results of operations of those projects are significantly influenced by fluctuations in the market price of commodities, such as liquified natural gas, crude oil, refined products, petrochemicals and metals. Commodity prices have historically fluctuated for a variety of reasons, including aggregate demand and supply, market expectations and speculation regarding future demand and supply, availability of alternative products and substitutes, geopolitical developments in key production areas, government regulation, macroeconomic conditions, weather conditions and natural disasters. Particularly, the ongoing military tension between Russia and Ukraine, instability in the Middle East (such as the Israel-Hamas conflict and military conflict involving the United States, Israel, Iran, Lebanon and other countries in the Gulf region) and any future pandemic might also exacerbate supply chain disruption and pricing risks. See the section entitled "*— Risks relating to the Infra Debt Obligations and the Obligors — Geopolitical instability, trade tensions and uncertainty in global economic conditions may affect the ability of Obligors to fulfil their obligations in respect of the Infra Debt Obligations*" below of this Information Memorandum.

As a result of these and other factors, it is impossible to predict future commodity price movements accurately. Any material fluctuation in commodity prices could result in a significant reduction of an Obligor's revenue or a significant increase in the costs associated with the development, operation and maintenance of the underlying project. Such risks may be compounded in the case of projects that are limited to producing a single commodity, or which utilise a single commodity as feedstock. As a result, any fluctuations in the price of such commodities may impact the ability of an Obligor to meet its payment obligations under the relevant Infra Debt Obligation. In addition, there can be no assurance that any offtake or hedging arrangements by an Obligor will be able to protect an Obligor against such changes in price over the term of an Infra Debt Obligation.

(7) Interest rate risk

The Infra Debt Obligations which constitute the Portfolio generally comprise floating interest rate exposures linked to benchmark interest rates. Since the interest rate exposures with respect to the Infra Debt Obligations are not fixed, Obligors are exposed to the risk that interest rates will rise during the term of the relevant Infra Debt Obligation should they not have interest rate swaps in place at the project level. In a high interest rate environment, the finance costs of Obligors may increase substantially, thereby affecting their ability to service interest payments on the Infra Debt Obligations. The Obligors generally do not have the ability to pass on interest rate variations to offtakers, commodity purchasers or other third parties by way of increased charges. Although a significant portion of this floating interest rate exposure is typically hedged by way of interest rate swaps or other derivatives, the use of such arrangements involves certain risks, including, but not limited to, the possibility that the risk being hedged will not be adequately hedged by the hedging arrangement entered into, the risk that the counterparty under such hedging agreement will fail to perform its obligations, the risk that such hedging agreement may be illiquid and the risk that such hedging agreement may be terminated due to a default or other similar event with respect to the Obligor or counterparty thereunder. These factors may lead to decreased net cash flow available to meet the relevant Infra Debt Obligation.

There can be no assurance that payments of interest on the Infra Debt Obligation will in all circumstances generate sufficient proceeds to make timely payments of interest or particular levels of return on the Notes.

(8) Currency risk

There may be mismatches between the contracted currency in which a project earns its revenues and the currency in which its Infra Debt Obligations are denominated. Such currency risks may be exacerbated in emerging markets, where the risks of inconvertibility, market disruption, nationalisation, disruption of payment systems and other similar events are typically greater. It may be the case that while the offtake agreements are denominated in local currency, the payment obligations of the offtake party are indexed to the US Dollar and would therefore increase in the event of a devaluation of the local currency. In such a case, there is a risk that the offtaker may not be able, as a credit matter, to service such increased payment obligations and may default on the payment thereof. Such a default could adversely affect an Obligor's ability to meet its payment obligations under the relevant Infra Debt Obligation. While many Obligors seek to manage their currency exchange exposure by entering into currency hedging arrangements, the use of such arrangements involves certain risks, including, but not limited to, the possibility that the risk being hedged will not be adequately hedged by the hedging arrangement entered into, the risk that the counterparty under such hedging agreement will fail to perform its obligations, the risk that such hedging agreement may be illiquid and the risk that such hedging agreement may be terminated due to a default or other similar event with respect to the Obligor or counterparty thereunder.

The credit ratings or estimates issued in relation to Obligors and Infra Debt Obligations may not be reliable and may not fully reflect the true risks of an Infra Debt Obligation to the Portfolio

Credit estimates of Infra Debt Obligations represent the opinions of the Rating Agency regarding the likelihood of payment of amounts due under the Infra Debt Obligations and the payment of other obligations by the Obligors, but are not a guarantee of the creditworthiness of such Obligors. While the market imposes a certain amount of discipline on the Rating Agency's rating processes, the Rating Agency itself does not assume responsibility for its rating actions and investors cannot expect to have recourse to the Rating Agency for ratings actions taken or not taken. While ratings methodologies generally attempt to evaluate all risks capable of rational analysis, not all risks are susceptible of analysis and certain market risks are explicitly excluded from rating analyses. Therefore, the credit estimates assigned to an Infra Debt Obligation by the Rating Agency may not fully reflect the true risks of that Infra Debt Obligation to the Portfolio. In addition, the Rating Agency may fail to make timely changes in credit ratings or credit estimates in response to subsequent events, so that the financial condition of the Obligor relating to an Infra Debt Obligation at any given time may be better or worse than the current credit rating or credit estimate indicates. Furthermore, credit ratings and credit estimates are functions of rating policies by the Rating Agency which may change from time to time and result in different ratings or estimates despite no change in the underlying credit quality of the Infra Debt Obligations. Consequently, credit ratings or credit estimates of Infra Debt Obligations are not and cannot be definitive indicators of investment quality.

Obligors are subject to numerous environmental, health and safety regulations

Obligors are required to comply with laws, regulations and statutory and regulatory standards concerning the environment and the health and safety of workers and the public, and are subject to their ongoing application and enforcement. Such environmental matters may include regulation of hazardous materials, limits on noise emissions, occupational health and safety standards, practices and procedures, and standards and control requirements relating to the emission of air contaminants, solid waste disposal and effluent discharge. The technical requirements of these laws and regulations are becoming increasingly complex and vary in scope and application in each jurisdiction, and compliance with such regulations is

accordingly increasingly complex and expensive. Furthermore, regulators are becoming increasingly proactive in enforcing such laws and regulations.

Non-compliance with any environmental laws, regulations or other requirements could subject a project owner or operator to civil or criminal liability and fines, and subject a project to liens for clean-up costs. In addition, any such non-compliance could result in a breach of relevant licences or approvals in connection with a project. There are also certain risks inherent in owning and operating projects, such as accidental spills, leakages, explosions, blow-outs, equipment damage or failure, natural disasters, geological uncertainties, fires or other unforeseen circumstances that could expose an Obligor to significant liabilities. Such liabilities could materially adversely affect its business, prospects and financial condition. In addition, an Obligor may be held liable for the investigation and removal of hazardous materials from project premises regardless of the source of such hazardous materials. The possibility of an environmental lien with superpriority or the imposition of environmental liability on the Issuer, as a holder of an Infra Debt Obligation, by virtue of its effective influence or control over a project's operation, could adversely affect the Issuer's or any other project lender's willingness or ability to restructure an Infra Debt Obligation or exercise foreclosure or other similar remedies.

The enactment of new or more stringent health, safety or environmental laws, regulations or statutory or regulatory standards or new interpretation and enforcement of existing health, safety or environmental laws, regulations or statutory or regulatory standards, could have a significant impact on the extent of such liabilities and operating and capital costs. For example, as a result of new environmental regulations, Obligors may need to modify their current operations, purchase new equipment, upgrade staff and contractor accommodation, install pollution control equipment or perform clean-up operations.

It is not possible to predict what future health, safety or environmental laws, regulations or statutory or regulatory standards will be enacted or how current laws, regulations or statutory or regulatory standards will be interpreted, applied, modified or enforced. Furthermore, any new environmental or health and safety regulations or standards could, if significant and costly, impair an Obligor's ability to implement its strategy and to predict or control the nature and timing of its exploration, appraisal, development and other activities, including by substantial delays or material increases in costs. Such additional costs, interruptions or delays could have a material adverse impact on an Obligor's business, prospects, financial condition and results of operations. In addition, any indemnification or insurance against any liabilities arising from environmental damage resulting from the actions of third parties, or historical or current contamination of a project's site, may be insufficient. Any of these occurrences may reduce the availability of revenues to the Obligor to pay principal and interest on the Infra Debt Obligations.

Certain Infra Debt Obligations are backed by export credit agencies or insurers, some of which may be state-owned and subject to government control or other geopolitical factors

Export credit agencies and insurers support the development of certain projects primarily by either providing financing (in the form of loans to the Obligor or loan or bond guarantees or insurance to lenders) or insurance coverage (in the form of commercial and/or political risk cover) to an Obligor, or a combination of both. Export credit agencies and insurers may also offer different forms of support to Obligors, lenders or holders of debt securities from time to time.

Export credit agencies are typically wholly owned or supported by central governments or central banks and rely on various forms of support from central governments or central banks (including guarantees, undertakings and backstop funding). Export credit agencies can therefore be adversely affected by changes in the policies of central governments or central banks. Similarly, insurers may be influenced by the policies and positions of their various stakeholders. If any of these government arrangements are significantly altered or discontinued, or if a government's general responsibilities towards an export credit agency or insurer are reduced or withdrawn, there may be a material adverse effect on such export credit agency's financial condition and results of operations, which could impact its ability to meet its

obligations under certain loans, guarantees or insurance policies relating to the Infra Debt Obligations. If an export credit agency or insurer withdraws funding or support with respect to certain Infra Debt Obligations and an Obligor is unable to obtain replacement funding or support on commercially acceptable terms, such Obligor may not have sufficient cash to complete the construction of the project or meet ongoing operational requirements, which may have a material adverse effect on its cash flows, business, financial position and results of operations (and therefore its ability to repay the Infra Debt Obligations).

In addition, many export credit agencies and insurers impose certain conditions on the loan or bond guarantees or insurance policies that they issue which allow them to assert either negative or affirmative control over amendments, waivers or consents which may from time to time be proposed by the Obligors of the underlying Infra Debt Obligations. Accordingly, there may be circumstances in which the Issuer is either restricted or prohibited from voting its interests under a given Infra Debt Obligation. There can be no assurance that any affirmative or negative voting control that is held by an export credit agency or insurer will be exercised in a manner that is in the interests of the Issuer or the Noteholders, and in such instances the Issuer and the Noteholders' ultimate economic recourse will be to the underlying loan or bond guarantee or insurance policy. Furthermore, most export credit agencies will require the lenders of an underlying Infra Debt Obligations to retain a residual exposure so as to align its interests in the relevant underlying Infra Debt Obligation. There is no assurance that such residual exposure in the underlying Infra Debt Obligations held by the lenders will be recovered.

Geopolitical instability, trade tensions and uncertainty in global economic conditions may affect the ability of Obligors to fulfil their obligations in respect of the Infra Debt Obligations

Global markets are currently operating in a period of economic uncertainty, volatility and disruption following the escalation of geopolitical tensions in several regions. The occurrence, length, impact and outcome of these developments are highly unpredictable and have contributed to significant volatility in commodity prices and supply of energy resources, instability in financial markets, supply chain interruptions, political and social instability, changes in consumer or purchaser preferences as well as an increase in cyberattacks and espionage.

Global trade and economic conditions have been impacted by the elevated trade tensions and declining political relations between a number of global powers. Russia's full-scale invasion of Ukraine in late February 2022 significantly amplified the existing geopolitical tensions among Russia, the European Union, and the United States. In response to Russia's continued military action against Ukraine, the United States, the European Union, the United Kingdom and other countries imposed broad-ranging economic sanctions against Russia. The impact of these sanctions, however, is not limited to Russia and Russian companies alone, but has spilled over to companies in other countries which had business ties to Russia, other regional and global economic markets, and various sectors and industries for securities and commodities globally, particularly in oil and natural gas. As this conflict in Ukraine continues to unfold, countries may continue expanding their sanctions programmes against Russia, which could have negative ramifications for global trade and capital flows, further destabilising the global financial markets.

Geopolitical tensions also run high in the Middle East. Most recently, ongoing geopolitical tensions and military conflict involving the United States, Israel, Iran, Lebanon and other countries in the Gulf region have contributed to increased volatility and uncertainty in global markets. Following missile strikes in Iran in February 2026, instability in the Middle East has intensified, including airspace closures, damage to critical transportation infrastructure, and the effective closure of the Strait of Hormuz, a key global transit route for petroleum shipments. Reports of commercial vessels being struck around the Strait of Hormuz in March 2026 further underscore the heightened risk to maritime traffic and global energy supply chains. These events, and the potential for further escalation or expansion of the conflicts to additional regions, have had, and may continue to have, adverse effects on global economic conditions, cost of living, market liquidity, and energy markets. The duration and ultimate impact of these

developments cannot be predicted, including material second order impacts that could significantly amplify other risks, including off-taker risk, supplier risk, commodity pricing risk, interest rate risk and currency risk. See also "*— The projects and the Obligors of the Infra Debt Obligations are subject to significant regulatory, development, operating and market risks, and may experience unexpected disruptions that are beyond their control*". For example, sustained unrest and intensified military activity in the Middle East region could cause significant volatility in commodity prices and disrupt the supply of energy resources, which could undermine the stability of the global economy. While it is unclear if, and when these geopolitical challenges and uncertainties will be resolved or contained, these developments have had and may continue to have a damaging impact on global economic conditions and outlook, which could in turn adversely affect the business, financial condition and results of operations of the Obligors.

Global supply chains have also been upended as a consequence of the geopolitical environment, given adverse changes to international trade policies and relations (including tariff policies), and the ongoing armed conflicts in Ukraine and the Middle East. The operations of the Obligors may be particularly vulnerable to potential interruptions in the supply of certain critical energy resources, materials and metals, such as liquified natural gas ("**LNG**"), crude oil, metals and other raw materials, which may be used in their projects. Any interruptions to the supply of these materials to the Obligors may result in the development, construction or expansion of a particular project being unable to be completed within the originally envisaged timeframe or within the originally envisaged budget. Key project parties, which may include both Obligors as well as their counterparties under the relevant project documents, may also seek to invoke force majeure clauses in the relevant project documentation. In addition, certain borrowers relating to senior project and infrastructure debt obligations (which may include Obligors) may need to use debt service reserves or reschedule debt service payments, be unable to satisfy certain financial covenants or make timely payments on the Infra Debt Obligations or may sell the underlying collateral or refinance their related Infra Debt Obligations at maturity, in each case, for an amount insufficient to pay the Principal Balances. Any of the foregoing scenarios could lead to an increased likelihood of defaults on the Infra Debt Obligations and longer than expected liquidation timelines upon the occurrence of an event of default thereunder.

The global financial markets have experienced significant volatility as a result of, among other things, a deterioration in economic and trade relations between the United States and its trading partners, including as a result of the imposition of significant tariffs by the United States on its trading partners, which has been followed by retaliatory tariffs in some cases. Although there have been pauses and reductions in the tariffs, there is no guarantee that additional tariffs or trade restrictions will not be imposed in the future. These developments could keep inflationary pressures elevated and delay the pace of policy interest rate cuts by the U.S. Federal Reserve and other major central banks and pose negative effects particularly on external trade dependent economies. Uncertainty regarding the economic outlook may be heightened and may negatively impact consumer confidence and consumer credit factors globally or regionally and can cause the world economy to continue to slow down, which in turn could materially and adversely affect the business, financial condition and/or results of operations of the Obligors (and consequently the performance of the Infra Debt Obligations).

Any or all of the effects of geopolitical instability, trade tensions and uncertain global economic conditions, including those described above, could affect the ability of the Obligors to make payment on the Infra Debt Obligations. Any such disruptions may also magnify the impact of the other risks described in this "*Risk Factors*" section, such as those related to timely payments by Obligors and the values of the Infra Debt Obligations. The extent and duration of each major geopolitical event and the resulting market disruptions could be significant and could potentially have substantial impact on the global economy for an unknown period of time. In addition, due to the continually evolving nature of the geopolitical climate, the potential impact of adverse developments in respect thereof on such risk factors, and others that cannot yet be identified, remains uncertain.

Obligors may not carry adequate insurance to protect the projects against all potential losses to which such projects may be subject

Certain infrastructure projects, such as commodity mining and production activities, involve a substantial degree of risk. Lenders will generally require each project to maintain customary insurance coverage.

However, insurance requirements may be limited to insurance that is available on commercially reasonable terms, and this may not be the case, and not all construction or operating risks are either insurable or economically insurable. The proceeds of insurance applicable to covered risks may not be adequate to cover lost revenues or increased expenses. There can be no assurance that each Obligor will have the benefit of delay in start-up or business interruption insurance, funded debt service reserve accounts or other liquidity support sufficient to enable it to service all payments due on the Infra Debt Obligations during any period of delay in construction or interruption to operations. Furthermore, in the event of total or partial loss to any project, certain items of equipment may not be replaceable promptly as their large and project-specific character may mean that replacements are not readily available or have long lead times. Accordingly, notwithstanding that there may be guarantee coverage, warranty coverage or insurance coverage for loss to a project, the location of such project, the large size of some of the equipment and the extended period needed to manufacture replacement units could give rise to significant delays in replacement, and so could impede such project's construction or operation and such Obligor's ability to make payments on the related Infra Debt Obligations (and consequently, the Issuer's ability to make payments on the Notes).

Risks relating to the Issuer and the Collateral Manager

The Issuer is dependent on the Sponsor and the Collateral Manager and certain key individuals associated with the Sponsor and the Collateral Manager to manage the Portfolio

The Issuer will be highly dependent on the financial and managerial experience of certain individuals associated with the Sponsor and the Collateral Manager in analysing, selecting and managing the Infra Debt Obligations. There can be no assurance that such key personnel currently associated with the Sponsor and the Collateral Manager or any of their Affiliates will remain in such positions throughout the life of the transaction. Certain employment arrangements between those officers and employees and the Sponsor and/or the Collateral Manager may exist, but the Issuer is not, and will not be, a direct beneficiary of such arrangements, and those arrangements are in any event subject to change without the consent of the Issuer. The loss of one or more of such individuals could have a material adverse effect on its performance.

In addition, the Collateral Manager may resign or be removed in certain circumstances and may, subject to certain conditions, assign its rights and delegate its obligations as Collateral Manager to a third party, in each case as described in the section entitled under "*Description of the Collateral Management and Administration Agreement*" of this Information Memorandum. There can be no assurance that any successor or delegate collateral manager would have the same level of skill in performing the obligations of the Collateral Manager, in which event payments on the Notes could be reduced or delayed.

The Collateral Manager is not required to devote all of its time to the performance of the Collateral Management and Administration Agreement and may otherwise conduct its own business activities, in the future.

The Collateral Manager's information and technology systems may be vulnerable to damage or interruption from computer viruses, network failures, computer and telecommunications failures, infiltration by unauthorised persons and security breaches, usage errors by their respective professionals, power outages and catastrophic events such as fires, typhoons, floods, hurricanes, earthquakes and tornadoes. Although the Collateral Manager may have implemented various measures to manage risks relating to these types of events, the failure of these systems or disaster recovery plans for any reason could cause significant interruptions in the Collateral Manager's operations and result in a failure to maintain the security, confidentiality or privacy of sensitive data. Such a failure could impede the ability of the Collateral Manager to perform its duties under the Transaction Documents.

The Collateral Manager has limited experience managing transactions of this nature for third parties

The Issuer has appointed the Collateral Manager to manage the transaction and the Portfolio. See the sections entitled "*Description of the Sponsor and the Collateral Manager*" and "*Description of the*

Collateral Management and Administration Agreement" of this Information Memorandum. While the Collateral Manager has experience and operating history in investing in infrastructure and project financing obligations for its own account, this transaction is the fourth time that the Collateral Manager will be involved in a transaction structured as an issuance of securities against a portfolio of infrastructure and project finance loans and debt securities and managing assets on behalf of a third party. The prior investment results of the Collateral Manager and the persons associated with the Collateral Manager or any other entity or person described herein or otherwise available to prospective investors are not indicative of its future investment results. The nature of, and risks associated with, its future investments may differ from those investments and strategies undertaken historically by the Collateral Manager or such persons and entities. There can be no assurance that the investments of the Collateral Manager on behalf of the Issuer will perform as well as the past investments of any such persons or entities.

The Issuer is reliant on timely payments by the Transaction Administrator, the Principal Paying Agent and the Custodian

The Issuer's ability to meet its payment obligations in respect of the Notes depends partly on the full and timely payments by, or on behalf of (as the case may be), the Transaction Administrator and the Principal Paying Agent and the Custodian of the amounts due to be paid thereby. If the Transaction Administrator, the Principal Paying Agent or the Custodian fails to meet its payment obligations, the Issuer's ability to meet its payment obligations under the Notes may be adversely affected.

The Issuer may be subject to litigation risks involving third parties

The Issuer's investment activities are subject to the normal risks of becoming involved in litigation by third parties. Defence and settlement costs with regard to litigation and disputes can be significant, even in respect of claims that have no merit. Damages claimed against the Issuer under any such litigation or dispute may be material or may be indeterminate, and the outcome of such litigation or dispute, including reputational damage, may have a material impact on the Issuer's business, prospects, financial condition and results of operations. The expense of defending against a claim by third parties and paying any amounts pursuant to such litigation or dispute would, absent fraud, wilful default or gross negligence by the Collateral Manager in connection with such claim, be borne by it and would reduce its net assets. The Collateral Manager, the Transaction Administrator and others will be indemnified by the Issuer in connection with such litigation, subject to the terms of the Collateral Management and Administration Agreement and other documents entered into by the Issuer.

Changes in tax laws or challenges to the Issuer's tax position could adversely affect its results of operations and financial condition

The Issuer is subject to complex tax laws and tax exemptions. Changes in tax laws or tax exemptions could adversely affect the Issuer's tax position, including its effective tax rate or tax payments. Although the Issuer intends to rely on tax exemptions and generally available interpretations of applicable tax laws and regulations, there cannot be certainty that all the conditions for such exemptions will continue to be met or that the relevant tax authorities are or will be in agreement with the Issuer's interpretation of these laws. If such exemptions are no longer applicable to the Issuer or the tax positions taken by the Issuer are challenged by relevant tax authorities, the imposition of additional taxes could require the Issuer to pay taxes that it does not currently collect or pay, or increase the costs of services to the Issuer to track and collect such taxes, which could increase its costs of operations or its effective tax rate and have a negative effect on its business, financial condition and results of operations.

Risks relating to certain conflicts of interest

The Sponsor, the Collateral Manager, the Issuer, the Sole Global Coordinator, the Joint Bookrunners and their respective Affiliates are acting in a number of capacities in connection with the transaction described herein, which may give rise to certain conflicts of interest.

Various potential and actual conflicts of interest may arise from the overall management, advisory, investment and other activities of the Sponsor, the Collateral Manager, their respective Affiliates and employees, either for their own accounts or the accounts of others, and their respective clients and from the conduct by the Sole Global Coordinator, the Joint Bookrunners and their respective Affiliates of other transactions with the Sponsor, the Collateral Manager and the Issuer, including, without limitation, acting as counterparty with respect to Participation Interests.

The following briefly summarises some of these conflicts, but is not intended to be an exhaustive list of all such conflicts.

The Sponsor and the Collateral Manager may be subject to certain conflicts of interest as a result of their advisory, investment and other business activities

The Sponsor, the Collateral Manager, and their respective Affiliates and clients may invest in obligations that would otherwise be eligible to be Infra Debt Obligations. Such investments may be different from those made by the Collateral Manager on the Issuer's behalf, and neither the Sponsor nor the Collateral Manager will have any obligation in such an instance to direct such obligations into the Portfolio as Infra Debt Obligations. The Sponsor, the Collateral Manager and/or their respective Affiliates may also have ongoing or future relationships with, render services to or engage in transactions with other clients (and potentially receive commissions from such services or transactions as a result), including other issuers of asset-backed securities, collateralised loan obligations and collateralised debt obligations, who invest in assets of a similar nature, and may own equity or debt securities issued by the Obligors. For example, the Sponsor also expects to continue designating the Collateral Manager to act as a collateral manager for future issuances of asset-backed securities.

As a result, officers or Affiliates of the Sponsor or the Collateral Manager may possess information relating to the Obligors that is not known to the individuals at the Collateral Manager responsible for monitoring the Infra Debt Obligations and performing the other obligations under the Collateral Management and Administration Agreement. The Collateral Manager will be required to act under the Collateral Management and Administration Agreement with respect to any information within its possession only if such information was known or should reasonably have been known to those employees of the Collateral Manager responsible for performing the obligations of the Collateral Manager thereunder, and only if such information is not deemed by the Collateral Manager to be confidential or non-public or subject to other limitations on its use. The Collateral Manager is not otherwise obliged to share such information. Furthermore, the Sponsor or the Collateral Manager and their respective Affiliates may, in the conduct of their respective businesses, receive or become aware of price-sensitive information which is not generally available to the public that may restrict the Collateral Manager from purchasing or selling securities for itself or its clients (including the Issuer) or otherwise using such information for the benefit of its clients or itself. The Collateral Management and Administration Agreement contains provisions which provide that the Collateral Manager may refrain from acquisitions or sales thereunder of Infra Debt Obligations in acting in relation to the administration of the Portfolio in circumstances where it or any of its Affiliates are in receipt of price-sensitive information and where, in the opinion of the Collateral Manager, investment by the Collateral Manager on the Issuer's behalf might breach the provisions of insider dealing legislation or laws to which it or the Issuer are subject.

Although the professional staff of the Collateral Manager will devote as much time to the Issuer as the Collateral Manager deems appropriate to perform its duties in accordance with the Collateral Management and Administration Agreement and in accordance with reasonable commercial standards, the employees of the Collateral Manager may have conflicts in allocating their time and services among the Issuer and the Collateral Manager's other accounts (including any existing and future issuers of asset-backed securities originated by the Sponsor).

The Collateral Management and Administration Agreement places significant restrictions on the Collateral Manager's ability to buy and dispose of Infra Debt Obligations on which the Notes are secured,

and the Collateral Manager is required to comply with these restrictions. Accordingly, during certain periods or in certain specified circumstances, the Collateral Manager may be unable to buy or dispose of obligations contained in the Portfolio or to take other actions which it might consider in the best interests of the Issuer and the Noteholders as a result of the restrictions set out in the Collateral Management and Administration Agreement.

The majority of Infra Debt Obligations in the Portfolio (other than any of the Retained IDOs) are loans which will be acquired by the Issuer from the Sponsor, either by way of novations of the Sponsor's direct interest as lender of record in the relevant project and infrastructure loans of the Originating Banks or novations of the existing funded participation agreements between the Sponsor and the relevant Originating Banks. Infra Debt Obligations in the Portfolio which are debt securities will be acquired by the Issuer from the Sponsor and credited to the Custody Accounts. To mitigate the conflicts of interest that may arise from its contribution of such Infra Debt Obligations, the Sponsor has agreed that it will be the sole holder of, and will at all times until the redemption in full of the Senior Notes continue to retain on an ongoing basis, the Subordinated Notes in compliance with the Risk Retention Requirements, thereby creating a "first loss" buffer for Noteholders of the Senior Notes. In addition, the Sponsor and/or its Affiliates may from time to time hold other Notes of any Class. Any Notes held by or on behalf of the Collateral Manager or a Collateral Manager Related Party will have no voting rights with respect to any vote (or written direction or consent) in connection with any Resolution, vote, written direction or consent of Noteholders in relation to the appointment of a replacement, successor or substitute Collateral Manager or any assignment, transfer or delegation by the Collateral Manager of its rights or obligations, in each case, in accordance with the Collateral Management and Administration Agreement (a "**CM Replacement Resolution**") or any Resolution, vote, written direction or consent of the Noteholders in relation to the removal of the Collateral Manager in accordance with the Collateral Management and Administration Agreement or in relation to the waiver or modification of any event constituting a Collateral Manager For Cause Event (as such term is defined in the Collateral Management and Administration Agreement) relating to such removal pursuant to the Collateral Management and Administration Agreement (a "**CM Removal Resolution**"), other than where the replacement of the Collateral Manager follows its resignation as Collateral Manager in accordance with the Collateral Management and Administration Agreement. However, any Notes held by the Collateral Manager or a Collateral Manager Related Party will have voting rights (including in respect of written directions and consents) with respect to all other matters as to which Noteholders are entitled to vote and, in exercising such vote, the Collateral Manager or a Collateral Manager Related Party may act in its sole interests, which may be adverse to the interests of other Noteholders.

The Collateral Manager may, on the Issuer's behalf from time to time, acquire obligations from, or sell obligations to, the Sponsor or related parties of the Sponsor.

The Issuer will deal with the Sponsor and the Collateral Manager on an arm's-length basis, and anticipates that the commissions, mark-ups and mark-downs charged by the Sponsor and the Collateral Manager will generally be competitive. There is no limitation or restriction on the Collateral Manager or any of its Affiliates with regard to acting as collateral manager (or in a similar role) to other parties or persons. This and other future activities of the Collateral Manager and/or its Affiliates may give rise to additional conflicts of interest.

There may be conflicts of interest involving the Sole Global Coordinator and the Joint Bookrunners

The activities of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates, may result in certain conflicts of interest.

Other than the Retained IDOs, the initial Portfolio will include US$140.7 million in aggregate principal amount of Infra Debt Obligations (comprising 29.2 per cent. of the Infra Debt Obligations in the Portfolio) that were initially acquired by the Sponsor under the funded participation agreements or

purchase and sale agreements from Originating Banks that are affiliated with certain of the Joint Bookrunners. Each such Originating Bank will retain all voting rights pertaining to the proportion of the project loans which it is retaining for its own account, and will also continue to control all voting rights over the Infra Debt Obligations that were initially acquired by the Sponsor under any funded participation agreement or purchase and sale agreements from such Originating Bank. None of these Originating Banks will be responsible to the Issuer for any decisions that it is otherwise permitted to take in relation to the proportion of the project loans which it is retaining for its own account, or in relation to any of the Infra Debt Obligations in respect of which it is entitled to exercise voting rights, and there can be no assurance that any such voting rights will be exercised in a manner that is in the interests of the Issuer or the Noteholders.

The Sole Global Coordinator and the Joint Bookrunners may purchase some or all of the Notes from the Issuer on the Closing Date and resell them to primary investors. The Sole Global Coordinator and the Joint Bookrunners may assist clients and counterparties in transactions related to the Notes (including assisting clients in future purchases and sales of the Notes and hedging transactions). The Sole Global Coordinator and the Joint Bookrunners expect to earn fees and other revenues from these transactions.

The Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates may retain a certain proportion of the Notes in their portfolios with an intention to hold to maturity or to trade. The holding or any sale of the Notes by these parties may adversely affect the liquidity of the Notes and may also affect the prices of the Notes in the primary or secondary market. The Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates are full-service financial institutions engaged in various activities which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, corporate finance and other services, hedging, financing and brokerage activities ("**Banking Services or Transactions**"). Each of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates may have engaged in, and may in the future engage in, various Banking Services or Transactions in the ordinary course of business with the Sponsor, the Collateral Manager, the Issuer or their respective affiliates from time to time, for which they have received or will receive customary fees and commissions. In the ordinary course of their various business activities, the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates may enter into hedge agreements with the Issuer or make or hold (on their own account, on behalf of clients or in their capacity as investment advisers) a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and may at any time hold long and short positions in such securities and instruments and enter into other transactions, including credit derivatives (such as asset swaps, repackaging and credit default swaps) in relation thereto. Such transactions, investments and securities activities may involve securities and instruments of the Issuer, the Collateral Manager or their respective affiliates, including the Notes, may be entered into at the same time or proximate to offers and sales of the Notes or at other times in the secondary market and be carried out with counterparties that are also purchasers, holders or sellers of the Notes. Certain of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates that have a lending relationship with the Issuer or the Collateral Manager routinely hedge their credit exposure to the Issuer or the Collateral Manager consistent with their customary risk management policies. Typically, the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the Issuer's or the Collateral Manager's securities, including potentially the Notes offered hereby. Any such short positions could adversely affect future trading prices of the Notes offered hereby. The Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates may make investment recommendations or publish or express independent research views (positive or negative) in respect of the Notes or other financial instruments of the Issuer or the Collateral Manager, and may recommend to their clients that they acquire long or short positions in the Notes or other financial instruments.

The Sole Global Coordinator and the Joint Bookrunners, and/or their respective affiliates may also purchase the Notes and allocate the Notes for asset management and/or proprietary purposes but not with a view to distribution.

The Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates may have positions in and will likely have placed or underwritten certain of the Infra Debt Obligations (or other obligations of the obligors of Infra Debt Obligations) when they were originally issued, and may have provided or may be providing investment banking services and other services (including hedging-related services) to Obligors in respect of certain Infra Debt Obligations. In addition, the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates and their clients may invest in debt obligations and securities that are senior to, or have interests different from or adverse to, Infra Debt Obligations. Each of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates will act in its own commercial interest in its various capacities without regard to whether its interests conflict with those of the holders of the Notes or any other party. Moreover, the Issuer may invest in loans or debt securities of obligors affiliated with the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates or in which one or more of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates hold an equity, participation or other interest. The purchase, holding or sale of such Infra Debt Obligations by the Issuer may increase the profitability of the Sole Global Coordinator's and the Joint Bookrunners', and their respective affiliates' own investments in such obligors.

From time to time, the Collateral Manager may purchase from or sell Infra Debt Obligations through, from or to the Sole Global Coordinator or the Joint Bookrunners, or their respective affiliates (including a portion of the Infra Debt Obligations to be purchased on or prior to the Closing Date). Each of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates may act as a placement agent or an initial purchaser or an investment manager in other transactions involving issues of collateralised debt obligations or other investment funds with assets similar to those of the Issuer, which may have an adverse effect on the availability of Reinvestment Infra Debt Obligations for the Issuer or on the price of the Notes.

None of the Sole Global Coordinator and the Joint Bookrunners, or their respective affiliates disclose specific trading positions or their hedging strategies, including whether they are in long or short positions in any Notes or obligations referred to in this Information Memorandum, except where required in accordance with the applicable law. Nonetheless, in the ordinary course of business, the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates, and employees or customers of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates may actively trade in or otherwise hold long or short positions in the Notes, Infra Debt Obligations and Reinvestment Infra Debt Obligations or enter into transactions similar to or referencing the Notes, Infra Debt Obligations and Reinvestment Infra Debt Obligations or the Obligors thereof for their own accounts and for the accounts of their customers. If any of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates becomes an owner of any of the Notes, through market-making activity or otherwise, any actions that it takes in its capacity as owner, including voting, providing consents or otherwise, will not necessarily be aligned with the interests of other owners of the same Class or other Classes of the Notes. To the extent that any of the Sole Global Coordinator and the Joint Bookrunners makes a market in the Notes (which it is under no obligation to do), it would expect to receive income from the spreads between its bid and offer prices for the Notes. In connection with any such activity, it will have no obligation to take, refrain from taking or cease taking any action with respect to these transactions and activities based on the potential effect on an investor in the Notes. The price at which any of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates may be willing to purchase Notes, if it makes a market, will depend on market conditions and other relevant factors and may be significantly lower than the issue price for the Notes and significantly lower than the price at which it may be willing to sell the Notes.

There is no limitation or restriction on the Sole Global Coordinator or the Joint Bookrunners, or any of their respective affiliates with regard to acting as portfolio manager (or in a similar role) or initial purchaser to other parties or persons in other transactions involving issues of collateralised debt obligations or other investment funds with assets similar to those of the Issuer. This and other future

activities of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates may give rise to additional conflicts of interest or an adverse effect on the availability of Reinvestment Infra Debt Obligations for the Issuer or the price of the Notes.

The Rating Agency may also have a conflict of interest

The Issuer has engaged Moody's to provide its ratings on the Senior Notes (other than the Class D Notes). The Rating Agency may have a conflict of interest where the issuer of a security pays the fee charged by the Rating Agency for its rating services, as is the case with the rating of the relevant Senior Notes (except for unsolicited ratings).

Risks relating to the Business Areas of the Sponsor (other than the IFS Business)

Loan purchase activities in Hong Kong

One of the business activities of the Sponsor is to purchase loan assets from the Approved Sellers (as defined under the section entitled "*Description of the Sponsor and the Collateral Manager — Business Strategies and Principal Business Activities of the Group*" of this Information Memorandum) in Hong Kong. The willingness of the Approved Sellers to sell their loan assets to the Sponsor depends on a number of factors, including the Approved Sellers' loan portfolio size, their balance sheet management and the interest rate applicable to the loan assets at the relevant time. The decision as to whether or not to sell their loan assets to the Sponsor lies with the Approved Sellers. There can be no assurance that the Approved Sellers will continue to make available suitable loan assets for purchase by the Sponsor.

Exposure to the Hong Kong residential property market

Although the Portfolio does not consist of residential property mortgage loans in Hong Kong, the Sponsor is exposed to the Hong Kong residential property market due to its portfolio of mortgage loans relating to residential properties in Hong Kong. The Hong Kong residential property market is highly cyclical and residential property prices in general have been volatile. Residential property prices are affected by a number of factors, including the supply of, and demand for, comparable properties, changes to interest rate, policies of the Hong Kong Government, the rate of economic growth in Hong Kong, political and economic developments in the PRC, and the relationship of the PRC and Hong Kong with other countries. Accordingly, any significant drop in residential property prices and/or liquidity in the Hong Kong residential property market could adversely affect the Sponsor's business, financial condition and results of operations.

Exposure to the risk of default by borrowers and/or sellers/servicers in its loan asset portfolio

The quality of the Sponsor's loan asset portfolio depends on both the careful selection of loan assets to be purchased and the rate of default by borrowers. The Sponsor cannot offer any assurance that it will continue to be able to purchase loan assets of adequate credit quality to maintain the current credit performance of its loan asset portfolio or that the credit quality of its loan asset portfolio will not deteriorate. The Sponsor can offer no assurance that the default rate of borrowers will remain at a low level. The allowance for loan impairment set aside by the Sponsor may be insufficient to cover all future losses arising from its loan asset portfolio, which could have an adverse impact on the Sponsor's business, financial condition and results of operations.

In respect of the loans purchased under the Group's Mortgage Purchase Programme, the Approved Seller or Approved Servicer (as defined under the section entitled "*Description of the Sponsor and the Collateral Manager — Business Strategies and Principal Business Activities of the Group*" of this Information Memorandum) of an acquired loan portfolio is obliged to remit scheduled payments generated from the acquired loan portfolio to the Sponsor in a timely and accurate manner. The Sponsor

can offer no assurance that its Approved Sellers / Approved Servicers will make scheduled payments in a timely or accurate manner, or will not default on their payment obligations.

Exposure to liquidity risk, interest rate risk and asset-liability maturity mismatch risk

The Sponsor has various funding sources at various interest rates and maturities, and acquires loan assets at various interest rates and maturities. In the event of the underlying borrowers or obligors failing to fulfil their payment obligations as scheduled, the Sponsor may be exposed to cash flow and net interest income risks. Although the Sponsor has sound credit ratings, diversified funding sources and prudently uses cash and derivative instruments for hedging purposes, the Sponsor may still be exposed to liquidity risk outside the control of the Sponsor as a result of the prevailing market conditions and availability of funds to fulfil its payment obligations. The Sponsor cannot offer any assurance as to the effectiveness of its funding strategy, risk management measures and hedging techniques to adequately mitigate any adverse changes in market conditions or the availability of such instruments in the future, or the failure of the underlying borrowers or obligors to fulfil their payment obligations as scheduled, which could adversely affect the Sponsor's business, financial condition and results of operations.

Exposure to currency risk

The majority of the Sponsor's revenues are generated in Hong Kong dollar and US dollar. Hong Kong dollar has been linked to US dollar since 1983 under the Linked Exchange Rate System which ensures that the Hong Kong dollar exchange rate remains stable within a band of HK$7.75 to HK$7.85 to US$1, but there can be no assurance that the Linked Exchange Rate System will be maintained in the future, despite the fact that the Hong Kong Government has, from time to time, expressed a commitment to maintain exchange rate stability under the Linked Exchange Rate System. The Sponsor can offer no assurance that its business, financial condition and results of operations would not be adversely affected by the impact on the Hong Kong economy arising from any devaluation or revaluation of Hong Kong dollar or if the link of Hong Kong dollar to US dollar is discontinued or changed in any way.

No government guarantee in respect of the Sponsor's debts

Although the Sponsor is wholly owned by the Hong Kong Government, the Hong Kong Government does not provide any form of guarantee in respect of the Sponsor's borrowings or other obligations. The ownership or control which may be exerted by the Hong Kong Government on the Sponsor does not necessarily correlate to, or provide any assurance as to the Sponsor's financial condition. In addition, and notwithstanding the above, if the Sponsor is partly or fully privatised, its credit standing could be adversely affected.

Exposure to legal, regulatory, litigation and compliance risks

The Sponsor and its subsidiaries (collectively, the "**Group**") are subject to laws, rules and regulations that regulate all aspects of their business. Some of the laws, rules and regulations are relatively new and their interpretation and application remain uncertain. The Group is exposed to risks of legal, regulatory, litigation and administrative proceedings. Management of these risks requires, among other things, policies and procedures to prohibit or report certain transactions, properly record and monitor large number of transactions and events, as applicable. Failure to comply with any of the applicable laws, rules and regulations, including as a result of changes to rules and regulations or the changing interpretation thereof by relevant regulators, could result in administrative sanctions, fines, increase in expenses or capital to achieve compliance or arising from any disputes, proceedings and litigations, each of which may have a material adverse effect on the Group's reputation, business, financial condition and results of operations. In addition, failure to implement and maintain effective internal controls or proper records could bring an impact on the reliability of the Group's financial statements and the Group's ability to comply with applicable laws, rules and regulations.

Furthermore, investigations, administrative actions or litigation could commence in relation to violation of any applicable laws, rules and regulations, which may result in penalties, damages, costs and expenses and possible damage to the reputation of the Group. Any adverse judgments or rulings that are delivered against the Group could have a material adverse effect on the Group's reputation, business, financial condition and results of operations.

Exposure to failure of full compliance with applicable anti-money laundering laws, anti-terrorism laws, anti-bribery laws and other regulations

The Group is required to comply with applicable anti-money laundering laws, counter-terrorist financing laws, anti-bribery laws and other relevant regulations in Hong Kong and elsewhere. Such laws and regulations require the Group, among other things, to formulate "know your customer" policies and procedures and to report suspicious transactions to the applicable regulatory authorities or law enforcement agencies. Additionally, regulators in recent years have globally increased their scrutiny of corporate internal controls and have correspondingly increased the penalties for any non-compliance particularly in the areas of economic sanctions, anti-money laundering, anti-terrorism and anti-bribery.

While the Group has adopted policies and procedures aimed at detecting and preventing money laundering activities and transactions with or by terrorists and terrorist-related organisations and individuals or individuals subject to economic sanctions or involved in corruption generally, such policies and procedures may not completely eliminate instances where the Group may be used by other parties to engage in money laundering or other illegal or improper activities. To the extent that the Group fails to comply with any applicable laws or regulations, the relevant law enforcement agencies have the power and authority to impose fines and other penalties on the Group, which may materially and adversely affect the Group's reputation, business, financial condition and results of operations.

Exposure to the risk of change in credit rating or outlook of the Sponsor

On 28 May 2025, Moody's announced to change to stable from negative the outlook on the Sponsor following the agency's affirmation of the Hong Kong Government's issuer rating at Aa3 with an outlook revision to stable from negative. Investors should be aware that there is no assurance that the rating of the Sponsor will not be downgraded or revised in the future, which may materially and adversely affect the Sponsor's reputation, business, financial condition and results of operations. A credit rating is not a recommendation to buy, sell or hold securities and may be suspended, reduced or withdrawn by the rating agency at any time.

Risks Relating to Hong Kong, the PRC and Other Countries

The Sponsor's business is affected by the political and economic situation in Hong Kong, the PRC and other countries

Although Hong Kong has thus far enjoyed legislative, judicial and economic autonomy since becoming a special administrative region of the PRC, there can be no assurance that there will not be any change in regulatory oversight as a consequence of the political and economic situation in Hong Kong, the PRC and other countries. Should such change occur, the Sponsor's business, financial condition and results of operations may be adversely affected.

The Sponsor's revenue is primarily generated from its operations and businesses in Hong Kong. Accordingly, the Sponsor's operations and performance may be affected by the general political and economic circumstances of Hong Kong. As Hong Kong is a small and open economy that is highly dependent on international trade and finance and having close business relations with the PRC and other countries, Hong Kong economy is affected to a significant extent, directly or indirectly, by the economies of the PRC and other countries.

Any significant or sudden economic slowdown, recession or other adverse changes or developments in the local social and economic environment or political arrangements in Hong Kong may adversely affect the Sponsor's business, financial condition and results of operations.

Future political or economic instability or a sustained slowdown in local economic activities, especially in relation to the property market, will adversely affect the Sponsor's business if it leads to an increase in loan payment defaults.

No assurance that the Sponsor's business will not be affected by geopolitical tensions and disputes or sanctions or other measures imposed on Hong Kong

The economy of Hong Kong is highly dependent on international trade and finance as well as close business relations with the PRC and other countries. The economic growth of Hong Kong and its stability may be adversely affected by geopolitical developments and tensions, including trade disputes.

In recent years, the US government imposed a series of economic sanctions or restrictive measures on a number of officials of the Hong Kong Government or relating to the Hong Kong economy in the form of executive orders issued by the US administration and statutes passed by the US Congress. Such measures included, among others, the withdrawal of the privileges granted to Hong Kong pursuant to the Hong Kong Policy Act of 1992. In March 2026, the U.S. government launched investigations under Section 301 of the U.S. Trade Act of 1974 on a number of economies, including the PRC and Hong Kong, which could pave the way for the imposition of new tariffs. Any prolongation or escalation of international trade disputes could result in further volatility, reduced trade volumes, and dampened investment and economic activities between major international economies. Furthermore, responses by governments and regulatory authorities to sanctions or other restrictive measures imposed by foreign jurisdictions may vary across jurisdictions, resulting in differing legal, regulatory or policy approaches that could increase uncertainty or complexity in the international operating and financial environment. Continued volatility in the global markets may contribute to a slowdown in the global economy. Overall, US tariffs, restrictions on technology transfer and investment imposed on the PRC (including Hong Kong) or other restrictive measures imposed by other jurisdictions as well as continued trade and geopolitical tensions and disputes may continue to affect the economic outlook globally as well as the Hong Kong economy.

In addition, ongoing conflicts in certain parts of the Middle East have contributed to increased volatility in global financial and commodity markets, including fluctuations in oil prices. Any escalation or prolongation of such tensions could further increase uncertainty in global financial markets and adversely affect investor confidence and global economic conditions, as well as the Hong Kong economy.

There is no assurance that the Hong Kong economy and its prospect will not be adversely affected by geopolitical developments and tensions (including responses by governments and regulatory authorities to sanctions or other restrictive measures imposed by foreign jurisdictions) or there will be no additional economic sanction orders or restrictive measures imposed on the PRC, other officials of the Hong Kong Government or additional tariffs imposed on Hong Kong. The occurrence of any such events may adversely affect the business, financial condition and results of operations of the Group, and there is no assurance that the Sponsor will be able to accurately assess the impact of such events, or implement remedial measure to adequately mitigate any adverse effect as a result, on the business, financial condition and results of operations of the Group.

No assurance that the Sponsor's business will not be affected by the outbreak of severe communicable disease

The outbreak of a novel strain of coronavirus ("**COVID-19**") had a severe impact on the global economy. There is no assurance that there will not be resurgences of the COVID-19 pandemic, which may adversely affect the global economic outlook, including that of Hong Kong.

From time to time, there have been media reports regarding occurrences of various epidemics such as swine influenza, spread of avian influenza among birds and poultry and, in some isolated cases, from animals to human beings. There can be no assurance that there will not be another significant outbreak of a highly contagious disease and any such further outbreak, which may also lead to continued market weakness, may have a material adverse impact on the business, financial condition and results of operations of the Group and its ability to access the capital markets.

Risks relating to the Notes and the Collateral

The Notes do not represent obligations of any party other than the Issuer

The Notes are issued by the Issuer and will not represent an obligation or be the responsibility of any party to the Transaction Documents other than the Issuer. Neither the Sponsor nor any other person makes any assurance, guarantee or representation whatsoever as to the expected or projected success, profitability, return, performance result, effect, consequence or benefit (including legal, regulatory, tax, financial, accounting or otherwise) to any potential investor, and no potential investor may rely on the Sponsor or any other person for a determination of expected or projected success, profitability, return, performance result, effect, consequence or benefit (including legal, regulatory, tax, financial, accounting or otherwise) from an investment in the Notes. If the assets of the Issuer are not sufficient to make payments of interest or principal on the Notes when due, such payments may be delayed, be reduced or never be made.

The Notes may not be a suitable investment for all investors

Each potential investor must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should: (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Information Memorandum; (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such investment will have on its overall investment portfolio; (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes; (iv) understand thoroughly the terms of the Notes; and (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Notes are complex financial instruments and may be purchased as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to the potential investor's overall portfolios. A potential investor should not invest in the Notes unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Additionally, the investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Notes are legal investments for it, (2) the Notes can be used as collateral for various types of borrowing, and (3) other restrictions apply to its purchase of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

The Notes will have limited liquidity, and there may be restrictions on transfer of the Notes

Although there is currently a limited market for notes representing asset-backed securities similar to the Notes, there is currently no market for the Notes themselves. As a result, the Notes are illiquid

investments. None of the Sole Global Coordinator, the Joint Bookrunners, or any of their respective affiliates, are under any obligation to make a market for the Notes, and any such market-making may be discontinued at any time without notice. Any indicative prices provided by the Sole Global Coordinator or the Joint Bookrunners, or their respective affiliates shall be determined in the sole discretion of the Sole Global Coordinator or the Joint Bookrunners taking into account prevailing market conditions, and will not be a representation by the Sole Global Coordinator or the Joint Bookrunners, or their respective affiliates that any instrument can be purchased or sold at such prices (or at all). Notwithstanding the above, the Sole Global Coordinator or the Joint Bookrunners, or their affiliates may suspend or terminate making a market or providing indicative prices without notice, at any time and for any reason. There can be no assurance that any secondary market for any of the Notes will develop or, if a secondary market does develop, that it will provide the Noteholders with liquidity of investment or that it will continue for the life of such Notes. Consequently, a purchaser must be prepared to hold such Notes for an indefinite period of time or until the Maturity Date. The Notes are subject to certain transfer restrictions and can be transferred only to certain transferees as described in the section entitled "*Subscription and Sale*" of this Information Memorandum. Such restrictions on the transfer of the Notes may further limit their liquidity.

The Notes are limited recourse obligations

The Notes are limited recourse obligations of the Issuer and are payable solely from the Infra Debt Obligations and the Collateral. Payments on the Notes both prior to and following enforcement of the security over the Collateral are subordinated to the prior payment of certain fees and expenses of, or payable by, the Issuer, to the payment of any Non-Waterfall Amount or Overpaid Amount, and to payment of principal and interest on prior ranking Classes of Notes, as well as certain payments under the Hedge Agreements. None of the Sponsor, the Collateral Manager, the Noteholders of any Class, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, the Transaction Administrator or any Agent, or any other person or entity (other than the Issuer) will be obliged to make payments on the Notes of any Class. Consequently, the Noteholders must rely solely on distributions on the Infra Debt Obligations and, following an enforcement of the security over the Collateral, proceeds from the liquidation of the Collateral, for the payment of principal, discount, interest and premium, if any, thereon, and the Noteholders will have no direct recourse to the Obligors or the Collateral. Additionally, the Noteholders will have no direct recourse to the export credit agencies, the Originating Banks or the Sponsor. Similarly, although the Infra Debt Obligations representing approximately 9.4 per cent. of the aggregate principal amount in the Portfolio are supported by export credit agencies through various forms of credit enhancement such as guarantees and insurance, such rights and benefits will not be directly available to the Noteholders.

There can be no assurance that the distributions on the Infra Debt Obligations and the Collateral will be sufficient to make payments on any Class of Notes after making payments on more senior Classes of Notes and certain other required amounts under the Hedge Agreements as well as to other creditors ranking senior to or *pari passu* with such Class pursuant to the Priorities of Payments or otherwise provided for in the Conditions in respect of any Non-Waterfall Amount or Overpaid Amount. If distributions on the Collateral are insufficient to make payments on the Notes, no other assets (and, in particular, no assets of the Sponsor, the Collateral Manager, the Noteholders, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, the Transaction Administrator or any Agent) will be available for payment of the deficiency, and, following realisation of the Infra Debt Obligations, the Collateral and the application of the proceeds thereof in accordance with the Priorities of Payments or otherwise provided for in the Conditions in respect of any Non-Waterfall Amount or Overpaid Amount, the obligations of the Issuer to pay such deficiency shall be extinguished.

In addition, at any time while the Notes are Outstanding, none of the Noteholders, the Trustee or any other Secured Party (or any other Person acting on behalf of any of them, whether directly or indirectly) shall, or shall be entitled at any time to, take any step to institute against the Issuer, or join in any institution against the Issuer of, any bankruptcy, reorganisation, arrangement, insolvency, scheme of

arrangement, moratorium, examinership, winding up or liquidation proceedings or other proceedings under any applicable bankruptcy, insolvency or similar law in connection with its obligations relating to the Notes, the Trust Deed or otherwise owed to the Noteholders, save for lodging a claim in the liquidation of the Issuer which is initiated by another Person or taking proceedings to obtain a declaration or judgment as to its obligations.

Subordination of the Notes

The Class B Notes are fully subordinated to the Class A Notes. The Class C Notes are fully subordinated to the Class A Notes and the Class B Notes. The Class D Notes are fully subordinated to the Class A Notes, the Class B Notes and the Class C Notes. The Subordinated Notes are fully subordinated to all of the Senior Notes.

The payment of principal and interest on any other Classes of Notes may not be made until all payments of principal and interest due and payable on any Classes of Notes ranking in priority thereto pursuant to the Priorities of Payments have been made in full. Payments on the Subordinated Notes will be made by the Issuer to the extent of available funds and to the extent legally permitted, and no payments thereon will be made until the payment of certain fees and expenses has been made and until interest on the Senior Notes has been paid, and subject always to the requirement to transfer amounts to the Principal Account.

Non-payment of any Interest Amounts due and payable in respect of the Class A Notes or the Class B Notes on any Notes Payment Date will constitute a Note Event of Default (where such non-payment continues for a period of at least five Business Days (or seven Business Days in the case of an administrative error or omission after the Transaction Administrator, the Principal Paying Agent or the Issuer has received notice of or has actual knowledge of such error or omission)). Following redemption in full of the Class A Notes and the Class B Notes, any failure to pay any Interest Amounts due and payable on the Class C Notes will constitute a Note Event of Default (where such non-payment continues for a period of at least five Business Days (or seven Business Days where such non-payment is due to an administrative error or omission)). Following redemption in full of the Class C Notes, any failure to pay any Interest Amounts due and payable on the Class D Notes will constitute a Note Event of Default (where such non-payment continues for a period of at least five Business Days (or seven Business Days where such non-payment is due to an administrative error or omission)). In such circumstances, the Controlling Class (as determined pursuant to the definition of "**Controlling Class**"), acting by Extraordinary Resolution, may request the Trustee to accelerate the Notes.

In the event of any acceleration of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Subordinated Notes will also be subject to automatic acceleration and the Infra Debt Obligations and Collateral may, in each case, be liquidated. Liquidation of the Infra Debt Obligations and Collateral at such time or remedies pursued by the Trustee upon enforcement of the security over the Infra Debt Obligations and Collateral could be adverse to the interests of the Class A Noteholders, the Class B Noteholders, the Class C Noteholders, the Class D Noteholders or the holders of the Subordinated Notes, as the case may be. To the extent that any losses are incurred in respect of any Infra Debt Obligations and Collateral, such losses will be borne first by the Noteholders, starting with the holders of the Subordinated Notes. Remedies pursued on behalf of the Class A Noteholders could be adverse to the interests of the Class B Noteholders, the Class C Noteholders, the Class D Noteholders and the holders of the Subordinated Notes. Remedies pursued on behalf of the Class B Noteholders could be adverse to the interests of the Class C Noteholders, the Class D Noteholders and the holders of the Subordinated Notes. Remedies pursued on behalf of the Class C Noteholders could be adverse to the interests of the Class D Noteholders and the holders of the Subordinated Notes.

The Trust Deed provides that in the event of any conflict of interest among or between the Noteholders, the interests of the Controlling Class will prevail. If the holders of the Controlling Class do not have an interest in the outcome of the conflict, the Trustee shall give priority to the interests of the most senior

Class of Notes Outstanding among the Noteholders which do have an interest. In the event that the Trustee shall receive conflicting or inconsistent requests from two or more groups of holders of the Controlling Class (or another Class given priority as described in this paragraph), the Trustee shall (without liability to any Noteholder for so doing) give priority to the group which holds the greater amount of Notes Outstanding of such Class. The Trust Deed provides further that (subject to the preceding sentence) the Trustee will act upon the directions of the holders of the Controlling Class (or other Class given priority as described in this paragraph) in such circumstances, and shall not be obliged to consider the interests of the holders of any other Class of Notes.

There is a degree of risk arising from fluctuations in the amount and timing of receipt of the principal and interest on the Infra Debt Obligations

To the extent that interest payments on the Class C Notes or the Class D Notes are not made on a relevant Notes Payment Date, such unpaid interest amounts will be deferred and the amount thereof added to the Principal Amount Outstanding of the Class C Notes or the Class D Notes (as applicable) and earn interest at the interest rate applicable to such Notes. Any failure to pay scheduled interest on the Class C Notes (so long as the Class A Notes and the Class B Notes are Outstanding) due to there being insufficient funds available to pay such interest in accordance with the applicable Priorities of Payments, will not constitute a Note Event of Default. Any failure to pay scheduled interest on the Class D Notes (so long as the Class A Notes, the Class B Notes and the Class C Notes are Outstanding) due to there being insufficient funds available to pay such interest in accordance with the applicable Priorities of Payments, will not constitute a Note Event of Default. Payments of interest and principal on the Subordinated Notes will only be made to the extent that there are Interest Proceeds and Principal Proceeds available for such purpose in accordance with the Priorities of Payments. No interest or principal may therefore be payable on the Subordinated Notes for an unlimited period of time, to maturity or at all.

Investment in the Notes of any Class involves a degree of risk arising from fluctuations in the amount and timing of receipt of the principal and interest on the Infra Debt Obligations and the amounts of the claims of creditors ranking in priority to the holders of each Class of the Notes. In particular, potential investors in such Notes should be aware that the amount and timing of payment of the principal and interest on the Infra Debt Obligations will depend upon the detailed terms of the documentation relating to each of the Infra Debt Obligations and on whether or not any Obligor thereunder defaults in its obligations.

The Notes may be affected by interest rate risks, including mismatches between the Notes and the Infra Debt Obligations

The Notes will initially bear interest at a rate based on Daily Non-Cumulative Compounded SOFR. As at the date of this Information Memorandum, the Infra Debt Obligations consist of, after hedging, floating rate loans or debt securities that bear interest based on SOFR (as defined below). The share of the aggregate principal amount of Infra Debt Obligations based on Daily Non-Cumulative Compounded SOFR and Term SOFR are 56.2 per cent. and 43.8 per cent., respectively. It is possible that the Benchmark payable on the Notes may rise (or fall) during periods in which SOFR (or any other applicable benchmark) with respect to the various Infra Debt Obligations is stable or falling (or rising but capped at a level lower than the Benchmark for the Notes). Further, the Notes will be subject to a Benchmark floor of 0 per cent. As a result, if the benchmark with respect to Infra Debt Obligations not having benchmark floor arrangements falls below 0 per cent., the Benchmark with respect to the Notes will not be reduced commensurately. No assurance can be given that the proportion of Infra Debt Obligations that bear interest based on indices other than the Benchmark will not increase in the future. Some Infra Debt Obligations may have benchmark floor arrangements that may help mitigate this risk, but there is no requirement for any Infra Debt Obligation (or any Reinvestment Infra Debt Obligation) to have a benchmark floor, and there is no guarantee that any such benchmark floor will fully mitigate the risk of a falling Benchmark. If the Benchmark payable on the Notes rises during periods in which the benchmark rates with respect to the various Infra Debt Obligations are stable or falling, the "excess spread" (i.e., the

difference between the interest collected on the Infra Debt Obligations and the sum of the interest payable on the Notes and certain transaction fees, costs and expenses payable and/or incurred by the Issuer) that otherwise would be available as credit support may instead be used to pay interest on the Notes. In addition, there is no requirement under the Reinvestment Criteria for Reinvestment Infra Debt Obligations to bear interest at a floating rate or on a particular basis, and the interest rates available for such Reinvestment Infra Debt Obligations are inherently uncertain. To mitigate reset risk, a Payment Frequency Switch Event shall occur if, on any Determination Date, (amongst other things) the Aggregate Principal Balance of the Infra Debt Obligations that are quarterly or more frequently paying obligations in the period ending on such Determination Date is greater than or equal to 85 per cent. of the entire Aggregate Principal Balance of the Portfolio, as more particularly set out in Condition 6(b) (*Payment Frequency Switch Events*).

As a result of these factors, it is expected that there may be a floating rate basis mismatch (including in the case of Infra Debt Obligations that pay a floating rate based on a benchmark other than Daily Non-Cumulative Compounded SOFR) and mismatch in timing based on different reset periods for such floating rates, in each case, between the Notes and the underlying Infra Debt Obligations (or any Reinvestment Infra Debt Obligations, if applicable). As a result of such mismatches, changes in the level of Daily Non-Cumulative Compounded SOFR or any other applicable floating rate index could adversely affect the ability of the Issuer to make payments on the Notes, regardless of the occurrence of a Payment Frequency Switch Event. There can be no assurance that any Hedge Agreements entered into by the Issuer will be effective mitigants to such interest rate or timing mismatches. Accordingly, there can be no assurance that the Infra Debt Obligations and any Reinvestment Infra Debt Obligations will in all circumstances generate sufficient Interest Proceeds to make timely payments of interest on the Notes, or that any Hedge Agreements which may be entered into by the Issuer from time to time will promote or ensure any particular return on the Notes.

The Notes may be affected by exchange rate risks, including mismatches between the Notes and the Infra Debt Obligations

As at the Closing Date, it is expected that 1.1 per cent. of the Aggregate Principal Balance of the Infra Debt Obligations will be denominated in AUD, 2.9 per cent. of the Aggregate Principal Balance of the Infra Debt Obligations will be denominated in CNH, 4.1 per cent. of the Aggregate Principal Balance of the Infra Debt Obligations will be denominated in EUR, whereas the Notes are denominated in USD. Due to potential fluctuations in exchange rates, payments of interest and principal in respect of such non-USD Infra Debt Obligations may be lower (when converted to US Dollars) than expected when such Infra Debt Obligations are acquired by the Issuer, which could adversely affect the Issuer's ability to make payments of interest and principal on the Notes. In order to mitigate such exchange rate risk, Infra Debt Obligations that are not denominated in US Dollars have been swapped into US Dollar exposures until the legal final maturity of the respective Infra Debt Obligations pursuant to cross-currency basis swaps entered into in accordance with Condition 12 (*Hedge Agreements*) between the Issuer and certain Hedge Counterparties that have credit ratings higher than or equal to A3 equivalent, to match the US Dollar denominated payment profile for interest and principal on the Notes. However, there can be no assurance that any Hedge Agreements entered into by the Issuer will be an effective mitigant to such exchange rate risk. Accordingly, there can be no assurance that the Infra Debt Obligations and any Reinvestment Infra Debt Obligations will in all circumstances generate sufficient Proceeds to make timely payments of interest and principal on the Notes, or that any Hedge Agreements which may be entered into by the Issuer from time to time will promote or ensure any particular return on the Notes.

Certain risks relating to the Hedge Counterparties, the Account Bank and the Custodian

The payments associated with Hedge Agreements will generally rank senior to most payments on the Notes. The Sole Global Coordinator and the Joint Bookrunners, or any of their respective affiliates with acceptable credit support arrangements, may act as counterparties with respect to all or some of the

Hedge Agreements, which may create certain conflicts of interest. In the event of the insolvency of a Hedge Counterparty, the Issuer will be treated as a general creditor of such Hedge Counterparty. Consequently, the Issuer will be subject to the credit risk of each Hedge Counterparty.

The Hedge Agreements also pose risks on their termination. A Hedge Counterparty may terminate its applicable Hedge Agreements upon the occurrence of certain events of default or termination events thereunder with respect to the Issuer (including but not limited to bankruptcy, withholding tax on payments thereunder by or to such Hedge Counterparty, a change in law making the performance of the obligations under such Hedge Agreement unlawful, or the liquidation of the Portfolio due to a Note Event of Default), and in the case of an early termination of any Hedge Agreement, the Issuer may be required to make a payment to the related Hedge Counterparty. There can be no assurance that the Issuer will be able to enter into replacement Hedge Agreements for any Hedge Agreement which is terminated, leaving the Issuer exposed to unhedged interest rate and exchange rate risk as described under "*The Notes may be affected by interest rate risks, including mismatches between the Notes and the Infra Debt Obligations*" and "*The Notes may be affected by exchange rate risks, including mismatches between the Notes and the Infra Debt Obligations*" above. To the extent that the Issuer does enter into replacement Hedge Agreements, any amounts that are required to be paid by the Issuer to enter into such replacement Hedge Agreements will reduce amounts available for payments on the Notes. In either case, there can be no assurance that the remaining payments on the Infra Debt Obligations would be sufficient to make payments of interest and principal on the Notes.

The Issuer may terminate a Hedge Agreement upon the occurrence of certain events of default or termination events thereunder with respect to the relevant Hedge Counterparty (including but not limited to bankruptcy or the failure of the Hedge Counterparty to make payments to the Issuer under the applicable Hedge Agreement). A Hedge Counterparty may also terminate a Hedge Agreement upon the occurrence of certain events of default or termination events thereunder with respect to the Issuer (including but not limited to the Issuer agreeing to or procuring any amendment, modification or supplement of any Transaction Document without the consent or deemed consent of the relevant Hedge Counterparties). Whether the Issuer or a Hedge Counterparty is the terminating party, it may owe a termination payment to the relevant Hedge Counterparty as described in the immediately preceding paragraph. In the event that the Issuer terminates a Hedge Agreement upon the occurrence of the bankruptcy of the applicable Hedge Counterparty, there can be no assurance that termination amounts due and payable to the Hedge Counterparty from the Issuer would be subordinated to payments made to the holders of the Notes. In such case, amounts available for payment on the Notes would be reduced and could be materially reduced.

Similarly, the Issuer will be exposed to the credit risk of the Account Bank and the Custodian to the extent of, respectively, all cash of the Issuer held in the Accounts and any Debt Securities of the Issuer held by the Custodian. In the event that the Account Bank or the Custodian is subject to a rating withdrawal or downgrade by the Rating Agency to below the relevant Rating Requirement or fails to hold the necessary regulatory capacity and required licences to provide such services to Hong Kong counterparties, the Issuer shall use its reasonable endeavours to procure the appointment of a replacement account bank or custodian, as the case may be, in accordance with the Agency and Account Bank Agreement and/or Custody Agreement, as applicable.

Transition to new benchmark rates could adversely affect an investment in the Notes

While the Benchmark for the Notes may be replaced with the Benchmark Replacement in accordance with Condition 15(d) (*Effect of Benchmark Transition Event*), including in some situations without the consent of any Noteholders, there can be no assurance that any such change: (a) will effectively mitigate interest rate risks or result in an equivalent methodology for determining the interest rates on the Notes, (b) will be adopted prior to any date on which the Issuer suffers adverse consequences from the elimination or modification or potential elimination or modification of the Benchmark or (c) will not have

a material adverse effect on the holders of any Class of Notes, including the liquidity of such Notes. Potential investors in the Notes should consider the future uncertainty with respect to the Benchmark and its possible effects on the Infra Debt Obligations and the Notes in making their investment decision.

The use of SOFR as a reference rate for the Notes is subject to important limitations

SOFR is a broad US Treasury repo financing rate that represents overnight secured funding transactions.

The Federal Reserve Bank of New York ("**FRBNY**") began publishing SOFR in April 2018 and a compounded average of SOFR in March 2020. The FRBNY has also started publishing historical indicative SOFR dating back to 2014, although such historical indicative data inherently involves assumptions, estimates and approximations. Since the initial publication of SOFR, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmark or market rates, and SOFR over the term of the Notes may bear little or no relation to the historical actual or historical indicative data. Noteholders should not rely on any historical changes or trends in SOFR as an indicator of future changes in SOFR.

The FRBNY notes on its publication page for SOFR that the use of SOFR is subject to important limitations and disclaimers, including that the FRBNY may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice. In addition, SOFR is published by the FRBNY based on data received from other sources. The FRBNY has no control over its determination, calculation or publication. There can be no guarantee that SOFR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of the Noteholders. If the manner in which SOFR is calculated is changed or if SOFR is discontinued, that change or discontinuance may result in a reduction or an elimination of the amount of interest payable on the Notes and a reduction in the trading prices of the Notes which would negatively impact the Noteholders who could lose part of their investment.

The terms and conditions of the Notes provide for certain fallback arrangements in the event that a Benchmark Transition Event occurs, which is based on the Alternative Reference Rates Committee recommended language. There is, however, no guarantee that the fallback arrangements will operate as intended at the relevant time or operate on terms commercially acceptable to all Noteholders. Any of the fallbacks may result in interest payments that are lower than, or do not otherwise correlate over time with, the payments that would have been made on the Notes if Daily Non-Cumulative Compounded SOFR had been provided by the FRBNY in its current form. Potential investors should consult their own independent advisers and make their own assessment about the potential risks in making any investment decision with respect to any Notes.

Calculation of Daily Non-Cumulative Compounded SOFR includes certain delays which will limit your ability to calculate accrued interest with respect to any period.

Because SOFR in respect of a given day is not published until the US Government Securities Business Day immediately following such day, it is not possible to calculate accrued interest with respect to any period until after the end of such period, which may adversely affect your ability to trade the Notes in the secondary market.

Interest payments due on the Notes in respect of each Accrual Period will be determined only on the seventh US Government Securities Business Day prior to the end of each such period. Therefore, Noteholders will not know the amount of interest payable with respect to each Accrual Period until shortly prior to the related Notes Payment Date. It may be difficult for investors to estimate reliably the amounts of interest that will be payable on each such Notes Payment Date at the beginning of or during the relevant Accrual Period, which could adversely impact the liquidity and trading price of the Notes.

Because of the delay between the Interest Determination Date and the related Notes Payment Date, increases in the level of SOFR which occur during such period will not be reflected in the interest payable

on such Notes Payment Date, and any such increase will instead be reflected in the following Accrual Period. In the case of the applicable final Accrual Period, Noteholders will not receive the benefit of any increase in the level of SOFR on any date occurring between the relevant Interest Determination Date and the applicable Maturity Date (or other date of redemption or repayment).

There are certain mandatory redemption arrangements, and the Notes are subject to certain special redemption and optional redemption arrangements

Certain mandatory redemption arrangements may result in an elimination, a deferral or a reduction in the interest payments or principal repayments made to the Class C Noteholders and the Class D Noteholders, or the level of the returns to the holders of the Subordinated Notes, including the breach of any of the Coverage Tests (as defined under the section entitled "*Terms and Conditions of the Notes*" of this Information Memorandum) required to be satisfied on the applicable Determination Dates.

Following:

(a) the expiry of the Non-Call Period, the Senior Notes may be redeemed in whole, but not in part, at the option of the holders of the Subordinated Notes (acting by way of Extraordinary Resolution) or at the direction of the Collateral Manager (subject to the subsequent consent of the holders of the Subordinated Notes (acting by way of Extraordinary Resolution)); and

(b) the redemption in full of the Class A Notes, all other Classes of Notes may be redeemed in whole and if directed in writing by the Collateral Manager,

in each case subject to certain requirements and conditions set out in the Conditions, including, in the case of a Refinancing, the consent of the Collateral Manager. See Condition 7 (*Redemption and Purchase*). Investors should carefully review the circumstances and requirements set out in Condition 7 (*Redemption and Purchase*).

Further, all Classes of Notes may be redeemed in whole on any Notes Payment Date at the option of the holders of the Subordinated Notes (acting by way of Extraordinary Resolution) following the occurrence of a Note Tax Event. See Condition 7(f) (*Redemption following Note Tax Event*). Investors should carefully review the circumstances and requirements set out in Condition 7(f) (*Redemption following Note Tax Event*).

In addition, the Subordinated Notes may be redeemed in whole at the direction of the Subordinated Noteholders (acting by way of Ordinary Resolution) following the redemption in full of all Classes of Senior Notes.

In the event of an early redemption, the holders of the Notes will be repaid prior to the Maturity Date. Where the Notes are to be redeemed by liquidation, there can be no assurance that the Disposal Proceeds and/or Refinancing Proceeds realised and other available funds would permit any distribution on the Subordinated Notes after all required payments are made to the holders of the Senior Notes. In addition, an Optional Redemption could require the Collateral Manager to liquidate positions more rapidly than would otherwise be desirable.

Where the Senior Notes are redeemable at the discretion of a transaction party or a particular Class of Noteholders, there is no obligation to consider the interests of any other party or Class of Noteholders when exercising such discretion.

The average lives of the Notes will be dependent upon a number of factors

The Maturity Date of the Notes is the Notes Payment Date scheduled to fall on 19 October 2045 (subject to adjustment in accordance with the Terms and Conditions of the Notes if the relevant Notes Payment

Date is not a Business Day); however, the principal of the Notes of each Class is expected to be repaid in full prior to the Maturity Date. Average life of a Note refers to the average amount of time that will elapse from the date of delivery of a Note until the principal of such Note is fully repaid. The average lives of the Notes will be determined by the amount and frequency of principal payments, which are dependent upon, among other things, the amount of payments received at or in advance of the scheduled maturity of the Infra Debt Obligations (whether through sale, maturity, redemption, default or other liquidation or disposition). The actual average lives and actual maturities of the Notes will be affected by the financial condition of the Obligors relating to the underlying Infra Debt Obligations and the terms and characteristics of the relevant Infra Debt Obligations, including the existence and frequency of exercise of any optional or mandatory redemption features, the prevailing level of interest rates, the redemption price, any prepayment fees, the actual default rate, the actual level of recoveries on any Defaulted Obligations and the timing of defaults and recoveries. Infra Debt Obligations may be subject to optional prepayment by the Obligors of such Infra Debt Obligations. Any disposition of an Infra Debt Obligation may change the composition and characteristics of the remaining Portfolio and the rate of payment thereon and, accordingly, may affect the actual average lives of the Notes. The rate of and timing of future defaults and the amount and timing of any cash realisation from Defaulted Obligations also will affect the maturity and average lives of the Notes.

Projections, forecasts and estimates are forward-looking statements and are inherently uncertain

Estimates of the average lives of the Notes, together with any projections, forecasts and estimates provided to potential investors in the Notes, are forward-looking statements. Projections are necessarily speculative in nature, and it should be expected that some or all of the assumptions underlying the projections will not materialise or will vary significantly from actual results. Accordingly, actual results will vary from the projections, and such variations may be material. Some important factors that could cause actual results to differ materially from those in any forward-looking statements include changes in interest rates, exchange rates and default and recovery rates; market, financial or legal uncertainties; the timing of acquisitions of Infra Debt Obligations; differences in the actual allocation of Infra Debt Obligations among asset categories from those assumed; and mismatches between the time of accrual and receipt of Interest Proceeds from the Infra Debt Obligations, and the effectiveness of any Hedge Agreements. None of the Issuer nor any of the Collateral Manager, the Trustee, the Sole Global Coordinator, the Joint Bookrunners, the Transaction Administrator and any other party to this transaction has any obligation to update or otherwise revise any projections, forecasts or estimates, including any revisions to reflect changes in economic conditions or other circumstances arising after the date of this Information Memorandum or to reflect the occurrence of unanticipated events.

Ratings of the Notes are not recommendations to purchase and future events may impact any ratings of the Notes and impact the market value of or liquidity in the Notes; ratings of the Notes are not assured and are limited in scope

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal by the Rating Agency at any time. Credit ratings represent a rating agency's opinion regarding the credit quality of an asset but are not a guarantee of such quality. There is no assurance that a rating accorded to any of the Senior Notes (other than the Class D Notes, which will not be rated) will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by the Rating Agency if, in its judgment, circumstances in the future so warrant. If a rating initially assigned to any of such rated Senior Notes is subsequently lowered for any reason, no person or entity is required to provide any additional support or credit enhancement with respect to any such Senior Notes and the market value of such Senior Notes is likely to be adversely affected. Prospective investors in the Senior Notes should assess for themselves the credit quality of the Senior Notes.

The Rating Agency may change its published ratings criteria or methodologies for securities such as the Senior Notes (other than the Class D Notes, which will not be rated) at any time in the future. Further, the

Rating Agency may retroactively apply any new standards to the ratings of such rated Senior Notes. Any such action could result in a substantial lowering (or even withdrawal) of any rating assigned to any such rated Senior Note, despite the fact that such Senior Note might still be performing fully to the specifications set forth for such Senior Note in this Information Memorandum and the Transaction Documents. The rating assigned to any such rated Senior Note may also be lowered following the occurrence of an event or a circumstance, despite the fact that the Rating Agency previously provided confirmation that such occurrence would not result in the rating of such Senior Note being lowered. Additionally, the Rating Agency may, at any time and without any change in its published ratings criteria or methodology, lower or withdraw any rating assigned by it to any rated Class of Senior Notes. If any rating initially assigned to any such rated Senior Note is subsequently lowered or withdrawn for any reason, holders of the Senior Notes may not be able to resell their Senior Notes without a substantial discount. Any reduction or withdrawal to the ratings on any rated Class of Senior Notes may significantly reduce the liquidity of the Senior Notes.

The Rating Agency may refuse to give Rating Agency Confirmations

Some actions by the Collateral Manager and the Issuer, including the acquisition of Reinvestment Infra Debt Obligations during the Reinvestment Period and disposal of Infra Debt Obligations require Rating Agency Confirmation that such actions would not cause the ratings on the applicable securities to be lowered or withdrawn. Certain rating agencies have changed the manner and the circumstances under which they are willing to provide such confirmations, and have in the past indicated reluctance to provide confirmation in the future, regardless of the requirements of the Trust Deed and the other Transaction Documents. Where the Transaction Documents require that Rating Agency Confirmation be obtained before certain actions may be taken and the Rating Agency is unwilling to provide the required confirmation, it may be impossible to effect such action, which could result in losses being realised by the Issuer and, indirectly, by holders of the Notes.

The Conditions of the Notes provide that, if among other circumstances, the Rating Agency announces or informs the Issuer, the Trustee or the Collateral Manager that Rating Agency Confirmation is not required for a certain action or that its practice is not to give such confirmations for certain types of actions, the requirement for Rating Agency Confirmation will not apply. There can be no assurance that the Rating Agency will provide such Rating Agency Confirmation upon request, regardless of the terms agreed to among transaction participants, or not subsequently withdraw or downgrade its ratings on one or more Classes of rated Senior Notes, which could materially adversely affect the value or liquidity of the Notes.

Failure of a court to enforce non-petition obligations will adversely affect the Noteholders

Each Noteholder will agree, and each beneficial owner of Notes will be deemed to agree, pursuant to the Trust Deed, that it will be subject to non-petition covenants. If such provision failed to be enforceable under applicable bankruptcy laws, and the Issuer becomes involved in a winding-up (or similar) position, then the presentation of such a petition could (subject to certain conditions) result in one or more payments on the Notes made during the period prior to such presentation being deemed to be preferential transfers subject to avoidance by the bankruptcy trustee or similar official exercising authority with respect to its bankruptcy estate. It could also result in the bankruptcy court, trustee or receiver liquidating its assets without regard to any votes or directions required for such liquidation pursuant to the Trust Deed, and could result in any payments under the Notes made during the period prior to such presentation being deemed to be a fraudulent or an improper disposition of its assets.

There are some key risks relating to modifications, amendments and waivers required in connection with the Transaction Documents

The Conditions and the Trust Deed contain detailed provisions governing modification of the Conditions and the Transaction Documents and the convening of meetings and passing of Resolutions by the Noteholders. Certain key risks relating to these provisions are summarised below.

The Trustee may, in its discretion, determine that any proposed Ordinary Resolution or Extraordinary Resolution affects only the holders of one or more Classes of Notes, in which event the required quorum and minimum percentage voting requirements of such Ordinary Resolution or Extraordinary Resolution may be determined by reference only to the holders of that Class or Classes of Notes.

If a meeting of Noteholders is called to consider a Resolution, determination as to whether the requisite number of Notes has been voted in favour of such Resolution will be determined by reference to the percentage which the Notes voted in favour represent of the total amount of Notes held or represented by any person or persons entitled to vote which are present and are voted at such meeting, and not by the aggregate Principal Amount Outstanding of all such Notes which are entitled to be voted in respect of such Resolution. The voting threshold at any Noteholders' meeting in respect of an Ordinary Resolution or an Extraordinary Resolution of all Noteholders is, respectively, more than 50 per cent. or at least 66 2/3 per cent. of the votes cast on such Resolution. This means that a lower percentage of Noteholders may pass a Resolution which is put to a meeting of Noteholders than would be required for a Written Resolution in respect of the same matter, which would be determined by reference to the aggregate Principal Amount Outstanding of the relevant Class of Notes. See Condition 15 (*Meetings of Noteholders, Modification, Waiver and Substitution*). There are, however, quorum provisions which provide that a minimum number of Noteholders representing a minimum amount of the aggregate Principal Amount Outstanding of the applicable Class or Classes of Notes be present at any meeting to consider an Extraordinary Resolution or an Ordinary Resolution. In the case of an Extraordinary Resolution, this is one or more persons holding or representing not less than 66 2/3 per cent. of the aggregate Principal Amount Outstanding of each Class of Notes (or the relevant Class or Classes only, if applicable) and, in the case of an Ordinary Resolution, this is one or more persons holding or representing not less than 50 per cent. of the aggregate Principal Amount Outstanding of each Class of Notes (or the relevant Class or Classes only, if applicable). Such quorum provisions still, however, require considerably lower thresholds than would be required for a Written Resolution. In addition, if a quorum requirement is not satisfied at any meeting, a lower quorum threshold (when a quorum will be satisfied by any one or more holding or representing not less than 25 per cent. of the aggregate Principal Amount Outstanding of the Notes (or of the relevant Class or Classes only, if applicable)) will apply at any meeting previously adjourned for want of quorum, as set out in Condition 15 (*Meetings of Noteholders, Modification, Waiver and Substitution*) and in the Trust Deed. Any such Resolution may be adverse to any Class of Noteholders or to any group of Noteholders or individual Noteholders within any Class.

Certain decisions, including the removal of the Collateral Manager by the Controlling Class and instructing the Trustee to sell the Collateral following the acceleration of the Notes, require authorisation by resolution of the requisite majority of the holders of a Class or Classes of Notes.

Certain waivers, amendments, modifications and substitutions to the Transaction Documents may be made without the consent of any Noteholders, and in certain cases, the Trustee (subject to the receipt of prior written notice and certain other conditions, including, without limitation, those set out in Condition 15(c) (*Modification and Waiver*)) will be obliged to consent to such changes. Without limitation to the foregoing, potential investors should note that the Issuer may amend the Transaction Documents to modify or amend the components of the Coverage Tests, the Reinvestment Criteria or certain Rating Agency requirements and the related definitions, **provided that** Rating Agency Confirmation has been obtained and (to the extent provided in Condition 15(c) (*Modification and Waiver*) the Controlling Class has consented by way of Ordinary Resolution or has not opposed such amendments. Potential investors should also note that the Issuer may change the date within the month on which reports are required to be delivered. The Trustee has no discretion in such cases to agree to any amendments, modifications and/or waivers. See Condition 15(c) (*Modification and Waiver*). Any such amendment or modification could be prejudicial or adverse to certain Noteholders. In addition, the Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require (without the consent of the Noteholders of any Class), to the substitution of any other company in place of the Issuer, or of any previous substituted company, as principal debtor under the Trust Deed and the Notes of each Class, subject to certain conditions set out in the Trust Deed being complied with.

In the circumstances described in the Conditions, the Trustee is obliged to agree for the Issuer to enter into additional agreements not expressly prohibited by the Trust Deed or the Collateral Management and Administration Agreement (and amendments, waivers or modifications thereto), in each case without the need for the consent of the Noteholders. The Trustee may further agree to formal, minor or technical changes to the Transaction Documents, changes to correct a manifest error or changes which, in its opinion, are not materially prejudicial to the interests of the Noteholders of any Class without the need for the consent of the Noteholders. In addition to the Trustee's right to agree to such changes, modifications may also be made and waivers granted in respect of certain other matters, which the Trustee is obliged to consent to without the consent of the Noteholders as set out in Condition 15(c) (*Modification and Waiver*).

Certain entrenched rights relating to the Conditions, including the currency thereof, Notes Payment Dates applicable thereto, the Priorities of Payments, the provisions relating to quorums and the percentages of votes required for the passing of an Extraordinary Resolution can only be amended or waived by Extraordinary Resolution. It should, however, be noted that amendments may still be effected and waivers may still be granted in respect of such provisions in circumstances where not all Noteholders agree with the terms thereof, and any amendments or waivers once passed in accordance with the provisions of the Conditions and the provisions of the Trust Deed will be binding on all such dissenting Noteholders.

Notwithstanding any of the foregoing, insofar as any proposed amendment, modification or supplement of any Transaction Document would, in the reasonable opinion of the Hedge Counterparties, cause the Hedge Counterparties to be adversely affected from a Priority of Payments perspective as to the timing or priority of payments, or otherwise be required to pay more or to receive less than would have been the case absent such amendment, modification or supplement, or cause Condition 12(e) to be amended, modified or supplemented, such amendment, modification or supplement can only be effected if all Hedge Counterparties have consented (including being deemed to have consented to it if no response has been received from a Hedge Counterparty 21 days after the date on which the Issuer has notified the Hedge Counterparties of it).

Where there is concentrated ownership of one or more Classes of Notes, it may be more difficult for other investors to take certain actions

If at any time one or more investors that are affiliated hold a majority of any Class of Notes, it may be more difficult for other investors to take certain actions that require consent of any such Classes of Notes without their consent. For example, optional redemption and the removal of the Collateral Manager for cause and appointment are at the direction of holders of specified percentages of Subordinated Notes and/or the Controlling Class (as applicable).

Noteholders may not receive individually registered holdings of Notes, which may cause delays in distributions and hamper Noteholders' ability to grant security over or resell the Notes

Unless beneficial interests in the Notes held through Euroclear and/or Clearstream and/or an alternative clearing system (each, a "**Clearing System**") are exchanged for individually registered holdings of Notes represented by Definitive Certificates, which will only occur under a limited set of circumstances, beneficial ownership of the Notes will only be registered in book-entry form with the relevant Clearing System (such registered interests being "**Book-Entry Interests**"). Investors should be aware that the lack of individually registered holdings of Notes could, among other things, give rise to the following adverse effects for investors: (a) payment delays on the Notes arising as a result of the Issuer or the Principal Paying Agent on its behalf sending distributions on the Notes to the applicable Clearing System, where delays may occur, instead of directly to Noteholders; (b) difficulties for Noteholders granting security over the Notes if individually registered holdings of Notes are required by the party demanding the security; and (c) the liquidity of the Notes in the secondary market being reduced where potential investors are unwilling to buy Notes that are not registered individually.

There are risks associated with holding the Notes via Book-Entry Interests in the Clearing Systems

Unless and until Book-Entry Interests are exchanged for individually registered holdings of the Notes, holders and beneficial owners of Book-Entry Interests will not, in general, be considered the legal owners or holders of the Notes under the Trust Deed. After payment by the Principal Paying Agent to the relevant Clearing System, the Issuer will not have responsibility or liability for the payment of interest, principal or other amounts in respect of the Notes to holders or beneficial owners of Book-Entry Interests (see "*Form of the Notes*"). The common depository for Euroclear, Clearstream (or its nominee) or an alternative clearing system will be the registered holder of the Notes as shown in the records of the applicable Clearing System, and will be the sole Noteholder under the Trust Deed while beneficial interests in the Notes are held in the Clearing Systems and the Notes are represented by Global Certificates. Accordingly, each person or entity owning a Book-Entry Interest must rely on the procedures of the relevant Clearing System and, if such person or entity is not a participant in such Clearing System, on the procedures of the participant through which such person owns its interest, to exercise any right of a Noteholder under the Trust Deed.

Unlike Noteholders, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by or on behalf of the Issuer for consents or requests by or on behalf of the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent that it has received an appropriate proxy to do so from the relevant Clearing System or, if applicable, the participant through which it holds its interest. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of a Note Event of Default under the Notes, holders of Book-Entry Interests will be restricted to acting through the relevant Clearing System, unless and until Book-Entry Interests are exchanged for individually registered holdings of Notes represented by Definitive Certificates in accordance with the relevant provisions described herein under "*Terms and Conditions of the Notes*". There can be no assurance that the procedures to be implemented by the Clearing Systems in such circumstances will be adequate to ensure the timely exercise of Noteholders' rights under the Trust Deed, which could result in actions being taken, or not being taken, in a manner which is detrimental to Noteholders.

Although each of the Clearing Systems has agreed to certain procedures to facilitate transfers of Book-Entry Interests between their respective accountholders, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time.

None of the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Issuer, the Trustee, the Transaction Administrator, any Principal Paying Agent, the Registrar or any of their agents will have any responsibility for the performance by the Clearing Systems, or their respective participants or accountholders, of their respective obligations under the rules and procedures governing their operations. Consequently, investors should be aware that, should they suffer loss through the actions of the Clearing Systems or their respective participants or accountholders, they will have no recourse to the Issuer, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Trustee, any Paying Agent, the Registrar or any of their agents for any of such loss.

There are risks associated with Infra Debt Obligations that are securities

As of the Closing Date, it is expected that 8.7 per cent. of the aggregate principal amount outstanding of the Portfolio will consist of debt securities. Infra Debt Obligations or other assets forming part of the Collateral which are in the form of debt securities will be held by the Custodian on behalf of the Issuer. Those assets held in clearing systems may not be held in special purpose accounts and may be fungible with other securities from the same issue held in the same accounts on behalf of the other customers of the Custodian or its sub-custodian, as the case may be. An assignment by way of security of all the Issuer's present and future rights under the Agency and Account Bank Agreement and the Custody Agreement and

a first fixed charge over all of the Issuer's present and future rights, title, interest and receivables (and all entitlements or other benefits relating thereto) in respect of balances standing to the credit of the Custody Accounts will be created under the Trust Deed and the Hong Kong Security Deed (as applicable) on the Issue Date.

In addition, custody and clearance risks may be associated with Infra Debt Obligations or other assets comprising the Portfolio that are securities that do not clear through The Depositary Trust Company, Euroclear or Clearstream. There is a risk, for example, that such securities could be counterfeit, or subject to a defect in title or claims to ownership by other parties, including custody liens imposed by standard custody terms at various stages in the chain of intermediary ownership of such Infra Debt Obligations.

Any risk of loss arising from any insufficiency or ineffectiveness of the security for the Notes or the custody and clearance risks which may be associated with Infra Debt Obligations in the Portfolio will be borne by the Noteholders without recourse to the Issuer, the Sponsor, the Collateral Manager, the Sole Global Coordinator and the Joint Bookrunners, the Trustee, the Agents, the Hedge Counterparties or any other party.

The Trustee may exercise enforcement rights following an event of default

If a Note Event of Default occurs and is continuing, the Trustee may, at its discretion, and shall, at the request of the Controlling Class acting by Extraordinary Resolution (subject to the Trustee being indemnified and/or secured and/or pre-funded to its satisfaction), give the Issuer and the Collateral Manager notice that all the Notes are to be immediately due and payable, following which the security over the Collateral shall become enforceable and, save as provided below, the Trustee may, at its discretion, or if so directed by the Controlling Class acting by Extraordinary Resolution shall (subject in each case to the Trustee being indemnified and/or pre-funded and/or secured to its satisfaction) enforce such security. Following a Note Event of Default described in Condition 10(a)(vi) (*Insolvency Proceedings*), such notice shall be deemed to have been given and all the Notes shall automatically become immediately due and payable.

At any time after the Notes become due and payable and the security over the Collateral becomes enforceable, the Trustee may, at its discretion, and shall, if so directed by the Controlling Class acting by Extraordinary Resolution (subject to the Trustee being indemnified and/or secured and/or pre-funded to its satisfaction), take an Enforcement Action in respect of the security over the Collateral, **provided that** no such Enforcement Action may be taken by the Trustee unless: (A) it determines in consultation with the Collateral Manager in accordance with Condition 11 (*Enforcement*) that the anticipated proceeds realised from such Enforcement Action (after deducting any expenses properly incurred in connection therewith) would be sufficient to discharge in full all amounts due and payable in respect of all Classes of Notes other than the Subordinated Notes (including, without limitation, Deferred Interest on the Class C Notes and the Class D Notes) and all amounts payable in priority thereto pursuant to the Priorities of Payments and the Controlling Class agrees with such determination by an Extraordinary Resolution; or otherwise (B) in the case of a Note Event of Default specified in sub-paragraph (i), (ii), (iv) or (vi) of Condition 10(a) (*Note Events of Default*), the Controlling Class acting by way of Extraordinary Resolution (and no other Class of Notes) may direct the Trustee to take Enforcement Action without regard to any other Note Event of Default which has occurred prior to, contemporaneously or subsequent to such Note Event of Default.

The requirements described above could result in the Controlling Class being unable to procure enforcement of the security over the Collateral in circumstances in which they desire such enforcement, and may also result in enforcement of such security in circumstances where the proceeds of liquidation thereof would be insufficient to ensure payment in full of all amounts due and payable in respect of all the Notes in accordance with the Post-Acceleration Priority of Payments and/or at a time when enforcement thereof may be adverse to the interests to certain Classes of Notes and, in particular, the Subordinated Notes.

The fixed charge over the Collateral may take effect as a floating charge

Although the Trust Deed and the Hong Kong Security Deed each provide by their terms that the security constituted by each of them over the Collateral of the Issuer is expressed to take effect as a fixed charge, it may (as a result of, among other things, the reinvestments of Infra Debt Obligations contemplated by the Collateral Management and Administration Agreement and the payments to be made from the Accounts and any Eligible Depository Account in accordance with the Conditions, the Trust Deed and the Hong Kong Security Deed) take effect as a floating charge which, in particular, would rank after a subsequently created fixed charge. However, the Issuer has covenanted in the Trust Deed and the Hong Kong Security Deed not to create any such subsequent security interests (other than those permitted under the Trust Deed) without the consent of the Trustee.

Application of Hong Kong insolvency and related laws to the Issuer may result in a material adverse effect on the Noteholders

The Issuer covenants in the Trust Deed to restrict its activities to those permitted by the Trust Deed. Although the transaction structure is intended to minimise the likelihood of the Issuer's bankruptcy or insolvency, there can be no assurance that the Issuer will not become bankrupt, insolvent, unable to pay its debts or subject to schemes of arrangement, winding-up or liquidation order or other insolvency-related proceedings or procedures. In the event of an insolvency of the Issuer, the application of certain provisions of Hong Kong insolvency laws and related laws may have a material adverse effect on the Noteholders.

In accordance with the terms of the Trust Deed and the Hong Kong Security Deed, the Issuer grants various fixed charges as described in Condition 4 (*Security*). These fixed charges may take effect under Hong Kong law as floating charges if, for example, it is determined that the Trustee does not exert sufficient control over the charged property for the security to be said to constitute a fixed security interest. If the fixed charges are recharacterised as floating charges instead of fixed charges, then, for example, as a matter of law, certain additional claims would have priority over the claims of the Trustee in respect of the floating charge assets. In particular, for example, the remuneration, debts, liabilities and expenses of, or incurred by, any liquidator and the claims of certain preferential creditors would rank ahead of the claims of the Trustee in this regard. Outside winding up, preferential creditors who would have priority in the case of winding up over the claims of a floating charge would continue to have such priority preserved if a receiver were appointed over the assets that are subject to the floating charge.

This Information Memorandum has been prepared on the basis of law, treaties, rules and regulations (and interpretations thereof) in force as at the date of this Information Memorandum. Such laws, treaties, rules and regulations (and interpretations thereof) may be subject to change or adverse interpretations after the Closing Date. Therefore, there can be no assurance that, as a result of any such change or adverse interpretations, the Issuer's ability to make payments under the Notes, or the interests of the Noteholders in general, might not in the future be adversely affected.

Noteholders are exposed to risks relating to Hong Kong taxation

The Issuer's Hong Kong sourced income will be assessed to Hong Kong profits tax subject to a deduction for all outgoings and expenses to the extent which they are incurred in the production of assessable profits in Hong Kong (including interest paid on the Notes). The Issuer will have to make these tax payments on an annual basis. If the Issuer is required to pay an amount of tax to the Inland Revenue Department of Hong Kong, the Issuer would pay the tax liability senior in the Priorities of Payments prior to making payments of interest on the Notes. If this occurred, then it could impact the Issuer's ability to make payments under the Notes.

The Noteholders will not receive any payments from the Issuer to compensate for any tax required to be withheld or deducted by the Issuer. If withholding of, or deduction of, any present or future taxes, duties,

assessments or governmental charges of whatever nature is imposed, levied, collected, withheld or assessed by or within Hong Kong or any authority thereof or therein having power to tax, the Issuer shall not be required to gross up any payments made to Noteholders of any Class and shall withhold or deduct from such payments any amounts on account of such tax, duties, assessments or governmental charges where so required by law or any such relevant taxing authority.

Please refer to the section entitled "*Taxation — Hong Kong Taxation*" of this Information Memorandum for further details.

Anti-money laundering, corruption, bribery and similar laws may require certain actions or disclosures

Many jurisdictions have adopted wide-ranging anti-money laundering, anti-corruption, anti-bribery and similar laws and regulations. Any of the Issuer, its Affiliates or any other person could be requested or required to obtain certain assurances from potential investors intending to purchase Notes and to retain such information or to disclose information pertaining to them to governmental, regulatory or other authorities or to financial intermediaries, or engage in due diligence or take other related actions in the future.

Whilst the Class A1-SU Notes being issued seek to comply with the ICMA Green Bond Principles, the ICMA Social Bond Principles and the ICMA Sustainability Bond Guidelines, where relevant, they may not be a suitable investment for all investors seeking exposure to green, social or sustainability assets

The Class A1-SU Notes, with an initial principal amount of US$128.5 million, represent 26.7 per cent. of the principal amount of the Notes on the Closing Date. The initial aggregate principal amount of the Class A1-SU Eligible Loans is US$172.9 million, representing 35.9 per cent. of the aggregate principal amount of the total Portfolio on the Closing Date.

The SGS Framework, which was first issued by HKMC in September 2022 and updated in August 2025, demonstrates how HKMC intends to issue green, social and/or sustainability financing instruments. These instruments finance the purchase of green and/or social loans that meet the eligibility criteria stated in the SGS Framework. The issuance of green, social and/or sustainability financing instruments aims to deliver positive environmental and/or social outcomes, which support HKMC's sustainability strategy.

The SGS Framework has been developed in alignment with the following sustainable finance principles and guidelines:

- International Capital Market Association Green Bond Principles 2025;
- International Capital Market Association Social Bond Principles 2025; and
- International Capital Market Association Sustainability Bond Guidelines 2021.

HKMC has appointed Sustainable Fitch to provide an assessment of HKMC's SGS Framework ("**Framework Second Party Opinion**"), primarily on the SGS Framework's alignment with the above principles and guidelines. Sustainable Fitch is of the opinion that the SGS Framework is credible and impactful and aligns with the above principles and guidelines. HKMC has also appointed Sustainable Fitch to provide a pre-issuance report relating to the Class A1-SU Notes ("**Pre-Issuance Second Party Report**"). Sustainable Fitch has opined that the issuance of the Class A1-SU Notes is aligned with the above principles and guidelines and the underlying projects of the Class A1-SU Notes meet the eligibility criteria established in the SGS Framework. HKMC has also appointed Environmental Resources Management (S) Pte Ltd to provide a pre-issuance impact report assessing the positive environmental and

social impact associated with the underlying projects for the Class A1-SU Notes ("**Pre-Issuance Impact Report**"). For the avoidance of doubt, none of the SGS Framework, the Framework Second Party Opinion, the Pre-Issuance Second Party Report or the Pre-Issuance Impact Report shall be deemed to be incorporated into and/or form part of this Information Memorandum, and none of these documents have been scrutinised or approved by the SEHK.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any external party. The Sole Global Coordinator and the Joint Bookrunners have not undertaken, nor are responsible for, any assessment of the eligibility of the SGS Framework, the Class A1-SU Eligible Loans, or the monitoring of the use of proceeds from the offering of the Class A1-SU Notes or the allocation of the proceeds by the Issuer to particular Class A1-SU Eligible Loans. Each potential investor in the Class A1-SU Notes should determine for itself the relevance of the information contained in this Information Memorandum regarding the use of proceeds, and its purchase of the Class A1-SU Notes should be based upon such investigation as it deems necessary. Therefore, the Class A1-SU Notes may not be a suitable investment for all investors seeking exposure to green, social or sustainability assets. The description of Class A1-SU Eligible Loans provided elsewhere in this Information Memorandum is for illustrative purposes only, and no assurance can be provided that investment in projects with these specific characteristics will be made by the Issuer during the term of the Class A1-SU Notes.

Currently, the providers of second party opinions and providers of similar opinions, certifications and validations are not subject to any specific regulatory or other regime or oversight. Any withdrawal of any such opinion, certification or validation, or any such opinion, certification or validation attesting that the Issuer is not complying in whole or in part with any matters for which such opinion, certification or validation is opining on or certifying on may have a material adverse effect on the value of the Class A1-SU Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Sponsor, the Collateral Manager, the Collateral Manager Related Party, the Issuer, the Sole Global Coordinator, the Joint Bookrunners or any other person to buy, sell or hold any such green, social or sustainability notes. Noteholders have no recourse against the Issuer, the Sponsor, the Collateral Manager, the Collateral Manager Related Party or any of the Sole Global Coordinator, the Joint Bookrunners or the provider of any such opinion, certification or validation for the contents of any such opinion, certification or validation, which is only current as at the date it was initially issued. Potential investors must determine for themselves the relevance of any such opinion, certification or validation and/or the information contained therein and/or the provider of such opinion, certification or validation for the purpose of any investment in the Class A1-SU Notes.

There is no contractual obligation to allocate the proceeds of the Class A1-SU Notes to finance eligible loans as described in the section entitled "*Use of Proceeds*" below of this Information Memorandum. While the Issuer has agreed to certain obligations relating to use of proceeds and reporting as described under the section entitled "*Use of Proceeds*" of this Information Memorandum, it will not constitute a Note Event of Default under the terms and conditions of the Class A1-SU Notes if the Sponsor and/or the Collateral Manager fail to allocate an amount equal to the proceeds of the Class A1-SU Notes to the Class A1-SU Eligible Loans or otherwise to comply with their respective obligations as described in the SGS Framework. Failure by the Sponsor and/or the Collateral Manager and/or the Issuer to comply with such obligations may have an adverse effect on the value of the Class A1-SU Notes and/or may have adverse consequences for certain investors with portfolio mandates to invest in social or green assets.

No assurance can be provided that the use of the proceeds of the Class A1-SU Notes will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact

of any projects or uses, the subject of or related to, any Class A1-SU Eligible Loans. In the event that the Class A1-SU Notes are included in any dedicated "green", "environmental", "sustainable" or other equivalently-labelled index, no assurance is given by the Issuer or any other person that such listing or admission, or inclusion in such index, satisfies any present or future investor expectations or requirements as regards to any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable laws or regulations or by its own constitutive documents or other governing rules or investment portfolio mandates. None of the Sponsor, the Collateral Manager, the Collateral Manager Related Parties, the Issuer, the Sole Global Coordinator, the Joint Bookrunners or their respective Affiliates make any representation as to the suitability for any purpose of the SGS Framework, such reports and/or documents or (i) whether the Class A1-SU Notes will meet investors' criteria and expectations regarding environmental impact and sustainability performance for any investors, (ii) whether the net proceeds will be used to finance and/or refinance the Class A1-SU Eligible Loans (as further described in the section entitled "*Use of Proceeds*" in this Information Memorandum), or (iii) the characteristics of Class A1-SU Eligible Loans, including their relevant environmental and sustainability criteria.

The Framework Second Party Opinion, the Pre-Issuance Second Party Report and the Pre-Issuance Impact Report may not reflect the potential impact of all risks related to the structure, marketability, trading price, or liquidity and other factors that may affect the price or value of the Class A1-SU Notes. The Framework Second Party Opinion, the Pre-Issuance Second Party Report and the Pre-Issuance Impact Report shall not constitute a recommendation to buy, sell or hold any of the Class A1-SU Notes, and are only current as at the date they were initially issued and are subject to any disclaimers set out therein, and may be updated, suspended or withdrawn at any time. Furthermore, such reports and/or documents are for information purposes only and none of the Collateral Manager, the Sole Global Coordinator, and the Joint Bookrunners accept any form of liability for the substance of such reports and/or documents and/or any liability for loss arising from the use of such reports and/or documents or the information provided therein.

There is currently no clear definition of, or market consensus on what constitutes, a "green", "social" or "sustainable" project or on what precise attributes are required for a particular project or series of notes to be defined as "green", "social" or "sustainable", and therefore no assurance can be given to potential investors that selected Class A1-SU Eligible Loans will meet all investor expectations regarding environmental or social performance or that any adverse environmental, social and/or other impacts will not occur during the operation of any Class A1-SU Eligible Loans. Although the Class A1-SU Eligible Loans are expected to be selected in accordance with the categories recognised under the SGS Framework, and the underlying projects are expected to be developed in accordance with relevant legislation and standards, there can be no guarantee that the projects will deliver the environmental or social benefits as anticipated, or that adverse environmental or social impacts will not occur during the planning, design, construction, commissioning or operation of any such projects. In addition, where any negative impacts are insufficiently mitigated, the projects may become subject to criticism, complaints, controversy or negative press initiated by activist groups or other stakeholders.

Collections in respect of the Class A1-SU Eligible Loans will be applied by the Issuer on each Notes Payment Date as either Interest Proceeds via the Interest Priority of Payments, or as Principal Proceeds via the Principal Priority of Payments, rather than being available for payments in respect of the Class A1-SU Notes only. Accordingly, there can be no assurance that the value of the Class A1-SU Eligible Loans will continue to be at least equal to the Principal Amount Outstanding of the Class A1-SU Notes on an ongoing basis. The Issuer may elect not to replenish or acquire further Class A1-SU Eligible Loans after the Closing Date.

None of the Sponsor, the Collateral Manager, the Issuer, the Sole Global Coordinator, the Joint Bookrunners, or their respective Affiliates makes any representation as to the compliance of the Sponsor, the Collateral Manager and/or the Issuer with the SGS Framework. None of the SGS Framework, the

Framework Second Party Opinion, the Pre-Issuance Second Party Report or the Pre-Issuance Impact Report is incorporated into, or forms part of, this Information Memorandum.

Regulatory risks relating to the Notes

In Asia, Europe, the US and elsewhere there has been, and there continues to be, increased political and regulatory scrutiny of banks, financial institutions, "shadow banking entities" and the asset-backed securities industry. This has resulted in a broad range of measures for increased regulation which are currently at various stages of implementation and which may have a material or adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold or trade asset-backed securities, and may thereby affect the liquidity of such securities. Potential investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Collateral Manager, any Collateral Manager Related Party, the Sponsor, the Trustee, nor any of their Affiliates, makes any representation to any prospective investor or purchaser of the Notes regarding the impact of such regulation on investors or the regulatory capital treatment of their investment in the Notes on the Closing Date or at any time in the future.

This uncertainty is further compounded by the numerous regulatory efforts underway in Asia, Europe, the US and globally. Certain of these efforts overlap. In addition, even where these regulatory efforts overlap, they generally have not been undertaken on a coordinated basis. Areas where divergence between regulation exists or has begun to develop (whether with respect to scope, interpretation, timing, approach or otherwise) include capital and liquidity requirements that may result in mandatory "ring-fencing" of capital or liquidity in certain jurisdictions, among others. Investors should be aware that those risks are material and that the Issuer and, consequently, an investment in the Notes, could be materially and adversely affected thereby.

EU/UK Risk Retention and Due Diligence Requirements

Investors should be aware, and in some cases are required to be aware, of the investor diligence requirements that apply in the EU (the "**EU Due Diligence Requirements**") under the EU Securitisation Regulation, and in the UK (the "**UK Due Diligence Requirements**") under the UK Securitisation Framework (as defined below), in addition to any other regulatory requirements that are (or may become) applicable to them or with respect to their investment in the Notes.

It is expected that in due course the EU Securitisation Regulation regime will be amended as a result of the legislative proposals by the European Commission of July 2020 and the wider review of the functioning of the EU Securitisation Regulation regime in respect of which, the European Commission published the Commission Report (as defined below) on 10 October 2022 outlining a number of areas where legislative changes may be introduced in due course, which was followed by (i) in December 2023, the consultation of the European Securities and Markets Authority on the possible options for introducing reforms to the EU reporting regime, (ii) in October 2024, by the targeted consultation of the European Commission on the functioning of the EU securitisation framework and (iii) in June 2025, a proposal published by the European Commission for a regulation amending the EU Securitisation Regulation. The proposal may result in future changes to the EU Securitisation Regulation. However, it is unclear at this time whether such proposal will become effective in the form published in June 2025 and what impact any amendments will have on the obligations of parties to a securitisation such as that issued by the Issuer. Certain aspects are also subject to the development of secondary legislation.

The currently applicable UK regime consists of the 2024 UK SR SI, the FCA Securitisation Rules and the PRA Securitisation Rules, together with the relevant provisions of FSMA (the "**UK Securitisation Framework**") and has been in force since 1 November 2024. The content of the UK Securitisation Framework is broadly similar in substance to the content of the EU Securitisation Regulation, with some

exceptions. The Prudential Regulation Authority ("**PRA**") and the FCA have proposed certain amendments to the requirements applicable under the UK Securitisation Framework including, but not limited to, amendments to the investor due diligence, transparency and reporting requirements, which are set out in consultation papers "*CP26/6: Rules for reforming the UK Securitisation Framework*" and "*CP2/26 — Reforms to securitisation requirements*", respectively. The consultations propose, among other things, (i) the introduction of L-shaped risk retention options, (ii) a less prescriptive regulatory approach to due diligence requirements designed in part to facilitate investment by UK institutional investors in overseas securitisations, (iii) a more principles-based approach to disclosure obligations, including reducing the number and complexity of disclosure templates and eliminating the requirement to report to a securitisation repository, (iv) adjustments to resecuritisation rules, and (v) targeted adjustments to bank capital rules to make them more fit for purpose in respect of certain public and private mortgage guarantee schemes. Some of the proposed changes would require an amendment to the 2024 UK SR SI, which has not yet been proposed by HM Treasury, although the consultations note that this is under consideration. The closing date for responses to the consultations is 18 May 2026. Final rules made following these consultations may result in material changes to the UK Securitisation Framework that may significantly increase the level of divergence with the EU Securitisation Regulation. Since the due diligence rules applicable to UK occupational pension schemes are contained in the 2024 UK SR SI, it is possible that the final rules made following the consultations could also increase the level of divergence between, on the one hand, the due diligence rules under the PRA Securitisation Rules and the FCA Securitisation Rules, and on the other hand the due diligence rules applicable to occupational pension schemes under the 2024 UK SR SI.

Note also that some divergence between EU and UK regimes exists already. While the UK Securitisation Framework brings some alignment with the EU regime, it also introduces new points of divergence and the risk of further divergence between the EU and UK regimes cannot be ruled out in the longer term as it is not known at this stage how the ongoing reforms or any future reforms will be finalised and implemented in the UK or the EU. Investors should therefore make themselves aware of such requirements (and any corresponding implementing rules of their regulators), where applicable to them, in addition to any other regulatory requirements applicable to them with respect to their investment in the Notes.

The EU Due Diligence Requirements apply to institutional investors (as defined in the EU Securitisation Regulation), being (subject to certain conditions and exceptions): (a) institutions for occupational retirement provision, and investment managers and authorised entities appointed by such institutions; (b) credit institutions (as defined in Regulation (EU) No 575/2013, as amended (the "**CRR**")); (c) alternative investment fund managers who manage and/or market alternative investment funds in the EU; (d) investment firms (as defined in the CRR); (e) insurance and reinsurance undertakings; and (f) management companies of UCITS funds (or internally managed UCITS); and the EU Due Diligence Requirements apply also to certain consolidated affiliates of such credit institutions and investment firms. Each such institutional investor and each relevant affiliate is referred to herein as an "**EU Institutional Investor**".

The UK Due Diligence Requirements apply to institutional investors (as defined in the UK Securitisation Framework) being (subject to certain conditions and exceptions): (a) insurance undertakings and reinsurance undertakings as defined in the FSMA; (b) trustees or managers of an occupational pension scheme as defined in the Pension Schemes Act 1993, and certain fund managers of such schemes; (c) an alternative investment fund manager as defined in the Alternative Investment Fund Managers Regulations 2013 ("**AIFM Regulations**") with permission under Part 4A of the FSMA in respect of managing an AIF (as defined in regulation 3 of the AIFM Regulations) and which markets or manages an AIF in the UK, or a small registered UK AIFM (as defined in the AIFM Regulations); (d) UCITS as defined in the FSMA, which are authorised open-ended investment companies as defined in the FSMA, and management companies as defined in the FSMA; (e) FCA investment firms as defined in Regulation (EU) No 575/2013 as it forms part of UK domestic law by virtue of the EUWA and as amended (the "**UK CRR**") and (f) CRR

firms as defined in the UK CRR; and the UK Due Diligence Requirements apply also to certain consolidated affiliates of such CRR firms. Each such institutional investor and each relevant affiliate is referred to herein as a "**UK Institutional Investor**".

EU Institutional Investors and UK Institutional Investors are referred to together as "**Institutional Investors**", and a reference to the applicable "**Due Diligence Requirements**" means, in relation to an Institutional Investor, the EU Due Diligence Requirements or the UK Due Diligence Requirements, as applicable, to which such Institutional Investor is subject. In addition, for the purpose of the following paragraph, a reference to a "**third country**" means (i) in respect of an EU Institutional Investor and the EU Securitisation Regulation, a country other than an EU member state, or (ii) in respect of a UK Institutional Investor and the UK Securitisation Framework, a country other than the UK.

The applicable Due Diligence Requirements restrict an Institutional Investor from investing in a securitisation unless:

(a) in each case, it has verified that the originator, sponsor or original lender will retain, on an ongoing basis, a material net economic interest of not less than five per cent. in the securitisation determined in accordance with (i) Article 6 of the EU Securitisation Regulation, (ii) Article 6 of Chapter 2 of the PRASR and (iii) SECN 5 (in each case, in effect as at the Closing Date) and the risk retention is disclosed to the Institutional Investor (the "**Risk Retention Requirements**");

(b) in the case of an EU Institutional Investor, it has verified that the originator, sponsor or securitisation special purpose entity ("**SSPE**") has, where applicable, made available the information required by Article 7 of the EU Securitisation Regulation in accordance with the frequency and modalities provided for thereunder;

(c) in the case of a UK Institutional Investor, it has verified that the originator, sponsor or SSPE has made available sufficient information to enable the UK Institutional Investor independently to assess the risks of holding the securitisation position, and has committed to make further information available on an ongoing basis, as appropriate, and including at least the information as described in the applicable UK Due Diligence Requirements; and

(d) in each case, it has verified that, where the originator or original lender either (i) is not a credit institution or an investment firm (as defined in the EU Securitisation Regulation or the UK Securitisation Framework, as applicable) or (ii) is established in a third country, the originator or original lender grants all the credits giving rise to the underlying exposures on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits, and has effective systems in place to apply those criteria and processes in order to ensure that credit-granting is based on a thorough assessment of the obligors' creditworthiness.

The applicable Due Diligence Requirements further require that an Institutional Investor carry out a due diligence assessment which enables it to assess the risks involved prior to investing, including, but not limited to, the risk characteristics of the individual investment position and the underlying assets and all the structural features of the securitisation that can materially impact the performance of the investment. In addition, pursuant to the applicable Due Diligence Requirements, while holding an exposure to a securitisation, an Institutional Investor is subject to various monitoring obligations in relation to such exposure, including, but not limited to: (i) establishing appropriate written procedures to monitor compliance with the applicable Due Diligence Requirements and the performance of the investment and of the underlying assets; (ii) performing stress tests on the cash flows and collateral values supporting the underlying assets; (iii) ensuring internal reporting to its management body; and (iv) being able to demonstrate to its competent authorities, upon request, that it has a comprehensive and thorough understanding of the investment and underlying assets and that it has implemented written policies and procedures for the risk management and as otherwise required by the applicable Due Diligence Requirements.

Failure by Institutional Investors to comply with one or more of the requirements may result in various penalties, including, in the case of those Institutional Investors subject to regulatory capital requirements, the imposition of a punitive capital charge on the Notes acquired by the relevant Institutional Investor.

On 10 October 2022, the European Commission published a report (the "**Commission Report**") on the review of the EU Securitisation Regulation in which it expressed its views on the jurisdictional scope of application of the EU Securitisation Regulation in the context of a non-EU securitisation for the purposes of the EU Due Diligence Requirements. In particular, the Commission Report provides guidance on the interpretation of Article 5(1)(e) of the EU Securitisation Regulation (which requires that EU Institutional Investors verify, prior to holding a securitisation position, that the originator, sponsor or SSPE has, where applicable, made available the information described above) in respect of scenarios where none of the originator, sponsor or SSPE are located in the EU. In the Commission Report, the European Commission considers that differentiating the scope of information provided under the EU Due Diligence Requirements based on whether a securitisation is issued by EU entities or entities based in third countries is not in line with the legislative intent and, as such, that the jurisdiction of the originator, sponsor or SSPE should not affect the interpretation of Article 5(1)(e). It is unclear as at the date of this Information Memorandum whether any amendments to the EU Securitisation Regulation which reflect this interpretative guidance will be adopted. In addition, the European Commission proposed to amend the regulatory technical standards in connection with Article 7 of the EU Securitisation Regulation in order to introduce new simplified reporting templates for private securitisations to make it easier for sell-side parties from third countries to provide the required information for the purposes of the EU Due Diligence Requirements. The content of such new reporting templates and the timing of when they will be introduced and become applicable is unclear at this stage. In the UK, the UK regulators are yet to publicly clarify the parameters for satisfying the "substantially the same as" test for the purposes of the UK Due Diligence Requirements. Therefore, Institutional Investors are required to make their own assessment of information received on this transaction and whether it is sufficient for the purposes of compliance with their Due Diligence Requirements.

Aspects of the requirements and what is or will be required to demonstrate compliance to national regulators remain unclear. Though some aspects of the detail and effect of all of these requirements remain unclear, these requirements and any other changes to the regulation or regulatory treatment of securitisations or of the Notes for investors may negatively impact the regulatory position of individual holders. In addition, such regulations could have a negative impact on the price and liquidity of the Notes in the secondary market.

It should be noted that the wording of the due diligence requirement with respect to the provision of asset level and investor information in the EU Due Diligence Requirements differs from the corresponding provisions in the UK Due Diligence Requirements. There remains considerable uncertainty as to how UK Institutional Investors should ensure compliance with the UK Due Diligence Requirements relating to the disclosure of information and whether the information provided in relation to this transaction is or will be sufficient to meet such requirements, and also what view the relevant UK regulator of any UK Institutional Investor might take.

With respect to the commitment of the Retention Holder to retain a material net economic interest in the securitisation, please see the statements set out in the section entitled "*Risk Retention Requirements*" of this Information Memorandum.

The Issuer shall be the designated entity for the purpose of Article 7(2) of the EU Securitisation Regulation, Article 7 of Chapter 2 of the PRASR and SECN 6.3.1R(1) and HKMC, in its capacity as Collateral Manager only, will, on behalf of the Issuer, undertake to use reasonable endeavours to make available to Noteholders and potential investors such additional information as is required to be made available on an ongoing basis pursuant to (i) Articles 7(1)(a), (e), (f) and (g) of the EU Securitisation Regulation in the form prescribed under the EU Securitisation Rules, (ii) Articles 7(1)(a), (e), (f) and (g)

of Chapter 2 of the PRASR in the form prescribed under the PRA Transparency Rules and (iii) SECN 6.2.1R(1), SECN 6.2.1R(5), SECN 6.2.1R(6) and SECN 6.2.1R(7) in the form prescribed under the FCA Transparency Rules, **provided that** the Issuer's obligation in relation to (ii) and (iii) in this paragraph may be satisfied by making such information available in the form prescribed under the EU Securitisation Rules. Each prospective investor in the Notes is required to independently assess and determine whether the information provided herein and in any reports provided to investors in relation to this transaction is sufficient to comply with the EU Securitisation Regulation or the UK Securitisation Framework or any other applicable legal, regulatory or other requirements, and none of the Issuer, the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Sole Global Coordinator, the Joint Bookrunners, the Transaction Administrator, the Trustee, the Agents, their respective Affiliates, corporate officers or professional advisers or any other Person makes any representation, warranty or guarantee that any such information is sufficient for such purposes or any other purpose, and no such Person shall have any liability to any prospective investor or any other Person with respect to the insufficiency of such information or any failure of the transactions contemplated hereby to satisfy or otherwise comply with the EU Securitisation Regulation or the UK Securitisation Framework, the implementing provisions in respect of the EU Securitisation Regulation in their relevant jurisdiction or any other applicable legal, regulatory or other requirements.

Each investor should consult with its own legal, accounting, regulatory and other advisers or its regulator before committing to acquire any Notes to determine whether, and to what extent, the information set out in this Information Memorandum and in any investor report provided in relation to the transaction is sufficient for the purpose of satisfying the applicable Due Diligence Requirements. Each investor is required to independently assess and determine whether the information provided herein and in any reports provided to investors in relation to this transaction is sufficient to permit it to comply with the applicable Due Diligence Requirements or any other regulatory requirement. None of the Issuer, the Retention Holder, the Collateral Manager, any Collateral Manager Related Party, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, the Agents, the Transaction Administrator or any other Person makes any representation, warranty or guarantee that any such information is sufficient for such purposes or any other purpose, or that the structure of the Notes and the transactions described herein are compliant with the applicable Due Diligence Requirements or any other applicable legal regulatory or other requirements, and no such person shall have any liability to any prospective investor or any other person with respect to any deficiency in such information or any failure of the transactions contemplated hereby to comply with or otherwise satisfy such requirements. If a regulator determines that the transaction did not comply, or is no longer in compliance, with the applicable Due Diligence Requirements or any applicable legal, regulatory or other requirement, then investors may be required by their regulator to set aside additional capital against their investment in the Notes or take other remedial measures in respect of their investment in the Notes.

There can therefore be no assurances as to whether the transactions described herein will be affected by a change in law or regulation relating to the applicable Due Diligence Requirements, including as a result of any changes recommended in future reports or reviews. Investors should therefore make themselves aware of the applicable Due Diligence Requirements (and any corresponding implementing rules of their regulator), in addition to any other regulatory requirements that are (or may become) applicable to them and/or with respect to their investment in the Notes.

EU/UK Risk Retention Requirements

The "originator" definition which applies for the purposes of the Risk Retention Requirements is not entirely clear and the EU authorities had expressed concerns in the past with certain possible interpretations of the definition. In its report dated 22 December 2014, the EBA recommended that the definition of originator should be narrowed in order to avoid potential abuses. In response, the EU Securitisation Regulation included provisions intended to put into effect the recommendation made in the EBA report. Consequently, the EU Securitisation Regulation and the UK Securitisation Framework

indicate that an entity shall not be considered to be an originator for retention purposes where it has been "established or operates for the sole purpose of securitising exposures".

The implementation of the risk retention requirements under the EU Securitisation Regulation is subject to the EU recast risk retention regulatory technical standards set out in European Commission Delegated Regulation (EU) 2023/2175 (the "**EU Recast Risk Retention RTS**"), which entered into force on 7 November 2023 and applies to all existing and new securitisations in-scope of the EU Securitisation Regulation.

Under the UK Securitisation Framework, further guidance on the sole purpose test is set out in SECN 5.3.6R of the FCA Securitisation Rules and Article 2(6) of Chapter 4 of the PRA Securitisation Rules and, in each case, it is similar, but not identical, to the EU Recast Risk Retention RTS.

No assurance can be given that the EU Recast Risk Retention RTS and/or the UK Securitisation Framework will not be further changed in the future, or that there will not be some views expressed by the EU or national supervisors as to how the "sole purpose" test should be interpreted in practice in certain circumstances, which views may or may not reflect the conclusions reached by the industry.

Japanese Risk Retention Requirements

In 2019, the Japanese Financial Services Agency (the "**JFSA**") implemented a risk retention rule as part of the regulatory capital regulation of certain categories of Japanese investors seeking to invest in securitisation transactions (the "**JRR Rule**"). The JRR Rule mandates an "indirect" risk retention compliance requirement, meaning that certain categories of Japanese investors will be required to apply higher risk weighting to securitisation exposures they hold unless such investor can conclude (on the basis of appropriate due diligence) either that the applicable "originator" (as defined in the JRR Rule) holds a retention piece of at least five per cent. of the total exposure of the underlying assets in the securitisation transaction (the "**Japanese Retention Requirement**") or that the underlying assets were not "inappropriately originated". The Japanese investors to which the JRR Rule applies include banks, bank holding companies, credit unions (*shinyo kinko*), credit co-operatives (*shinyo kumiai*), labour credit unions (*rodo kinko*), agricultural credit co-operatives (*nogyo kyodo kumiai*), ultimate parent companies of large securities companies and certain other financial institutions regulated in Japan (such investors, "**Japanese Affected Investors**"). Such Japanese Affected Investors may be subject to punitive capital requirements and/or other regulatory penalties with respect to investments in securitisations that fail to comply with the JRR Rule.

The JRR Rule applies to any investment in the Notes by a Japanese Affected Investor. No official English language translation of the JRR Rule has been made available as of the date hereof, and no assurances can be made as to the content, impact or interpretation of the JRR Rule and, in particular, it is unclear how five per cent. of the total exposure of the underlying assets is to be calculated for purposes of the JRR Rule, and what materials a Japanese Affected Investor may rely on to determine whether the underlying assets in a securitisation were not "inappropriately originated". Japanese Affected Investors may be unable or unwilling to conclude that the retention by the Retention Holder of a net economic interest in the transaction in accordance with the Risk Retention Letter satisfies the Japanese Retention Requirement or that the Infra Debt Obligations were not "inappropriately originated" by the Issuer. The JRR Rule or other similar requirements may deter Japanese Affected Investors from purchasing Notes or collateralised loan obligations generally, which may limit the liquidity of the Notes and adversely affect the price of the Notes in the secondary market. Whether and to what extent the JFSA may provide further clarification or interpretation as to the JRR Rule is unknown.

Each investor or potential investor in the Notes is itself responsible for monitoring and assessing any changes to Japanese risk retention laws and regulations, including any delegated or implementing legislation made pursuant to the JRR Rule, and for analysing its own regulatory position. Each investor or

potential investor in the Notes is advised to consult with its own advisers regarding the suitability of the Notes for investment and the applicability of the JRR Rule and the Japanese Retention Requirement to this transaction. None of the Sponsor, the Collateral Manager, the Collateral Manager Related Parties, the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, the Transaction Administrator or any of their respective Affiliates makes any representation or agreement regarding compliance with the JRR Rule or the consequences of the JRR Rule for any Japanese Affected Investor or any other Person, including whether any Infra Debt Obligation was or was not "inappropriately originated" and whether the Retention Holder's obligations under the Risk Retention Letter satisfy the Japanese Retention Requirement. None of the Sponsor, the Collateral Manager, any Collateral Manager Related Party, the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, the Transaction Administrator or any of their respective Affiliates intends to take any steps to comply (or facilitate compliance by any Person, including any Japanese Affected Investor) with the JRR Rule or makes any representation, warranty or agreement regarding compliance with the JRR Rule or the consequences of the JRR Rule for any Person.

Volcker Rule

Section 619 of the Dodd-Frank Wall Street Reform and Consumer Protection Act added a new Section 13 to the Bank Holding Company Act of 1956 (together with the final rules and regulations promulgated thereunder, the "**Volcker Rule**"). The Volcker Rule generally prohibits "banking entities" (which are broadly defined to include US banks, bank holding companies and foreign banking organisations, together with their respective subsidiaries and other affiliates) from engaging in proprietary trading, acquiring or retaining an "ownership interest" in, or sponsoring or entering into certain relationships with, certain private funds (referred to as "**covered funds**"), subject to certain exemptions and exclusions. The Volcker Rule also provides for certain supervised non-bank financial companies that engage in such activities or have such interests or relationships to be subject to additional capital requirements, quantitative limits or other restrictions.

The Volcker Rule contains limited exceptions and exclusions, including an exclusion from the definition of "covered fund" for certain loan securitizations, which is commonly referred to as the "loan securitization exclusion". The loan securitization exclusion generally applies to an issuer of asset-backed securities, the assets of which consist solely of loans, assets or rights designed to assure the servicing or timely distribution of proceeds to holders or other assets that are related or incidental to purchasing or otherwise acquiring and holding the loans, certain interest rate and foreign exchange derivatives used for hedging purposes, and debt securities (other than asset-backed securities and convertible securities) provided that such debt securities do not exceed five per cent. of the total assets of the issuer.

The Issuer does not intend to qualify for the "loan securitization exclusion" or any other exclusion or exemption from the definition of "covered fund" under the Volcker Rule. However, on June 25, 2020, five US financial regulatory agencies adopted a final rule adopting various amendments to the Volcker Rule, which became effective on October 1, 2020, and included a number of changes and new provisions (such changes and new provisions, the "**Volcker Amendments**"). The Volcker Amendments, among other things, exclude from the definition of "ownership interest" certain "senior loans" or "senior debt interests" issued by a covered fund and clarify that the right to participate in the removal or replacement of a collateral manager would not be a feature that results in a banking entity having an ownership interest in a covered fund. While certain modifications could provide collateralised loan obligation ("**CLO**") issuers with more investment flexibility or would be favorable to banking entities that invest in CLO issuers, other modifications may have an adverse effect. In addition, banking entities (x) that have an ownership interest in a covered fund deriving solely from their right to participate in the removal or replacement of a collateral manager or (y) investing in a Class of Notes meeting the definition of a "senior debt interest" under the Volcker Amendments no longer have an ownership interest in a covered fund as a result of the Volcker Amendments, and any Class of Notes owned by a banking entity that satisfies the definition of such "senior debt interest" will not constitute a prohibited "ownership interest."

In reliance on the Volcker Amendments, the Issuer does not intend to take any action to attempt to qualify for the "loan securitization" exclusion or any other exemption or exclusion from the definition of "covered fund" under the Volcker Rule, and therefore expects to be a "covered fund" under the Volcker Rule on the Closing Date. It should be noted, however, that such determination with respect to the Volcker Rule and the Volcker Amendments as described above is not free from doubt, would not be binding on any US regulatory body, and no assurance can be made that any such body would not take enforcement action contrary to such determination made by the Issuer (or potentially deem Notes of one or more Classes to constitute an "ownership interest" in the Issuer). As a result, certain entities (including, without limitation, a "banking entity") may be prohibited from, among other things, acting as a "sponsor" to, or subject to the discussion in the immediately succeeding paragraph, having an "ownership interest" in, the Issuer. Each investor that is subject to the Volcker Rule should familiarise itself carefully with the changes implemented by the Volcker Amendments (with the assistance of its professional advisors), and consider how such changes will affect it, its business, and the suitability of the Notes for its investment.

Given that the Issuer has not structured its operations to rely on any exclusion or exemption from the definition of "covered fund" under the Volcker Rule, there may be limitations on the ability of certain banking entities or other entities to purchase or retain any Class deemed to be an "ownership interest" in the Issuer, which would be expected to include one or more Classes of Notes. Depending on market conditions, this could significantly and negatively affect the liquidity and market value of the affected Classes.

Although it is the responsibility of each investor that is subject to the Volcker Rule to make its own determination with respect to whether or not its investment in any class of Notes would be considered an "ownership interest" in the Issuer for purposes of the Volcker Rule and although there can be no assurance, and no representation is made, that any governmental authority will agree that such is the case, the Issuer believes that, as a result of the amendments to the Volcker Rule and the terms of the Class A1-SU Notes, the Class A1 Notes and the Class B Notes, such Classes of Notes should not be considered an "ownership interest" in the Issuer for purposes of the Volcker Rule. Each investor in the Notes must make its own determination as to whether it is subject to the Volcker Rule, whether its investment in any class of Notes would be restricted or prohibited under the Volcker Rule, and the potential impact of the Volcker Rule on its investment, any liquidity in connection therewith and on its portfolio generally.

In combination, the foregoing multiple risk factors may significantly increase a Noteholder's risk of loss

Although the various risks discussed in this Information Memorandum are generally described separately, potential investors should consider the potential effects of the interplay of multiple risk factors. Where more than one significant risk factor is present, the risk of loss to a Noteholder may be significantly increased. There are many circumstances in which layering of multiple risks with respect to the Portfolio and the Notes may magnify the effects of those risks. In considering the potential effects of layered risks, a potential investor should carefully review the description of the Portfolio and the Notes.

RISK RETENTION REQUIREMENTS

This section should be read in conjunction with the section entitled "*Risk Factors — Regulatory risks relating to the Notes — EU/UK Risk Retention and Due Diligence Requirements*" of this Information Memorandum.

On the Closing Date, the Retention Holder will enter into a letter addressed to the Issuer, the Trustee, the Sole Global Coordinator and the Joint Bookrunners (the "**Risk Retention Letter**"), pursuant to which the Retention Holder will, as an originator for the purposes of each Securitisation Regulation, agree, and will irrevocably and unconditionally undertake, that, on an ongoing basis, so long as any Senior Notes remain outstanding:

(a) it will retain on an ongoing basis a material net economic interest in the securitisation described in this Information Memorandum, which comprises the Subordinated Notes, in an amount not less than five per cent. of the Principal Balance of the Infra Debt Obligations in accordance with (i) Article 6(3)(d) of the EU Securitisation Regulation, (ii) paragraph (d) of Article 6(3) of Chapter 2 of the PRASR and (iii) paragraph (d) of SECN 5.2.8R(1) (in each case, as in effect as of the Closing Date) (the "**Retained Interest**");

(b) it will not change the manner or form in which it retains the Retained Interest, except as permitted under the Risk Retention Requirements (as in effect at the relevant time);

(c) it will not transfer, sell, hedge or otherwise mitigate its credit risk, or otherwise surrender all or part of the rights, benefits or obligations, arising from or associated with the Retained Interest, except to the extent permitted in accordance with the Risk Retention Requirements (as in effect at the relevant time);

(d) subject to any regulatory requirements, it will provide to the Issuer, on a confidential basis on reasonable request of the Issuer, information in the possession of the Retention Holder relating to its holding of the Retained Interest, at the cost and expense of the Issuer, and to the extent such information is not subject to a duty of confidentiality at any time prior to the Maturity Date;

(e) it will confirm in writing:

  (i) promptly upon the reasonable written request of the Issuer, the Sole Global Coordinator and any Joint Bookrunner, in each case, to such party making such request; and

  (ii) to the Transaction Administrator on or around each Measurement Date as at which any Investor Report or any Payment Date Report is prepared, for the purposes of inclusion of such confirmation in the relevant Investor Report or Payment Date Report,

  its continued compliance with the covenants set out at paragraphs (a) and (c) above;

(f) undertakes and agrees, in relation to each Infra Debt Obligation it sells or transfers to the Issuer, that:

  (i) it acquired, or will acquire, such obligation for its own account prior to selling or transferring such obligation to the Issuer; or

  (ii) either itself and/or through related entities, directly or indirectly, was involved or will be involved, in the original agreement which created or will create such obligation;

(g) agrees that it shall promptly notify the Issuer, the Sole Global Coordinator, the Joint Bookrunners and the Transaction Administrator in writing if for any reason it:

(i) ceases to hold the Retained Interest in accordance with paragraph (a) above; or

(ii) fails to comply with the agreements and covenants (as applicable) set out in paragraph (b), (c) or (f) above in any material way; and

(h) agrees that it, in its capacity as collateral manager only, shall use reasonable endeavours to procure that the Issuer makes available to the Noteholders and potential investors such information as is required to be made available on an ongoing basis pursuant to (i) Articles 7(1)(a), (e), (f) and (g) of the EU Securitisation Regulation in the form prescribed under the EU Securitisation Rules, (ii) Articles 7(1)(a), (e), (f) and (g) of Chapter 2 of the PRASR in the form prescribed under the PRA Transparency Rules and (iii) SECN 6.2.1R(1), SECN6.2.1R(5), SECN 6.2.1R(6) and SECN 6.2.1R(7) in the form prescribed under the FCA Transparency Rules, **provided that** HKMC's obligation pursuant to (ii) and (iii) in this paragraph may be satisfied by making such information available in the form prescribed under the EU Securitisation Rules.

Each potential investor in the Notes that is subject to any Due Diligence Requirements (or to any equivalent or similar requirements) should consult with its own legal, accounting and other advisers and/or its national regulator to determine whether, and to what extent, any representations and agreements to be made under the Risk Retention Letter, and any other information set out in this Information Memorandum generally and, after the Closing Date, the information described in the Investor Reports and the Payment Date Reports are or is sufficient for the purpose of complying with the applicable Due Diligence Requirements (or any equivalent or similar requirements). Any such prospective investor is required to independently assess and determine the sufficiency of such representations, agreements and other information.

None of the Issuer, the Retention Holder, HKMC (in each of its capacities in connection with the Notes), the Collateral Manager, any Collateral Manager Related Party, the Transaction Administrator, the Sole Global Coordinator, the Joint Bookrunners, the Trustee or any other party to the transactions contemplated by this Information Memorandum, or any of their respective Affiliates: (i) makes any representation, warranty or guarantee that any such representations and agreements, or any such other information described in this Information Memorandum or, after the Closing Date, any information described in the Investor Reports and the Payment Date Reports are or is, or will be, sufficient in all circumstances for the purpose of allowing any person to comply with the applicable Due Diligence Requirements or any other applicable legal, regulatory or other requirements; (ii) shall have any liability to any prospective investor or any other person with respect to any insufficiency of such information or any failure of the transactions contemplated hereby to comply with, or otherwise satisfy the requirements of, any Due Diligence Requirements, or any other applicable legal, regulatory or other requirements; or (iii) shall have any obligation with respect to any Due Diligence Requirements, other than the specific obligations undertaken and/or representations made by the Retention Holder under the Risk Retention Letter.

USE OF PROCEEDS

The gross proceeds from the issue of the Notes are US$481.5 million.

The net proceeds from the issue of the Notes, after (i) paying the acquisition price for a portion of the Portfolio which was not acquired by the Issuer before the Closing Date with the proceeds made available pursuant to the Refinancing Sponsor Loans Deed to the Sponsor on the Closing Date in accordance with the Sponsor Collateral Acquisition Agreements, (ii) repaying all of the amounts then due and payable by the Issuer under the Refinancing Sponsor Loans Deed (excluding, for the avoidance of doubt, any Deferred RSLD Interest and Income), (iii) making a deposit equal to the Undrawn Commitment Amount in the Undrawn Commitment Account and (iv) paying an amount equal to the Excess Note Issuance Proceeds to the Principal Account, will be credited to the Interest Account.

The Issuer shall apply an amount equal to the proceeds of the Class A1-SU Notes it receives towards payment or refinancing of the acquisition price of the Class A1-SU Eligible Loans.

The Sponsor and the Collateral Manager will separately procure the payment of fees and expenses incurred in connection with the issue and offering of the Notes.

FORM OF THE NOTES

References below to Notes and to the Global Certificates and the Definitive Certificates representing such Notes are to each respective Class of Notes, except as otherwise indicated.

Initial Issue of Notes

The Notes of each Class will be represented on issue by a Global Certificate deposited with, and registered in the name of, a nominee of a common depository for Euroclear and Clearstream. Beneficial interests in a Global Certificate may be held at any time only through Euroclear and Clearstream. See the section entitled "*Summary of Provisions Relating to the Notes in Global Form*" in this Information Memorandum. Beneficial interests in a Global Certificate may not be held by a US Person or US resident at any time. By acquisition of a beneficial interest in a Global Certificate, the purchaser thereof will be deemed to represent, among other things, that it is not a US Person, and that, if in the future it determines to transfer such beneficial interest, it will transfer such interest only to a person whom the seller reasonably believes to be a non-U.S. Person in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S. See the section entitled "*Transfer Restrictions*" in this Information Memorandum.

Transfer

Beneficial interests in Global Certificates will be subject to certain restrictions on transfer set forth therein and in the Trust Deed and the Agency and Account Bank Agreement, and the Notes will bear the applicable legends regarding the restrictions set forth under "*Transfer Restrictions*".

Except in the limited circumstances described below, owners of beneficial interests in Global Certificates will not be entitled to receive physical delivery of certificated Notes.

Bearer Notes

The Notes are not issuable in bearer form.

Exchange for Definitive Certificates

Exchange

Each Global Certificate will be exchangeable, free of charge to the Noteholder, on or after its Definitive Exchange Date (as defined below), in whole but not in part, for Definitive Certificates if a Global Certificate is held (directly or indirectly) on behalf of Euroclear, Clearstream or an alternative clearing system and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces its intention to permanently cease business, or does in fact do so.

The Registrar will not register the transfer of, or exchange of interests in, a Global Certificate for Definitive Certificates during the period from (but excluding) the Record Date to (and including) the date for any payment of principal or interest in respect of the Notes.

If only one of the Global Certificates (the "**Exchanged Global Certificate**") becomes exchangeable for Definitive Certificates in accordance with the above paragraphs, transfers of Notes may not take place between, on the one hand, persons holding Definitive Certificates issued in exchange for beneficial interests in the Exchanged Global Certificate and, on the other hand, persons wishing to purchase beneficial interests in the other Global Certificate.

"**Definitive Exchange Date**" means a day falling not less than 30 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Registrar and any Transfer Agent is located.

Delivery

If a Global Certificate is to be exchanged, the relevant Global Certificate shall be exchanged in full for Definitive Certificates and the Issuer will, at the cost of the Issuer (but against such indemnity as the Registrar or any relevant Transfer Agent may require in respect of any tax or other duty of whatever nature which may be levied or imposed in connection with such exchange), cause sufficient Definitive Certificates to be executed and delivered to the Registrar for completion, authentication and dispatch to the relevant Noteholders. A person having an interest in a Global Certificate must provide the Registrar with a written order containing instructions and such other information as the Issuer and the Registrar may require to complete, execute and deliver such Definitive Certificates as set out under "*Transfer Restrictions*" below.

RATINGS OF THE NOTES

It is expected that the Notes will, when issued, be assigned the following credit ratings from Moody's:

Class	Ratings (Moody's)
Class A1-SU Notes	Aaa (sf)
Class A1 Notes	Aaa (sf)
Class B Notes	Aa2 (sf)
Class C Notes	A3 (sf)
Class D Notes	Unrated
Subordinated Notes	Unrated

The abbreviated suffix "sf" in the expected credit ratings of the Senior Notes (other than the Class D Notes, which will not be rated) refers to "structured finance".

The ratings assigned to the Class A Notes and the Class B Notes address the timely payment of interest and the ultimate payment of principal. The ratings assigned to the Class C Notes address the ultimate payment of principal and interest.

A security rating is not a recommendation to buy, sell or hold securities, and may be subject to revision, suspension or withdrawal at any time by the rating agency.

As at the date of this Information Memorandum, the Rating Agency is not established in the European Union or the United Kingdom but rather is incorporated in Hong Kong. Consequently, the Rating Agency is not required to be registered under the UK CRA Regulation or the EU CRA Regulation. However, international credit ratings provided by the Rating Agency are endorsed by Moody's Deutschland GmbH (established in Germany) which is registered by the European Securities and Markets Authority pursuant to the EU CRA Regulation and by Moody's Investors Service Limited (established in the United Kingdom), which is registered under the UK CRA Regulation.

The credit ratings assigned to the Class A Notes, the Class B Notes and the Class C Notes are statements of opinion and are not a recommendation to invest in, purchase, hold or sell the Notes, and potential investors should perform their own evaluation as to whether the investment is appropriate.

Credit ratings are subject to revision, suspension or withdrawal at any time by the assigning rating agency. Rating agencies may also revise or replace entirely the methodology applied to assign credit ratings. There can also be no assurance that any ratings assigned to the rated Classes of Notes will remain in effect for any given period or that the ratings will not be revised by the ratings agencies in the future if, in their judgment, circumstances so warrant.

See the section entitled "*Risk Factors — Risks relating to the Notes and the Collateral — Ratings of the Notes are not recommendations to purchase and future events may impact any ratings of the Notes and impact the market value of or liquidity in the Notes; ratings of the Notes are not assured and are limited in scope*" of this Information Memorandum for more details on credit ratings assigned to the rated Classes of Notes.

Moody's Ratings

The ratings assigned to the Senior Notes (other than the Class D Notes, which will not be rated) by Moody's are based upon its assessment of the probability that the Infra Debt Obligations will provide sufficient funds to pay each such Class of Notes, based largely upon Moody's statistical analysis of historical default rates on debt obligations with various ratings, the asset and interest coverage required for such Class of Senior Notes (which in the case of a Class of Senior Notes is achieved through the subordination of each Class of Notes ranking below such Class of Senior Notes) and the diversification requirements that the Infra Debt Obligations are required to satisfy.

Moody's ratings address the expected loss posed to investors by the legal final maturity on the Maturity Date. The structure allows for timely payment of interest and ultimate payment of principal with respect to the Class A Notes and the Class B Notes by the legal final maturity on the Maturity Date.

Moody's analysis of the likelihood that each Infra Debt Obligation will default is based on historical default rates for similar loans, the historical volatility of such default rates (which increases as securities with lower ratings are added to the portfolio) and an additional default assumption to account for future fluctuations in defaults. Moody's then determines the level of credit protection necessary to achieve the expected loss associated with the rating of the structured securities, taking into account the expected volatility of the default rate of the portfolio based on the level of diversification by region, obligor and industry. There can be no assurance that the actual default rates on the Infra Debt Obligations held by the Issuer will not exceed the rates assumed by Moody's in its analysis.

In addition to these quantitative tests, Moody's ratings take into account qualitative features of a transaction, including the experience of the Collateral Manager, the legal structure and the risks associated with such structure and other factors that they deem relevant.

DESCRIPTION OF THE ISSUER

General

The Issuer, Bauhinia ILBS 1 Limited, was incorporated on 14 November 2022 as a public company limited by shares under the Companies Ordinance (business registration number 74600206).

The Issuer was established to raise capital by the issue of the Notes, including the Existing Notes. The Issuer will hold the Portfolio and issue the Notes on the Closing Date. The Issuer may change its name following the Closing Date.

The registered office of the Issuer is at 3806 Central Plaza, 18 Harbour Road, Wanchai, Hong Kong. The LEI number of the Issuer is 2549008FDWIGZ5DV3B42.

Share Capital

The issued and paid-up share capital of the Issuer as at the date of this Information Memorandum is HK$1, comprising one ordinary share of HK$1. The share in the Issuer is held by Infiniti Trust (Hong Kong) Limited on trust for charitable, benevolent or philanthropic purposes.

Business Activity

The Issuer entered into the Refinancing Sponsor Loans Deed prior to the Existing Notes Redemption Date for the purpose of acquiring the Pre-funded IDOs prior to the Closing Date. Upon entering into the Deeds of Termination and Release following the Existing Notes Redemption Date, to facilitate the acquisition of Pre-funded IDOs prior to the Closing Date, the Issuer will enter into an interim account bank agreement between the Issuer and the Account Bank as the interim account bank (the "**Interim Account Bank Agreement**") to maintain and open bank accounts to hold monies paid and received in connection with the Warehouse Loans and Pre-funded IDOs, and certain agreements or documents (including deeds) necessary or desirable in relation to the acquisition of the Pre-funded IDOs (all such documents, the "**Warehouse Documents**").

Since the Existing Notes Redemption Date, the Issuer has not carried on any business or activities other than acquiring and disposing of certain Infra Debt Obligations to build up the Portfolio, the authorisation and issue of the Notes, the authorisation of the entry into the Warehouse Documents, an interim custody agreement with a custodian and the Collateral Manager (the "**Interim Custody Agreement**"), the Deeds of Termination and Release, the Collateral Management and Administration Agreement, the Hedge Agreements (together with novation agreements transferring certain hedge transactions originally entered into by the Sponsor to the Issuer) and the Sponsor Collateral Acquisition Agreements and the activities and transactions contemplated thereunder, and the activities incidental to the exercise of its rights and compliance with its obligations under the Notes, the Subscription Agreement, the Agency and Account Bank Agreement, the Custody Agreement, the Trust Deed, the Hong Kong Security Deed, the Closing Sponsor Loans Agreement, the Corporate Services Agreement, and the other documents and agreements entered into in connection with the issue of the Notes and/or the acquisition of the Portfolio.

Restrictions on Activities

Under the Trust Deed, the Issuer has undertaken not to carry out the activities as set out in Condition 5(b) (*Restrictions on the Issuer*). In particular, the Issuer will not have any subsidiaries, issue any shares (other than the shares that are in issue as at the Closing Date), or redeem or purchase any of its issued share capital.

Following the Existing Notes Redemption Date, the Issuer has, and will have, no material assets other than the Infra Debt Obligations held from time to time, the Balances standing to the credit of the Accounts

and the benefit of the Transaction Documents entered into by it or on its behalf from time to time, such fees (as agreed) payable to it in connection with the issue of the Notes.

Directors and Company Secretary

As at the date of this Information Memorandum, the directors of the Issuer are ABBOTT, Giles David Cameron, HUANG, Meng and KWOK, Yin Ting.

Name	Position	Business Address
ABBOTT, Giles David Cameron . . .	Director	3806 Central Plaza, 18 Harbour Road, Wanchai, Hong Kong
HUANG, Meng	Director	3806 Central Plaza, 18 Harbour Road, Wanchai, Hong Kong
KWOK, Yin Ting	Director	3806 Central Plaza, 18 Harbour Road, Wanchai, Hong Kong

The company secretary of the Issuer is CSC Secretaries (Hong Kong) Limited.

As at the date of this Information Memorandum, the Issuer has no employees, non-executive directors or premises.

No potential conflicts of interest exist between any duties owed to the Issuer by the Directors listed above, and their private interests or other duties.

Corporate Services Agreement

The Issuer has appointed the Corporate Service Providers to provide corporate secretarial services pursuant to the Corporate Services Agreement. Either party may terminate the Corporate Services Agreement by giving not less than one month's prior written notice to the other party.

The register of members is maintained by CSC Secretaries (Hong Kong) Limited, and a copy of the register of members is kept by the company secretary of the Issuer at the registered office of the Issuer.

Fiscal Year

The Issuer's financial year begins on 1 January and closes on 31 December of each year.

Auditors

Audited financial statements will be published on an annual basis. The independent auditor of the Issuer as of the date of this Information Memorandum is Ernst & Young.

Financial Information

The Issuer maintains its financial books and records and prepares its financial statements in Hong Kong dollars in accordance with the Companies Ordinance. Unless otherwise specified, where financial information in relation to the Issuer has been translated into US dollars, it has been so translated, for the convenience of the reader, at an exchange rate of HK$7.8 = US$1.00. No representation is made that Hong Kong dollars have been, could have been, or could be, converted into US dollars at the rate indicated or at any other rate.

DESCRIPTION OF THE SPONSOR AND THE COLLATERAL MANAGER

The Issuer has correctly in all material aspects reproduced the information contained in the section entitled "Description of the Sponsor and the Collateral Manager" from information provided to it by the Sponsor and the Collateral Manager, but it has not independently verified such information. So far as the Issuer is aware and is able to ascertain from information published by the Sponsor and the Collateral Manager, no facts have been omitted which would render the reproduced information incorrect or misleading in any material aspect. The information appearing in this section has been prepared by the Sponsor and the Collateral Manager and has not been independently verified by the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Trustee or any other party. None of the Sole Global Coordinator, the Joint Bookrunners, the Trustee or any other party other than the Sponsor and the Collateral Manager assumes any responsibility for the correctness or completeness of such information. The delivery of this Information Memorandum will not create any implication that there has been no change in the affairs of the Sponsor and the Collateral Manager since the date of this Information Memorandum, or that the information contained or referred to in this section is correct as of any time subsequent to the date of this Information Memorandum.

History and Corporate Structure

The Sponsor was incorporated in March 1997 as a public company with limited liability under the Companies Ordinance. The Sponsor is wholly owned by the Hong Kong Government through the Exchange Fund, a fund under the control of the Financial Secretary as provided under the Exchange Fund Ordinance (Chapter 66 of the Laws of Hong Kong).

For the purpose of implementing the HKMC Annuity Plan and in compliance with the requirements of the Insurance Authority of Hong Kong, the Sponsor in 2017 underwent a corporate reorganisation and established two wholly-owned subsidiaries, HKMC Insurance Limited ("**HKMCI**") and HKMC Annuity Limited ("**HKMCA**") to take up the Sponsor's general insurance business (including the Mortgage Insurance Programme (the "**MIP**"), the Reverse Mortgage Programme (the "**RMP**"), the Policy Reverse Mortgage Programme (the "**PRMP**") and the SME Financing Guarantee Scheme (the "**SFGS**")) and to operate the HKMC Annuity Plan respectively.

Relationship with Principal Subsidiaries

HKMCI

HKMCI, a wholly-owned subsidiary of the Sponsor, was incorporated in June 2017. HKMCI is an "authorized insurer" under the Insurance Ordinance (Chapter 41 of the Laws of Hong Kong) ("**Insurance Ordinance**") carrying on general insurance business, including the MIP, the RMP, the PRMP and the SFGS.

HKMCA

HKMCA, a wholly-owned subsidiary of the Sponsor, was incorporated in June 2017. HKMCA is an "authorized insurer" under the Insurance Ordinance carrying on long term insurance business, namely the HKMC Annuity Plan.

Relationship with the Hong Kong Government

The Sponsor is wholly-owned by the Hong Kong Government through the Exchange Fund. The Financial Secretary currently serves as the Chairman of the Sponsor and the Chief Executive of the Hong Kong Monetary Authority ("**HKMA**") is the Deputy Chairman of the Sponsor. The posts of Executive Directors and Chief Executive Officer ("**CEO**") of the Sponsor are occupied by the Financial Secretary or officials of the HKMA.

The Hong Kong Government, for the account of the Exchange Fund, provides the Sponsor with a revolving credit facility ("**RCF**") of HK$80 billion as a contingency liquidity tool, of which the facility amount was increased in October 2020 from the original amount of HK$30 billion. Such move demonstrates the Hong Kong Government's recognition of the importance of, and its commitment to provide further support to, the Sponsor. In addition to the RCF, the Sponsor is entitled to call upon its shareholder for the injection of additional capital of up to HK$1 billion through the Exchange Fund (if and when needed) pursuant to an arrangement agreed by the shareholder.

Missions

The missions of the Group are to promote the following in Hong Kong:

- stability of the banking sector;
- wider home ownership;
- development of the local debt market; and
- development of the retirement planning market.

Business Strategies and Principal Business Activities of the Group

The Group adopts the following business strategies to conduct its following principal business activities in a prudent commercial manner:

- fulfil its strategic roles by reinforcing its business focus in Hong Kong;
- purchase loan assets, acquire, debentures, receivables, financial assets from various sources such as banks, the Hong Kong Government and related organisations, statutory bodies, public bodies (including their affiliated credit unions) and other sellers ("**Approved Sellers**" and, if also appointed by the Sponsor to provide servicing and other administrative functions in respect of the Sponsor's acquired loan portfolio, "**Approved Servicers**") from time to time approved by its board of directors ("**Board of Directors**" or "**Board**");
- issue debt securities to investors;
- purchase residential mortgage loans indexed on fixed adjustable rate and various floating rates such as the Prime Rate, HIBOR (for various reference periods) and the composite interest rate via its Mortgage Purchase Programme;
- provide mortgage insurance cover to participating "authorized institutions" (as defined in the Banking Ordinance (Chapter 155 of the Laws of Hong Kong)) ("**AIs**") in respect of homebuyers' mortgage loans and the elderly's reverse mortgage loans secured on residential properties or life insurance policies via MIP, RMP and PRMP of HKMCI;
- offer fixed-rate mortgages to homebuyers through participating AIs via its Fixed Rate Mortgage Scheme;
- offer life annuity products to the elderly via the HKMC Annuity Plan of HKMCA;
- purchase and co-finance infrastructure loans, and securitise such loans at appropriate market conditions after accumulating a diversified asset portfolio via its IFS business;
- reinforce delivery of strategic policy roles through the establishment and enhancements of various schemes and programmes, including the time-limited 80 per cent. guarantee product, the 90 per

cent. guarantee product, and the special 100 per cent. loan guarantee product ("**Special 100% SFGS**"), the Dedicated 100% Loan Guarantee Scheme and the 100% Personal Loan Guarantee Scheme to provide low-cost financing to eligible small and medium enterprises, individuals and industries facing financial difficulties; and

- adopt sustainability and environmental, social and governance ("**ESG**") strategies in its major funding, investment, business and operational activities taking into consideration international standards and market practices.

Performance and Position of the Group

For the year ended 31 December 2025, the audited loss after tax of the Group amounted to HK$108.9 million (2024: audited loss after tax of HK$418.0 million). The improved results were primarily driven by increased income from placements with the Exchange Fund which was bolstered by rising annuity premiums and capital injections made to HKMCA and to HKMCI in 2025 and late 2024 respectively, coupled with a recovery in the local property market benefitting the reverse mortgage business, the increase in net interest income and the revaluation gains of U.S. dollar-denominated exposures in cash and debt investments. Such gains were partially offset by the higher accounting loss in the annuity business resulting from a surge in new policies written and the negative accounting impact of lower discount rates on insurance liabilities revaluation. As at 31 December 2025, total assets and total liabilities of the Group amounted to HK$252.4 billion and HK$201.2 billion, respectively.

IFS Business of the Sponsor

The infrastructure loan asset acquisition and securitisation businesses are conducted by the Sponsor as one of its principal business activities through its IFS Division.

In 2019, the Sponsor established its IFS business to acquire infrastructure loan assets from banks, as well as co-financing infrastructure projects with multilateral development banks and commercial banks, with a view to, ultimately, distributing ILBS to institutional investors in the capital markets. The primary focus of the IFS business in respect of its infrastructure loan acquisition activities is senior debt of greenfield and brownfield projects, covering a variety of infrastructure assets such as gas and oil infrastructure, power (conventional and renewable), electricity distribution/transmission, energy shipping, social infrastructure, telecommunication, transportation, water desalination, and ports.

In respect of the securitisation of infrastructure loans acquired and warehoused by the Sponsor, the Sponsor structures and manages the issuance of ILBS to institutional investors in the capital markets, through which the Sponsors aims to:

- further its mandate to promote the development of the local debt market and stability of the banking sector in Hong Kong;

- fill the gap in the infrastructure financing market to facilitate infrastructure investment and financing flow; and

- help consolidate Hong Kong's position as an infrastructure financing hub and to benefit its financial and professional services sectors.

In March 2019, the Sponsor entered into a Master Cooperation Agreement with the International Finance Corporation ("**IFC**") to promote infrastructure financing and to streamline the steps taken when the Sponsor and IFC co-finance infrastructure projects by standardising the investment process and documentation. In April 2019, the Sponsor also entered into a memorandum of understanding ("**MoU**") with China Export & Credit Insurance Corporation to strengthen cooperation in multiple areas including

collaborating on infrastructure project financing and exchanging experience and best practices in infrastructure financing transactions.

The Sponsor also entered into MoUs with banks to strengthen its network and business operation with other participants of the infrastructure financing market. In January 2021, the Sponsor entered into an MoU with MUFG Bank, Ltd. to establish an infrastructure loan sales framework. Subsequently in 2021, 2022 and 2025, the Sponsor entered into additional MoUs with other banks to establish infrastructure loan sales framework. As at the date of this Information Memorandum, the Sponsor had established infrastructure loan sales framework with 21 banks.

As at the end of August 2026, the Sponsor had acquired infrastructure loan assets in over 100 individual infrastructure projects with commitments amounting to approximately US$3.7 billion.

Investment and credit review process

The Sponsor has implemented an investment and credit review process for its IFS business comparable to those commonly adopted by international financial institutions and comprises the following:

Deal screening and due diligence

The Sponsor had established eligible investment criteria for its infrastructure loan assets based on prudent commercial principles. In respect of any potential investment opportunity, the investment team, the risk management team and the ESG team of the IFS Division will conduct due diligence, including a detailed review on the underlying project and financing documentation, information memorandum, due diligence reports, financial models and up-to-date project performance reports on such investment opportunity to ensure the eligible investment criteria for new investments, including the IFS Environmental and Social Guidelines ("**IFS E&SG**"), the Responsible Investment, Lending and Business Decision-making Principles of the Group, as well as the overall risk management framework of the Sponsor, are satisfied. The IFS E&SG includes and stipulates the Environmental and Social Categorisation Checklist, Physical Risk Assessment Checklist, Transition Risk Assessment Checklist (collectively "**Climate Risk Assessment Checklist**"), Sector Guidelines, and the IFS Environmental and Social Exclusion List ("**IFS E&S Exclusion List**") which provides a list of the projects and activities that the Sponsor will not knowingly finance or invest in.

As part of the deal screening process for potential investment opportunities, the Sponsor will conduct initial screening on key counterparties of the potential investment to identify early in its due diligence process whether there are any "red flags" with regard to the relevant counterparties, including but not limited to issues relating to anti-corruption and bribery, anti-money laundering, counter-terrorist financing and sanctions as well as reputation risks, in according with the IFS Compliance Guidelines ("**IFS CG**"). If no areas of material compliance concern relating to the underlying project has been identified based on the available information, the potential investment will proceed to detailed due diligence by the investment team, the ESG team and the risk management team of the IFS Division as well as Compliance Function of the Sponsor ("**CF**").

The Sponsor also conducts legal due diligence in relation to the transferability, confidentiality requirements, tax gross-up obligations, security and other potential credit enhancements that may be available for the relevant infrastructure loan assets of the potential investments. In addition, where the potential investment is located in any jurisdiction which is new to the Sponsor's infrastructure loan portfolio, the Sponsor conducts further due diligence with respect to the local legal requirements of such jurisdiction relevant to the Sponsor or a foreign lender or holder of security interest with an aim to ensure the legality and transferability of the infrastructure loan assets to be acquired.

Pre-deal and investment approval

The investment approval process for investments of the IFS business of the Sponsor is a two-layered process, comprising a deal screening stage and an investment approval stage. Prior to detailed due

diligence, deal screening is conducted by the investment team, the risk management team of the IFS Division and led by the Chief Investment Officer (Infrastructure Financing and Securitisation) ("**Chief Investment Officer**") to ensure potential investment opportunities satisfy the eligible investment criteria for infrastructure loans and other financial assets (collectively infrastructure loan assets or infrastructure loans). For potential investment opportunities that are in a new sector, in a new sub-investment-grade jurisdiction, or exceptions to the IFS Risk Management Rules ("**IFS RMR**") or IFS E&SG, a pre-deal approval will be sought from the IFSIC (see the section entitled *"Description of the Sponsor and the Collateral Manager — Risk Management — IFSIC"* of this Information Memorandum). The IFSIC may, as part of its pre-deal approval, request the IFS Division to address specific aspects of, or risks relating to, the potential investment in the detailed due diligence to present findings and/or propose mitigants to address such risks, formally in the form of an investment memorandum during the investment approval stage, which will contain the term sheet relating to the potential investment, recommendations made by the investment team, the ESG team and the risk management team of the IFS Division, the transaction compliance risk assessment and the proposed credit and recovery rating of the transaction. Detailed due diligence work and results (including further compliance screening based on further information requested and received) are reported in the investment memorandum which is submitted to the IFSIC for consideration and approval. Upon receiving approval from the IFSIC in the investment approval stage, the investment team of the IFS Division will proceed further with the transaction negotiation, outstanding or additional due diligence and finalisation before executing the transaction documents with the relevant sellers or obligors of the infrastructure loan assets, fulfil any approval conditions as may be set out by the IFSIC in the investment approval stage, and complete the potential investment transaction.

Portfolio management, governance and risk monitoring

All infrastructure loan assets acquired by the Sponsor will be warehoused and managed by the portfolio management team of the IFS Division. All infrastructure loan assets in the Portfolio must have passed all stages of pre-deal screening and investment approvals before they are included in the Portfolio as Infra Debt Obligations, and the reinvestment of Infra Debt Obligations in the Portfolio from the Sponsor's portfolio of infrastructure loan assets will follow the same investment and credit assessment process. The portfolio management team of the IFS Division is responsible for the ongoing monitoring of the Sponsor's portfolio of infrastructure loan assets, exposure management through divestment or other risk sharing arrangement in accordance with the Sponsor's internal risk management and compliance guidelines for the IFS business, including the IFS Risk Management Guidelines ("**IFS RMG**"), the IFS RMR and the IFS E&SG.

IFS E&SG

The IFS E&SG sets out the basis on which environmental and social ("**E&S**") risks of infrastructure loan assets in the Sponsor's portfolio are assessed.

The IFS E&SG is comparable to those commonly adopted by international financial institutions and the objectives of the IFS E&SG are to:

- set out internal responsibilities and procedures on E&S due diligence for any potential investment in infrastructure loan assets;
- establish a structured approach to monitor and record borrowers' ESG performances; and
- ensure that the E&S risk management processes of the Sponsor's IFS business are aligned with industry practices and those adopted by other market players.

Besides the IFS E&S Exclusion List, the IFS E&SG also includes and stipulates an E&S Categorisation Checklist. Projects that are categorised with higher E&S risks are subject to a higher level of scrutiny.

The Sponsor reviews all infrastructure loan assets in the Sponsor's portfolio that are within the scope of the Equator Principles ("**Equator Principles**"), a financial industry benchmark for determining, assessing and managing E&S risks in projects, which as at the date of this Information Memorandum can be found at: Home Page - Equator Principles Association (equator-principles.com), so as to adopt the Equator Principles to the extent practicable. The Sponsor acquired the infrastructure loan assets that are within the scope of the Equator Principles mainly from international financial institutions which have adopted the Equator Principles. For co-financing transactions supported by export credit agencies, the Sponsor leverages on the safeguards adopted by these institutions to ensure rigor in the process. For infrastructure loan assets not within the scope of the Equator Principles (e.g. loans that are not specific to an infrastructure project or asset financing that is not part of an underlying project financing, such as vessels), the investment team of the IFS Division will ensure compliance with the Sponsor's investment eligibility criteria by conducting due diligence based on review of secondary information, and discussions with, and information provided by, the relevant agent banks, sellers or obligors of the infrastructure loan assets, which may include the E&S management system, E&S compliance and liabilities, and labour standards of the relevant obligor, to check if there are any material E&S concerns and the relevant obligors of such infrastructure loan assets adopt E&S standards that are consistent with market standard.

In addition, the Sponsor has incorporated climate risk assessment to assess the physical risk and transition risk of the infrastructure loan assets:

- Physical risk: Different emission scenarios and time horizons are adopted in the stress test on the infrastructure loan assets for their exposure to climate hazards, which include coastal flood, riverine flood, cyclone, landslide, wildfire and extreme heat.

- Transition risk: Under different emission scenarios and time horizons, the infrastructure loan assets are assessed for their exposure to transition risks under different factors, including sector, regulatory, technology, market and reputation.

IFS CG

The Sponsor had also established the IFS CG as the compliance guidelines specifically for its IFS business. The IFS CG sets out the process to identify, assess and manage compliance risks associated with potential investment in infrastructure loan assets and infrastructure loan assets in the Sponsor's portfolio.

The key objectives of the IFS CG are to:

- ensure that due diligence has been conducted to identify material compliance risks and their associated implications to potential investments in infrastructure loan assets; and

- establish a structured approach with respect to management and mitigation of compliance risks.

The compliance risk assessment process of the IFS CG comprises three phases:

1. *Screening of key counterparties:* the Sponsor conducts initial screening on key counterparties of the potential investment as described in the section entitled "*Description of the Sponsor and the Collateral Manager — IFS Business of the Sponsor — Investment and credit review process — Deal screening and due diligence*" of this Information Memorandum.

2. *Compliance risk due diligence:* after initial screening on key counterparties of the potential investment, the CF will commence more extensive due diligence on the compliance aspect of the key counterparties and will work with the IFS Division to obtain relevant due diligence information. Where required, the IFS Division will liaise with the relevant agent bank or

counterparty to obtain additional information. CF will report findings, as well as any proposed mitigation measures, in a transaction compliance risk assessment which is included in the investment memorandum in respect of the potential investment in the investment approval stage to the IFSIC. Unless satisfactory measures and assurances are obtained with respect to compliance risks that are material and could not be adequately mitigated, the Sponsor will not take part in the potential investment opportunity.

3. *Post-commitment compliance monitoring:* the IFS Division will continue to monitor any changes, deteriorations or emerging risks with respect to the compliance risk of the investment and the key counterparties of infrastructure loan assets in the Sponsor's portfolio in accordance with the IFS CG.

For more information relating to the risk management and governance of the Sponsor's IFS business, see the section entitled "*Description of the Sponsor and the Collateral Manager — Risk Management — Risk management and governance of the IFS business*" of this Information Memorandum.

Sustainable finance

In 2022, the Sponsor established the SGS Framework to expand and implement its sustainability strategy as an integral part of its business strategy. The SGS Framework was further updated by the Sponsor in August 2025. The SGS Framework focuses on the Sponsor's sustainable initiatives and how the Group supports and is aligned with Hong Kong's long-term sustainability visions. The Sponsor uses the SGS Framework as the basis to structure and issue green, social and/or sustainability bonds and asset-backed securities via public issuance (for the avoidance of doubt, public issuance to professional investors only) and private placement, to support the growth of assets or projects with environmental and /or social benefits. The issuance of green, social and/or sustainability financing instruments aims to deliver positive environmental and/or social outcomes, which support HKMC's sustainability strategy.

The SGS Framework has been developed in alignment with the following sustainable finance principles and guidelines:

- International Capital Market Association Green Bond Principles 2025;
- International Capital Market Association Social Bond Principles 2025; and
- International Capital Market Association Sustainability Bond Guidelines 2021.

The Framework Second Party Opinion prepared by Sustainable Fitch stated that the SGS Framework is credible and impactful and aligned with relevant international sustainable finance guidelines and principles. The Framework Second Party Opinion can be found on the corporate website of the Sponsor.

Governance of the Group

The Group consistently practises strong governance in the pursuit of its core missions and business objectives and maintains a high standard of corporate governance to assure stakeholders that their rights and interests are well protected.

The Group has in place internal policies as well as arrangements for regular compliance training and testing for its staff in the areas of anti-corruption, anti-money laundering, counter-terrorist financing and sanctions, privacy and information security, anti-fraud and whistleblowing, and anti-competition matters to ensure it conducts its business and operations with high standards of ethics, honesty and integrity and in accordance with applicable laws, rules and regulations.

Corporate Governance Code

The corporate governance practices of each of the Sponsor and its two principal subsidiaries are set out in its own Corporate Governance Code (each a "**Corporate Governance Code**"). Annual assessments are conducted internally to ensure their compliance with the respective Corporate Governance Codes, and a Corporate Governance Report on their compliance is published in the Sponsor's Annual Report ("**Corporate Governance Report**"). The Corporate Governance Code of the Sponsor and the Corporate Governance Report are available on the website of the Sponsor for public reference.

Audit Committee

The Audit Committee of the Sponsor is responsible for reviewing the Sponsor's financial statements, the composition of and accounting principles adopted in such statements, the results of the financial audits and the Sponsor's management procedures to ensure the adequacy and effectiveness of its internal control system. The Audit Committee holds regular meetings with the management, the Chief Internal Auditor and the external auditor of the Sponsor. Special meetings may also be called to review significant control or financial issues. HKMCI and HKMCA each has its own audit committee whose function and structure mirror those of the Audit Committee of the Sponsor.

Environmental, Social and Governance Committee

As part of the Group's overall business strategy, the Sponsor established the Environmental, Social and Governance Committee ("**ESGC**") in 2021 to lead the Group's sustainability efforts and oversee the Group's ESG strategy.

The ESGC is responsible for reviewing, approving and updating the Group's ESG strategy, policies and plans, monitoring the ESG trends and issues that are material to the Group and overseeing the implementation of the Group's ESG strategy. It will also evaluate the performance of the Group in achieving its ESG-related goals and targets. Regular reports will be made to keep the Board of Directors informed of the Group's progress on ESG matters.

The ESGC is chaired by the CEO of the Sponsor and its members include the CEOs of HKMCA and of the HKMCI and senior staff from the relevant functional departments of the Group. The ESGC holds regular meetings to discuss and formulate major directions on ESG matters, and is supported and advised by a number of working groups at staff level, covering various ESG-related matters.

In 2021, the ESGC approved the adoption of the Group's ESG Statement and ESG Guiding Principles which guide the Sponsor's approach to incorporate ESG factors into its operations. Both the ESG Statement and the ESG Guiding Principles will be subject to regular review to keep pace with developments in ESG globally and in Hong Kong.

The Sponsor also devised and adopted the Responsible Investment, Lending and Business Decision-making Principles in 2021 which sets out the framework for the Sponsor's implementation of responsible investment, lending and business decision-making strategies. Through ESG integration, the Group identifies, evaluates and incorporates ESG factors in its decision-making processes which include standard risk assessment and thematic investment, lending and business activities.

Risk Management

The Sponsor operates on prudent commercial principles. The principle of "prudence before profitability" guides the design of the overall risk management framework, disciplines as well as day-to-day business execution. Over the years, the Sponsor has continuously made refinements to its risk management framework to reflect changes in the markets and its business strategies.

The Board is the highest decision-making authority of the Sponsor and holds ultimate responsibility for risk management. The Board, with the assistance of the Corporate Risk Management Committee ("**CRC**"), has the primary responsibility of formulating risk management strategies in the risk appetite statement and of ensuring that the Sponsor has an effective risk management system to implement these strategies. The risk appetite statement defines the constraints for all risk-taking activities and these constraints are incorporated into risk limits, risk policies and control procedures that the Sponsor follows to ensure risks are managed properly. The Sponsor manages primarily credit risk, market risk, longevity risk, property price risk, operational risk, legal and compliance risk, leveraging risk, and ESG risk arising from its businesses. In addition to the CRC, IFSIC and the IFSCMC, the Sponsor manages different risks through various management committees such as the Credit Committee, Transaction Approval Committee, Asset and Liability Committee, Operational Risk Committee, Longevity Risk Committee and the ESGC.

CRC

The CRC is responsible for overseeing the Sponsor's various types of risks, reviewing and approving high-level risk-related policies, overseeing their implementation, and monitoring improvement efforts in governance, policies and tools. Regular stress tests are reviewed by the CRC to evaluate the Sponsor's financial capability to weather extreme stress scenarios.

The CRC is chaired by an Executive Director of the Sponsor, with members including the CEO, Senior Vice Presidents, Chief Investment Officer, the General Counsel and senior staff from the Risk Management Department of the Sponsor.

IFSIC

The IFSIC was established to manage and oversee investments under the IFS business, except for the operation of the IFS business specifically in the Sponsor's capacity as Collateral Manager of ILBS which is independently managed and overseen by IFSCMC. The responsibilities of the IFSIC include approving new investments in infrastructure loan assets as well as material waiver requests, changes in credit ratings and periodic reviews of existing infrastructure loan assets of the Sponsor, and overseeing compliance with risk guidelines and relevant policies, and approving ILBS issuance. The IFSIC is chaired by an Executive Director of the Sponsor, with members including the CEO, Senior Vice Presidents, Chief Investment Officer, the General Counsel and supported by senior staff from the relevant departments of the Sponsor, including the Risk Management Department, Treasury Department and the Legal Office of the Sponsor.

IFSCMC

The IFSCMC was established to manage and oversee the operation of the IFS business specifically in the sponsor's capacity as Collateral Manager of ILBS. The responsibilities of the IFSCMC include approving matters relating to the exercise, or forbearance to exercise, of duties or rights of the Collateral Manager in accordance with the Transaction Documents, including the approval of any divestment or reinvestment of infrastructure loan assets in the Portfolio on behalf of the Issuer. The IFSCMC is chaired by the CEO of the Sponsor, with members including Senior Vice Presidents, Chief Investment Officer, the General Counsel and supported by senior staff from the relevant departments of the Sponsor, including the Risk Management Department, Treasury Department and the Legal Office of the Sponsor.

The IFSCMC is independent from the infrastructure loan asset acquisition business of the Sponsor which is guided by the IFSIC. Members of the IFSCMC with decision-making authority in any other roles, including any separate committees governing other aspects of the IFS business (for example, the IFSIC) are required to exercise their duties in respect of those roles with reasonable standard of care as well as in accordance with internal policies of the Sponsor in relation to conflicts of interests.

Risk management and governance of the IFS business

IFSIC is the governance committee of the IFS business of the Sponsor (except for the operation of the IFS specifically in the Sponsor's capacity as Collateral Manager of ILBS) pursuant to the IFS RMR and the IFS RMG as well as the overall risk management policies and guidelines of the Sponsor, including guidelines on credit risk management, asset-liability management, compliance and E&S risks. The IFS RMR and IFS RMG define the key control metrics and monitoring and reporting mechanism for risk management of IFS business. To effectively manage the credit risk associated with investments in infrastructure loan assets, the Sponsor takes into consideration risks inherent in cross-border infrastructure projects, such as delay risk, construction risk, performance risk, operational risk, commercial risk, financial risk, counterparty risk, concentration risk, legal and compliance risk, regulatory risk, political risk, currency risk, interest rate risk and E&S risk.

These risks are continuously monitored and reviewed by the risk management team of the IFS Division in accordance with the relevant risk management policies and measurements of the Sponsor. The risk management team and the portfolio management team of the IFS Division also utilise credit rating and loss given default methodologies developed by external rating agencies which are widely adopted by international financial institutions to evaluate expected losses arising from default in infrastructure loan assets in the Sponsor's portfolio.

As disclosed in this Information Memorandum, the collateral management services undertaken by the Sponsor is separately governed by IFSCMC which is independent from the IFSIC. For more information relating to the duties and obligations of the Collateral Manager, see section entitled "*Description of the Collateral Management and Administration Agreement*" of this Information Memorandum.

Board of Directors

In order to give a broad representation of the views and interests of different sectors, the Sponsor has since its incorporation maintained a diverse composition of the Board of Directors which currently includes officials from the Hong Kong Government, representatives from political parties and professionals.

The Financial Secretary currently serves as the Chairman of the Board of Directors of the Sponsor.

Prior to joining the Sponsor, he was an Executive Director of AECOM focusing on infrastructure engineering and sustainability consulting. Key clients he served include various departments of the Hong Kong Government, listed companies and multilateral development banks.

INDUSTRY OVERVIEW

The following information regarding the infrastructure and project finance industry has been derived from general information which is publicly available as well as the specific sources cited in the footnotes and endnotes to this section. The information is included for information purposes only. None of the Sponsor, the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Collateral Manager, the Collateral Manager Related Party, HKMC, the Retention Holder, the Trustee or any other person has conducted an independent review of the information from any third-party source or verified the accuracy or completeness of the relevant information.

The information contained in this Information Memorandum (including, without limitation, in this section and in the section entitled "The Portfolio" of this Information Memorandum) includes historical information about the Portfolio and the infrastructure and project finance industry generally that should not be regarded as an indication of the future performance or results of the Portfolio or the infrastructure and project finance industry generally.

In considering whether to make an investment in the Notes, potential investors should consider the risk factors set out in the section entitled "Risk Factors", as well as the risks and disclaimers set out in italicised wording above and in the sections entitled "The Portfolio" and "Description of the Sponsor and the Collateral Manager" in this Information Memorandum.

Overview of the infrastructure and project finance market

Infrastructure development – including transportation, power generation and distribution, telecommunications, water supply and sanitation – lies at the heart of economic growth as well as social and ecological development.

Significant infrastructure gaps persist across many developing countries. More than one billion people live over two kilometres from an all-weather road[3], 655 million lack access to electricity[4], and approximately 2.2 billion remain without internet access[5]. The COVID-19 pandemic underscored the importance of resilient and reliable infrastructure in sustaining economic and social activity. Recent research further highlights the economic consequences of infrastructure disruption. The Global Infrastructure Resilience Report 2025 estimates that indirect economic losses from infrastructure service disruptions following disasters are, on average, 7.4 times the associated direct infrastructure damage[6].

Access to infrastructure services remains uneven, with lower-income and more vulnerable economies often facing disproportionately high service costs and more limited financing capacity. The scale of the required investment is substantial. McKinsey estimates that cumulative global investment of approximately US$106 trillion will be required through 2040 to develop new infrastructure and upgrade existing assets. The estimated requirement spans seven principal sectors, comprising transport and logistics (US$36 trillion), energy and power (US$23 trillion), digital infrastructure (US$19 trillion), social infrastructure (US$16 trillion), waste and water infrastructure (US$6 trillion), agriculture (US$5 trillion) and defence (US$2 trillion)[7].

Against this backdrop, private-market infrastructure fundraising has increased globally, rising from the previous high of US$180 billion in 2022 to a record of nearly US$200 billion in 2025. Notwithstanding this growth, the amount raised remains modest relative to the more than US$200 trillion of private capital invested in global capital markets. This suggests substantial potential to mobilize a greater share of private capital for infrastructure investment. Innovative financing channels, including capital markets financing, may support this objective by broadening investor participation, facilitating more efficient risk allocation, and expanding the sources of long-term funding available to infrastructure projects[8].

Funding sources

There are three main sources of funding for project and infrastructure financing: public sector financing, private sector financing, and financing from multilateral institutions.

Public sector financing

Public sector financing primarily involves direct fiscal support from governments in the form of investments or capital expenditures by governments. Sources of public sector funds include government revenues, issuances of government bonds, borrowings from financial institutions (including multilateral financial institutions) and official development assistance from donor countries.

Governments collaborate with private sector entities to implement these projects, primarily to enhance efficiency and ensure timely delivery. In such arrangements, the private sector contributes technical expertise and funding, while the government provides remuneration based on performance.

Private sector financing

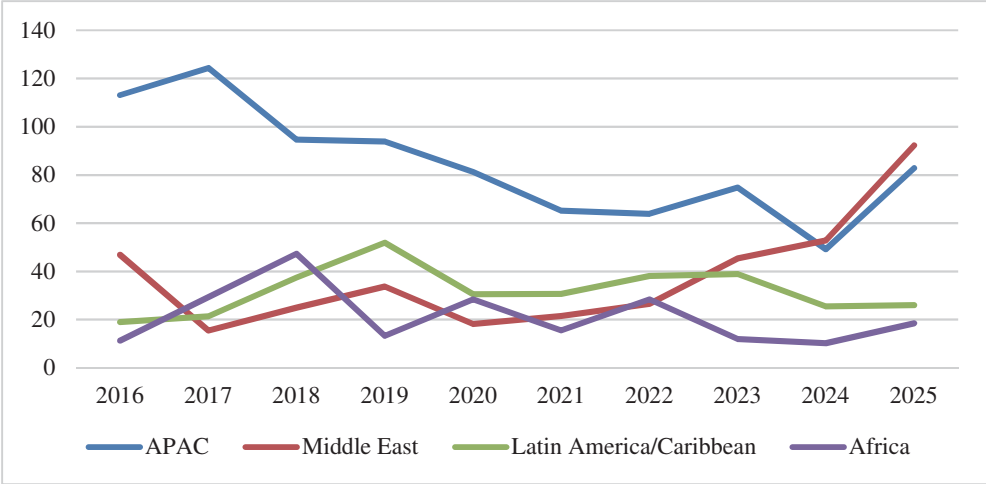

Private sector financing for the project and infrastructure space includes equity financing, commercial bank loans, project financing, bonds, funds and public private investments. Concessional bank loans remain a pivotal source of project and infrastructure financing ("**PIF**") in developing countries, because they offer long-term financing at below-market interest rates. Such funding is often paired with technical assistance to facilitate completion of infrastructure projects. Some government agencies also provide matching guarantees to loans or equity investments to mitigate risks for private partners.

The PIF market in the form of loans over time has averaged approximately US$84.3 billion, US$37.8 billion, US$31.9 billion and US$21.4 billion per year respectively in the Asia Pacific, Middle East, Latin America/Caribbean and Africa regions for the period between 2016 to 2025.

Financing from multilateral financial institutions

International multilateral financial institutions ("**MFIs**") such as multilateral development banks ("**MDBs**") and export credit agencies ("**ECAs**") are also crucial partners in co-financing infrastructure projects in developing countries. In addition to providing financial assistance to developing countries, MFIs also provide technical assistance, policy advice, capacity building, resource mobilisation and risk-sharing assessments to developing countries.

ECAs are a significant source of public financing for energy investments. These government-supported institutions offer loans, guarantees, and insurance to assist domestic companies involved in exports or overseas investments. While their main goal is to promote national trade and industry, ECAs also play a crucial role in enabling large-scale energy investments, particularly in emerging and developing economies.[12]

MDBs play an important role in financing infrastructure projects, particularly in developing countries that face significant funding challenges. These institutions offer financial support, as well as extensive technical, country, and sector knowledge that can help reduce operational risk and lower the risk of a project becoming distressed. With their strong, long-term relationships with governments, MDBs can reduce political risk affecting infrastructure project execution. MDBs can also help mobilise private

sources of finance and leverage additional resources beyond the MDB's own lending capacity.[13] In 2024, MDBs and development finance institutions mobilised US$278.5 billion in private capital globally, including US$108.7 billion in low- and middle-income countries, while private capital mobilisation for infrastructure increased by 10%[14].

Asian countries are increasingly looking to collaborate with the private sector to address their growing infrastructure needs. Private investment is expected to play a significantly larger role in financing infrastructure across the region. The Asian Infrastructure Investment Bank ("**AIIB**") aims to scale up its financing to reach an annual financing volume of US$17 billion by 2030, which includes direct mobilization of private capital. AIIB plans to substantially expand its private sector financing operations, targeting private sector financing — including AIIB's own financing and directly mobilised private capital — at 50% of annual financing by 2030.[15] By leading key transactions and actively engaging the private sector, AIIB intends to act as a catalyst for increasing overall funding available to its clients. Additionally, AIIB will support the growth of infrastructure finance markets and promote infrastructure as a recognized asset class.

The role of MDBs and ECAs in the project and infrastructure finance market

MDBs and ECAs are institutions founded with the primary purpose of providing key credit enhancement tools for project and infrastructure financing. These include guarantee and insurance products that protect against political and commercial risks.

Political risk guarantees generally cover the following political risks:

- currency inconvertibility and transfer restrictions;
- expropriation of assets by governments or government entities;
- wars, terrorism and civil disturbances;
- breaches of contract relating to sovereign intervention or interference, repudiation, etc.;
- changes in law, restricting performance under the finance documents; and
- moratorium by the country of the borrower or in any other country required to effect payment.

Commercial risk cover generally covers the following commercial risks:

- standard commercial risks, such as non-payment by the borrower (i.e., credit default) and other breaches of the finance documents by the obligors causing such a failure to pay;
- non-honouring of sovereign financial obligations;
- bankruptcy of the borrower;
- court decisions prohibiting borrower from making payments, or materially degrading the lenders' security package; and

Multilateral financial institutions

The presence of support by MFIs generally results in lenders having an increased likelihood of recovering exposures and obtaining claim payouts in full and on a timely basis. MFIs, such as the Multilateral Investment Guarantee Agency, the International Finance Corporation and the Asian Development Bank, have consistently demonstrated a strong willingness to work with sovereigns and borrowers in pre-default situations to protect the interests of private investors. As at the date of this Information Memorandum, the Multilateral Investment Guarantee Agency ("**MIGA**") has supported more than 1,000 projects and helped resolve approximately 225 possible claims without payment. It has paid 12 claims, most relating to war and civil disturbance, and MIGA-administered trust funds have paid an additional eight claims[16].

THE PORTFOLIO

The numbers and amounts in relation to the Portfolio and the Infra Debt Obligations as disclosed in this section are estimates of the numbers or amounts as of the Closing Date calculated as at the date of this Information Memorandum based on information available as at such date.

The Sponsor has applied the following key selection principles in establishing the Portfolio:

Structure and Sourcing

Geographic focus in selecting Infra Debt Obligations for the Portfolio is in the Africa, Asia-Pacific, Europe, the Middle East and South America regions. US$386.7 million, or 80.3 per cent. of the aggregate principal amount of the Portfolio are operational projects that generate cash flows (some of which may have ongoing ramp-up or additional works to achieve the intended full production capacity), while the remaining US$94.8 million, or 19.7 per cent. of the aggregate principal amount are projects where construction is ongoing but are generating cash flows, or are expected to generate cash flows by or around October 2026, to service the relevant projects.

Sourcing of all Infra Debt Obligations in the Portfolio have been from leading international and regional banks (each, an "**Originating Bank**"). Several Infra Debt Obligations are supported by ECAs and/or project sponsors through various forms of credit enhancement, such as guarantees and insurance.

Environmental, Social and Governance Assessment

The Sponsor has implemented corporate-wide policies and guidelines on E&S in respect of its business activities, including the establishment of the ESGC and the adoption of the ESG Guiding Principles and the Responsible Investment, Lending and Business Decision-making Principles of the Sponsor. The Sponsor has also established the IFS E&SG specifically for its IFS business which, together with the Sponsor's corporate-wide E&S policies and guidelines, form the basis of the Sponsor's E&S assessment and monitoring of the Portfolio.

To the extent practicable, the Sponsor is dedicated to adopt the Equator Principles for the Infra Debt Obligations in the Portfolio that are within the scope of the Equator Principles. For infrastructure loan assets that are not within the scope of the Equator Principles (e.g. loans that are not specific to an infrastructure project, or asset finance that is not part of an underlying project financing such as vessels), the investment team of the IFS Division will ensure compliance with the Sponsor's investment eligibility criteria by conducting due diligence based on review of secondary information, discussions with, and information provided by, the relevant sellers or obligors of the infrastructure loan assets, which may include the E&S Management System, E&S compliance and liabilities, and labour standards of the relevant obligor, to check if there are any material E&S concerns and the relevant obligors of such infrastructure loan assets adopt E&S standards that are consistent with market standard. All the Infra Debt Obligations are thoroughly assessed and evaluated by the Sponsor prior to their acquisition by the Sponsor as part of its investment and approval process before they are included in the Portfolio.

For more details on IFS E&SG, see the section entitled "*Description of the Sponsor and the Collateral Manager — IFS Business of the Sponsor — IFS E&SG*" of this Information Memorandum.

The Sponsor also has in place corporate-wide policies and guidelines which govern different aspects of its business activities. In addition, the Sponsor has also established the IFS CG for its IFS business which, together with the IFS RMG and the IFS RMR, provides for a structured approach to review, assess and evaluate compliance-related risks relating to infrastructure loan assets in any potential investment opportunities or those infrastructure loan assets already in the Sponsor's portfolio. All the Infra Debt Obligations are thoroughly assessed and evaluated by the Sponsor prior to their acquisition by the Sponsor as part of its investment and approval process before they are included in the Portfolio.

For more details on the corporate governance of the Sponsor and specifically on the risk management and governance for the IFS business of the Sponsor, see sections entitled "*Description of the Sponsor and the Collateral Manager — Governance of the Group*" and "*Description of the Sponsor and the Collateral Manager — Risk Management — Risk management and governance of the IFS business*" of this Information Memorandum.

SGS Framework

The SGS Framework, which was first issued by the Sponsor in September 2022 and updated in August 2025, demonstrates how the Sponsor intends to issue green, social and/or sustainability financing instruments. These instruments finance the purchase of green and/or social loans that meet the eligibility criteria stated in the SGS Framework. The Sponsor appointed Sustainable Fitch to provide a pre-issuance report relating to the Class A1-SU Notes. Sustainable Fitch has opined that the underlying projects of the Class A1-SU Notes meet the eligibility criteria established in the SGS Framework.

For more details on the SGS Framework, see section entitled "*Risk Factors — Whilst the Class A1-SU Notes being issued seek to comply with the ICMA Green Bond Principles, the ICMA Social Bond Principles and the ICMA Sustainability Bond Guidelines, where relevant, they may not be a suitable investment for all investors seeking exposure to green, social or sustainability assets*".

Currency, Interest Rate and Repayment

The majority of the Infra Debt Obligations in the Portfolio are US Dollar-denominated floating rate loans or exposures, reflecting the US Dollar payment profile for interest and principal on the Notes. For the Infra Debt Obligations that are not denominated in US Dollars or bear interest which is not linked to SOFR, the Issuer has entered into or will from time to time enter into cross-currency swaps and/or interest rate swaps for the purpose of exchanging non-US Dollar amounts to US Dollar amounts and/or interest payments which are not linked to SOFR into interest payments linked to SOFR in accordance with Condition 12 (*Hedge Agreements*) between the Issuer and certain Hedge Counterparties. In selecting Infra Debt Obligations for the Portfolio, the Sponsor has assessed the adequacy of pricing for each of the Infra Debt Obligations with reference to the credit profile of the underlying project, the expected credit estimates or credit ratings assignable to each Infra Debt Obligation, and the presence of any applicable credit enhancement.

The Infra Debt Obligations in the Portfolio are generally subject to fixed loan repayment schedules but the Sponsor's selection criteria permit (subject to the credit profile of the relevant Infra Debt Obligation) a portion of the Infra Debt Obligations in the Portfolio to have certain repayment features, such as cash sweeps, balloon repayments and limited principal deferral mechanisms.

The aggregate principal amount of any single Infra Debt Obligation in the current Portfolio ranges from US$2.0 million to US$34.7 million.

Acquisition of the Portfolio

It is expected that, as at the Closing Date, the Portfolio will consist of 42 Infra Debt Obligations in respect of 32 projects, with an aggregate principal amount of US$481.5 million.

The Retained IDOs are expected to form part of the Portfolio as of the Closing Date. In addition, the Issuer acquired certain Infra Debt Obligations from the Sponsor and the Originating Banks for an aggregate acquisition consideration of US$310.3 million (of which approximately US$10.4 million is expected to relate to Undrawn Commitments as at the Closing Date). The Issuer has incurred the Redemption Loan and the Warehouse Loans, the principal amount of which will be repaid on the Closing Date (using the net proceeds from the issue of the Notes) and the Deferred RSLD Interest and Income will

be novated as payment obligations under the Closing Sponsor Loans Agreement instead. The funding of the Warehouse Loans made available under the Refinancing Sponsor Loans Deed was used to fund the acquisition of the Pre-funded IDOs.

The Issuer will apply the net proceeds from the issue of the Notes to repay all of the amounts then due and payable by the Issuer to the Sponsor under the Refinancing Sponsor Loans Deed (excluding, for the avoidance of doubt, any Deferred RSLD Interest and Income) on the Closing Date, pay the acquisition price for the Portfolio (except for the Infra Debt Obligations already acquired by the Issuer before with the proceeds made available pursuant to the Refinancing Sponsor Loans Deed) on the Closing Date, make a deposit equal to the Undrawn Commitment Amount in the Undrawn Commitment Account, credit the Excess Note Issuance Proceeds to the Principal Account and credit the remaining balance to the Interest Account.

It is expected that as at the Closing Date, within the Portfolio:

(a) US$171.2 million in aggregate principal amount of Infra Debt Obligations (comprising 35.6 per cent. of the Infra Debt Obligations in the Portfolio) will originate from the portfolio of the Existing Notes, which were retained by the Issuer following the Existing Notes Redemption Date up to the Closing Date;

(b) US$161.6 million in aggregate principal amount of Infra Debt Obligations (comprising 33.6 per cent. of the Infra Debt Obligations in the Portfolio) will be acquired directly from HKMC pursuant to the Sponsor Purchase and Sale Agreement under which HKMC has agreed to transfer its rights and obligations to the Issuer under each of the Infra Debt Obligations that are the subject of the Sponsor Purchase and Sale Agreement. In these instances, the Issuer will succeed to the rights and obligations of HKMC under the relevant Credit Documentation in respect of such Infra Debt Obligations and will be deemed to have the same rights against the underlying Obligors as each of the other lenders of the relevant Infra Debt Obligations;

(c) US$18.9 million in aggregate principal amount of Infra Debt Obligations (comprising 3.9 per cent. of the Infra Debt Obligations in the Portfolio) will be acquired directly from Originating Banks with the proceeds made available pursuant to the Refinancing Sponsor Loans Deed, each pursuant to an Originating Bank Transfer Agreement, under which the relevant Originating Bank has agreed to transfer its rights and obligations by way of novation to the Issuer under the relevant Infra Debt Obligation. In these instances, the Issuer will succeed to the rights and obligations of the relevant Originating Banks under the relevant Credit Documentation in respect of such Infra Debt Obligations and will be deemed to have the same rights against the underlying Obligors as each of the other lenders of the relevant Infra Debt Obligations; and

(d) the remaining US$129.8 million in aggregate principal amount of Infra Debt Obligations (comprising 27.0 per cent. of the Infra Debt Obligations in the Portfolio) were not capable of being directly assigned or novated to the Issuer as a result of various factors such as contractual limitations and third-party consent requirements. In accordance with the Sponsor Collateral Acquisition Agreements, the Issuer will either (a) where HKMC held the loan as a funded participation, succeed to the rights and obligations of HKMC under the underlying participation agreements between HKMC and the relevant Eligible Originating Banks or (b) where the loan was able to be transferred to HKMC by way of novation, enter into a funded participation agreement with HKMC in respect of the relevant loan which is to be acquired from the Sponsor. In other cases, the Issuer entered into a funded participation with an Eligible Originating Bank pursuant to a Participation Agreement. These participation arrangements do not result in a contractual relationship between the Issuer and the Obligor of the underlying Infra Debt Obligations, and the Issuer will therefore only be able to enforce compliance by the Obligor with the terms of the relevant Credit Documentation in respect of such Infra Debt Obligations by acting (if such actions

are permitted under the terms of the relevant participation agreements) through the relevant Originating Banks or HKMC (as applicable). See "*Risk Factors — Risks relating to the Portfolio — A portion of the Portfolio will consist of Participations, which have limited rights vis-à-vis Obligors and collateral compared with Novations*".

In the case of (b) above, the Issuer will be responsible for undrawn or partially drawn commitments that may be required to be funded in the future. The aggregate principal amount of such undrawn or partially drawn commitments is expected to be approximately US$10.4 million as at the Closing Date. The relevant Infra Debt Obligations were acquired directly from the Sponsor by novation pursuant to the Sponsor Purchase and Sale Agreement, and the Issuer will have the obligation to make available the Undrawn Commitment to the Obligors. See "*Risk Factors — Risks relating to the Portfolio — As at the Closing Date, the Portfolio includes Infra Debt Obligations where the Issuer has an unfunded lending commitment*".

Representations and Warranties

The Sponsor Purchase and Sale Agreement contains representations and warranties to be given by the Sponsor to the Issuer on the date of acquisition of each Infra Debt Obligation acquired by the Issuer from the Sponsor. Subject to agreed exceptions and materiality qualifications, the Sponsor's material asset representations and warranties in respect of Infra Debt Obligations acquired by the Issuer from the Sponsor will include warranties as to the following:

(a) that the Sponsor is, immediately prior to sale by it, the sole legal and beneficial owner of and has good and marketable title to each Infra Debt Obligation;

(b) the Sponsor will convey each Infra Debt Obligation to the Issuer free and clear of any encumbrance and with full title guarantee; and

(c) that to the best of the Sponsor's knowledge, all amounts due and payable to the Sponsor under the related Credit Documentation and/or Participation Agreement have been paid and Sponsor as Seller has not at any time in the 12 months prior to the date of the Sponsor Purchase and Sale Agreement received from any agent or trustee under the relevant Credit Documentation or from the grantor under the relevant Participation Agreement notice of any event of default that has not been remedied or waived, other than as expressly disclosed to the Issuer.

Summary of the Portfolio

The following is a summary of certain information relating to the Portfolio as at the Closing Date. The portfolio-level information below has been aggregated for all 42 Infra Debt Obligations in respect of 32 projects. Unless otherwise indicated, the numbers, amounts or other data in relation to the Portfolio and the Infra Debt Obligations as disclosed in this section are estimates as of the Closing Date, determined or calculated as at the date of this Information Memorandum based on information available as at such date.

DESCRIPTION OF THE COLLATERAL MANAGEMENT AND ADMINISTRATION AGREEMENT

The following description of the Collateral Management and Administration Agreement summarises certain provisions of the Collateral Management and Administration Agreement which does not purport to be complete and is qualified by reference to the detailed provisions of the Collateral Management and Administration Agreement. Capitalised terms used in this section and not defined in this Information Memorandum shall have the meaning given to them in the Collateral Management and Administration Agreement.

General

The Issuer has appointed the Collateral Manager to provide certain investment management functions in accordance with the Collateral Management and Administration Agreement, and to perform certain administrative and advisory functions on behalf of the Issuer in accordance with the applicable provisions of the Collateral Management and Administration Agreement. The Issuer has, in the Collateral Management and Administration Agreement, delegated to the Collateral Manager the discretion to select and manage the Portfolio. In accordance with the Collateral Management and Administration Agreement, the Issuer shall delegate authority to the Collateral Manager to carry out certain of its functions in relation to the Portfolio without the requirement for specific approval by the Issuer.

Duties of the Collateral Manager

In accordance with the terms of the Collateral Management and Administration Agreement, the Collateral Manager will be responsible for the management of the Infra Debt Obligations, including, without limitation:

(a) selecting, acquiring, monitoring, managing and disposing of the Infra Debt Obligations;

(b) exercising all rights and remedies of the Issuer as a holder of, or the person beneficially entitled to, any of the assets in the Portfolio (subject to the limitations in the Management Criteria);

(c) instructing on behalf of the Issuer any trustee or agent of any Defaulted Obligation to enforce the Issuer's rights under the relevant Credit Documentation or any applicable law, rule or regulation;

(d) implementing or effectuating any redemption (optional or mandatory) or Refinancing contemplated or permitted by the Conditions or the Trust Deed;

(e) arranging and negotiating the entry into, modification and/or termination (in whole or in part) of any Hedge Agreement and any transaction thereunder;

(f) procuring, renewing, making claims under, terminating or selling any Risk Protection with respect to any Infra Debt Obligation (other than a Defaulted Obligation);

(g) investing in Eligible Fixed Deposits;

(h) exercising voting or other rights with respect to the Infra Debt Obligations, attending meetings and otherwise representing the interests of the Issuer in connection with the management of the Infra Debt Obligations;

(i) providing notices to and requesting, directing, disputing and approving action on the part of the Issuer;

(j) converting any amounts in the Accounts denominated in a currency to another currency, including through entering into spot and/or forward exchange transactions;

(k) opening any additional accounts;

(l) negotiating the terms of, and executing and delivering on behalf of the Issuer, any and all documents (including, without limitation, deeds) and instruments which the Collateral Manager, in its absolute discretion, considers to be necessary in connection with the rights and obligations of the Issuer delegated under the Collateral Management and Administration Agreement;

(m) applying for, renewing or maintaining any exemption and managing any compliance issue arising under the Money Lenders Ordinance (Cap.163 of the Laws of Hong Kong) and certain related functions; and

(n) determining whether, and the appropriate timing, to amend the name of the Issuer and taking such steps as it may determine as appropriate to effectuate and/or assisting the Issuer with such amendment,

and, in respect of Infra Debt Obligations that are debt securities, directing the Custodian to take any of the applicable foregoing actions.

In accordance with the Collateral Management and Administration Agreement, the Collateral Manager is required to comply with all terms and conditions in the Collateral Management and Administration Agreement and to perform its obligations under the Transaction Documents with reasonable care, (i) using a degree of skill and attention no less than that which the Collateral Manager exercises with respect to comparable assets that it manages for itself and others having similar investment objectives and restrictions, and (ii) to the extent not inconsistent with limb (i) above, in a manner consistent with the Collateral Manager's customary standards, policies and procedures in performing duties under the Collateral Management and Administration Agreement or under any Transaction Document (the "**Standard of Care**").

The Collateral Manager, the Collateral Manager Related Parties and their shareholders, directors, Officers, members, attorneys, partners, advisers, agents and employees shall not be liable (whether directly or indirectly, in contract or in tort or otherwise) to the Issuer, the Trustee, the Agents, the Account Bank, the Custodian, the Noteholders, the Secured Parties or any other Person for Liabilities and Expenses (as defined in the Collateral Management and Administration Agreement) properly incurred by the Issuer, the Trustee, the Agents, the Account Bank, the Custodian, the Noteholders, the Secured Parties or any other Person that arise out of or in connection with the performance by the Collateral Manager of its duties under the Collateral Management and Administration Agreement or any other Transaction Document in accordance with the Standard of Care, **provided that** nothing shall relieve the Collateral Manager from liability to the Issuer and the Trustee (for the benefit of itself, the Noteholders and the other Secured Parties) for any and all Liabilities and reasonable Expenses properly incurred by the Issuer, or as the case may be, the Trustee or the Noteholders (which shall not extend to any special, indirect, punitive, incidental or consequential loss or damage of any kind, including but not limited to loss of business, goodwill, opportunity or profit, and whether or not foreseeable) in respect of or arising out of: (i) acts or omissions constituting fraud, wilful default or gross negligence (with such term given its meaning under English law) of the Collateral Manager in the performance, or reckless disregard, of its obligations under the Collateral Management and Administration Agreement or the terms of any other Transaction Document; (ii) the Sponsor and Collateral Manager Information containing untrue statement of material fact, which makes statements therein, in the light of the circumstances under which they were made, misleading; or (iii) the Sponsor and Collateral Manager Information omitting to state a material fact, which makes statements therein, in the light of the circumstances under which they were made, misleading (each, a "**Collateral Manager Breach**"), except, in each case, to the extent that any such Liability or Expenses would not have been incurred but for any act or omission constituting fraud, wilful default or gross negligence by the Issuer or the Trustee, as the case may be.

The Issuer will indemnify and hold harmless the Collateral Manager (for itself and the other Relevant Parties) from and against any and all Liabilities incurred by the Collateral Manager or other Relevant Parties as a result of the actions taken, or for any acts or omissions by the Issuer, under or in connection with the Collateral Management and Administration Agreement or any other Transaction Document; **provided that** the Issuer will not indemnify the Collateral Manager or other Relevant Parties for any Liabilities and Expenses incurred as a result of any Collateral Manager Breach. The Collateral Manager shall, subject to the provisions of the Collateral Management and Administration Agreement, indemnify and hold harmless the Issuer and the Trustee (for the benefit of itself, the Noteholders and the other Secured Parties) in the manner set out in the Collateral Management and Administration Agreement.

In accordance with the terms of the Collateral Management and Administration Agreement, the Issuer will be required to prepare certain reports with respect to the Infra Debt Obligations. The Transaction Administrator will assist the Issuer and the Collateral Manager in compiling these reports. The Collateral Manager has agreed, in the Collateral Management and Administration Agreement, that it will co-operate with the Transaction Administrator in the preparation of such reports.

The Collateral Manager shall seek Moody's Rating Factor updates on the Infra Debt Obligations from the Rating Agency at least 20 Business Days before each anniversary date of the Closing Date, and for such purposes shall provide in good faith all information, reports and documents required by the Rating Agency in order to provide the Moody's Rating Factor updates on the Infra Debt Obligations.

The Collateral Manager is not licenced to conduct Type 9 regulated activity (asset management) under the Securities and Futures Ordinance in Hong Kong. To the extent that the Portfolio comprises any securities (for the purpose of the Securities and Futures Ordinance), the Collateral Manager will use reasonable endeavours to promptly appoint a licenced manager to carry out the obligations of the Collateral Manager in relation to such securities to the extent they constitute Type 9 regulated activity for the purpose of the Securities and Futures Ordinance. Such licenced manager shall have all the power and authority given to the Collateral Manager under the Collateral Management and Administration Agreement to deal with such securities on behalf of the Issuer. The Collateral Manager shall not be relieved of any of its duties by the third parties employed by the Collateral Manager for such purpose regardless of the performance of services by such third parties.

Sale of Infra Debt Obligations

The Collateral Manager, acting on behalf of the Issuer, may, always in accordance with the Management Criteria, sell any Infra Debt Obligation that has become a Defaulted Obligation, a Credit Risk Obligation or is otherwise reasonably expected to become credit impaired in the reasonable opinion of the Collateral Manager, **provided that** in relation to the sale of a Credit Risk Obligation only, the aggregate principal amount of all Credit Risk Obligations that are so disposed of by the Collateral Manager does not exceed 30 per cent. of the Collateral Principal Amount (calculated as of the Closing Date) in any given 12-month period. Any sale of Credit Risk Obligations exceeding such threshold shall be subject to a Rating Agency Confirmation.

In addition, the Collateral Manager, may, acting on behalf of the Issuer, at its sole discretion, dispose (i) during the Reinvestment Period and prior to the redemption in full of the Class A1-SU Notes, any Infra Debt Obligation that is not an Eligible Sustainability Infra Debt Obligation (a "**Non-Eligible Sustainability Infra Debt Obligation**"), **provided that** the Collateral Manager shall use reasonable endeavours to use the Disposal Proceeds of such Infra Debt Obligation to acquire one or more Eligible Sustainability Infra Debt Obligations and (where the acquisition price of such Eligible Sustainability Infra Debt Obligations is less than the Disposal Proceeds) the remaining amount of such Disposal Proceeds shall be applied in accordance with the applicable Priority of Payments, or (ii) at any time any Infra Debt Obligation that is subject to or, in the sole opinion of the Collateral Manager, will be subject to a Collateral Tax Event.

No such sale of an Infra Debt Obligation shall be permitted if such sale would either (i) result in a breach of a Coverage Test, or (ii) where a Coverage Test was already breached prior to such sale, result in a further deterioration in such Coverage Test.

Any Disposal Proceeds (other than accrued interest on such Infra Debt Obligations included in Interest Proceeds by the Collateral Manager) received in connection with a sale conducted by the Collateral Manager in accordance with the paragraphs above may be used for acquisition of Reinvestment Infra Debt Obligations during the Reinvestment Period, subject to such Reinvestment Infra Debt Obligations satisfying the Reinvestment Criteria, or credited to the Principal Account pending such acquisition.

Reinvestment of Infra Debt Obligations

The Infra Debt Obligations in the Portfolio are expected to remain relatively stable on, and from, the Closing Date. The Collateral Manager is only permitted to acquire Reinvestment Infra Debt Obligations during the Reinvestment Period in certain limited circumstances. Such circumstances include (i) the early repayment of an Infra Debt Obligation in full during the Reinvestment Period, (ii) the cancellation of an Undrawn Commitment (or the expiry of the availability period relating to an Undrawn Commitment) during the Reinvestment Period, (iii) where an Infra Debt Obligation has become a Refinancing (Obligor) Infra Debt Obligation (subject to the conditions set out in the next paragraph below), (iv) where an Infra Debt Obligation has been sold because it has become a Defaulted Obligation or a Credit Risk Obligation, or was reasonably expected to become credit impaired in the reasonable opinion of the Collateral Manager, or was otherwise subject to, or in the sole opinion of the Collateral Manager, will be subject to a Collateral Tax Event, or (v) where a Non-Eligible Sustainability Infra Debt Obligation disposed of during the Reinvestment Period is to be replaced by one or more Eligible Sustainability Infra Debt Obligations. Each Reinvestment Infra Debt Obligation must meet the Reinvestment Criteria and (in the case of an Eligible Sustainability Infra Debt Obligation) constitutes an Eligible Asset as defined in the SGS Framework for inclusion in the Portfolio, thereby ensuring that any Reinvestment Infra Debt Obligations are calibrated to a similar quality as the Infra Debt Obligations that may from time to time be replaced.

In respect of any Refinancing (Obligor) Infra Debt Obligation, the Issuer (or the Collateral Manager on the Issuer's behalf) may participate in the refinancing of such Refinancing (Obligor) Infra Debt Obligation during the Reinvestment Period without requiring any Rating Agency Confirmation (unless otherwise provided for in sub-paragraph (i) below) so long as, after giving effect to such refinancing:

(a) the Infra Debt Obligation Stated Maturity of such Refinancing (Obligor) Infra Debt Obligation is not later than the Maturity Date of the Notes;

(b) after taking into account the Principal Balance of such Refinancing (Obligor) Infra Debt Obligation, the Aggregate Principal Balance of all Infra Debt Obligations in respect of which Maturity Amendments have been made and refinancings in which the Issuer has participated shall not exceed 15 per cent. of the aggregate Collateral Principal Amount measured as of the Closing Date (the "**Maturity Amendment and Refinancing Limit**"), although, for the avoidance of doubt, Aggregate Principal Balance of all Infra Debt Obligations that are or were the subject of Issuer Non-Voting Maturity Amendments shall be excluded from this calculation;

(c) such Refinancing (Obligor) Infra Debt Obligation is neither a Credit Risk Obligation nor a Defaulted Obligation;

(d) the refinancing of such Refinancing (Obligor) Infra Debt Obligation is not, in the reasonable opinion of the Collateral Manager, caused by any distress of the relevant Obligor;

(e) the interest rate of the Refinancing (Obligor) Infra Debt Obligation following such refinancing, inclusive of any upfront fees applicable to such refinancing to be paid to the Issuer but disregarding

the benchmark rate applicable to it, is not lower than 80 per cent. of the original interest rate (disregarding the benchmark rate applicable to it), **provided that**, solely for the purpose of calculating such threshold, if the upfront fee component included in the interest rate of such Refinancing (Obligor) Infra Debt Obligation exceeds 0.15 per cent. per annum, it shall be deemed to be 0.15 per cent. per annum, disregarding any excess value;

(f) the currency in which the Refinancing (Obligor) Infra Debt Obligation is denominated remains the same as before, or becomes US Dollars following, such refinancing;

(g) the interest rate type (being fixed or floating) and, in the case of a floating rate Infra Debt Obligation, the interest rate benchmark remains unchanged following such refinancing, **provided that**, if such Refinancing (Obligor) Infra Debt Obligation is subject to a Hedge Agreement prior to such refinancing, a change in its interest rate type from fixed to floating shall be permitted;

(h) if such Refinancing (Obligor) Infra Debt Obligation Infra Debt Obligation is not held by the Issuer through a funded participation prior to such refinancing, it shall not be held through a funded participation following such refinancing;

(i) if such Refinancing (Obligor) Infra Debt Obligation is subject to a Hedge Agreement prior to such refinancing, the Issuer (or the Collateral Manager acting on its behalf) reasonably expects that, within two Business Days following such refinancing, the Issuer will unwind or amend the corresponding Hedge Agreement so that the Issuer's hedge positions under such Hedge Agreement are adjusted to reflect the revised payment profile of such Infra Debt Obligation following such refinancing, **provided that** Rating Agency Confirmation in respect of unwind and/or amendment to the Hedge Agreement shall have been obtained prior to such refinancing; and

(j) in the reasonable opinion of the Collateral Manager, the changes to all terms of the Infra Debt Obligation pursuant to such refinancing (other than maturity and interest rate) are immaterial to its credit quality.

For the avoidance of doubt, any upfront fees received under the refinancings of Refinancing (Obligor) Infra Debt Obligations in which the Issuer participates shall be treated as Principal Proceeds and applied on the relevant Notes Payment Date in accordance with the Principal Priority of Payments.

"**Reinvestment Criteria**" with respect to an Infra Debt Obligation proposed for acquisition by the Issuer using Reinvestment Proceeds in accordance with the Collateral Management and Administration Agreement, shall mean the criteria set out below:

(a) to the Collateral Manager's actual knowledge (without the need for inquiry or investigation), no Note Event of Default has occurred that is continuing at the time of such acquisition;

(b) if so required in accordance with the Collateral Management and Administration Agreement, a Rating Agency Confirmation from the Rating Agency has been obtained by the Issuer (with a copy to the Collateral Manager) prior to the Infra Debt Obligation being acquired by the Issuer; and

(c) if the commitment to make such acquisition occurs on or after the Closing Date (or, in the case of the Interest Coverage Tests, on or after the Determination Date occurring immediately prior to the second Notes Payment Date), the acquisition of such Infra Debt Obligation by the Issuer will result in each Coverage Test being satisfied after giving effect to the settlement of such acquisition,

provided that, for the avoidance of doubt, with respect to any Infra Debt Obligation for which the relevant trade date (as specified in the agreement pursuant to which the Issuer acquires such Infra Debt Obligation) has occurred during the Reinvestment Period but which settles after the expiry of the

Reinvestment Period, the acquisition of such Reinvestment Infra Debt Obligation shall be treated as an acquisition made during the Reinvestment Period for purposes of the Trust Deed.

Risk Protection in respect of Infra Debt Obligations

Where an Infra Debt Obligation (other than a Defaulted Obligation) is, in the reasonable judgment of the Collateral Manager (which judgment shall not be called into question by any Person in consideration of any subsequent events), at risk of becoming a Credit Risk Obligation or is otherwise reasonably expected to become credit impaired, the Issuer or the Collateral Manager (acting on behalf of the Issuer) may, at any time, procure and/or renew any Risk Protection (including, without limitation, any insurance) in respect of such Infra Debt Obligation to protect the Issuer against the relevant risk or potential financial loss as it deems necessary and appropriate by applying any amount standing to the credit of the Risk Protection Reserve Account. If the amount standing to the credit of the Risk Protection Reserve Account is insufficient for the purpose of procuring and/or renewing a Risk Protection, the Collateral Manager (acting on behalf of the Issuer) may:

(a) if it reasonably considers that such procurement and/or renewal of any such Risk Protection may occur on or after a Notes Payment Date, on the Business Day prior to such Notes Payment Date, direct that an amount of the Interest Proceeds in respect of the relevant Due Period to be disbursed in accordance with the Priorities of Payments be paid into the Risk Protection Reserve Account on such Notes Payment Date; or

(b) otherwise, on any day and in accordance with the terms of the Closing Sponsor Loans Agreement, submit a utilisation request for the drawdown of a Multi-Purpose Sponsor Loan in any amount, providing the Transaction Administrator with a copy of such utilisation request and the Closing Sponsor Loans Agreement, **provided that** in respect of the initial interest period thereunder only:

    (i) on the date that the Collateral Manager submits such utilisation request, the Collateral Manager shall request, in writing, the Calculation Agent (copied to the Transaction Administrator) to calculate the applicable interest rate in respect of such initial interest period; and

    (ii) following such request, the Calculation Agent shall notify the Collateral Manager and the Transaction Administrator of the applicable interest rate as soon as reasonably practicable but in any event no later than one Business Day after the Interest Determination Date (as defined in the Closing Sponsor Loans Agreement).

The Collateral Manager may take any action which it, in its sole discretion, deems necessary or appropriate for the purpose of maintaining and making any claims under any Risk Protection procured, and terminate or sell any Risk Protection procured in accordance with the terms of the Collateral Management and Administration Agreement.

The Collateral Manager shall designate amounts received in respect of any Risk Protection procured by the Collateral Manager as Principal Proceeds or Interest Proceeds, as applicable, and the Issuer shall procure that such amounts are paid from the Collection Account (USD) into the Principal Account or Interest Account, as applicable.

Overpaid Amounts and Non-Waterfall Amounts

The Collateral Manager will determine whether any of the amounts standing to the credit of the Collection Accounts is an Overpaid Amount or a Non-Waterfall Amount and, if so determined by the Collateral Manager and notified to the Transaction Administrator in accordance with the Collateral Management and Administration Agreement, the Transaction Administrator shall direct the Account

Bank to (x) return such Overpaid Amount or Non-Waterfall Amount to the relevant Person as soon as reasonably practicable and (y) in the meantime, continue to hold such Overpaid Amount, or as the case may be, such Non-Waterfall Amount in the Collection Accounts on account for such Person.

Transfer of Balances

All amounts standing to the credit of the Collection Account (USD) and the Swap Proceeds Account (to the extent that such amounts are not Interest Proceeds as determined by the Transaction Administrator, Overpaid Amounts or Non-Waterfall Amounts as determined by the Collateral Manager and notified to the Transaction Administrator) and the Principal Account shall be transferred to the Payment Account and shall constitute Principal Proceeds on the Business Day prior to any redemption of the Notes in full, and all amounts standing to the credit of each of the Interest Account, the Collection Account (USD) and the Swap Proceeds Account (to the extent that such amounts are not Principal Proceeds as determined by the Transaction Administrator or Overpaid Amounts or Non-Waterfall Amounts as determined by the Collateral Manager in accordance with the Collateral Management and Administration Agreement), the General Reserve Account, the Hedge Reserve Account and the Risk Protection Reserve Account shall be transferred to the Payment Account as Interest Proceeds on the Business Day prior to any redemption of the Notes in full.

Amendments to Infra Debt Obligations

The Issuer (or the Collateral Manager on the Issuer's behalf) may vote in favour of any Maturity Amendment without requiring any Rating Agency Confirmation (unless otherwise provided for in sub-paragraph (v) below) so long as, after giving effect to such Maturity Amendment, (i) the Infra Debt Obligation Stated Maturity of the Infra Debt Obligation that is the subject of such Maturity Amendment is not later than the Maturity Date of the Notes, (ii) after taking into account the Principal Balance of the Infra Debt Obligation that is the subject of the proposed Maturity Amendment, the Maturity Amendment and Refinancing Limit shall not be exceeded, although, for the avoidance of doubt, Aggregate Principal Balance of all Infra Debt Obligations that are or were the subject of Issuer Non-Voting Maturity Amendments shall be excluded from this calculation, (iii) the Infra Debt Obligation that is the subject of such Maturity Amendment is neither a Credit Risk Obligation nor a Defaulted Obligation, (iv) such Maturity Amendment is not, in the reasonable opinion of the Collateral Manager, caused by any distress of the relevant Obligor, and (v) in respect of any Infra Debt Obligation that is subject to a Hedge Agreement prior to such Maturity Amendment, the Issuer (or the Collateral Manager acting on its behalf) reasonably expects that, within two Business Days following such Maturity Amendment, the Issuer will unwind or amend the corresponding Hedge Agreement so that the Issuer's hedge positions under such Hedge Agreement are adjusted to reflect the revised payment profile of such Infra Debt Obligation following such Maturity Amendment, **provided that** Rating Agency Confirmation in respect of unwind and/or amendment to the Hedge Agreement shall have been obtained prior to such Maturity Amendment. For the purposes of this covenant, an "**Issuer Non-Voting Maturity Amendment**" shall mean any Maturity Amendment that is effected in relation to (x) an Infra Debt Obligation which has been acquired as a Participation, the terms of which provide that the Originating Bank or the Sponsor and not the Issuer will be entitled to vote its interests under such Participation, or (y) an Infra Debt Obligation in respect of which such Maturity Amendment was made notwithstanding a contrary vote from the Issuer, whether pursuant to a customary creditor voting process, a scheme of arrangement, or otherwise.

The Issuer (or the Collateral Manager on the Issuer's behalf) shall not consent to any Maturity Amendment which would result in the Maturity Amendment and Refinancing Limit being exceeded unless it obtains a Rating Agency Confirmation with respect to such Maturity Amendment.

Expiry of the Reinvestment Criteria Certification

Immediately preceding the end of the Reinvestment Period, the Collateral Manager will deliver to the Trustee and the Transaction Administrator a schedule of Infra Debt Obligations which the Issuer has

agreed to acquire, but which have not yet been settled, and will certify to the Trustee that sufficient Principal Proceeds are available (including, for this purpose, cash on deposit in the Principal Account, any scheduled distributions of Principal Proceeds, as well as any Principal Proceeds that will be received by the Issuer from the sale of Infra Debt Obligations for which the trade date has already occurred, but for which the settlement date has not yet occurred) to effect the settlement of such Infra Debt Obligations.

Accrued Interest

Amounts included in the acquisition price of any Infra Debt Obligation comprising accrued interest thereon may be paid from the Interest Account or the Principal Account at the discretion of the Collateral Manager (acting on behalf of the Issuer), but subject to the terms of the Collateral Management and Administration Agreement and Condition 3(j) (*Payments to and from the Accounts*). Notwithstanding the foregoing, in any Due Period, all payments of interest and proceeds of sale received during such Due Period in relation to any Infra Debt Obligation, in each case, to the extent that such amounts represent accrued and/or capitalised interest in respect of such Infra Debt Obligation, which was acquired at the time of acquisition thereof with Principal Proceeds, shall be deposited into the Principal Account as Principal Proceeds.

Coverage Tests

The Coverage Tests will consist of the Class A/B Overcollateralisation Test, the Class C Overcollateralisation Test, the Class D Overcollateralisation Test, the Class A/B Interest Coverage Test, the Class C Interest Coverage Test and the Class D Interest Coverage Test.

The Coverage Tests will be used primarily to determine whether interest may be paid on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, or whether Interest Proceeds which would otherwise be used to pay interest on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes must instead be used to pay principal on the Notes in accordance with the relevant Priorities of Payments, in each case to the extent necessary to cause the Coverage Tests relating to the relevant Class of Notes to be met.

The Overcollateralisation Tests shall be satisfied on each Measurement Date, if the corresponding Overcollateralisation Ratio is at least equal to the percentage specified in the table below in relation to that Coverage Test.

The Interest Coverage Tests shall be satisfied on each Measurement Date occurring on and after the Determination Date immediately preceding the second Notes Payment Date, if the corresponding Interest Coverage Ratio is at least equal to the Trigger Level specified in the table below in relation to that Coverage Test.

Coverage Test	Ratio as at the Closing Date	Trigger level	Cushion
Class A/B Overcollateralisation Test	115.5%	110.5%	5.0%
Class C Overcollateralisation Test	110.8%	107.1%	3.7%
Class D Overcollateralisation Test	105.3%	103.5%	1.8%
Class A/B Interest Coverage Test	N/A	110.0%	N/A
Class C Interest Coverage Test	N/A	107.5%	N/A
Class D Interest Coverage Test	N/A	101.0%	N/A

Collateral Management Fees

As compensation for the performance of its obligations under the Collateral Management and Administration Agreement, the Collateral Manager (and/or, at its direction, a Collateral Manager Related Party) will be entitled to receive from the Issuer on each Notes Payment Date a management fee equal to 0.3 per cent. per annum (pro-rated for each Collateral Management Fee Due Period on the basis of a

360-day year and the actual number of days elapsed in such Collateral Management Fee Due Period) of the Collateral Principal Amount measured as of the first day of the Collateral Management Fee Due Period (or, if such day is not a Business Day, the next day which is a Business Day) immediately preceding such Notes Payment Date comprising (i) a senior collateral management fee of 0.1 per cent. per annum of the Collateral Principal Amount that is senior in payment priority to the Notes but subordinated to taxes, certain fees and expenses of the Issuer in respect of each Collateral Management Fee Due Period in accordance with the Collateral Management and Administration Agreement (the "**Senior Collateral Management Fee**"); and (ii) a junior collateral management fee of 0.2 per cent. per annum of the Collateral Principal Amount that is subordinated to the Senior Notes in respect of each Collateral Management Fee Due Period in accordance with the Collateral Management and Administration Agreement (the "**Junior Collateral Management Fee**" and, together with the Senior Collateral Management Fee, the "**Collateral Management Fees**").

If amounts distributable on any Notes Payment Date in accordance with the Priorities of Payments are insufficient to pay the Senior Collateral Management Fee, the Junior Collateral Management Fee or the Deferred Collateral Management Amounts, as applicable, in full, then a portion of such Senior Collateral Management Fee, the Junior Collateral Management Fee or the Deferred Collateral Management Amounts, as applicable, equal to the shortfall will be deferred and will be payable on subsequent Notes Payment Dates on which funds are available therefor, according to the Priorities of Payments.

The Collateral Manager, in respect of any Senior Collateral Management Fee or Junior Collateral Management Fee due to be paid to it on a Notes Payment Date, may, in its sole discretion, elect to (i) defer any Senior Collateral Management Fee or Junior Collateral Management Fee, (ii) irrevocably waive any Senior Collateral Management Fee or Junior Collateral Management Fee, and/or (iii) direct the Issuer to pay any Senior Collateral Management Fee or Junior Collateral Management Fee, or any part thereof, to a Collateral Manager Related Party. Any amounts so deferred pursuant to (i) above or waived pursuant to (ii) above (the "**Deferred Collateral Management Amounts**") shall be applied in accordance with the Priorities of Payments. To the extent that the Collateral Manager elects to defer all or a portion thereof, and later rescinds such deferral election, such deferred amounts, as applicable, will be payable on subsequent Notes Payment Dates in accordance with the Priorities of Payments.

Any due and unpaid Collateral Management Fees and Deferred Collateral Management Amounts shall accrue interest at a rate per annum equal to the then applicable Benchmark from the date due and payable to the date of actual payment. Any amounts so waived pursuant to limb (ii) in the previous paragraph will cease to become due and payable and will not become due and payable at any time. Any amounts directed to be paid by the Collateral Manager to the Collateral Manager Related Party pursuant to limb (iii) in the previous paragraph will cease to become due and payable to the Collateral Manager upon proper receipt of those amounts by the nominated party.

In addition, the Collateral Manager, in respect of any Senior Collateral Management Fee due to be paid to it on a Notes Payment Date, may elect to designate for reinvestment in Reinvestment Infra Debt Obligations or redemption of Notes. If the Collateral Manager makes such election, any amount so designated shall be deposited in the Principal Account pending acquisition of Reinvestment Infra Debt Obligations or redemption of Notes.

All ordinary expenses, costs, fees, taxes, out-of-pocket expenses and brokerage fees properly incurred by the Collateral Manager in its capacity as such in the performance of its obligations under the Collateral Management and Administration Agreement (including, but not limited to, all reasonable expenses incurred by it on behalf of the Issuer to employ external advisers or consultants reasonably necessary in connection with the default or restructuring of any Infra Debt Obligation, or other extraordinary expenses arising in the performance of its duties under the Collateral Management and Administration Agreement and the Conditions) shall be reimbursed in full (together with any irrecoverable value-added tax or equivalent tax thereon) by the Issuer to the Collateral Manager as Administrative Expenses to the extent

funds are available therefor in accordance with, and subject to the limitations contained, in the Conditions and the Priorities of Payments.

Fees payable to, and costs and expenses of, the Collateral Manager, shall accrue up to the date on which the Collateral Manager's appointment is terminated or the Collateral Manager resigns its appointment, as described further below. If the Collateral Management and Administration Agreement is terminated in accordance with the terms thereof or otherwise, the Senior Collateral Management Fee and the Junior Collateral Management Fee calculated as provided in the Collateral Management and Administration Agreement shall be prorated for any partial periods between Notes Payment Dates during which the Collateral Management and Administration Agreement was in effect, and shall be due and payable on the first Notes Payment Date following the date of such termination subject to the Priorities of Payments. For the avoidance of doubt, where the Collateral Manager has resigned or has been removed but is required to continue providing collateral management services until a successor has been appointed in accordance with the terms herein, the Collateral Manager shall continue to be entitled to the Collateral Management Fees, subject to the Priorities of Payments, until a successor has been appointed.

Termination of the Collateral Management and Administration Agreement

Subject to the paragraph below, the Collateral Management and Administration Agreement may be terminated, and the Collateral Manager may be removed, upon the occurrence of a Collateral Manager For Cause Event (i) at the Issuer's discretion; (ii) by the Trustee (subject to being indemnified and/or secured and or pre-funded to its satisfaction), at the direction of the Controlling Class (acting by Extraordinary Resolution); or (iii) by the holders of the Subordinated Notes acting by Extraordinary Resolution, in each case upon at least 30 days' prior written notice, **provided that** notice of such removal shall have been given to the holders of each Class of the Notes by the Issuer or the Trustee, as the case may be, in accordance with the Collateral Management and Administration Agreement.

In accordance with the terms of the Collateral Management and Administration Agreement, if the Collateral Manager becomes aware that a Collateral Manager For Cause Event has occurred, the Collateral Manager will be required to give prompt written notice thereof to the Issuer, the Trustee, the Transaction Administrator, the holders of all Outstanding Notes and each Rating Agency with respect to the Senior Notes upon the Collateral Manager becoming aware of the occurrence of such Collateral Manager For Cause Event.

The Collateral Management and Administration Agreement will automatically terminate upon the earliest to occur of (i) the repayment in full of the Notes, in accordance with their terms, (ii) the liquidation of the Portfolio and the final distribution of the proceeds of such liquidation as provided in the Transaction Documents, and (iii) the failure by the Issuer to issue the Notes by the Closing Date.

Any of the following events shall constitute a "**Collateral Manager For Cause Event**":

(i) that the Collateral Manager wilfully violated any material provision of the Collateral Management and Administration Agreement or any material provision of any other Transaction Document to which it is a party, or took any action which it knew was in material breach of any provision (unrelated to the economic performance of the Infra Debt Obligations) of the Collateral Management and Administration Agreement or any other Transaction Document applicable to it;

(ii) that the Collateral Manager breached in any respect any material provision of the Collateral Management and Administration Agreement as is applicable to it (other than as specified in paragraph (i) above), which breach:

  (A) has a material adverse effect on the Issuer or the interests of the Noteholders of any Class; and

(B) if capable of being cured, is not cured within 30 days of the Collateral Manager becoming aware of or the Collateral Manager receiving notice from the Trustee of such breach or, if such breach is not capable of cure within 30 days but is capable of being cured within a longer period, the Collateral Manager fails to cure such breach within the period in which a reasonably prudent Person could cure such breach (but in no event more than 60 days). Upon becoming aware of any such breach, the Collateral Manager shall give written notice thereof to the Issuer and the Trustee;

(iii) the Collateral Manager is wound up or dissolved (other than pursuant to a consolidation, amalgamation or merger) or there is appointed over it or a substantial part of its assets a liquidator, receiver, administrator, administrative receiver, trustee or similar officer; or the Collateral Manager (A) ceases to be able to, or admits in writing that it is unable to, pay its debts as they become due and payable, or makes a general assignment for the benefit of, or enters into any composition or arrangement with, its creditors generally; (B) applies for or consents (by admission of material allegations of a petition or otherwise) to the appointment of a liquidator, receiver, administrator, trustee, assignee, custodian or sequestrator (or other similar official) of the Collateral Manager or of any substantial part of its properties or assets, or authorises such an application or consent, or proceedings seeking such appointment are commenced against the Collateral Manager without such authorisation, consent or application and either continue undismissed for 45 days, or any such appointment is ordered by a court or regulatory body having jurisdiction; (C) authorises or files a voluntary petition in bankruptcy, or applies for or consents (by admission of material allegations of a petition or otherwise) to the application of any bankruptcy, reorganisation, arrangement, readjustment of debt, insolvency, dissolution, or similar law, or authorises such application or consent, or proceedings to such end are instituted against the Collateral Manager without such authorisation, application or consent and remain undismissed for 45 days or result in adjudication of bankruptcy or insolvency or the issuance of an order for relief; or (D) permits or suffers all or any substantial part of its properties or assets to be sequestered or attached by court order and the order remains undismissed for 45 days;

(iv) the occurrence of a Note Event of Default specified in paragraph (a)(i) (*Non-payment of interest*) or paragraph (a)(ii) (*Non-payment of principal*) of Condition 10 (*Note Events of Default*), which default is directly the result of any act or omission of the Collateral Manager resulting from a breach of the Collateral Manager's duties under the Collateral Management and Administration Agreement or any other Transaction Document, which breach or default is not cured within any applicable cure period set forth in the Conditions;

(v) any action is taken by the Collateral Manager (or any senior Officer of the Collateral Manager involved in the management of the Infra Debt Obligations) that constitutes fraud or criminal activity in the performance of the Collateral Manager's obligations under the Collateral Management and Administration Agreement or its other collateral management activities, or the Collateral Manager being found guilty of having committed a criminal offence materially related to the management of investments similar in nature and character to those which comprise the Collateral; or

(vi) any legal, regulatory or other authorisations which are necessary for the performance of the Collateral Manager's obligations under any applicable laws are not in place, or the performance by the Collateral Manager in accordance with the Collateral Management and Administration Agreement and the other Transaction Documents is in breach of any applicable laws, except for those jurisdictions in which the failure to be so qualified, authorised or licensed would not have a material adverse effect on the business, operations, assets or financial condition of the Collateral Manager or on the ability of the Collateral Manager to perform its obligations under, or on the validity or enforceability of, the Collateral Management and Administration Agreement.

Resignation

The Collateral Manager may resign, upon at least 90 days' (or such shorter notice as is acceptable to the Issuer) written notice to the Issuer, the Trustee, the Transaction Administrator, each Hedge Counterparty and each Rating Agency.

Notwithstanding any of the foregoing, no resignation or removal of the Collateral Manager, for cause or without cause, will be effective until the date as of which a successor collateral manager has been appointed as described below, and has accepted all of the Collateral Manager's duties and obligations in writing.

Appointment of Successor

Upon any removal or resignation of the Collateral Manager (except in the circumstances where it has become illegal for the Collateral Manager to carry on its duties hereunder), the Collateral Manager will continue to act in such capacity until a successor collateral manager has been appointed in accordance with the terms of the Collateral Management and Administration Agreement.

Within 120 days of the resignation, termination or removal of the Collateral Manager while any of the Notes are outstanding, the holders of the Subordinated Notes (acting by Extraordinary Resolution) may propose a successor collateral manager by delivering notice thereof to the Issuer, the Trustee and the Noteholders. The Controlling Class (acting by Ordinary Resolution) may, within 30 days from receipt of such notice, object to such successor collateral manager by delivery of notice of such objection in accordance with the Conditions. If no notice of objection is received by the Issuer and the Trustee within such time period, such proposed successor collateral manager will be appointed Collateral Manager by the Issuer. If the holders of the Subordinated Notes (acting by Extraordinary Resolution) make no such proposal within such 120-day period, the Controlling Class (acting by Ordinary Resolution) may propose a successor collateral manager by delivering notice thereof to the Issuer, the Trustee and the Noteholders, **provided that** no such proposed successor collateral manager may be an Affiliate of a holder of the Controlling Class. The holders of the Subordinated Notes (acting by Extraordinary Resolution) may, within 30 days from receipt of such notice, object to such successor collateral manager by delivery of notice of such objection to the Issuer and the Trustee. If no notice of objection is received by the Issuer and the Trustee within such time period, such proposed successor collateral manager will be appointed Collateral Manager by the Issuer. Within 30 days of receipt of notice of any such objection, either the Controlling Class (acting by Ordinary Resolution) or the holders of the Subordinated Notes (acting by Extraordinary Resolution) may propose a successor collateral manager by written notice to the Trustee, the Issuer and the Noteholders, and either the Controlling Class (acting by Ordinary Resolution) or the holders of the Subordinated Notes (acting by Extraordinary Resolution) may, within 30 days from receipt of such notice, deliver to the Issuer and the Trustee notice of objection thereto. If no notice of objection is received by the Issuer and the Trustee within such time period, such proposed successor collateral manager will be appointed Collateral Manager by the Issuer. If a notice of objection is received within 30 days, then either group of Noteholders may again propose a successor collateral manager in accordance with the foregoing.

Notwithstanding the above, if no successor collateral manager has been appointed within 150 days following the date of resignation, termination or removal of the Collateral Manager, the Issuer will appoint a successor collateral manager proposed by the Controlling Class (acting by Ordinary Resolution) so long as such successor collateral manager (i) is not a Person that was previously objected to by the holders of the Subordinated Notes (acting by Extraordinary Resolution) and (ii) is not an Affiliate of a holder of the Controlling Class.

Any replacement Collateral Manager must satisfy the conditions described below under "*Successor Requirements*" and will be subject to notification to the Rating Agency by or on behalf of the Issuer of such appointment.

Assignment by Collateral Manager

The Collateral Management and Administration Agreement provides that, except as described in the following paragraphs, no material rights or obligations under the Collateral Management and Administration Agreement (or any interest therein) may be assigned or delegated by the Collateral Manager. In addition, no such assignment or delegation by the Collateral Manager will be effective if such assignment is to a transferee that does not qualify as an eligible successor as described below under "*Successor Requirements*".

The Collateral Manager is permitted to assign its material rights and delegate its material responsibilities under the Collateral Management and Administration Agreement to any transferee or delegate so long as (i) such assignment or delegation is consented to by the Issuer, the Controlling Class (acting by Ordinary Resolution) and the holders of the Subordinated Notes (acting by Extraordinary Resolution), in each case in writing, (ii) the Rating Agency has confirmed in writing that the then-current rating assigned by such Rating Agency to any of the Notes will not be reduced, withdrawn or qualified as a result of such assignment or delegation, (iii) such assignee or transferee or delegate has the requisite Hong Kong regulatory capacity to provide the services provided under the Collateral Management and Administration Agreement to Hong Kong residents, such as the Issuer, or (iv) such assignment or delegation will not cause the Issuer to become chargeable to taxation outside of its place of incorporation or the Collateral Management Fees becoming subject to any sales tax, value added tax or any similar taxes.

In addition, notwithstanding the above, the Collateral Manager is permitted to assign and/or delegate any or all of its rights or duties under the Collateral Management and Administration Agreement to any Affiliate of the Collateral Manager without the consent of the Issuer, the Noteholders or any other Person; **provided that** such Affiliate: (i) is legally qualified and has the Hong Kong regulatory capacity to act as collateral manager under the Collateral Management and Administration Agreement; (ii) employs the principal personnel performing the duties required under the Collateral Management and Administration Agreement prior to such assignment or transfer; and (iii) is someone the appointment and conduct of which will not cause the Issuer to become chargeable to taxation outside its jurisdiction of incorporation, result in the Collateral Management Fees becoming subject to any additional tax, or cause any other material adverse tax consequences to the Issuer.

Any corporation, partnership or limited liability partnership into which the Collateral Manager may be merged or converted, or with which it may be consolidated, or any corporation, partnership or limited liability partnership resulting from any merger, conversion or consolidation to which the Collateral Manager will be a party, or any corporation, partnership or limited liability partnership succeeding to all or substantially all of the collateral management business of the Collateral Manager, will be the successor to the Collateral Manager without any further action by the Collateral Manager, the Issuer, the Trustee, the Noteholders or any other Person or entity; **provided that** the resulting entity qualifies as an eligible successor as described below under "*Successor Requirements*".

Any assignment in accordance with the Collateral Management and Administration Agreement will bind the assignee in the same manner as the Collateral Manager is bound. Upon the execution and delivery of a counterpart of the Collateral Management and Administration Agreement by the assignee, the Collateral Manager will be released from further obligations under the Collateral Management and Administration Agreement, except with respect to (i) its agreements and obligations arising under various sections of the Collateral Management and Administration Agreement in respect of acts or omissions occurring prior to such assignment, and (ii) its obligations under the Collateral Management and Administration Agreement in respect of acts upon termination. Any rights of the Collateral Manager stated to survive the termination of the Collateral Management and Administration Agreement, shall remain vested in the Collateral Manager after the termination in accordance with the terms of the Collateral Management and Administration Agreement.

Successor Requirements

Any removal or resignation of the Collateral Manager or termination of the Collateral Management and Administration Agreement, as described above, that occurs while any Notes are outstanding under the Trust Deed will be effective only if (i) Rating Agency Confirmation has been received from the Rating Agency in respect of such termination and assumption by an eligible successor, and (ii) the Issuer appoints a successor collateral manager (1) that has demonstrated an ability to professionally and competently perform duties similar to those imposed upon the Collateral Manager under the Collateral Management and Administration Agreement with a substantially similar (or higher) level of expertise, (2) that is legally qualified and has the capacity (including Hong Kong regulatory capacity to provide collateral management services to Hong Kong counterparties as a matter of the laws of Hong Kong) to act as Collateral Manager under the Collateral Management and Administration Agreement, as successor to the Collateral Manager under the Collateral Management and Administration Agreement in the assumption of all of the responsibilities, duties and obligations of the Collateral Manager under the Collateral Management and Administration Agreement, and (3) that will perform its duties as Collateral Manager under the Collateral Management and Administration Agreement without causing the Issuer or the Noteholders to become subject to tax in any jurisdiction where such successor collateral manager is established or doing business, and the appointment and conduct of which will not cause the Issuer to become subject to any Hong Kong tax liability or cause any other material adverse tax consequences to the Issuer.

No Voting Rights

Any Notes held by or on behalf of the Collateral Manager or any Collateral Manager Related Party shall have no voting rights with respect to, and shall not be counted for the purposes of determining, a quorum and the results of any CM Removal Resolution and/or CM Replacement Resolution (but shall carry a right to vote and be so counted in all matters other than a CM Removal Resolution and/or a CM Replacement Resolution). The Collateral Manager will notify the Trustee of any such holdings on request.

Further information

any further information which the Collateral Manager and the Transaction Administrator agree in writing (which may be by email) should be included in each Investor Report.

Miscellaneous

For the purposes of the Investor Reports, obligations which are to constitute Infra Debt Obligations in respect of which the Issuer (or the Collateral Manager on behalf of the Issuer) has agreed to acquire, but which have not yet been settled, shall be included as Infra Debt Obligations as if such acquisition had been completed and obligations in respect of which the Issuer (or the Collateral Manager on behalf of the Issuer) has agreed to sell, but in respect of which such sale has not yet settled, shall be excluded from being Infra Debt Obligations as if such sale had been completed.

Each Investor Report shall state that it is for the purposes of information only, that certain information included in the report is estimated, approximated or projected and that it is provided without any representations or warranties as to the accuracy or completeness thereof and that none of the Transaction Administrator, the Trustee, the Issuer, the Collateral Manager, the Sole Global Coordinator, the Joint Bookrunners or any other party will have any liability for estimates, approximations or projections contained therein. For the avoidance of doubt, the Sole Global Coordinator and the Joint Bookrunners have no responsibility for any Investor Report.

In addition, the Transaction Administrator shall provide the Issuer with such other information and in such a format relating to the Portfolio as the Issuer may reasonably request and which is in the possession of the Transaction Administrator, in order for the Issuer to satisfy its obligation in respect of the preparation of its financial statements (including audits thereof) and tax returns.

Payment Date Report

The Transaction Administrator, on behalf, and at the expense, of the Issuer and in consultation with the Collateral Manager, shall render an accounting report (including portfolio data) no later than the Business Day preceding the related Notes Payment Date, until the earlier of (i) the Maturity Date, (ii) the date on which a Redemption Notice has been served (unless such notice is subsequently revoked) and (iii) the date on which no Notes are outstanding and, where a report has not been produced on such date due to

a Redemption Notice having been served but such notice has been subsequently revoked, as soon as reasonably practicable after the date on which such notice has been revoked (the "**Payment Date Report**"), prepared and determined as of (and including) each Determination Date. Each Payment Date Report shall be made available by the Transaction Administrator on behalf of the Issuer at https://tss.sfs.db.com/investpublic and by the Collateral Manager at the Collateral Manager's website at https://www.hkilbs.com.hk (or such other website as may be notified in writing by the Transaction Administrator and/or the Collateral Manager to the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, each Hedge Counterparty, each Rating Agency, the Retention Holder and the Noteholders from time to time). Upon issue of each Payment Date Report, the Issuer shall notify the SEHK of such Payment Date Report which includes the Principal Amount Outstanding of each Class of Notes, after giving effect to the principal payments, if any, on the next Notes Payment Date. Each Payment Date Report shall contain the following information:

Portfolio

(a) the Aggregate Principal Balance of the Infra Debt Obligations representing Principal Proceeds;

(b) a statement as to whether each of the Class A/B Interest Coverage Test, the Class C Interest Coverage Test and the Class D Interest Coverage Test is satisfied, and details of the relevant Interest Coverage Ratios; and

(c) a statement as to whether the Class A Minimum Collateralisation Test is satisfied, and details of the Class A Overcollateralisation Ratio;

Interest Rate Benchmarks

(a) a statement indicating whether the Asset Replacement Percentage is greater than 50 per cent.; and

(b) the Aggregate Principal Balance of the Infra Debt Obligations that bear interest based on benchmark rates;

Risk Retention

confirmation that the Transaction Administrator has received written confirmation (and upon which confirmation the Transaction Administrator shall be entitled to rely without further enquiry and without liability for so relying) from the Retention Holder that:

(a) it continues to hold the Subordinated Notes; and

(b) it has not sold, hedged or otherwise mitigated its credit risk under or associated with the Subordinated Notes or the underlying portfolio of Infra Debt Obligations, except to the extent permitted in accordance with the Risk Retention Requirements; and

Further information

any further information which the Collateral Manager and the Transaction Administrator agree in writing (which may be by email) should be included in each Payment Date Report.

Miscellaneous

For the purposes of the Payment Date Reports, obligations which are to constitute Infra Debt Obligations in respect of which the Issuer (or the Collateral Manager on behalf of the Issuer) has agreed to acquire, but which have not yet been settled, shall be included as Infra Debt Obligations as if such acquisition had been completed and obligations in respect of which the Issuer (or the Collateral Manager on behalf of the Issuer) has agreed to sell, but in respect of which such sale has not yet settled, shall be excluded from being Infra Debt Obligations as if such sale had been completed.

Each Payment Date Report shall state that it is for the purposes of information only, that certain information included in the report is estimated, approximated or projected and that it is provided without any representations or warranties as to the accuracy or completeness thereof and that none of the Transaction Administrator, the Trustee, the Issuer, the Collateral Manager, the Sole Global Coordinator, the Joint Bookrunners or any other party will have any liability for estimates, approximations or projections contained therein. For the avoidance of doubt, the Sole Global Coordinator and the Joint Bookrunners have no responsibility for any Payment Date Report.

In addition, the Transaction Administrator shall provide the Issuer with such other information and in such a format relating to the Portfolio as the Issuer may reasonably request and which is in the possession of the Transaction Administrator, in order for the Issuer to satisfy its obligation in respect of the preparation of its financial statements (including audits thereof) and tax returns.

SUMMARY OF PROVISIONS RELATING TO THE NOTES IN GLOBAL FORM

The Notes of each Class will be in registered form and represented by a Global Certificate which will be registered in the name of DB Nominees (Hong Kong) Limited as nominee of, and deposited with, the common depository for Euroclear and Clearstream.

Beneficial interests in a Global Certificate may be held at any time only through Euroclear and Clearstream. See "*Form of the Notes*". Beneficial interests in a Global Certificate may not be held by a US Person or US resident at any time. By acquisition of a beneficial interest in a Global Certificate, the purchaser thereof will be deemed to represent, among other things, that it is not a US Person, and that, if in the future it determines to transfer such beneficial interest, it will transfer such interest only to a person whom the seller reasonably believes to be a non-U.S. Person in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S. See "*Transfer Restrictions*".

Each Global Certificate will become exchangeable in whole, but not in part, for Definitive Certificates if (a) Euroclear or Clearstream is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business, or (b) any of the circumstances described in Condition 10 (*Note Events of Default*) occurs.

Whenever a Global Certificate is to be exchanged for Definitive Certificates, such Definitive Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Certificate within five business days of the delivery, by or on behalf of the registered holder of the Global Certificate (the "**Holder**"), Euroclear and/or Clearstream, to the Registrar of such information as is required to complete and deliver such Definitive Certificates (including, without limitation, the names and addresses of the persons in whose names the Definitive Certificates are to be registered, and the principal amount of each such Person's holding) against the surrender of the Global Certificate at the Specified Office of the Registrar. Such exchange will be effected in accordance with the provisions of the Agency and Account Bank Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any Holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

If:

(a) Definitive Certificates have not been issued and delivered by 5.00 p.m. (Hong Kong time) on the 30th day after the date on which the same are due to be issued and delivered in accordance with the terms of the Global Certificates; or

(b) any of the Notes evidenced by a Global Certificate have become due and payable in accordance with the Conditions, or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the Holder of the relevant Global Certificate on the due date for payment in accordance with the terms of the Global Certificate,

then the relevant Global Certificate (including the obligation to deliver Definitive Certificates) will become void at 5.00 p.m. (Hong Kong time) on such 30th day (in the case of (a) above) or at 5.00 p.m. (Hong Kong time) on such due date (in the case of (b) above), and the Holder will have no further rights thereunder (but without prejudice to the rights which the Holder or others may have under the Trust Deed). Under the Trust Deed, Persons shown in the records of Euroclear and/or Clearstream as being entitled to interests in the Notes will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Certificate became void, they had been the registered Holders of Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or (as the case may be) Clearstream.

In addition, the Global Certificates will contain provisions that modify the Terms and Conditions of the Notes as they apply to the Notes evidenced by the Global Certificates. The following is a summary of certain of those provisions:

Payments

All payments in respect of the Global Certificates which, according to the Terms and Conditions of the Notes, require surrender of the relevant Global Certificate, will be made against surrender of the relevant Global Certificate to or to the order of any Paying Agent, and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes.

Payments on business days

In the case of all payments made in respect of the Global Certificates, "**business day**" means any day which is a day on which dealings in foreign currencies may be carried on in New York City.

Payment Record Date

Each payment in respect of the Global Certificates will be made to the Person shown as the Holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**"), where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Certificate is being held is open for business.

Notices

Notwithstanding Condition 17 (*Notices*), so long as a Global Certificate is held on behalf of Euroclear, Clearstream or any other clearing system (an "**Alternative Clearing System**"), notices to Holders of Notes represented by that Global Certificate may be given by delivery of the relevant notice to Euroclear, Clearstream or (as the case may be) such Alternative Clearing System. Such notices shall be deemed to have been given to the Noteholders in accordance with Condition 17 (*Notices*) on the date of delivery to Euroclear and/or Clearstream and/or any Alternative Clearing System.

Electronic Consent and Written Resolution

While any Global Certificate is held on behalf of a clearing system, then:

(a) approval of a resolution given by way of electronic consents communicated through the electronic communication systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes outstanding (an "**Electronic Consent**") shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which a special quorum was satisfied), take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held, and shall be binding on all Noteholders, whether or not they participated in such Electronic Consent; and

(b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Trust Deed) has been validly passed, the Issuer and the Trustee shall be entitled to rely on consent or instructions given in writing directly to the Issuer by (a) accountholders in the clearing system with entitlements to such Global Certificate and/or, where (b) the accountholders hold any such entitlement on behalf of another Person, on written consent from, or written instruction by, the Person identified by that accountholder as the Person for whom such entitlement is held. For the purpose of establishing the entitlement to give any such consent or

instruction, the Issuer shall be entitled to rely on any certificate or other document issued by, in the case of (a) above, Euroclear, Clearstream or any other relevant alternative clearing system (the "**relevant clearing system**") and, in the case of (b) above, the relevant clearing system and the accountholder identified by the relevant clearing system for the purposes of (b) above. Any resolution passed in such manner shall be binding on all Noteholders, even if the relevant consent or instruction proves to be defective. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EasyWay or EUCLID or Clearstream's Xact Web Portal or Creation Online system) in accordance with its usual procedures and in which the accountholder of a particular principal or nominal amount of the Notes is clearly identified, together with the amount of such holding. Neither the Issuer nor the Trustee shall be liable to any Person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such Person and subsequently found to be forged or not authentic.

Clearing System Accountholders

References in the Terms and Conditions of the Notes to a "Noteholder" of any Class are references to the Person in whose name the Global Certificate for the relevant Class is for the time being registered in the Register which, for so long as the Global Certificate is held by or on behalf of a common depository for Euroclear and/or Clearstream, will be that common depository or a nominee for that common depository.

Each of the Persons shown in the records of Euroclear and/or Clearstream as being entitled to an interest in a Global Certificate (each, an "**Accountholder**") must look solely to Euroclear and/or Clearstream (as the case may be) for such Accountholder's share of each payment made by the Issuer to the holder of that Global Certificate, and in relation to all other rights arising under that Global Certificate. The extent to which, and the manner in which, Accountholders may exercise any rights arising under Global Certificates will be determined by the respective rules and procedures of Euroclear and Clearstream from time to time. For so long as the Notes of any Class are represented by a Global Certificate, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes, and such obligations of the Issuer will be discharged by payment to the holder of the relevant Global Certificate.

TERMS AND CONDITIONS OF THE NOTES

The following are the terms and conditions of each of the Class A1-SU Notes, the Class A1 Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Subordinated Notes substantially in the form in which they will be endorsed on such Notes if issued in definitive certificate form and which will be incorporated by reference into the Global Certificate of each Class representing the Notes, subject to the provisions of such Global Certificates, some of which will modify the effect of these terms and conditions. See Condition 15(c) (*Modification and Waiver*).

The issue of US$128,500,000 Class A1-SU Senior Secured Floating Rate Notes due October 2045 (the "**Class A1-SU Notes**"), US$242,200,000 Class A1 Senior Secured Floating Rate Notes due October 2045 (the "**Class A1 Notes**" and, together with the Class A1-SU Notes, the "**Class A Notes**"), the US$46,000,000 Class B Senior Secured Floating Rate Notes due October 2045 (the "**Class B Notes**"), the US$18,000,000 Class C Senior Secured Floating Rate Notes due October 2045 (the "**Class C Notes**"), the US$22,600,000 Class D Senior Secured Floating Rate Notes due October 2045 (the "**Class D Notes**" and, together with the Class A Notes, the Class B Notes and the Class C Notes, the "**Senior Notes**") and the US$24,172,000 Subordinated Secured Floating Rate Notes due October 2045 (the "**Subordinated Notes**" and, together with the Senior Notes, the "**Notes**") of Bauhinia ILBS 1 Limited (the "**Issuer**") was authorised by resolutions of the board of Directors passed on 8 October 2026. The Notes are constituted by a trust deed (the "**Trust Deed**") dated on or about the Closing Date between, among others, the Issuer and DB Trustees (Hong Kong) Limited in its capacity as trustee for the Noteholders and as security trustee for the Secured Parties (the "**Trustee**", which expression shall include all Persons for the time being the trustee or trustees as appointed under the Trust Deed). The issue price of the Class A1-SU Notes, the Class A1 Notes, the Class B Notes, the Class C Notes and the Class D Notes will be 100 per cent. of their principal amount, while the issue price of the Subordinated Notes will be 100 per cent. of their principal amount.

These terms and conditions of the Notes (the "**Conditions**") include summaries of, and are subject to, the detailed provisions of the Trust Deed (which includes the forms of the certificates representing the Notes). The following agreements have been entered into in relation to the Notes:

(a) an agency and account bank agreement dated on or about the Closing Date (the "**Agency and Account Bank Agreement**") between, among others, the Issuer, Deutsche Bank AG, Hong Kong Branch as registrar (the "**Registrar**", which term shall include any successor or substitute registrars appointed pursuant to the terms of the Agency and Account Bank Agreement), as transfer agent (the "**Transfer Agent**", which term shall include any additional, successor or substitute transfer agents appointed pursuant to the terms of the Agency and Account Bank Agreement), as account bank (the "**Account Bank**", which term shall include any successor or substitute account bank appointed pursuant to the terms of the Agency and Account Bank Agreement), and as principal paying agent and calculation agent (respectively, "**Principal Paying Agent**" and "**Calculation Agent**", which terms shall include any successor or substitute principal paying agent and calculation agent, respectively, appointed pursuant to the terms of the Agency and Account Bank Agreement) and the Trustee;

(b) a custody agreement dated on or about the Closing Date (the "**Custody Agreement**") between, among others, the Issuer and Deutsche Bank AG, Hong Kong Branch as custodian (the "**Custodian**", which term shall include any successor or substitute custodians appointed pursuant to the terms of the Custody Agreement);

(c) a collateral management and administration agreement dated on or prior to the Closing Date (the "**Collateral Management and Administration Agreement**") between The Hong Kong Mortgage Corporation Limited as collateral manager in respect of the Portfolio (the "**Collateral Manager**", which term shall include any successor or substitute collateral manager appointed pursuant to the

terms of the Collateral Management and Administration Agreement), the Issuer and Deutsche Bank AG, Hong Kong Branch as transaction administrator (the "**Transaction Administrator**", which term shall include any successor or substitute transaction administrator appointed pursuant to the terms of the Collateral Management and Administration Agreement), together with the Trustee and the Calculation Agent, who acceded to the Collateral Management and Administration Agreement pursuant to the terms of an accession deed between the Issuer, the Collateral Manager, the Trustee, the Calculation Agent and the Transaction Administrator dated on or about the Closing Date;

(d) a services agreement dated on or about the Closing Date (the "**Corporate Services Agreement**", which term shall include any replacement services agreement(s) entered into between the Issuer and the Corporate Service Providers (as defined below)) between the Issuer, CSCGFM Asia Services (Hong Kong) Pte. Limited and Infiniti Trust (Hong Kong) Limited (together, the "**Corporate Service Providers**", which term shall include any successor or substitute corporate service provider(s) appointed under the Corporate Services Agreement);

(e) a closing sponsor loans agreement dated on or about the Closing Date (the "**Closing Sponsor Loans Agreement**") between the Issuer and the Sponsor in respect of, among others, the Bridging Sponsor Loan and each Multi-Purpose Sponsor Loan (if any); and

(f) a Hong Kong law-governed security deed dated on or about the Closing Date between the Issuer and the Trustee (the "**Hong Kong Security Deed**").

Copies of the Trust Deed, the Agency and Account Bank Agreement, the Custody Agreement, the Collateral Management and Administration Agreement, the Corporate Services Agreement, the Closing Sponsor Loans Agreement and the Hong Kong Security Deed are available for inspection during usual business hours at the registered office of the Issuer (presently at 3806 Central Plaza, 18 Harbour Road, Wanchai, Hong Kong) and at the specified office of the Transfer Agent for the time being.

The holders of each Class of Notes are entitled to the benefit of, are bound by, and are deemed to have notice of all the provisions of the Trust Deed, and are deemed to have notice of all the provisions of each other Transaction Document.

1. DEFINITIONS

Unless otherwise expressly defined herein or the context otherwise requires, the following words and expressions shall have the following meanings:

"**Accounts**" means the Principal Account, the Interest Account, the Payment Account, the Undrawn Commitment Account, the General Reserve Account, the Hedge Reserve Account, the Risk Protection Reserve Account, the Collection Accounts, the Swap Proceeds Account and the Custody Accounts (and each, an "**Account**").

"**Accrual Period**" means, in respect of each Class of Notes, the period from and including the Closing Date to, but excluding, the first Notes Payment Date and each successive period from and including each Notes Payment Date to, but excluding, the following Notes Payment Date.

"**Acquisition Agreements**" means the agreements entered into between the Issuer and an Originating Bank in relation to the acquisition by the Issuer of any Infra Debt Obligation(s) from time to time.

"**Additional Issue Date**" means the issue date of any Additional Notes.

"**Additional Notes**" means additional Notes issued in accordance with Condition 18 (*Additional Issuances of Notes*).

"**Adjusted Collateral Principal Amount**" means, as of each date of determination:

(a) the Aggregate Principal Balance of the Infra Debt Obligations (other than Defaulted Obligations, Caa Excess Obligations or Long Dated Infra Debt Obligations); plus

(b) without duplication, the amounts on deposit in the Collection Accounts and the Swap Proceeds Account representing Principal Proceeds; plus

(c) without duplication, any Eligible Fixed Deposit then outstanding representing Principal Proceeds; plus

(d) without duplication, the amounts on deposit in any Eligible Depository Account representing Principal Proceeds; plus

(e) without duplication, the amounts on deposit in the Principal Account; plus

(f) without duplication, the amounts on deposit in the Undrawn Commitment Account; plus

(g) without duplication, the amounts on deposit in each Custody (Cash) Account representing Principal Proceeds; plus

in relation to:

(h) a Defaulted Obligation, the lower of: (u) its Principal Balance multiplied by its Market Value, and (v) its Moody's Recovery Amount, **provided that** if the Market Value of such Defaulted Obligation cannot be determined or is otherwise unavailable, then the Adjusted Collateral Principal Amount of such Defaulted Obligation shall be its Moody's Recovery Amount, and further **provided that** the Adjusted Collateral Principal Amount of a Defaulted Obligation that has been a Defaulted Obligation for more than three years after the date on which it became a Defaulted Obligation and continues to be a Defaulted Obligation on such date shall be zero;

(i) a Caa Excess Obligation, the lower of: (w) its Principal Balance multiplied by its Market Value; and (x) its Moody's Recovery Amount, **provided that** if the Market Value of such Caa Excess Obligation cannot be determined or is otherwise unavailable, then the Adjusted Collateral Principal Amount of such Caa Excess Obligation shall be its Moody's Recovery Amount; and

(j) a Long Dated Infra Debt Obligation, its Principal Balance multiplied by the lower of (y) its Market Value; and (z) its Liquidation Value,

in each case, in US Dollar or, if such amount is not denominated in US Dollar, its Equivalent USD Amount.

"**Administrative Expenses**" means the following amounts due and payable by the Issuer:

(a) on a *pro rata* and *pari passu* basis, to (i) the Agents pursuant to the Agency and Account Bank Agreement and/or the Custodian pursuant to the Custody Agreement, including amounts by way of indemnity, (ii) the Transaction Administrator pursuant to the Collateral Management and Administration Agreement including amounts by way of indemnity, (iii) the Directors pursuant to the Corporate Services Agreement including amounts by way of indemnity and (iv) to the SEHK, or such other stock exchange or exchanges upon which any of the Senior Notes are listed from time to time;

(b) on a *pro rata* and *pari passu* basis, if not otherwise specified in the relevant Credit Documentation, to any Person for the payment of all fees and expenses relating to the Credit Documentation (including, but not limited to, any transfer fee relating to the acquisition of any Reinvestment Infra Debt Obligation by the Issuer in accordance with the Acquisition Agreements);

(c) on a *pro rata* and *pari passu* basis:

(i) to any Rating Agency which may from time to time be requested to assign or refresh (x) a rating to any of the Senior Notes, or (y) a confidential credit estimate to any of the Infra Debt Obligations, for fees and expenses (including surveillance fees) in connection with any such rating or confidential credit estimate including, in each case, the ongoing monitoring thereof and any other amounts due and payable to any Rating Agency under the terms of the Issuer's engagement with such Rating Agency;

(ii) to the independent certified public accountants, auditors, agents, advisers and counsel of, or Persons providing advice to or for the benefit of, the Issuer (other than amounts payable to the Agents and the Custodian pursuant to paragraph (a) above), including any reasonable fees, costs, charges and expenses incurred in connection with any Hedge Agreement or any transaction thereunder;

(iii) to the Corporate Service Providers of the Issuer in respect of fees (if any) payable under the Corporate Services Agreement;

(iv) to the Collateral Manager pursuant to the Collateral Management and Administration Agreement (including, but not limited to, any indemnities provided for therein and all ordinary expenses, costs, fees, taxes, out-of-pocket expenses and brokerage fees incurred by the Collateral Manager in such capacity for and on behalf of the Issuer and in connection with any Hedge Agreement or any transaction thereunder), but excluding any Collateral Management Fees pursuant to the Collateral Management and Administration Agreement;

(v) to any Person in respect of any governmental fee or charge (for the avoidance of doubt, excluding any taxes) or any statutory indemnity;

(vi) to any other Person in respect of any other fees or expenses contemplated in the Conditions or the Transaction Documents or any other documents delivered pursuant to or in connection with the issue and sale of the Notes which are not otherwise provided for in this definition or in the Priorities of Payments, including, without limitation, amounts payable to any listing agent and any fees and expenses incurred by the Issuer (in its sole and absolute discretion) in assisting in the preparation, provision or validation of data for the purposes of Noteholders' tax jurisdictions;

(vii) to the Sponsor or any Originating Bank in respect of any claims by it under the Sponsor Collateral Acquisition Agreements or the Acquisition Agreements;

(viii) to the Sponsor, the Sole Global Coordinator and the Joint Bookrunners pursuant to the Subscription Agreement in respect of any indemnity or any other amount payable to it thereunder;

(ix) to any Person for the payment of any fees, expenses or indemnity payments in relation to the restructuring of an Infra Debt Obligation, including, but not limited to, formation or operation of a steering committee relating thereto;

(x) to any Originating Bank or the Sponsor pursuant to any Participation Agreement after the date of entry into any Participation in respect of any indemnity or any other amount payable to it thereunder;

(xi) to any Person for the payment of any amounts necessary to enforce the orderly dissolution of the Issuer; and

(xii) to any Person for the payment of any costs and expenses incurred by the Issuer in order to comply with any requirements under the Securitisation Regulations, the CRA Regulation, FATCA, CRS or any other law or regulation in any applicable jurisdiction which are applicable to the Issuer;

(d) any Refinancing Costs, to the extent not provided for above and to the extent not already paid as Trustee Fees and Expenses; and

(e) except to the extent already provided for above, on a *pro rata* basis payment of any indemnities payable to any such Person as contemplated in the Conditions or the Transaction Documents,

unless otherwise directed by the Collateral Manager pursuant to the Collateral Management and Administration Agreement which, for the avoidance of doubt, provides that:

(A) the Collateral Manager may direct any payment to a Rating Agency set out in paragraph (c) above other than in the order of priorities stated above if the Collateral Manager or Issuer has been advised by a Rating Agency that non-payment of its fees will immediately result in the withdrawal of any ratings on any Class of Senior Notes; and

(B) the Collateral Manager, in its reasonable judgement in accordance with the terms of the Collateral Management and Administration Agreement, may determine and direct a payment other than in the order of priorities set out in paragraph (c) above to a payee listed thereunder (but in all cases subject to amounts payable under paragraphs (a) and (b) above having been paid in priority and, if such payment would decrease an amount otherwise payable to the Sole Global Coordinator and the Joint Bookrunners pursuant to sub-paragraph (c)(viii) above, the prior consent of the relevant Sole Global Coordinator and/or the Joint Bookrunners) if such payment is required in order to ensure the timely action or delivery of services by such payee.

"**Affected Class(es)**" has the meaning given to it in Condition 15(b) (*Decisions and Meetings of Noteholders*).

"**Affiliate**" or "**Affiliated**" means, with respect to a Person:

(a) any other Person who, directly or indirectly, is in control of, or controlled by, or is under common control with, such Person;

(b) any account, fund, client or portfolio:

(i) established and controlled by such Person or, with respect to such Person, any other Person as described in paragraph (a) above, or (c)(i) or (c)(ii) below; or

(ii) for which such Person or, with respect to such Person, any other Person as described in paragraph (a) above, or (c)(i) or (c)(ii) below acts as the investment adviser; or

(iii) with respect to which such Person or, with respect to such Person, any other Person as described in paragraph (a) above, or (c)(i) or (c)(ii) below exercises discretionary control thereover; and

(c) any other Person who is a director, officer or employee:

(i) of such Person;

(ii) of any Subsidiary or parent company of such Person; or

(iii) of any Person described in paragraph (a) or (b) above.

For the purposes of this definition, control of a Person shall mean the power, direct or indirect, (A) to vote more than 50 per cent. of the securities having ordinary voting power for the election of directors of such Person, or (B) to direct or cause the direction of the management and policies of such Person whether by contract or otherwise.

"**Agent**" means each of the Registrar, the Paying Agents, the Transfer Agents, the Calculation Agent, the Account Bank, the Transaction Administrator and each of their permitted successors or assigns appointed as Agents of the Issuer pursuant to the Agency and Account Bank Agreement or the Collateral Management and Administration Agreement, as the case may be, and "**Agents**" shall be construed accordingly.

"**Aggregate Principal Balance**" means the aggregate of the Principal Balances of all the Infra Debt Obligations and, when used with respect to a portion of the Infra Debt Obligations, means the aggregate of the Principal Balances of such portion of the Infra Debt Obligations, in each case, as at any date of determination in US Dollar or, if such amount is not denominated in US Dollar, its Equivalent USD Amount.

"**Asset Replacement Percentage**" means, on any date of calculation, a fraction (expressed as a percentage) where (a) the numerator is equal to the Aggregate Principal Balance of all the Infra Debt Obligations at a benchmark or reference rate identified in paragraphs (a) to (c) (both inclusive) of the definition of "Benchmark Replacement" as a potential replacement for the Benchmark for the applicable Designated Maturity as of such calculation date and (b) the denominator is equal to the Aggregate Principal Balance as of such calculation date, as calculated by the Transaction Administrator.

"**AUD**" means the lawful currency for the time being of the Commonwealth of Australia.

"**Authorised Denomination**" means, in respect of any Note, the Minimum Denomination thereof and any denomination equal to a multiple of the Authorised Integral Amount in excess of the Minimum Denomination thereof.

"**Authorised Integral Amount**" means, for each Class of Notes, US$1,000.

"**Authorised Officer**" means, with respect to the Issuer, any Director or other Person (as notified by or on behalf of the Issuer to the Trustee and the Agents) who is authorised to act for the Issuer in matters relating to, and binding upon, the Issuer.

"**Balance**" means, on any date, with respect to any cash standing to the credit of an Account (or any sub-account thereof) or an Eligible Depository Account, the aggregate of the:

(a) current balance of cash, demand deposits, time deposits, certificates of deposits, government guaranteed funds and other investment funds;

(b) outstanding principal amount of interest-bearing corporate and government obligations and money market accounts and repurchase obligations; and

(c) purchase price, up to an amount not exceeding the face amount, of non interest-bearing government and corporate obligations, commercial paper and certificates of deposit.

"**Base Rate**" has the meaning given to it in Condition 6(f)(i) (*Base Rate*).

"**Benchmark**" means, initially, Daily Non-Cumulative Compounded SOFR, **provided that**:

(a) if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to Daily Non-Cumulative Compounded SOFR or the then-current Benchmark, then "**Benchmark**" means the applicable Benchmark Replacement; and

(b) the Benchmark with respect to any Class of Notes shall not be less than zero per cent. per annum.

"**Benchmark Replacement**" means the first alternative set forth in the order below that can be determined by the Collateral Manager (in consultation with the Calculation Agent) as of the Benchmark Replacement Date:

(a) the sum of: (i) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Designated Maturity; and (ii) the applicable Benchmark Replacement Adjustment;

(b) the sum of: (i) the ISDA Fallback Rate; and (ii) the applicable Benchmark Replacement Adjustment; and

(c) the sum of: (i) the alternate rate of interest that has been selected by the Collateral Manager as the replacement for the then-current Benchmark for the applicable Designated Maturity after giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for any new issue of US Dollar-denominated collateralised loan or debt obligation transactions on such Benchmark Replacement Date; and (ii) the applicable Benchmark Replacement Adjustment,

provided that, if a Benchmark Transition Event described in paragraph (d) of the definition thereof has occurred (and no prior Benchmark Transition Event has occurred) and the Asset Replacement Percentage with respect to any of the rates described in paragraphs (a) through (b) above is equal to or greater than 50 per cent., the Benchmark Replacement shall be, at the election of the Collateral Manager, either (A) any of such rate or (B) the rate described in paragraph (c) above.

"**Benchmark Replacement Adjustment**" means the first alternative set forth in the order below that can be determined by the Collateral Manager as of the Benchmark Replacement Date:

(a) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;

(b) the spread adjustment, or such spread adjustment as determined or calculated by the method that has been selected, endorsed or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement (which adjustment in either case may be a positive or negative value or zero); and

(c) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Collateral Manager after giving due consideration to any industry-accepted spread adjustment or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for any new issue of US Dollar-denominated collateralised loan or debt obligation transactions on such Benchmark Replacement Date.

"**Benchmark Replacement Conforming Changes**" means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of "Accrual Period", timing and frequency of determining rates and making payments of interest and other administrative matters) that the Collateral Manager decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Collateral Manager decides that adoption of any such market practice is not administratively feasible or if the Collateral Manager determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Collateral Manager determines is reasonably necessary).

"**Benchmark Replacement Date**" means, as determined by the Collateral Manager, the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

(a) in the case of paragraph (a) or (b) of the definition of "Benchmark Transition Event", the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of such Benchmark (or such component) permanently or indefinitely ceases to provide such Benchmark (or such component);

(b) in the case of paragraph (c) of the definition of "Benchmark Transition Event", the date of the public statement or publication of information referenced therein; or

(c) in the case of paragraph (d) of the definition of "Benchmark Transition Event", the Interest Determination Date immediately following the Determination Date in relation to such Investor Report or Payment Date Report, as applicable,

provided, for the avoidance of doubt, that if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but at a time earlier than the Reference Time, the Benchmark Replacement Date shall be deemed to have occurred prior to the Reference Time.

"**Benchmark Transition Event**" means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

(a) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that the administrator has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, **provided that**, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component);

(b) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark (or such component), which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, **provided that**, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component);

(c) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component) announcing that the Benchmark (or such component) is no longer representative; or

(d) the Asset Replacement Percentage is greater than 50 per cent., as reported in the most recent Investor Report or Payment Date Report, as applicable.

"**Bridging Sponsor Loan**" means the interest-bearing and secured term loan made available to the Issuer by the Sponsor pursuant to the Closing Sponsor Loans Agreement.

"**Business Day**" means a day, other than a Saturday or Sunday:

(a) on which banks are open for business in Hong Kong and New York, and (in relation to any date of payment) the principal financial centre of the issuing country of the relevant currency; and

(b) for the purpose of the definition of "Presentation Date", in relation to any place, on which commercial banks and foreign exchange markets settle payments in that place.

"**Caa Excess**" means the amount equal to the excess of the Principal Balance of all Caa Obligations over an amount equal to 10 per cent. of the Collateral Principal Amount as of each Measurement Date; **provided that**, in determining which of the Caa Obligations shall be included in such excess, no Caa Obligation included in such excess shall have a higher Market Value (assuming that such Market Value is expressed as a percentage of the Principal Balance of such Infra Debt Obligations as of such Measurement Date, and if the Market Value of a Caa Obligation cannot be determined or is otherwise deemed unavailable, the Moody's Recovery Rate of such Caa Obligation shall be used) than any of the Caa Obligations that are not included in such excess.

"**Caa Excess Obligations**" means the Caa Obligations that constitute Caa Excess.

"**Caa Obligations**" means Infra Debt Obligations in respect of which any of the Obligors has (a) a Moody's Rating Factor between 4770 and 8070 (both inclusive) or (b) a public rating by Moody's of Caa1 to Caa3 (both inclusive).

"**Class A Minimum Collateralisation Test**" means the test that will apply as of each Measurement Date and that will be satisfied on such Measurement Date if the Class A Overcollateralisation Ratio is at least equal to 102.5 per cent.

"**Class A Noteholders**" means the holders of any Class A Notes from time to time.

"**Class A Overcollateralisation Ratio**" means, as of each Measurement Date, the ratio (expressed as a percentage) obtained by dividing (a) the amount equal to the Adjusted Collateral Principal Amount by (b) the aggregate Principal Amount Outstanding of all Class A Notes.

"**Class A/B Coverage Tests**" means the Class A/B Interest Coverage Test and the Class A/B Overcollateralisation Test.

"**Class A/B Interest Coverage Ratio**" means, as of each Measurement Date occurring on or after the Determination Date immediately preceding the second Notes Payment Date, the ratio (expressed as a percentage) obtained by dividing the Interest Coverage Amount by the scheduled interest payments due on the Class A Notes and the Class B Notes on the following Notes Payment Date. For the purposes of calculating the Class A/B Interest Coverage Ratio, any Eligible Fixed Deposit then outstanding representing Interest Proceeds, the expected interest income on Infra Debt Obligations, any Eligible Depository Account (to the extent applicable) and the Accounts (to the extent applicable) and the expected interest payable on the Class A Notes and the Class B Notes will be calculated using the then-current interest rates applicable thereto as at the relevant Measurement Date.

"**Class A/B Interest Coverage Test**" means the test which will apply as of each Measurement Date occurring on or after the Determination Date immediately preceding the second Notes Payment Date and which will be satisfied on such Measurement Date if the Class A/B Interest Coverage Ratio is at least equal to 110.0 per cent.

"**Class A/B Overcollateralisation Ratio**" means, as of each Measurement Date, the ratio (expressed as a percentage) obtained by dividing (a) the amount equal to the Adjusted Collateral Principal Amount by (b) the sum of the Principal Amount Outstanding of each of the Class A Notes and the Class B Notes.

"**Class A/B Overcollateralisation Test**" means the test that will apply as of each Measurement Date and that will be satisfied on such Measurement Date if the Class A/B Overcollateralisation Ratio is at least equal to 110.5 per cent.

"**Class B Noteholders**" means the holders of any Class B Notes from time to time.

"**Class C Coverage Tests**" means the Class C Interest Coverage Test and the Class C Overcollateralisation Test.

"**Class C Interest Coverage Ratio**" means, as of each Measurement Date occurring on or after the Determination Date immediately preceding the second Notes Payment Date, the ratio (expressed as a percentage) obtained by dividing the Interest Coverage Amount by the scheduled interest payments due on the Class A Notes, the Class B Notes and the Class C Notes on the following Notes Payment Date. For the purposes of calculating the Class C Interest Coverage Ratio, any Eligible Fixed Deposit then outstanding representing Interest Proceeds, the expected interest income on Infra Debt Obligations, any Eligible Depository Account (to the extent applicable) and the Accounts (to the extent applicable) and the expected interest payable on the Class A Notes, the Class B Notes and the Class C Notes will be calculated using the then-current interest rates applicable thereto as at the relevant Measurement Date.

"**Class C Interest Coverage Test**" means the test which will apply as of each Measurement Date occurring on or after the Determination Date immediately preceding the second Notes Payment Date and which will be satisfied on such Measurement Date if the Class C Interest Coverage Ratio is at least equal to 107.5 per cent.

"**Class C Noteholders**" means the holders of any Class C Notes from time to time.

"**Class C Overcollateralisation Ratio**" means, as of each Measurement Date, the ratio (expressed as a percentage) obtained by dividing (a) the amount equal to the Adjusted Collateral Principal Amount by (b) the sum of (i) the Principal Amount Outstanding of each of the Class A Notes, the Class B Notes and the Class C Notes and (ii) any Deferred Interest in respect of the Class C Notes.

"**Class C Overcollateralisation Test**" means the test which will apply as of each Measurement Date and which will be satisfied on such Measurement Date if the Class C Overcollateralisation Ratio is at least equal to 107.1 per cent.

"**Class D Coverage Tests**" means the Class D Interest Coverage Test and the Class D Overcollateralisation Test.

"**Class D Interest Coverage Ratio**" means, as of each Measurement Date occurring on or after the Determination Date immediately preceding the second Notes Payment Date, the ratio (expressed as a percentage) obtained by dividing the Interest Coverage Amount by the scheduled interest payments due on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes on the following Notes Payment Date.     (iii) any amounts, to the extent that such amounts, if not paid, will not give rise to a default under the relevant Infra Debt Obligation;

    (iv) any amounts expected to be withheld at source or otherwise deducted in respect of taxes (including as a result of FATCA) and that are not grossed up under the terms of the relevant Credit Documentation governing such Infra Debt Obligations; and

(v) any scheduled interest payments as to which the Issuer or the Collateral Manager has actual knowledge that such payment will not be made; minus

(g) the amounts payable pursuant to paragraphs (A) through (E) of the Interest Priority of Payments on the following Notes Payment Date,

in each case, in US Dollar or, if such amount is not denominated in US Dollar, its Equivalent USD Amount.

For the purposes of calculating any Interest Coverage Amount, the expected or scheduled interest payable on any Class of Notes and on any relevant Account shall be calculated using then-current interest rates applicable thereto. For the avoidance of doubt, Overpaid Amount shall not be taken into account for the purpose of calculating the Interest Coverage Amount.

"**Interest Coverage Ratio**" means each of the Class A/B Interest Coverage Ratio, the Class C Interest Coverage Ratio and the Class D Interest Coverage Ratio. For the purposes of calculating an Interest Coverage Ratio, any Eligible Fixed Deposit then outstanding representing Interest Proceeds, the expected interest income on Infra Debt Obligations, any Eligible Depository Account (to the extent applicable) and the Accounts (to the extent applicable) and the expected interest payable on the relevant Senior Notes will be calculated using the then-current interest rates applicable thereto.

"**Interest Coverage Test**" means each of the Class A/B Interest Coverage Test, the Class C Interest Coverage Test and the Class D Interest Coverage Test.

"**Interest Determination Date**" means, in respect of the Notes, the seventh US Government Securities Business Day prior to the end of each Accrual Period, **provided that**, in the event a Benchmark Replacement is adopted pursuant to the terms of the Conditions, such other date as designated by the Collateral Manager (in consultation with the Calculation Agent) in accordance with the Benchmark Replacement Conforming Changes.

"**Non-Waterfall Amount**" means:

(a) in respect of any Excluded Infra Debt Obligation, any amount payable to the Issuer representing interest, principal or other amounts (including, without limitation, any commitment fees, waiver fees and consent fees);

(b) in respect of any Refinancing (Issuer) Infra Debt Obligation, any amount payable to the Issuer representing interest, principal or other amounts (including, without limitation, any commitment fees, waiver fees and consent fees);

(c) in respect of any Infra Debt Obligation, any interest accrued on such Infra Debt Obligation up to but excluding the Closing Date and which has been received by the Issuer but has not been paid to the Sponsor or the Originating Bank (as the case may be);

(d) in respect of any Infra Debt Obligation, any amount payable to the Issuer which does not represent interest or principal (including, without limitation, any commitment fees, waiver fees and consent fees) and (i) which is accrued up to but excluding the Closing Date, or incurred on or prior to the Closing Date and (ii) which has been received by the Issuer but has not been paid to the Sponsor or the Originating Bank (as the case may be);

(e) any amount (as determined by the Collateral Manager in accordance with the terms of the Collateral Management and Administration Agreement) to which the Sponsor or another Person (other than the Issuer) is beneficially entitled but which has been paid to the Issuer (whether in error or not); and

(f) in respect of any Refinancing (Issuer) Infra Debt Obligation or an Excluded Infra Debt Obligation which is a Debt Security, any proceeds of enforcement which are attributable to such Refinancing (Issuer) Infra Debt Obligation or Excluded Infra Debt Obligation (as the case may be),

in each case, to the extent such interest or amount does not constitute any Deferred RSLD Interest and Income.

"**Note Disruption Event**" means either or both of:

(a) a material disruption to those payment or communication systems or to those financial markets which are, in each case, required to operate in order for payments to be made in connection with the Notes and which disruption is not caused by or is beyond the control of the Issuer; or

(b) the occurrence of any other event which results in a disruption (of a technical or system-related nature) to the payment operations of the Issuer preventing the Issuer from performing its payment obligations under the terms of the Notes and which is not caused by or is beyond the control of the Issuer.

"**Note Event of Default**" means each of the events defined as such in Condition 10(a) (*Note Events of Default*).

(a) *firstly*, to the redemption of the Class A Notes (on a *pro rata* and *pari passu* basis), at the applicable Redemption Price in whole or in part until the Class A Notes have been fully redeemed;

(b) *secondly*, to the redemption of the Class B Notes (on a *pro rata* and *pari passu* basis) at the applicable Redemption Price in whole or in part until the Class B Notes have been fully redeemed;

(c) *thirdly*, to the redemption of the Class C Notes including any Deferred Interest in respect of the Class C Notes (on a *pro rata* basis) at the applicable Redemption Price in whole or in part until the Class C Notes have been fully redeemed; and

(d) *fourthly*, to the redemption of the Class D Notes including any Deferred Interest in respect of the Class D Notes (on a *pro rata* basis) at the applicable Redemption Price in whole or in part until the Class D Notes have been fully redeemed,

provided that, for the purposes of any redemption of the Notes in accordance with the Note Payment Sequence following a breach of any Coverage Test, the Note Payment Sequence shall terminate immediately after the paragraph above that refers to the Class of Notes to which such Coverage Test relates.

"**Note Tax Event**" means, at any time, the introduction of a new, or any change in, any tax statute, treaty, regulation, rule, ruling, practice, procedure, tax authority guidance or judicial decision or interpretation (whether proposed, temporary or final) which results in (or would on the next Notes Payment Date result in) any payment of principal or interest on the Notes, or any payment from a Hedge Counterparty to the Issuer under a Hedge Agreement, becoming subject to any withholding tax other than:

(a) withholding tax in respect of FATCA;

(b) withholding tax payable by a Hedge Counterparty to the Issuer under a Hedge Agreement where such Hedge Counterparty is required to pay to the Issuer such additional amounts as are necessary to ensure that the net amount actually received by the Issuer after payment of all such withholding taxes will equal the full amount that the Issuer would have received had no such taxes been imposed; and

(c) by reason of the failure by the relevant Noteholder or beneficial owner to comply with any applicable procedures required to establish non-residence or other similar claim for exemption from such tax or to provide information concerning nationality, residency or connection with Hong Kong, the United States or any other applicable taxing authority.

"**Presentation Date**" means a day which (subject to Condition 13 (*Prescription*)):

(a) is a Business Day;

(b) is or falls after the relevant due date of payment or, if the due date is not or was not a Business Day in the place of presentation, is or falls after the next following Business Day which is a Business Day in the place of presentation; and

(c) is a Business Day in the place in which the account specified by the payee is located.

"**Principal Account**" means the US Dollar account described as such in the name of the Issuer held with the Account Bank.

"**Principal Amount Outstanding**" means, in relation to any Class of Notes and at any time, the aggregate principal amount outstanding under such Class of Notes at that time, including Deferred Interest which has been capitalised pursuant to Condition 6(d) (*Deferral of Interest*), save that Deferred Interest in respect of the Senior Notes shall not be included for the purposes of determining (a) the voting rights attributable to the Class C Notes or the Class D Notes and (b) the applicable quorum at any meeting of the Noteholders pursuant to Condition 15 (*Meetings of Noteholders, Modification, Waiver and Substitution*).

"**Principal Balance**" means, with respect to any Infra Debt Obligation, as of each date of determination, the outstanding principal amount thereof (including the outstanding balance of any Undrawn Commitment, but excluding any interest capitalised pursuant to the terms of the relevant Credit Documentation).

"**Principal Priority of Payments**" means the priority of payments in respect of Principal Proceeds set out in Condition 3(c)(ii) (*Application of Principal Proceeds*).

"**Principal Proceeds**" means:

(a) all amounts payable or paid into the Principal Account (directly or indirectly) from any Collection Account and the Swap Proceeds Account from time to time pursuant to Condition 3(j) (*Payments to and from the Accounts*);

(b) with respect to any Notes Payment Date, such amounts received or receivable during the related Due Period to be disbursed pursuant to the Principal Priority of Payments on such Notes Payment Date; and

(c) any other amounts to be disbursed from the Principal Account or transferred from the Principal Account to the Payment Account and to be disbursed from the Payment Account on such Notes Payment Date pursuant to Condition 3(c)(ii) (*Application of Principal Proceeds*) or otherwise pursuant to Condition 11(c) (*Post-Acceleration Priority of Payments*).

For the avoidance of doubt, amounts received in connection with an Offer for the exchange of an Infra Debt Obligation for a new or novated obligation or substitute obligation will not constitute Principal Proceeds and will not be deposited into the Principal Account to the extent such proceeds are required to be applied as consideration for the new or novated obligation or substitute obligation.

"**Priorities of Payments**" means:

(a) save for (i) in connection with any optional redemption of the Notes in whole but not in part pursuant to Condition 7(b) (*Optional Redemption*), (ii) in connection with a redemption in whole pursuant to Condition 7(f) (*Redemption following Note Tax Event*) or (iii) following acceleration of the Notes pursuant to Condition 10(b) (*Acceleration*), which, if such acceleration is by way of the giving of an actual or deemed Enforcement Notice which, if applicable, has not subsequently been rescinded and annulled in accordance with Condition 10(c) (*Curing of Note Event of Default*), in the case of Interest Proceeds, the Interest Priority of Payments and in the case of Principal Proceeds, the Principal Priority of Payments; and

(b) in the event of any optional redemption of the Notes in whole but not in part pursuant to Condition 7(b) (*Optional Redemption*) or Condition 7(f) (*Redemption following Note Tax Event*) or following acceleration of the Notes pursuant to Condition 10(b) (*Acceleration*), which, if such acceleration is by way of the giving of an actual or deemed Enforcement Notice which, if applicable, has not subsequently been rescinded and annulled in accordance with Condition 10(c) (*Curing of Note Event of Default*), the Post-Acceleration Priority of Payments.

"**Priority Hedge Termination Event**" means, in respect of a Hedge Agreement, any of the following events:

(a) failure by the Issuer to make required payments or deliveries pursuant to the terms of such Hedge Agreement where the Issuer is the sole "Defaulting Party" (as such term is defined in such Hedge Agreement);

(b) the occurrence of certain events of bankruptcy, dissolution or insolvency with respect to the Issuer and where the Issuer is the sole "Defaulting Party";

(c) the liquidation of the Portfolio due to a Note Event of Default;

(d) a change in law after the Closing Date which makes it unlawful for the Issuer to perform its obligations under such Hedge Agreement; or

(e) any unwind or amendment of such Hedge Agreement:

  (i) pursuant to Condition 12(b) (*Conditions for unwind/amendment without Rating Agency Confirmation*); or

(ii) once a Rating Agency Confirmation from each Rating Agency has been obtained prior to such unwind or amendment, as agreed between the relevant Hedge Counterparty and the Issuer (or the Collateral Manager on its behalf).

provided that, (x) unless any of the events set out in limbs (a) to (e)(i) above has also occurred, no unwind or amendment of a Hedge Agreement pursuant to the terms of such Hedge Agreement, where the relevant Hedge Counterparty is the sole "Defaulting Party" or sole "Affected Party" (as such terms are defined in such Hedge Agreement), shall constitute a Priority Hedge Termination Event and (y) for the avoidance of doubt, no unwind or amendment of a Hedge Agreement (including any unwind of mark-to-market exposure) shall be permitted under limb (e)(ii) unless and until a Rating Agency Confirmation from each Rating Agency has been obtained.

"**Rating Agency**" means Moody's, **provided that**, if at any time Moody's ceases to provide rating services, "**Rating Agency**" shall mean any other nationally recognised investment rating agency or rating agencies (as applicable) selected by the Issuer (a "**Replacement Rating Agency**") and "**Rating Agencies**" shall mean more than one Rating Agency. In the event that at any time a Rating Agency is replaced by a Replacement Rating Agency, references to rating categories of the original Rating Agency in the Conditions, the Trust Deed, the Collateral Management and Administration Agreement and any other Transaction Document shall be deemed instead to be references to the equivalent categories of the relevant Replacement Rating Agency as of the most recent date on which such other rating agency published ratings for the type of securities in respect of which such Replacement Rating Agency is used, and all references herein to "**Rating Agency**" shall be construed accordingly. Any Rating Agency shall cease to be a Rating Agency if, at any time, it ceases to assign a rating in respect of any Class of Senior Notes.

"**Rating Agency Confirmation**" means, with respect to any specified action, determination or appointment, receipt by the Issuer (with a copy to the Collateral Manager) and the Trustee of written confirmation (which may take the form of a bulletin, press release, email or other written communication) from each Rating Agency which has, as at the relevant date, assigned ratings to any Class of the Senior Notes that are Outstanding (or, if applicable, each Rating Agency specified in respect of any such action, determination or appointment, **provided that** such Rating Agency has, as at the relevant date, assigned ratings to any Class of the Senior Notes) that such specified action, determination or appointment will not result in the reduction or withdrawal of any of the ratings currently assigned to the Senior Notes by such Rating Agency. Notwithstanding anything to the contrary in any Transaction Document and the Conditions, no Rating Agency Confirmation shall be required from a Rating Agency in respect of any action, determination or appointment if (a) such Rating Agency has declined a request from the Trustee, the Collateral Manager or the Issuer to review the effect of such action, determination or appointment or (b) such Rating Agency announces (publicly or otherwise) or confirms to the Trustee, the Collateral Manager or the Issuer that Rating Agency Confirmation from such Rating Agency is not required, or that its practice is not to give such confirmations for such type of action, determination or appointment or (c) such Rating Agency has ceased to engage in the business of providing ratings or has made a public statement to the effect that it will no longer review events or circumstances of the type requiring a Rating Agency Confirmation under any Transaction Document or the Conditions for purposes of evaluating whether to confirm the then-current ratings (or initial ratings) of obligations rated by such Rating Agency.

"**Rating Requirement**" means:

(a) in the case of the Account Bank, the Custodian or any sub-custodian appointed thereby, a long-term bank deposit rating of at least "A2" and a short-term bank deposit rating of "P-1" by Moody's;

2. FORM AND DENOMINATION, TITLE, TRANSFER AND EXCHANGE

(a) Form and Denomination

The Notes of each Class may be issued in (i) global, certificated and registered form, without interest coupons, talons and principal receipts attached or (ii) definitive, certificated, and registered form, without interest coupons, talons and principal receipts attached, in each case in

the applicable Minimum Denomination and integral multiples of any Authorised Integral Amount in excess thereof. A Global Certificate or Definitive Certificate (as applicable) will be issued to each Noteholder in respect of its registered holding of Notes. Each Definitive Certificate will be numbered serially with an identifying number which will be recorded in the Register which the Issuer shall procure to be kept by the Registrar in Hong Kong.

(b) Title to the Notes

Title to the Notes passes upon registration of transfers in the Register in accordance with the provisions of the Agency and Account Bank Agreement and the Trust Deed. Notes will be transferable only on the books of the Issuer and its Agents. The registered holder of any Note will (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it, any writing on it, or its theft or loss) and no Person will be liable for so treating the holder.

(c) Transfer

In respect of Notes represented by a Definitive Certificate, one or more such Notes may be transferred in whole or in part in nominal amounts of the applicable Authorised Denomination only upon the surrender, at the specified office of the Registrar or the Transfer Agent, of the Definitive Certificate representing such Note(s) to be transferred, with the form of transfer endorsed on such Definitive Certificate duly completed and executed and together with such other evidence as the Registrar or the relevant Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Notes represented by one Definitive Certificate, a new Definitive Certificate will be issued to the transferee in respect of the part transferred and a further new Definitive Certificate in respect of the balance of the holding not transferred will be issued to the transferor.

Interests in a Global Certificate will be transferable in accordance with the rules and procedures for the time being of the Depository.

(d) Delivery of New Certificates

Each new Definitive Certificate to be issued pursuant to Condition 2(c) (*Transfer*) above will be available for delivery within five Business Days of receipt of such form of transfer. Delivery of new Definitive Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar, as the case may be, to whom delivery or surrender shall have been made or, at the option of the Noteholder making such delivery or surrender as aforesaid and as specified in the form of transfer or otherwise in writing, shall be sent by courier, at the risk of the Noteholder entitled to the new Definitive Certificate, to such address as may be so specified.

In this Condition 2(d) (*Delivery of New Certificates*), "**Business Day**" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified offices of the relevant Transfer Agent and the Registrar.

(e) Transfer Free of Charge

Transfer of Notes and Global Certificates or Definitive Certificates (as applicable) representing such Notes in accordance with the Conditions on registration or transfer will be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agent, but upon payment by a Noteholder (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require in respect thereof) of any tax or other governmental charges which may be imposed in relation to such transfer.

(f) Closed Periods

No Noteholder may request the transfer of a Note to be registered (i) during the period of 15 days ending on the due date for redemption (in full) of that Note or (ii) during the period of seven days ending on (and including) any Record Date.

(g) Regulations Concerning Transfer and Registration

All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning the transfer of Notes set out in the schedule to the Trust Deed, including, without limitation, that a transfer of Notes in breach of certain of such regulations will result in such transfer being void *ab initio*. The regulations may be changed by the Issuer in any manner which is reasonably required by the Issuer (after consultation with the Trustee) to reflect changes in legal or regulatory requirements or in any other manner which, in the opinion of the Issuer (after consultation with the Trustee and subject to not less than 60 days' notice of any such change having been given to the Noteholders in accordance with Condition 17 (*Notices*)), is not prejudicial to the interests of the holders of the relevant Class of Notes. A copy of the current regulations may be inspected at the specified office of the Transfer Agent during usual business hours on any weekday (Saturdays, Sundays and public holidays excepted) during the term of the Notes and will be sent by the Registrar to any Noteholder who so requests.

3. STATUS

(a) Status

The Notes of each Class constitute direct, general, secured, unconditional obligations of the Issuer, recourse in respect of which is limited in the manner described in Condition 4(c) (*Limited Recourse and Non-Petition*). The Notes of each Class are secured in the manner described in Condition 4(a) (*Security*) and, within each Class, shall at all times rank *pari passu* and without any preference among themselves.

(b) Relationship Among the Classes

The Notes of each Class are constituted by the Trust Deed and are secured on the Collateral as further described in the Trust Deed and the Hong Kong Security Deed. Payments of interest on the Class A Notes will rank senior in right of payment to payments of interest on each Notes Payment Date in respect of each other Class; payment of interest on the Class B Notes will be subordinated in right of payment to payments of interest in respect of the Class A Notes, but senior in right of payment to payments of interest in respect of the Class C Notes, Class D Notes and the Subordinated Notes; payment of interest on the Class C Notes will be subordinated in right of payment to payments of interest in respect of the Class A Notes and the Class B Notes, but senior in right of payment to payments of interest on the Class D Notes and the Subordinated Notes; and payment of interest on the Class D Notes will be subordinated in right of payment to payments of interest in respect of the Class A Notes, the Class B Notes and the Class C Notes, but senior in right of payment to payments of interest in respect of the Subordinated Notes.

No amount of principal in respect of the Class B Notes shall become due and payable until redemption and payment in full of the Class A Notes. No amount of principal in respect of the Class C Notes shall become due and payable until redemption and payment in full of the Class A Notes and the Class B Notes. No amount of principal in respect of the Class D Notes shall become due and payable until redemption and payment in full of the Class A Notes, the Class B Notes and the Class C Notes. Subject to the applicability of the Post-Acceleration Priority of Payments, the Subordinated Noteholders will be entitled to receive, out of Principal Proceeds, the amounts

described under the Principal Priority of Payments on a *pari passu* basis. Payments on the Subordinated Notes are subordinated to payments on the Senior Notes and other amounts described in the Priorities of Payments and no payments out of Principal Proceeds will be made on the Subordinated Notes until the Senior Notes and other payments ranking prior to the Subordinated Notes in accordance with the Priorities of Payments are paid in full.

(c) Priorities of Payments

The Transaction Administrator shall (on the basis of the Payment Date Report prepared by the Transaction Administrator in consultation with the Collateral Manager in accordance with the terms of the Collateral Management and Administration Agreement on each Determination Date), on behalf of the Issuer on each Notes Payment Date: (i) (A) prior to the acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*) (where the Post-Acceleration Priority of Payments shall apply subsequent to such acceleration); (B) following delivery of an Enforcement Notice (deemed or otherwise) which has subsequently been rescinded and annulled in accordance with Condition 10(c) (*Curing of Note Event of Default*); and (ii) other than (A) in connection with an optional redemption in whole under Condition 7(b) (*Optional Redemption*) or (B) in accordance with Condition 7(f) (*Redemption following Note Tax Event*) (in which event the Post-Acceleration Priority of Payments shall apply), instruct the Account Bank to disburse Interest Proceeds and Principal Proceeds from the Payment Account, in each case, in accordance with the following Priorities of Payments:

(i) Application of Interest Proceeds

Save as further provided below or otherwise provided in the Conditions, Interest Proceeds in respect of a Due Period shall be applied and paid on the Notes Payment Date immediately following such Due Period in the following order of priority:

(A) to the payment of accrued taxes owing by the Issuer in respect of the related Due Period, as certified by an Authorised Officer to the Transaction Administrator (save for any tax payable in relation to any amount payable to the Secured Parties) to the extent not already paid, if any;

(B) to the payment of accrued and unpaid Trustee Fees and Expenses, up to an amount equal to the Senior Expenses Cap in respect of the related Due Period, **provided that** upon the occurrence of a Note Event of Default which is continuing, the Senior Expenses Cap shall not apply in respect of such Trustee Fees and Expenses;

(C) to the payment of Administrative Expenses in the order stated in the definition thereof as may be varied by the Collateral Manager in accordance with the Collateral Management and Administration Agreement, up to an amount equal to the Senior Expenses Cap in respect of the related Due Period less any amounts paid pursuant to paragraph (B) above, **provided that** upon the occurrence of a Note Event of Default which is continuing, the Senior Expenses Cap shall not apply in respect of such Administrative Expenses;

(D) to be transferred to the General Reserve Account in such amount (if any) as is required to ensure the balance of the General Reserve Account is equal to the General Reserve Account Cap;

(E) to the payment:

(I) firstly, to the Collateral Manager, the Senior Collateral Management Fee due and payable on such Notes Payment Date (save for any Deferred Senior

Collateral Management Fee), **provided, however, that** the Collateral Manager may, in its sole discretion, elect to (w) direct the Issuer to pay all or any part of the Senior Collateral Management Fee to a Collateral Manager Related Party, (x) irrevocably waive all or any part of the Senior Collateral Management Fee, (y) designate all or any part of the Senior Collateral Management Fee for reinvestment in Reinvestment Infra Debt Obligations or redemption of Notes or (z) defer payment of all or any part of the Senior Collateral Management Fee that would have been payable to the Collateral Manager under this paragraph (E) (any such amounts set out in (y) or (z) above being the "**Deferred Senior Collateral Management Fee**") on any Notes Payment Date, **provided further that** any such amount in the case of (y) above shall be deposited in the Principal Account pending acquisition of Reinvestment Infra Debt Obligations or redemption of Notes or, in the case of (z) above, shall be applied to the payment of amounts in accordance with paragraphs (F) through (Z) below, subject in each case to the Collateral Manager having notified the Transaction Administrator in writing not later than the relevant Determination Date of any amounts to be so applied; and

(II) secondly, to the Collateral Manager, any previously due and unpaid Senior Collateral Management Fee (other than the Deferred Senior Collateral Management Fee);

(F) to the payment on a *pro rata* and *pari passu* basis of:

(I) all Interest Amounts due and payable on the Class A Notes in respect of the Accrual Period ending immediately prior to such Notes Payment Date and all other Interest Amounts due and payable on such Class A Notes; and

(II) all amounts, if any, which are scheduled to be paid to any Hedge Counterparty under a Hedge Agreement and any Termination Payments in connection with any Priority Hedge Termination Events, in each case to the extent not already paid;

(G) to the payment on a *pro rata* and *pari passu* basis of all Interest Amounts due and payable on the Class B Notes in respect of the Accrual Period ending immediately prior to such Notes Payment Date and all other Interest Amounts due and payable on such Class B Notes;

(H) if the Class A/B Overcollateralisation Test is not satisfied on any Determination Date or, if the Class A/B Interest Coverage Test is not satisfied on the Determination Date immediately preceding the second Notes Payment Date or any Determination Date thereafter, to the redemption of the Senior Notes in accordance with the Note Payment Sequence to the extent necessary to cause all Class A/B Coverage Tests to be satisfied if recalculated immediately following such redemption assuming the scheduled interest payments due on the Class A Notes and the Class B Notes for the purpose of determining the recalculated Class A/B Coverage Tests shall be calculated using the Principal Amount Outstanding of the Class A Notes and the Class B Notes after such redemption;

(I) to the payment on a *pro rata* basis of the Interest Amounts due and payable on the Class C Notes in respect of the Accrual Period ending immediately prior to such Notes Payment Date (excluding any Deferred Interest on the Class C Notes, but including interest on Deferred Interest on the Class C Notes in respect of the relevant Accrual Period);

(J) if the Class C Overcollateralisation Test is not satisfied on any Determination Date or, if the Class C Interest Coverage Test is not satisfied on the Determination Date immediately preceding the second Notes Payment Date or any Determination Date thereafter, to the redemption of the Senior Notes in accordance with the Note Payment Sequence to the extent necessary to cause all Class C Coverage Tests to be satisfied if recalculated immediately following such redemption assuming the scheduled interest payments due on the Class C Notes for the purpose of determining the recalculated Class C Coverage Tests shall be calculated using the Principal Amount Outstanding of the Class C Notes after such redemption;

(K) to the payment on a *pro rata* basis of any Deferred Interest on the Class C Notes which is due and payable pursuant to Condition 6(d) (*Deferral of Interest*);

(L) to the payment on a *pro rata* basis of the Interest Amounts due and payable on the Class D Notes in respect of the Accrual Period ending immediately prior to such Notes Payment Date (excluding any Deferred Interest on the Class D Notes, but including interest on Deferred Interest on the Class D Notes in respect of the relevant Accrual Period);

(M) if the Class D Overcollateralisation Test is not satisfied on any Determination Date or, if the Class D Interest Coverage Test is not satisfied on the Determination Date immediately preceding the second Notes Payment Date or any Determination Date thereafter, to the redemption of the Senior Notes in accordance with the Note Payment Sequence to the extent necessary to cause all Class D Coverage Tests to be satisfied if recalculated immediately following such redemption assuming the scheduled interest payments due on the Class D Notes for the purpose of determining the recalculated Class D Coverage Tests shall be calculated using the Principal Amount Outstanding of the Class D Notes after such redemption;

(N) to the payment on a *pro rata* basis of any Deferred Interest on the Class D Notes which is due and payable pursuant to Condition 6(d) (*Deferral of Interest*);

(O) to the payment of Trustee Fees and Expenses (if any) not paid by reason of exceeding the Senior Expenses Cap;

(P) to the payment of Administrative Expenses (if any) not paid by reason of the Senior Expenses Cap, in relation to each item thereof in the order of priority stated in the definition thereof as may be varied by the Collateral Manager in accordance with the Collateral Management and Administration Agreement;

(Q) to be transferred to the Risk Protection Reserve Account in such amount (if any) as directed by the Collateral Manager to procure and/or renew Risk Protection in accordance with the terms of the Collateral Management and Administration Agreement;

(R) to the payment of any interest due and payable as communicated by the Sponsor to the Transaction Administrator on each Multi-Purpose Sponsor Loan (if any) on a *pro rata* basis, in accordance with the terms of the Closing Sponsor Loans Agreement;

(S) to the payment of any interest due and payable as communicated by the Sponsor to the Transaction Administrator on the Bridging Sponsor Loan, in accordance with the terms of the Closing Sponsor Loans Agreement;

(T) on and from the Notes Payment Date scheduled to fall on 19 April 2027, as communicated by the Sponsor to the Transaction Administrator, to repay each Multi-Purpose Sponsor Loan (if any) on a *pro rata* basis until each Multi-Purpose Sponsor Loan is repaid in full;

(U) on and from the Notes Payment Date scheduled to fall on 19 April 2027, as communicated by the Sponsor to the Transaction Administrator, to repay the Bridging Sponsor Loan until the Bridging Sponsor Loan is repaid in full;

(V) to the payment:

(I) *firstly*, to the Collateral Manager, the Junior Collateral Management Fee due and payable on such Notes Payment Date (save for any Deferred Junior Collateral Management Fee), **provided however that** the Collateral Manager may, in its sole discretion, elect to (w) direct the Issuer to pay any Junior Collateral Management Fee, or any part thereof, to a Collateral Manager Related Party, (x) irrevocably waive or (y) defer payment of some or all of the amounts that would have been payable to the Collateral Manager under this paragraph (V) (any such amounts pursuant to (y) above being the "**Deferred Junior Collateral Management Fee**") on any Notes Payment Date, **provided that** any such deferred amount shall be applied to the payment of amounts in accordance with paragraphs (W) through (Z) below, subject in each case to the Collateral Manager having notified the Transaction Administrator in writing not later than the relevant Determination Date of any amounts to be so applied; and

(II) *secondly*, to the Collateral Manager, any previously due and unpaid Junior Collateral Management Fee (other than the Deferred Junior Collateral Management Fee);

(W) to the payment of, at the Collateral Manager's election, all or a portion of any Deferred Collateral Management Fee;

(X) to the payment of any amounts owing to any Hedge Counterparty under a Hedge Agreement which have not been paid pursuant to paragraph (F)(II) above;

(Y) unless the Collateral Manager, exercising its reasonable judgement in accordance with the terms of the Collateral Management and Administration Agreement, elects to defer such payment, to the payment on a *pro rata* basis of the Interest Amounts due and payable on the Subordinated Notes in respect of the Accrual Period ending immediately prior to such Notes Payment Date (excluding any Deferred Interest on the Subordinated Notes but including interest on Deferred Interest on the Subordinated Notes in respect of the relevant Accrual Period); and

(Z) unless the Collateral Manager, exercising its reasonable judgement in accordance with the terms of the Collateral Management and Administration Agreement, elects to defer such payment, to the payment on a *pro rata* basis of any Deferred Interest on the Subordinated Notes which is due and payable pursuant to Condition 6(d) (*Deferral of Interest*).

Any remaining Interest Proceeds shall be retained in the Payment Account for further distribution on the next following Notes Payment Date.

For the avoidance of doubt, any Collateral Management Fee which is deferred, waived or designated for reinvestment or redemption of Notes pursuant to paragraphs (E) or (V) above shall not be treated as due and payable pursuant to paragraphs (E)(I), (E)(II), (V)(I) or (V)(II) above.

(ii) Application of Principal Proceeds

Principal Proceeds in respect of a Due Period shall be applied and paid on the Notes Payment Date immediately following such Due Period in the following order of priority:

(A) to the payment on a sequential basis of the amounts referred to in paragraphs (A) through (G) (both inclusive) of the Interest Priority of Payments, but only to the extent not paid in full thereunder;

(B) to the payment of the amounts referred to in paragraph (H) of the Interest Priority of Payments (but only to the extent not paid in full thereunder) where necessary to cause the Class A/B Coverage Tests that are applicable on such Notes Payment Date with respect to the Class A Notes and the Class B Notes to be satisfied if recalculated immediately following such redemption of the Senior Notes;

(C) to the payment of the amounts referred to in paragraph (I) of the Interest Priority of Payments, but only to the extent not paid in full thereunder and only to the extent that the Class C Notes are the Controlling Class;

(D) to the payment of the amounts referred to in paragraph (J) of the Interest Priority of Payments, but only to the extent not paid in full thereunder and only to the extent necessary to cause the Class C Coverage Tests that are applicable on such Notes Payment Date with respect to the Class C Notes to be satisfied if recalculated immediately following such redemption of the Senior Notes;

(E) to the payment of the amounts referred to in paragraph (K) of the Interest Priority of Payments, but only to the extent not paid in full thereunder and to the extent that the Class C Notes are the Controlling Class;

(F) to the payment of the amounts referred to in paragraph (L) of the Interest Priority of Payments, but only to the extent not paid in full thereunder and only to the extent that the Class D Notes are the Controlling Class;

(G) to the payment of the amounts referred to in paragraph (M) of the Interest Priority of Payments, but only to the extent not paid in full thereunder and only to the extent necessary to cause the Class D Coverage Tests that are applicable on such Notes Payment Date with respect to the Class D Notes to be satisfied if recalculated immediately following such redemption of the Senior Notes;

(H) to the payment of the amounts referred to in paragraph (N) of the Interest Priority of Payments, but only to the extent not paid in full thereunder and to the extent that the Class D Notes are the Controlling Class;

(I) if such Notes Payment Date is a Redemption Date in respect of which the Senior Notes are being redeemed in full (other than a Special Redemption Date or after the Reinvestment Period has ended), to redeem the Senior Notes in accordance with the Note Payment Sequence;

(J) if such Notes Payment Date is a Special Redemption Date, at the election of the Collateral Manager to make payments in an amount equal to the Special Redemption Amount (if any) applicable to such Notes Payment Date in accordance with the Note Payment Sequence;

(K) during the Reinvestment Period and with respect to the Reinvestment Proceeds only, at the discretion of the Collateral Manager, to the acquisition of Reinvestment Infra Debt Obligations, to commit to participate in the refinancing of Refinancing (Obligor) Infra Debt Obligations, to transfer/remit into the Principal Account pending reinvestment in Reinvestment Infra Debt Obligations at a later date during the Reinvestment Period, or to transfer/remit into the Undrawn Commitment Account pending withdrawal from time to time to fund the Issuer's financing obligations in respect of relevant Loans in respect of Reinvestment Infra Debt Obligations that are Undrawn Commitments at a later date during the Reinvestment Period, in each case, in accordance with the Collateral Management and Administration Agreement;

(L) to redeem the Senior Notes in accordance with the Note Payment Sequence;

(M) to the payment of, at the Collateral Manager's election, all or a portion of any Deferred Collateral Management Fee;

(N) to the payment of any amounts owing to any Hedge Counterparty under a Hedge Agreement which have not been paid pursuant to paragraphs (i)(F)(II) and (X) of the Interest Priority of Payments; and

(O) to the payment on the Subordinated Notes on a *pro rata* basis (determined upon redemption in full thereof by reference to the proportion that the principal amount of the Subordinated Notes held by their holders bore to the Principal Amount Outstanding of the Subordinated Notes immediately prior to such redemption).

(d) Non-payment of Amounts

Failure on the part of the Issuer to pay the Interest Amounts on the Class A Notes or the Class B Notes pursuant to Condition 6 (*Interest*) in accordance with the Priorities of Payments by reason solely that there are insufficient funds standing to the credit of the Payment Account shall not be a Note Event of Default unless and until such failure continues for a period of at least five Business Days (or seven Business Days in the case of an administrative error or omission as described in Condition 10 (*Note Events of Default*)), save, in each case, as the result of any deduction therefrom or the imposition of withholding thereon as set forth in Condition 9 (*Taxation*).

For so long as any of the Class A Notes or Class B Notes remain Outstanding, failure on the part of the Issuer to pay the Interest Amounts on the Class C Notes, the Class D Notes or the Subordinated Notes pursuant to Condition 6 (*Interest*) in accordance with the Priorities of Payments by reason solely that there are insufficient funds standing to the credit of the Payment Account shall not constitute a Note Event of Default, but instead such unpaid Interest Amounts will constitute Deferred Interest pursuant to Condition 6(d) (*Deferral of Interest*). After redemption in full of the Class A Notes and the Class B Notes, failure on the part of the Issuer to pay the Interest Amounts on the Class C Notes, the Class D Notes or the Subordinated Notes pursuant to Condition 6 (*Interest*) by reason solely that there are insufficient funds standing to the credit of the Payment Account shall only constitute a Note Event of Default where such Class of Notes with any unpaid Interest Amounts is the Controlling Class and, if this is not the case, such unpaid Interest Amount will constitute Deferred Interest pursuant to Condition 6(d) (*Deferral of Interest*).

Failure on the part of the Issuer to pay any principal when the same becomes due and payable on any Note on the Maturity Date or any Redemption Date shall be a Note Event of Default, **provided that**, in the case of a failure to disburse due to an administrative error or omission, such failure continues for a period of at least five Business Days after the Issuer, the Transaction Administrator and the Principal Paying Agent receive written notice of, or have actual knowledge of, such administrative error or omission, and **provided further that** failure to effect any Optional Redemption or redemption following a Note Tax Event for which notice is given to cancel such redemption in accordance with the Conditions will not constitute a Note Event of Default.

Subject always, to the case of Interest Amounts payable in respect of the Class C Notes, the Class D Notes and the Subordinated Notes pursuant to Condition 6(d) (*Deferral of Interest*) and save as otherwise provided in respect of any unpaid Collateral Management Fees, in the event of non-payment of any amounts referred to in the Interest Priority of Payments or the Principal Priority of Payments on any Notes Payment Date, such amounts shall remain due and shall be payable on each subsequent Notes Payment Date in the orders of priority provided for in this Condition 3 (*Status*). References to the amounts referred to in the Interest Priority of Payments and the Principal Priority of Payments of this Condition 3 (*Status*) shall include any amounts thereof not paid when due and still outstanding in accordance with this Condition 3 (*Status*) on any preceding Notes Payment Date.

(e) Determination and Payment of Amounts

The Transaction Administrator will, in consultation with the Collateral Manager, as of (and including) each Determination Date, calculate the amounts payable on the applicable Notes Payment Date pursuant to the Priorities of Payments and will notify the Issuer and the Trustee of such amounts. The Account Bank, acting on the instructions of the Transaction Administrator and in accordance with the Payment Date Report compiled by the Transaction Administrator on behalf of the Issuer, shall, on behalf of the Issuer not later than 3.00 p.m. (Hong Kong time) on the Business Day preceding each Notes Payment Date, cause the amounts standing to the credit of the Principal Account and, if applicable, the Interest Account (together with, to the extent applicable, amounts standing to the credit of any other Account) to the extent required to pay the amounts referred to in the Interest Priority of Payments and the Principal Priority of Payments which are payable on such Notes Payment Date, to be transferred to the Payment Account in accordance with Condition 3(j) (*Payments to and from the Accounts*).

(f) De Minimis Amounts

The Transaction Administrator may, in consultation with the Collateral Manager, adjust the amounts required to be applied to the payment of principal on the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Subordinated Notes from time to time pursuant to the Priorities of Payments so that the amount to be so applied in respect of each Class A Note, Class B Note, Class C Note, Class D Note and Subordinated Note is a whole amount, not involving any fraction of a US$0.01 or, at the discretion of the Transaction Administrator, part of a US Dollar.

(g) Publication of Amounts

The Transaction Administrator on behalf of the Issuer will cause details of the amounts of interest and principal to be paid, and any amounts of interest payable but not paid, on each Notes Payment Date in respect of the Notes to be notified at the expense of the Issuer to the Issuer, the Trustee, the Principal Paying Agent and the Registrar, and the Issuer will cause details of the principal amounts outstanding of the Senior Notes after giving effect to the principal payments, if any, on the next Notes Payment Date, to be notified to the SEHK upon issue of each Payment Date Report by submission to the SEHK of such Payment Date Report.

(h) Notifications to be Final

All notifications, opinions, determinations, certificates, quotations and decisions given, expressed, made or obtained or discretions exercised for the purposes of the provisions of this Condition 3 (*Status*) will (in the absence of manifest error) be binding on the Issuer, the Transaction Administrator, the Collateral Manager, the Trustee, the Registrar, the Paying Agents, the Transfer Agents and all Noteholders and (in the absence of gross negligence, fraud or wilful default of the Transaction Administrator) no liability to the Issuer or the Noteholders shall attach to the Transaction Administrator in connection with the exercise, delay in exercising, or non-exercise by it of its powers, duties and discretions under this Condition 3 (*Status*).

(i) Accounts

The Issuer shall, on or prior to the Closing Date, establish the following accounts with the Account Bank or the Custodian (as the case may be):

(i) the Principal Account;

(ii) the Interest Account;

(iii) the Payment Account;

(iv) the Undrawn Commitment Account;

(v) the General Reserve Account;

(vi) the Hedge Reserve Account;

(vii) the Risk Protection Reserve Account;

(viii) the Swap Proceeds Account;

(ix) each Custody Account;

(x) the Collection Account (AUD);

(xi) the Collection Account (CNH);

(xii) the Collection Account (EUR);

(xiii) the Collection Account (HKD); and

(xiv) the Collection Account (USD).

The Collateral Manager (acting on behalf of the Issuer) may, from time to time, and the Issuer shall (if so directed by the Collateral Manager) establish any additional Custody (Cash) Account or Collection Account for the purpose of collecting proceeds denominated in a currency that is not capable of being credited to any Custody (Cash) Account or any Collection Account then existing and any Eligible Depository Account for the purpose of investing in Eligible Fixed Deposits.

Each of the Account Bank and the Custodian shall at all times be a financial institution satisfying the Rating Requirement applicable thereto, which is a resident in Hong Kong or which is acting through an office not situated in Hong Kong but with the necessary regulatory capacity and

required licences to provide its services to Hong Kong counterparties as a matter of the laws of Hong Kong. If the Account Bank at any time fails to satisfy the Rating Requirement or hold the necessary regulatory capacity or any required licences to provide such services to Hong Kong counterparties, the Issuer shall use reasonable endeavours to procure that a replacement account bank, which satisfies the Rating Requirement and the regulatory requirements above, is appointed in accordance with the provisions of the Agency and Account Bank Agreement. If the Custodian at any time fails to satisfy the Rating Requirement or hold the necessary regulatory capacity or any required licences to provide such services to Hong Kong counterparties, the Issuer shall use reasonable endeavours to procure that a replacement custodian, which satisfies the Rating Requirement and the regulatory requirements above, is appointed in accordance with the provisions of the Custody Agreement.

If, at any time, an Eligible Depository Institution that the Issuer has an Eligible Fixed Deposit with fails to satisfy the Rating Requirement or hold the necessary regulatory capacity or any required licences to provide banking or deposit-taking services to Hong Kong counterparties, the Issuer shall, within 30 days from the date that the rating of such Eligible Depository Institution fails to satisfy the Rating Requirement or the regulatory requirements above, make a demand for immediate repayment (without penalty or discount) of such Eligible Fixed Deposit.

The Collateral Manager may, from time to time, invest (acting on behalf of the Issuer) in Eligible Fixed Deposit using any amounts standing to the credit of the Undrawn Commitment Account, the Principal Account, the Interest Account and any Eligible Depository Account.

All interest accrued on any of the Accounts or Eligible Depository Account from time to time, other than the Payment Account, shall be paid into the Interest Account, save to the extent that the Issuer is contractually bound to pay such amounts to a third party.

All amounts received in respect of any Eligible Fixed Deposit shall be credited back to the Undrawn Commitment Account, the Principal Account, the Interest Account or any Eligible Depository Account from which the amounts invested in such Eligible Fixed Deposit were originally withdrawn (as the case may be) as soon as practicable upon maturity or repayment (as the case may be). After receipt of any final payment or repayment amount in respect of any Eligible Fixed Deposit in any Eligible Depository Account, the Issuer shall as soon as practicable (i) procure payment of any such amount out of such Eligible Depository Account into the relevant Account from which the amounts invested in such Eligible Fixed Deposit were originally withdrawn; or (ii) make another Eligible Fixed Deposit with any such amount.

To the extent that any amounts required to be paid into any Account (other than the Collection Accounts not being the Collection Account (USD)) pursuant to the provisions of this Condition 3 (*Status*) are denominated in a currency other than US$, the Collateral Manager, acting on behalf of the Issuer, may procure the conversion of such amounts into the currency of the Account in accordance with the Collateral Management and Administration Agreement.

Notwithstanding any other provisions of this Condition 3(i) (*Accounts*) and Condition 3(j) (*Payments to and from the Accounts*), all amounts standing to the credit of the Collection Account (USD) and the Swap Proceeds Account (to the extent that such amounts are Principal Proceeds and are not Overpaid Amounts or Non-Waterfall Amounts as determined by the Collateral Manager) and the Principal Account shall be transferred to the Payment Account (and shall constitute Principal Proceeds) on the Business Day prior to redemption of all the Notes in full, and all amounts standing to the credit of each of the Interest Account, the Collection Account (USD) and the Swap Proceeds Account (to the extent that such amounts are Interest Proceeds as determined by the Transaction Administrator, and are not Overpaid Amounts or Non-Waterfall Amounts as determined by the Collateral Manager), the General Reserve Account, the Hedge Reserve Account

and the Risk Protection Reserve Account shall be transferred to the Payment Account as Interest Proceeds on the Business Day prior to redemption of all the Notes in full.

(j) Payments to and from the Accounts

(i) Principal Account

The Issuer shall procure that, on the Closing Date, an amount equal to the Excess Note Issuance Proceeds are transferred from the Collection Account (USD) to the Principal Account.

The Issuer will procure that the following amounts are paid from the Collection Account (USD) and the Swap Proceeds Account into the Principal Account within three Business Days of the date of receipt of such amounts into the Collection Account (USD) or the Swap Proceeds Account as applicable:

(A) all principal payments received in respect of any Infra Debt Obligation including, without limitation:

(I) Scheduled Principal Proceeds;

(II) Unscheduled Principal Proceeds; and

(III) any other principal payments with respect to Infra Debt Obligations (to the extent not included in the Disposal Proceeds); but excluding all Principal Proceeds received in connection with the acceptance of an Offer;

(B) all interest and other amounts received in respect of any Defaulted Obligation for so long as it is a Defaulted Obligation (save for Defaulted Obligation Excess Amounts);

(C) all premiums (including prepayment premiums) receivable upon repayment of any Infra Debt Obligation at maturity or otherwise or upon exercise of any put or call option in respect thereof which is above the outstanding principal amount of any Infra Debt Obligation;

(D) all fees and commissions received in connection with the acquisition or sale of any existing or additional Infra Debt Obligations or workout or restructuring of any Defaulted Obligations or Infra Debt Obligations as determined by the Collateral Manager using its reasonable judgement in accordance with the terms of the Collateral Management and Administration Agreement;

(E) all Disposal Proceeds received in respect of an Infra Debt Obligation;

(F) amounts transferred to the Principal Account from any other Account in accordance with Conditions 3(j)(ii) to (ix) below;

(G) all proceeds received from the issuance of any Additional Notes (including Subordinated Notes) that are not invested, reinvested or retained for acquisition of Infra Debt Obligations or Reinvestment Infra Debt Obligations, in each case, in accordance with Condition 18 (*Additional Issuances of Notes*) and all Refinancing Proceeds;

(H) any other amounts received in respect of the Collateral which are not required to be paid into another Account;

(I) all principal payments received in respect of any Infra Debt Obligation which did not satisfy the Reinvestment Criteria on the date it was required to do so and which has not been sold by the Collateral Manager in accordance with the Collateral Management and Administration Agreement;

(J) all amounts received in respect of any Risk Protection procured by the Collateral Manager (acting on behalf of the Issuer) designated as Principal Proceeds by the Collateral Manager in accordance with the terms of the Collateral Management and Administration Agreement; and

(K) any other amounts which are not required to be paid into any other Account in accordance with this Condition 3(j) (*Payments to and from the Accounts*).

For the avoidance of doubt, any references in this Condition 3(j)(i) to any amounts or proceeds received in respect of any Infra Debt Obligation (including, without limitation, any Defaulted Obligation and Reinvestment Infra Debt Obligation) would include such amounts or proceeds received by the Issuer and subsequently swapped pursuant to any Hedge Agreement or otherwise converted to US dollars from a currency other than US dollars by the Collateral Manager in accordance with the Collateral Management and Administration Agreement.

The Issuer will procure that all Refinancing Proceeds (but excluding any Refinancing Proceeds to be utilised, at the discretion of the Collateral Manager (acting on behalf of the Issuer), for the purposes of acquiring Refinancing (Issuer) Infra Debt Obligations) are credited to the Principal Account.

The Collateral Manager (acting on behalf of the Issuer) may, at its discretion, procure that any Refinancing Proceeds to be utilised for the purposes of acquiring Refinancing (Issuer) Infra Debt Obligations are credited to the Principal Account.

The Issuer shall procure payment of the following amounts (and shall ensure that payment of no other amount is made) out of the Principal Account:

(I) by no later than two Business Days prior to each Notes Payment Date, all interest received on the amounts standing to the credit of the Principal Account to the Interest Account;

(II) on the Business Day prior to each Notes Payment Date, all Principal Proceeds standing to the credit of the Principal Account to the Payment Account to the extent required for disbursement pursuant to the Principal Priority of Payments, which, for the avoidance of doubt, excludes: (a) amounts deposited after the end of the related Due Period; and (b) during the Reinvestment Period, any Reinvestment Proceeds deposited prior to the end of the related Due Period to the extent such Reinvestment Proceeds are eligible and have been designated for reinvestment by the Collateral Manager (acting on behalf of the Issuer) pursuant to the Collateral Management and Administration Agreement for a period beyond such Notes Payment Date, and such designated amounts described in (a) and/or (b) have been notified to the Transaction Administrator at least two Business Days prior to each Notes Payment Date;

(III) on any Business Day, at the discretion of the Collateral Manager (acting on behalf of the Issuer) in accordance with the terms of, and to the extent permitted under, the Collateral Management and Administration Agreement:

(1) at any time during the Reinvestment Period, all Reinvestment Proceeds for the purposes of acquiring Reinvestment Infra Debt Obligations, committing to participate in the refinancing of Refinancing (Obligor) Infra Debt Obligations, or being credited to the Undrawn Commitment Account pending withdrawal from time to time to fund the Issuer's financing obligations in respect of relevant Loans in respect of Reinvestment Infra Debt Obligations that are Undrawn Commitments at a later date during the Reinvestment Period; or

(2) all Refinancing Proceeds for the purposes of acquiring Refinancing (Issuer) Infra Debt Obligations to the extent that a corresponding amount has been drawn under the Refinancing Facility and credited to the Principal Account, or being credited to the Undrawn Commitment Account pending withdrawal from time to time to fund the Issuer's financing obligations in respect of relevant Loans in respect of Refinancing (Issuer) Infra Debt Obligations that are Undrawn Commitments;

(IV) on any Business Day, in each case, all Refinancing Proceeds in or towards redemption of the Senior Notes, subject to and in accordance with the provisions of Condition 7(b)(iv) (*Optional Redemption effected in whole or in part through Refinancing*);

(V) on any Business Day, any amount which, after conversion to a currency other than US Dollars by the Collateral Manager in accordance with the Collateral Management and Administration Agreement, are towards any scheduled payment to a Hedge Counterparty under the relevant Hedge Agreement for the purpose of swapping for any amount in US Dollars representing Principal Proceeds; and

(VI) on any Business Day, any amount as directed by the Collateral Manager in accordance with the Collateral Management and Administration Agreement to be credited to the Hedge Reserve Account.

For the avoidance of doubt, where the Collateral Manager has not identified, has not been able to identify, or does not expect to identify any Reinvestment Infra Debt Obligations for the purposes of acquisition, any Reinvestment Proceeds not used for acquisition of Reinvestment Infra Debt Obligations and standing to the credit of the Principal Account may, as determined by the Collateral Manager exercising its reasonable judgement in accordance with the terms of the Collateral Management and Administration Agreement, be paid out of the Principal Account to the Payment Account to the extent required for disbursement pursuant to the Principal Priority of Payments in accordance with Condition 7(d) (*Special Redemption*).

(ii) Interest Account

The Issuer will procure that:

(A) on the Closing Date, any amounts remaining in the Collection Account (USD), after giving effect to the payments set out in Condition 3(j)(viii)(I), are credited to the Interest Account;

(B) on the Closing Date, the proceeds of the Bridging Sponsor Loan to the extent not utilised to fund the General Reserve Account up to the General Reserve Account Cap are credited to the Interest Account;

(C) following the Closing Date, any interest received by the Issuer on (x) the amount standing to the credit of the Principal Account, and (y) the amount standing to the credit of the Undrawn Commitment Account are transferred from the Principal Account (in accordance with Condition 3(j)(i) (*Principal Account*)) and the Undrawn Commitment Account (in accordance with Condition 3(j)(iv) (*Undrawn Commitment Account*)) respectively into the Interest Account;

(D) following the Closing Date, if the Collateral Manager (acting on behalf of the Issuer) has procured and/or renewed any Risk Protection, on the date falling two Business Days before the Notes Payment Date occurring immediately after such procurement and/or renewal of Risk Protection, any amounts remaining in the Risk Protection Reserve Account are credited to the Interest Account;

(E) following the Closing Date, the following amounts (including Interest Proceeds) are paid from the Collection Account (USD) and the Swap Proceeds Account into the Interest Account within three Business Days of the date of receipt of such amounts into the Collection Account (USD) or the Swap Proceeds Account as applicable:

(I) all cash payments of interest in respect of the Infra Debt Obligations, together with all amounts received by the Issuer by way of gross-up in respect of such interest and in respect of a claim for refund of taxes previously withheld on interest under any applicable double taxation treaty but excluding any interest received in respect of any Defaulted Obligations for so long as it is a Defaulted Obligation other than Defaulted Obligation Excess Amounts;

(II) all interest accrued in respect of the Balances standing to the credit of the other Accounts other than the Payment Account;

(III) all amendment and waiver fees, all late payment fees, all commitment fees, syndication fees, delayed compensation, guarantee fees, insurance premium fees and all other fees and commissions received in connection with any Infra Debt Obligations as determined by the Collateral Manager exercising its reasonable judgement in accordance with the terms of the Collateral Management and Administration Agreement (other than fees and commissions received in connection with the acquisition or sale of any existing or additional Infra Debt Obligations or workout or restructuring of any Defaulted Obligations or Infra Debt Obligations which fees and commissions shall be payable into the Principal Account and shall constitute Principal Proceeds);

(IV) all amounts and grants received by the Issuer, including any reimbursements of qualifying expenses;

(V) any payments received with respect to any Hedge Agreement other than (1) any amount credited to the Swap Proceeds Account under Condition 3(j)(vii)(B) (*Swap Proceeds Account*) and (2) any amount to be paid out of the Swap Proceeds Account under Condition 3(j)(vii)(III) and (IV);

(VI) all accrued interest included in the proceeds of sale of any other Infra Debt Obligation that are designated by the Collateral Manager as Interest Proceeds pursuant to the Collateral Management and Administration Agreement (**provided that** no such designation may be made in respect of a Defaulted Obligation save for Defaulted Obligation Excess Amounts);

(VII) all cash payments of interest in respect of any Infra Debt Obligation which did not satisfy the Reinvestment Criteria on the date it was required to do so and that have not been sold by the Collateral Manager, together with all amounts received by the Issuer by way of gross-up in respect of such interest and in respect of a claim for refund of taxes previously withheld on interest under any applicable double taxation treaty in accordance with the Collateral Management and Administration Agreement; and

(VIII) all amounts received in respect of any Risk Protection procured by the Collateral Manager and designated as Interest Proceeds by the Collateral Manager;

(F) following the Closing Date, the proceeds of any Multi-Purpose Sponsor Loan where the purpose of such Multi-Purpose Sponsor Loan is for the settlement of hedging-related payments (including but not limited to any Termination Payments but excluding scheduled hedging-related payments) are credited to the Interest Account; and

(G) following the Closing Date, all amounts directed to be paid from the Hedge Reserve Account to the Interest Account upon the direction of the Collateral Manager in accordance with the Collateral Management and Administration Agreement.

For the avoidance of doubt, any references in this Condition 3(j)(ii) to any amounts or proceeds received in respect of any Infra Debt Obligation (including, without limitation, any Defaulted Obligation and Reinvestment Infra Debt Obligation) would include such amounts or proceeds received by the Issuer and subsequently swapped pursuant to any Hedge Agreement or otherwise converted to US dollars from a currency other than US dollars by the Collateral Manager in accordance with the Collateral Management and Administration Agreement.

The Issuer shall procure payment of the following amounts (and shall ensure that payment of no other amount is made) out of the Interest Account:

(I) on the Business Day prior to each Notes Payment Date, all Interest Proceeds standing to the credit of the Interest Account to the extent required for disbursement pursuant to the Interest Priority of Payments shall be transferred to the Payment Account, which, for the avoidance of doubt, excludes amounts deposited after the end of the related Due Period;

(II) at any time in accordance with the terms of, and to the extent permitted under, the Collateral Management and Administration Agreement, such amount in the acquisition of Infra Debt Obligations to the extent that any such acquisition costs represent accrued interest to be acquired, provided that any payment in respect of any Refinancing (Issuer) Infra Debt Obligations may only be made if a corresponding amount has been drawn under the Refinancing Facility and credited to the Interest Account;

(III) at any time, such amount towards the payment of any costs and expenses (including transfer fees) relating to the acquisition and sale of Infra Debt Obligations, provided that any payment in respect of any Refinancing (Issuer) Infra Debt Obligations may only be made if a corresponding amount has been drawn under the Refinancing Facility and credited to the Interest Account;

(IV) on any Business Day, any amount, after conversion to a currency other than US Dollars by the Collateral Manager in accordance with the Collateral Management and Administration Agreement, towards any scheduled payment to a Hedge Counterparty under the relevant Hedge Agreement for the purpose of swapping for any amount representing Interest Proceeds;

(V) at any time, any Termination Payment due to be paid to any Hedge Counterparty in connection with any Priority Hedge Termination Event, insofar as the Collateral Manager determines, in its reasonable opinion, that the Issuer can satisfy its payment obligations under sub-paragraphs (A), (B), (C), (D), (E) and (F)(I) of Condition 3(c)(i) (*Application of Interest Proceeds*) that will be due on the immediately following Notes Payment Date, after taking into consideration such Termination Payments in connection with the relevant Priority Hedge Termination Events;

(VI) on any Business Day, any amount as directed by the Collateral Manager in accordance with the Collateral Management and Administration Agreement to be credited to the Hedge Reserve Account; and

(VII) at any time, to the payment of any accrued taxes then owing by the Issuer (save for any tax payable in relation to any amount payable to the Secured Parties), as certified by an Authorised Officer to the Transaction Administrator, to the extent that such taxes are due and payable prior to the next Notes Payment Date.

The Collateral Manager (acting on behalf of the Issuer) may, at its discretion, procure that any proceeds of the Refinancing Facility to be utilised for the purposes of acquiring Refinancing (Issuer) Infra Debt Obligations (including paying any ancillary costs and expenses) are credited to the Interest Account.

(iii) Payment Account

The Issuer will procure that, on the Business Day prior to each Notes Payment Date, all amounts standing to the credit of each of the Accounts which are required to be transferred from such Accounts to the Payment Account pursuant to Condition 3(i) (*Accounts*) and this Condition 3(j) (*Payments to and from the Accounts*) are so transferred and, on such Notes Payment Date, the Transaction Administrator shall instruct the Account Bank (acting on the basis of the Payment Date Report) to disburse such amounts in accordance with the Priorities of Payments. No amounts shall be transferred to or withdrawn from the Payment Account at any other time or in any other circumstances.

(iv) Undrawn Commitment Account

The Issuer will procure that, on the Closing Date, an amount equal to the Undrawn Commitment Amount is transferred to the Undrawn Commitment Account in accordance with Condition 3(j)(viii)(I)(3).

The Issuer will procure that on any day thereafter, any Reinvestment Proceeds or Refinancing Proceeds representing Undrawn Commitments are transferred to the Undrawn Commitment Account in accordance with Condition 3(j)(i)(III).

Amounts in the Undrawn Commitment Account shall be withdrawn from time to time to fund the Issuer's financing obligations in respect of relevant Loans in respect of the Undrawn Commitment in accordance with the Collateral Management and Administration Agreement.

The Issuer will further procure that any interest received on the balance of the Undrawn Commitment Account is paid out of the Undrawn Commitment Account into the Interest Account by no later than two Business Days prior to each Notes Payment Date.

Upon the cancellation of, or expiry of the availability period in respect of the Undrawn Commitment, the Issuer shall procure that an aggregate amount equal to the outstanding balance of the Undrawn Commitment is:

(A) if that cancellation or expiry occurs during the Reinvestment Period, at the discretion of the Collateral Manager, in its reasonable judgement pursuant to the Collateral Management and Administration Agreement either:

(I) withdrawn from the Undrawn Commitment Account and used to acquire Reinvestment Infra Debt Obligations; or

(II) transferred from the Undrawn Commitment Account to the Principal Account pending reinvestment in Reinvestment Infra Debt Obligations at a later date during the Reinvestment Period; and

(B) if that cancellation or expiry occurs following the expiry of the Reinvestment Period, transferred from the Undrawn Commitment Account to the Principal Account for application in accordance with the Priorities of Payments on the next Notes Payment Date as if such balance constituted Principal Proceeds.

(v) General Reserve Account

The Issuer will procure that the following amounts are paid into the General Reserve Account:

(A) on the Closing Date, from the proceeds of the Bridging Sponsor Loan, an amount equal to the General Reserve Account Cap; and

(B) any amount applied to the payment into the General Reserve Account pursuant to Condition 3(c)(i)(D) of the Interest Priority of Payments.

The Issuer will procure payment of the following amounts (and shall ensure that payment of no other amount is made) out of the General Reserve Account:

(I) amounts due or accrued with respect to actions taken on or in connection with the Closing Date with respect to the issue of Notes and the entry into the Transaction Documents;

(II) at any time, the amount of, firstly, Trustee Fees and Expenses, secondly, Administrative Expenses and thirdly, Interim Expenses which have accrued and become payable prior to the immediately following Notes Payment Date, upon receipt of invoices therefor from the relevant creditor and, in the case of the Administrative Expenses, in the order stated in the definition thereof as may be varied by the Collateral Manager in accordance with the Collateral Management and Administration Agreement, **provided that** any such payments, in aggregate, shall not cause the balance of the General Reserve Account to fall below zero;

(III) at any time, such amount towards the payment of any costs and expenses (including transfer fees) relating to the acquisition and sale of Infra Debt Obligations; and

(IV) the Balance standing to the credit of the General Reserve Account to the Payment Account automatically upon an acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*),

provided that, for the avoidance of doubt, in respect of item (I) above, there is no obligation for such payment to be made to the Principal Account, Interest Account or Payment Account (as applicable) prior to any Notes Payment Date unless the Issuer (or the Collateral Manager on its behalf) so directs.

(vi) Risk Protection Reserve Account

The Issuer will procure that the following amounts are paid into the Risk Protection Reserve Account:

(A) on any day, any proceeds of any Multi-Purpose Sponsor Loan where the purpose of such Multi-Purpose Sponsor Loan is for procuring and/or renewing Risk Protection; and

(B) any amount applied in payment into the Risk Protection Reserve Account pursuant to Condition 3(c)(i)(Q) of the Interest Priority of Payments.

The Issuer will procure payment of the following amounts (and shall ensure that payment of no other amount is made) out of the Risk Protection Reserve Account:

(I) on any date, and in any amount, as directed by the Collateral Manager to procure and/or renew any Risk Protection in accordance with the Collateral Management and Administration Agreement, **provided that** any such payments, in aggregate, shall not cause the balance of the Risk Protection Reserve Account to fall below zero;

(II) if the Collateral Manager (acting on behalf of the Issuer) has procured and/or renewed any Risk Protection, on the date falling two Business Days before the Notes Payment Date occurring immediately after such procurement and/or renewal of Risk Protection, any amounts remaining in the Risk Protection Reserve Account are transferred to the Interest Account; and

(III) the Balance standing to the credit of the Risk Protection Reserve Account to the Payment Account automatically upon an acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*).

(vii) Swap Proceeds Account

The Issuer or the Transaction Administrator will procure that the following amounts are credited to the Swap Proceeds Account:

(A) all amounts received from any Hedge Counterparty pursuant to the relevant Hedge Agreement; and

(B) any upfront payment received upon entering into a Hedge Agreement representing Principal Proceeds, and any payment received as a result of the termination of any Hedge Agreement to the extent not used by the Issuer to enter into a new or replacement Hedge Agreement.

The Issuer or the Transaction Administrator will procure payment of the following amounts (and shall ensure that payment of no other amount is made) out of the Swap Proceeds Account:

(I) within three Business Days of receipt of Principal Proceeds, to the Principal Account;

(II) within three Business Days of receipt of Interest Proceeds, to the Interest Account;

(III) within three Business Days of a direction of the Collateral Manager given pursuant to Condition 12(d)(iii), any Termination Payment received from a Hedge Counterparty to an account of the replacement Hedge Counterparty in accordance with such direction; and

(IV) within three Business Days of a direction of the Collateral Manager given pursuant to Condition 12(d)(iii), any payment received from a replacement Hedge Counterparty to an account of the replaced Hedge Counterparty in accordance with such direction.

(viii) Collection Accounts

The Issuer or the Transaction Administrator will procure that the following amounts are credited to the relevant Collection Accounts with the corresponding currency:

(A) on the Closing Date, the net proceeds of issue of the Notes;

(B) on any Additional Issue Dates, the net proceeds of issue of any Additional Notes;

(C) all amounts received in respect of any Collateral;

(D) all amounts received from any Risk Protection procured by the Collateral Manager;

(E) promptly upon receipt of such amounts from the relevant Obligor, the Principal Proceeds as set out in Condition 3(j)(i) (*Principal Account*);

(F) promptly upon receipt of such amounts from the relevant Obligor, the Interest Proceeds as set out in Condition 3(j)(ii) (*Interest Account*); and

(G) all amounts directed to be paid from the Hedge Reserve Account to it upon the direction of the Collateral Manager in accordance with the Collateral Management and Administration Agreement,

provided that, the Collateral Manager shall determine whether any of the amounts referred to in items (C), (E) and (F) above is an Overpaid Amount or a Non-Waterfall Amount and, if so determined and notified to the Transaction Administrator, the Transaction Administrator shall procure that the Overpaid Amount or Non-Waterfall Amount is (as the case may be) (x) returned to the relevant payee thereof or Person (as the case may be) as soon as reasonably practicable and (y) in the meantime, continue to be held in the Collection Accounts on account, and the Issuer shall hold such amounts on trust for such Person. For the avoidance of doubt, the credit of the amounts referred to in this paragraph shall include any amounts referred to in sub-paragraph (i) of the second succeeding paragraph credited into the Collection Account (USD) and received by the Issuer.

The Issuer or the Transaction Administrator shall procure payment of the following amounts (and shall ensure that payment of no other amount is made) out of the Collection Account (USD):

(I) on the Closing Date:

(1) to the Sponsor in an amount equal to the aggregate amount then due and payable by the Issuer (if any) under the Refinancing Sponsor Loans Deed (excluding, for the avoidance of doubt, any Deferred RSLD Interest and Income);

(2) in accordance with Condition 3(j)(v)(A) (*General Reserve Account*), to the General Reserve Account, an amount equal to the General Reserve Account Cap;

(3) to the Undrawn Commitment Account, an amount equal to the Undrawn Commitment Amount;

(4) to the Sponsor in an amount equal to the aggregate acquisition price due and payable under the Sponsor Collateral Acquisition Agreements;

(5) to the Principal Account, an amount equal to the Excess Note Issuance Proceeds; and

(6) in accordance with Condition 3(j)(ii) (*Interest Account*), to the Interest Account, any amounts remaining in the Collection Account (USD) on the Closing Date;

(II) within three Business Days of receipt of any Deferred RSLD Interest and Income (as defined in the Closing Sponsor Loans Agreement), to an account of the Sponsor, in each case as notified in writing to the Transaction Administrator;

(III) within three Business Days of receipt of any amounts into the Collection Account (USD), any amount as directed by the Collateral Manager to be credited to the Hedge Reserve Account;

(IV) within two Business Days of receipt of all amounts into any Collection Account which are scheduled to be paid to a Hedge Counterparty under the relevant Hedge Agreement, to an account of such Hedge Counterparty to the extent the amount of such scheduled payments is not paid using proceeds from the Hedge Reserve Account;

(V) within three Business Days of receipt of any other Principal Proceeds which do not fall within sub-paragraphs (II) to (IV) above into the Collection Account (USD), to the Principal Account; and

(VI) within three Business Days of receipt of any other Interest Proceeds which do not fall within sub-paragraphs (II) to (IV) above into the Collection Account (USD), to the Interest Account.

The Issuer or the Transaction Administrator shall procure payment of the following amounts (and shall ensure that payment of no other amount is made) out of the Collection Accounts (other than the Collection Account (USD)):

(i) within two Business Days of a direction of the Collateral Manager given pursuant to the Collateral Management and Administration Agreement, any amount in any Collection Account (other than the Collection Account (USD)) to be converted by the Collateral Manager into US Dollars towards repayment of any outstanding Multi-Purpose Sponsor Loan the purpose of which is for the settlement of scheduled hedging-related payments only to the extent of the amount of scheduled hedging-related payments actually received by the Issuer representing Interest Proceeds and/or Principal Proceeds from the Sponsor or the relevant Originating Bank as grantor, the relevant Obligor or the facility agent;

(ii) within two Business Days of receipt of all amounts into any Collection Account (other than the Collection Account (USD)) which are scheduled to be paid to a Hedge Counterparty under the relevant Hedge Agreement, to an account of such Hedge Counterparty to the extent the amount of such scheduled payments is not paid using proceeds from the Hedge Reserve Account;

(iii) within two Business Days of a direction of the Collateral Manager given pursuant to the Collateral Management and Administration Agreement, any amounts in any Collection Account (other than the Collection Account (USD)) which do not fall within sub-paragraph (i) and (ii) above to any account specified in the Collateral Manager's direction for the purpose of converting them into US Dollars;

(iv) within five Business Days of receipt of any other Principal Proceeds which do not fall within sub-paragraphs (i) to (iii) above into the relevant Collection Account(s), to the Principal Account; and

(v) within five Business Days of receipt of any other Interest Proceeds which do not fall within sub-paragraphs (i) to (iii) above into the relevant Collection Account(s), to the Interest Account.

(ix) Hedge Reserve Account

The Issuer will procure that the following amounts are credited to the Hedge Reserve Account:

(A) following the Closing Date, any amounts transferred from the Collection Account (USD), the Interest Account or the Principal Account upon the direction of the Collateral Manager in accordance with the Collateral Management and Administration Agreement; and

(B) following the Closing Date, the proceeds of any Multi-Purpose Sponsor Loan where the purpose of such Multi-Purpose Sponsor Loan is for the settlement of scheduled hedging-related payments.

The Issuer will procure payment of the following amounts (and shall ensure that payment of no other amount is made) out of the Hedge Reserve Account:

(I) on any Business Day, upon the direction of the Collateral Manager in accordance with the Collateral Management and Administration Agreement, any amount to Interest Account, the Principal Account or any Collection Account, or towards the repayment of any Multi-Purpose Sponsor Loan previously credited to such account;

(II) on any Business Day, upon the direction of the Collateral Manager in accordance with the Collateral Management and Administration Agreement, any amount to be converted by the Collateral Manager to a currency other than US Dollars towards any scheduled payment to any Hedge Counterparty under the relevant Hedge Agreement; and

(III) the Balance standing to the credit of the Hedge Reserve Account to the Payment Account automatically upon an acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*).

4. SECURITY

(a) Security

Pursuant to the Trust Deed, the obligations of the Issuer under the Notes, the Trust Deed, the Hong Kong Security Deed, the Agency and Account Bank Agreement, the Custody Agreement, the Collateral Management and Administration Agreement, the Closing Sponsor Loans Agreement, the Subscription Agreement, the Sponsor Collateral Acquisition Agreements, the Corporate Services Agreement, and, where applicable, any other Transaction Documents (together with the other obligations owed by the Issuer to the Secured Parties) are secured in favour of the Trustee for the benefit of the Secured Parties by:

(i) an assignment by way of security of all the Issuer's present and future rights, title, interest and receivables (and all entitlements and other benefits relating thereto) in respect of all Infra Debt Obligations (other than the Refinancing (Issuer) Infra Debt Obligations which are Loans and Excluded Infra Debt Obligations which are Loans) held by the Issuer from time to time (where such rights are contractual rights (other than contractual rights the assignment of which would require the consent of a third party or the entry into of an agreement or deed) and where such contractual rights arise other than under securities), including, without limitation, monies received in respect thereof, all dividends and distributions paid or payable thereon, all property paid, distributed, accruing or offered at any time on, to or in respect of or in substitution therefor and the proceeds of sale, repayment and redemption thereof;

(ii) a first fixed charge and first priority security interest created over all the Issuer's present and future rights, title, interest and receivables (and all entitlements or other benefits relating thereto) in respect of all Infra Debt Obligations (other than the Refinancing (Issuer) Infra Debt Obligations which are Loans and Excluded Infra Debt Obligations which are Loans) and balances standing to the credit of each of the Accounts and any other investments, in each case held by the Issuer (where such assets are securities or contractual rights not assigned by way of security pursuant to paragraph (i) above and which are capable of being the subject of a first fixed charge and first priority security interest), including, without limitation, all monies received in respect thereof, all dividends and distributions paid or payable thereon, all property paid, distributed, accruing or offered at any time on, to or in respect of or in substitution therefor and the proceeds of sale, repayment and redemption thereof;

(iii) an assignment by way of security of all the Issuer's present and future rights under each Hedge Agreement and all sums derived therefrom;

(iv) an assignment by way of security of all the Issuer's present and future rights under the Collateral Management and Administration Agreement, the Agency and Account Bank Agreement and each other Transaction Document (other than each Hedge Agreement, the Custody Agreement and the Corporate Services Agreement) and, in each case, all sums derived therefrom; and

(v) a floating charge over the whole of the Issuer's undertaking and assets (other than any Refinancing (Issuer) Infra Debt Obligations which are Loans and Excluded Infra Debt Obligations which are Loans) to the extent that such undertaking and assets are not subject to any other security created pursuant to the Trust Deed,

in each case excluding, for the purpose of paragraphs (i) to (v) (inclusive) above, any and all assets, property or rights which are located in, or governed by the laws of, Hong Kong that are otherwise assigned or charged to the Trustee instead of pursuant to paragraphs (i) to (v) (inclusive) above.

Further, pursuant to the Hong Kong Security Deed, the Issuer, as legal and/or beneficial owner and as a continuing security for the due and punctual payment and discharge of all the Secured Obligations (i) charges and agrees to charge in favour of the Trustee (as security trustee for the Secured Parties) by way of first fixed charge and assigns and agrees to assign absolutely by way of security to the Trustee (as security trustee for the Secured Parties) each of the Accounts and Eligible Depository Accounts and all of the Issuer's rights, entitlements and benefits from time to time arising out of or in relation to the Accounts and any Eligible Depository Account (including, without limitation, any Eligible Fixed Deposit invested by the Issuer with the Account Bank and/or any Eligible Depository Institution from time to time), (ii) charges and agrees to charge by way of first fixed charge in favour of the Trustee (as security trustee for the Secured Parties) and assigns and agrees to assign absolutely by way of security to the Trustee (as security trustee for the Secured Parties) all of the Issuer's rights, title and interest from time to time in and to the Corporate Services Agreement and the Custody Agreement, including all moneys payable to the Issuer and any claims, awards and judgments in favour of, receivable or received by the Issuer under or in connection with or pursuant to such agreements and (iii) charges and agrees to charge in favour of the Trustee (as security trustee for the Secured Parties) by way of floating charge all of the Issuer's rights, claims, title and interest from time to time arising out of or in relation to the Accounts and any Eligible Depository Account (including, without limitation, any Eligible Fixed Deposit invested by the Issuer with the Account Bank and/or any Eligible Depository Institution from time to time).

The security over the Collateral is granted to the Trustee for itself and as trustee for the Secured Parties as continuing security for the payment of the Secured Obligations. The security will extend to the ultimate balance of all sums payable by the Issuer in respect of the Secured Obligations, regardless of any intermediate payment or discharge in whole or in part.

If, for any reason, the purported assignments by way of security of, and/or the creation or provision of first fixed charges and floating charges over, the property, assets, rights and/or benefits described above is found to be ineffective in respect of any such property, assets, rights and/or benefits (together, the "**Affected Collateral**"), the Issuer shall hold to the fullest extent permitted under Hong Kong or any other law the benefit of the Affected Collateral and any sums received in respect thereof or any security interest, guarantee or indemnity or undertaking of whatever nature given to secure such Affected Collateral (together, the "**Trust Collateral**") on trust for the Trustee for the benefit of the Secured Parties and shall (i) account to the Trustee for or otherwise apply all sums received in respect of such Trust Collateral as the Trustee may direct (**provided that**, subject

to the Conditions and the terms of the Collateral Management and Administration Agreement, if no Note Event of Default has occurred and is continuing, the Issuer shall be entitled to apply the benefit of such Trust Collateral and such sums in respect of such Trust Collateral received by it and held on trust under this paragraph without prior direction from the Trustee), and (ii) following the occurrence of a Note Event of Default which is continuing, (x) exercise any rights it may have in respect of the Trust Collateral at the direction of the Trustee and (y) at its own cost take such action and execute such documents as the Trustee may in its sole discretion require.

All deeds, documents, assignments, instruments, bonds, notes, negotiable instruments, papers and any other instruments comprising, evidencing, representing and/or transferring the Portfolio will be deposited with or held by or on behalf of the Collateral Manager until the security over such obligations is irrevocably discharged in accordance with the provisions of the Trust Deed and the Hong Kong Security Deed.

Pursuant to the terms of the Trust Deed and the Hong Kong Security Deed, the Trustee is exempted from any liability in respect of any loss or theft or reduction in value of the Collateral, from any obligation to insure the Collateral and from any claim arising from the fact that the Collateral is held in a depository or clearing system or in safe custody by the Custodian, a bank or other custodian. The Trustee has no responsibility to monitor or ensure that the Account Bank or the Custodian satisfies the Rating Requirement applicable to it or, in the event of its failure to satisfy such Rating Requirement, to procure the appointment of a replacement account bank or custodian. The Trustee has no responsibility for the management of the Portfolio by the Collateral Manager or to supervise the administration of the Portfolio by the Transaction Administrator or by any other party, and is entitled to rely on the certificates or notices of any relevant party without further enquiry. The Trust Deed and the Hong Kong Security Deed also provide that the Trustee shall accept without investigation, requisition or objection such right, benefit, title and interest, if any, as the Issuer may have in and to any of the Collateral, and is not bound to make any investigation into the same or into the Collateral in any respect.

(b) Application of Proceeds upon Enforcement

The Trust Deed and the Hong Kong Security Deed provide that the net proceeds of realisation of or enforcement with respect to the security over the Collateral constituted by the Trust Deed and the Hong Kong Security Deed shall be applied in accordance with the priorities of payments set out in Condition 11 (*Enforcement*).

(c) Limited Recourse and Non-Petition

The obligations of the Issuer to pay amounts due and payable in respect of the Notes and its other obligations to the Secured Parties at any time shall be limited to the proceeds available at such time to make such payments in accordance with the Priorities of Payments or otherwise provided for in the Conditions in respect of any Non-Waterfall Amount or Overpaid Amount. Notwithstanding anything to the contrary in the Conditions or any Transaction Document:

(i) if the net proceeds of realisation of the security constituted by the Trust Deed and the Hong Kong Security Deed upon enforcement thereof in accordance with Condition 11 (*Enforcement*) and the provisions of the Trust Deed, the Hong Kong Security Deed or otherwise are less than the aggregate amount payable in such circumstances by the Issuer in respect of the Notes and its other obligations to the Secured Parties (such negative amount being referred to herein as a "**Shortfall**"), the obligations of the Issuer in respect of the Notes of each Class and its other obligations to the Secured Parties in such circumstances will be limited to such net proceeds, which shall be applied in accordance with the Priorities of Payments or otherwise provided for in the Conditions in respect of any Non-Waterfall

Amount or Overpaid Amount. In such circumstances, other assets of the Issuer will not be available for payment of such Shortfall. In such circumstances, the rights of the Secured Parties to receive any further amounts in respect of the Issuer's obligations to pay any amounts due and payable in respect of the Notes and its other obligations to the Secured Parties shall be extinguished, and none of the Noteholders or the other Secured Parties may take any further action to recover such amounts of Shortfall; and

(ii) similarly, where the Notes are redeemed in full otherwise than through such enforcement, upon receipt by each holder of the Subordinated Notes of the proceeds in the amount of its pro rata share of the remaining proceeds pursuant to paragraph (xxii) of the Post-Acceleration Priority of Payments, all obligations of the Issuer to pay amounts due and payable in respect of the Subordinated Notes held by such holder and its other obligations to such holder shall equally be limited to, and shall be deemed to be satisfied and discharged by, such proceeds. In such circumstances, the rights of the Subordinated Noteholders to receive any further amounts in respect of the Issuer's obligations to pay any amounts due and payable in respect of the Subordinated Notes and its other obligations to the Subordinated Noteholders shall be extinguished and none of the Subordinated Noteholders or other Secured Parties may take any further action to recover any further amounts.

None of the Noteholders, the Trustee or the other Secured Parties (or any other Person acting on behalf of any of them, whether directly or indirectly) shall, or shall be entitled at any time to, take any step to institute against the Issuer, or join in any institution against the Issuer of, any bankruptcy, reorganisation, arrangement, moratorium, insolvency, scheme of arrangement, examinership, winding-up or liquidation proceedings or other proceedings under any applicable bankruptcy, insolvency or similar law in connection with any obligations of the Issuer relating to the Notes of any Class or otherwise owed to the Secured Parties, save for lodging a claim in the liquidation of the Issuer which is initiated by another Person or taking proceedings to obtain a declaration or judgment as to the obligations of the Issuer, and without limitation to the Trustee's right to enforce and/or realise the security constituted by the Trust Deed and/or the Hong Kong Security Deed (including by appointing a receiver or an administrative receiver).

In addition, none of the Noteholders or any other Secured Parties shall have any recourse against any Director, shareholder or officer of the Issuer in respect of any obligations, covenants or agreements entered into or made by the Issuer pursuant to the terms of the Conditions or any other Transaction Document to which the Issuer is a party or any notice or documents which it is requested to deliver hereunder or thereunder.

None of the Trustee, the Directors, the Sole Global Coordinator, the Joint Bookrunners, the Collateral Manager, the Collateral Manager Related Parties, the Retention Holder, the Sponsor, the Corporate Service Providers, the Custodian or any Agent has any obligation to any Noteholder of any Class for payment of any amount by the Issuer in respect of the Notes of any Class.

(d) Acquisition and Sale of Portfolio

The Issuer has built up the Portfolio prior to the Closing Date. The Collateral Manager is required to manage the Portfolio and to act in specific circumstances in relation to the Portfolio on behalf of the Issuer pursuant to the terms of, and subject to the parameters set out in, the Collateral Management and Administration Agreement and subject to the overall supervision and control of the Issuer. The duties of the Collateral Manager, subject to the standard of care in, and the other provisions of, the Collateral Management and Administration Agreement, with respect to the Portfolio include (among others) the use of reasonable endeavours in accordance with the terms of the Collateral Management and Administration Agreement to:

(i) acquire Infra Debt Obligations in accordance with the criteria set out in the Collateral Management and Administration Agreement;

(ii) in respect of any Undrawn Commitment, subject to satisfaction of any applicable conditions precedent, make the Issuer's portion of commitment in the relevant Loan available to the relevant Sponsor or Originating Bank as grantor, Obligor or facility agent (as the case may be) on the relevant utilisation date(s) under the relevant credit facility or Participation of which the Loan forms part when such amounts are due and payable;

(iii) sell certain Infra Debt Obligations; and

(iv) acquire Reinvestment Infra Debt Obligations with Reinvestment Proceeds in accordance with the criteria set out in the Collateral Management and Administration Agreement.

Under the Collateral Management and Administration Agreement, the Issuer, the Controlling Class and the holders of the Subordinated Notes have certain rights in respect of the removal of the Collateral Manager and appointment of a replacement collateral manager.

By its purchase of Notes, each Noteholder is deemed to have consented on behalf of itself to the acquisition of the Infra Debt Obligations as of the Closing Date by the Issuer and the arrangements described in "*Risk Factors — Risks relating to certain conflicts of interest — There may be conflicts of interest involving the Sole Global Coordinator and the Joint Bookrunners*" of the Information Memorandum.

(e) Exercise of Rights in Respect of the Portfolio

Pursuant to the Collateral Management and Administration Agreement, the Issuer authorises the Collateral Manager, prior to enforcement of the security over the Collateral, to exercise all rights and remedies of the Issuer in its capacity as a holder of, or Person beneficially entitled to, the Portfolio. In particular, the Collateral Manager is authorised, subject to any specific direction given by the Issuer, to attend and/or vote at any meeting of holders of, or other Persons interested or participating in, or entitled to the rights or benefits (or a part thereof) under, the Portfolio and to give any consent, waiver, indulgence, time or notification, make any declaration, to exercise, give up, waive or forego any of the Issuer's rights and/or entitlements under any part of the Portfolio or agree any composition, compounding or other similar arrangement with respect to any part of the Portfolio.

(f) Information Regarding the Collateral

The Issuer shall procure that a copy of any Investor Report or any Payment Date Report is made available, within two Business Days of publication, on the Transaction Administrator's website currently located at https://tss.sfs.db.com/investpublic and by the Collateral Manager at the Collateral Manager's website at https://www.hkilbs.com.hk (or such other website as may be notified in writing by the Transaction Administrator and/or the Collateral Manager to the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, each Hedge Counterparty that is party to the Trust Deed, each Rating Agency, the Retention Holder and the Noteholders from time to time), and that copies of each such Investor Report or Payment Date Report are made available to the Trustee, the Collateral Manager, each Rating Agency and the SEHK within two Business Days of publication thereof.

5. COVENANTS OF AND RESTRICTIONS ON THE ISSUER

(a) Covenants of the Issuer

Unless otherwise provided in the Transaction Documents, the Issuer covenants to the Trustee on behalf of the Noteholders that, for so long as any Note remains Outstanding, the Issuer will:

(i) take such steps as are reasonable to enforce all its rights:

(A) under the Trust Deed;

(B) under the Hong Kong Security Deed;

(C) in respect of the Collateral;

(D) under the Agency and Account Bank Agreement;

(E) under the Collateral Management and Administration Agreement;

(F) under each Hedge Agreement;

(G) under the Custody Agreement;

(H) under the Corporate Services Agreement;

(I) under each Acquisition Agreement; and

(J) under each Sponsor Collateral Acquisition Agreement;

(ii) comply with its obligations under the Notes, the Trust Deed, the Hong Kong Security Deed, the Agency and Account Bank Agreement, the Custody Agreement, the Hedge Agreements, the Collateral Management and Administration Agreement (including, without limitation, any obligation to fund any loan advances under the Infra Debt Obligations in respect of an Undrawn Commitment) and each other Transaction Document to which it is a party;

(iii) keep proper books of account;

(iv) conduct its business and affairs such that, at all times:

(A) it shall maintain its registered office in Hong Kong;

(B) it shall hold all meetings of its board of Directors in Hong Kong and ensure that at least one of its Directors is resident in Hong Kong for tax purposes, that the directors will exercise their control over the business of the Issuer independently and that those Directors (acting independently) exercise their authority only from and within Hong Kong by taking all key decisions relating to the Issuer in Hong Kong; and

(C) it shall not open any office or branch or place of business outside of Hong Kong;

(v) pay its debts generally as they fall due subject to and in accordance with the applicable Priorities of Payments;

(vi) do all such things as are necessary to maintain its corporate existence;

(vii) use its best endeavours to obtain and maintain the listing on the SEHK of any of the Outstanding Senior Notes which are listed from time to time. If, however, it is unable to do so, having used such endeavours, or if the maintenance of such listing is unduly onerous and the Trustee is satisfied that the interests of the holders of the Outstanding Notes of such Senior Notes would not thereby be materially prejudiced, the Issuer will instead use all reasonable endeavours promptly to obtain and thereafter to maintain a listing for such Notes on such other stock exchange(s) as it may (with the approval of the Trustee) decide;

(viii) supply copies of such documents (produced in respect of any further Notes issued by or any other financial indebtedness incurred by the Issuer) to each Rating Agency as it may reasonably request;

(ix) ensure that its tax residence is and remains at all times only in Hong Kong; and

(x) be the designated entity for the purposes of Article 7(2) of the EU Securitisation Regulation, Article 7 of Chapter 2 of the PRASR and SECN6.3.1R(1).

(b) Restrictions on the Issuer

For so long as any of the Notes remain Outstanding, save as otherwise provided in the Transaction Documents, the Issuer covenants to the holders of such Notes that (to the extent applicable) it will not, without the prior written consent of the Trustee (which shall not be unreasonably delayed or withheld):

(i) sell, factor, discount, transfer, assign, lend or otherwise dispose of any of its right, title or interest in or to the Collateral, other than in accordance with the Collateral Management and Administration Agreement, nor will it create or permit to be outstanding any mortgage, pledge, lien, charge, encumbrance or other security interest over the Collateral except in accordance with the Trust Deed, the Conditions or the Transaction Documents;

(ii) engage in any business other than:

(A) acquiring and holding any property, assets or rights that are capable of being effectively charged in favour of the Trustee or that are capable of being held on trust by the Issuer in favour of the Trustee under the Trust Deed, except that it may not acquire any securities other than assets received in lieu of debts previously contracted;

(B) issuing and performing its obligations under the Notes (including any Additional Notes);

(C) entering into, exercising its rights and performing its obligations under or enforcing its rights under the Trust Deed, the Agency and Account Bank Agreement, the Custody Agreement, the Hedge Agreements, the Collateral Management and Administration Agreement, and each other Transaction Document to which it is a party, as applicable;

(D) changing its name; or

(E) performing any act incidental to or necessary in connection with any of the above;

(iii) amend any term or Condition of the Notes of any Class (save in accordance with the Conditions and the Trust Deed);

(iv) agree to any amendment to any provision of, or grant any waiver or consent under the Trust Deed, the Agency and Account Bank Agreement, the Custody Agreement, the Hedge Agreements, the Collateral Management and Administration Agreement, the Corporate Services Agreement, or any other Transaction Document to which it is a party (save in accordance with the Conditions and the Trust Deed and, in the case of the Collateral Management and Administration Agreement, the terms thereof);

(v) guarantee or incur any indebtedness for borrowed money, other than in respect of:

(A) the Notes (including the issuance of Additional Notes) or any document entered into in connection with the Notes or the sale thereof or any Additional Notes or the sale thereof;

(B) any Refinancing; or

(C) as otherwise contemplated or permitted pursuant to the Trust Deed, the Hong Kong Security Deed or the Collateral Management and Administration Agreement;

(vi) amend the Constitutional Documents;

(vii) have any Subsidiaries or establish any offices, branches or other "establishment" (as that term is used in article 2(10) of the Insolvency Regulation) inside or outside of Hong Kong;

(viii) have any employees (for the avoidance of doubt, the company secretary, the authorised signatories and the Directors do not constitute employees);

(ix) enter into any reconstruction, amalgamation, merger or consolidation;

(x) convey or transfer all or a substantial part of its properties or assets (in one or a series of transactions) to any Person, otherwise than as contemplated in the Conditions or any Transaction Documents;

(xi) issue any shares (other than the shares that are in issue as at the Closing Date) or redeem or purchase any of its issued share capital and shall maintain adequate share capital in light of its contemplated business operations;

(xii) enter into any material agreement or contract with any Person (other than an agreement or contract on customary market terms which, for the avoidance of doubt, will include agreements to buy, participate in or sell obligations and documentation relating to restructurings or interests therein (including, without limitation, steering committee indemnity letters)), **provided that**, if such contract or agreement contains "limited recourse" and "non-petition" provisions, such Person agrees that, prior to the date that is the longer period of (x) two years and one day after all the related obligations of the Issuer have been paid in full and (y) the applicable preference period under applicable insolvency law, such Person shall not take any action or institute any proceedings against the Issuer under any insolvency law applicable to the Issuer or which would reasonably be likely to cause the Issuer to be subject to or seek protection of, any such insolvency law;

(xiii) save as contemplated in the Transaction Documents, release from or terminate the appointment of the Account Bank under the Agency and Account Bank Agreement, the Custodian under the Custody Agreement, the Collateral Manager or the Transaction

Administrator under the Collateral Management and Administration Agreement (including, in each case, any transactions entered into thereunder) or, in each case, from any executory obligation thereunder;

(xiv) commingle its assets with those of any other Person or entity;

(xv) enter into any derivatives;

(xvi) enter into any lease in respect of, or own, premises; or

(xvii) enter into any transactions or arrangements with any of its Affiliates on anything other than arm's-length terms.

6. INTEREST

(a) Notes Payment Dates

The Notes each bear interest from (and including) the Closing Date and such interest will be payable in the case of interest accrued during the initial Accrual Period, for the period from (and including) the Closing Date to (but excluding) the Notes Payment Date scheduled to fall on 19 April 2027 and thereafter, semi-annually or, following the occurrence of a Payment Frequency Switch Event, quarterly, in each case for the period from (and including) the preceding Notes Payment Date (or in the case of the first Notes Payment Date, the Closing Date) to (but excluding) the following Notes Payment Date, in each case in arrear on each Notes Payment Date.

(b) Payment Frequency Switch Events

A "**Payment Frequency Switch Event**" will occur if, on any Determination Date:

(A) a Rating Agency Confirmation has been received from the Rating Agency; and

(B) either:

(I) (1) the Aggregate Principal Balance of the Infra Debt Obligations that are quarterly or more frequently paying obligations in the period ending on such Determination Date, is greater than or equal to 85 per cent. of the entire Aggregate Principal Balance of the Portfolio; and (2) for so long as any of the Class A Notes or Class B Notes remain Outstanding the Class A/B Interest Coverage Ratio is less than 100 per cent.; or

(II) the Collateral Manager (taking into account the proportion of the Infra Debt Obligations that are quarterly or more frequently paying versus semi-annually paying) declares that a Payment Frequency Switch Event has occurred.

(c) Interest Accrual on the Notes

Each Note (or, as the case may be, the relevant part thereof due to be redeemed) will cease to bear interest from the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused. In such event, it shall continue to bear interest in accordance with this Condition 6 (*Interest*) (both before and after judgment) until whichever is the earlier of (A) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (B) the day following seven days after the Trustee or the Principal Paying Agent has notified the Noteholders of such Class of Notes in accordance with Condition 17 (*Notices*) of receipt of all sums due in respect of all the Notes of such Class up to that seventh day (except to the extent that there is failure in the subsequent payment to the relevant holders under the Conditions).

(d) Deferral of Interest

For so long as any of the Class A Notes or Class B Notes remain Outstanding, the Issuer shall, and shall only be obliged to, pay any Interest Amount payable in respect of the Class C Notes in full on any Notes Payment Date, in each case to the extent that there are Interest Proceeds or Principal Proceeds available for payment thereof in accordance with the Priorities of Payments.

For so long as any of the Class A Notes, Class B Notes or Class C Notes remain Outstanding, the Issuer shall, and shall only be obliged to, pay any Interest Amount payable in respect of the Class D Notes in full on any Notes Payment Date, in each case to the extent that there are Interest Proceeds or Principal Proceeds available for payment thereof in accordance with the Priorities of Payments.

For so long as any of the Class A Notes, Class B Notes, Class C Notes or Class D Notes remain Outstanding, the Issuer shall, and shall only be obliged to, pay any Interest Amount payable in respect of the Subordinated Notes in full on any Notes Payment Date, in each case to the extent that there are Interest Proceeds or Principal Proceeds available for payment thereof in accordance with the Priorities of Payments.

An amount of interest equal to any shortfall in payment of the Interest Amount which would, but for the first three paragraphs of this Condition 6(d) (*Deferral of Interest*) otherwise be due and payable in respect of the Class C Notes, the Class D Notes or the Subordinated Notes on any Notes Payment Date (each such amount being referred to as "**Deferred Interest**") will not be payable on such Notes Payment Date, but will be added to the principal amount of the Class C Notes, the Class D Notes or the Subordinated Notes (as applicable) and thereafter will accrue interest at the rate of interest applicable to the Class C Notes, the Class D Notes or the Subordinated Notes (as applicable), and the failure to pay such Deferred Interest to the holders of the Class C Notes, the Class D Notes or the Subordinated Notes (as applicable) will not constitute a Note Event of Default until the earlier of the Maturity Date or any earlier date on which the Notes are to be redeemed in full.

(e) Payment of Deferred Interest

Deferred Interest in respect of any Class C Note, Class D Note or Subordinated Note shall only become payable by the Issuer in accordance with the relevant paragraphs of the Interest Priority of Payments, the Principal Priority of Payments and the Post-Acceleration Priority of Payments and under the Note Payment Sequence in each place specified in the Priorities of Payments, to the extent that Interest Proceeds or Principal Proceeds, as applicable, or, where applicable, other net proceeds of enforcement of the security over the Collateral, are available to make such payment in accordance with the Priorities of Payments (and, if applicable, the Note Payment Sequence). For the avoidance of doubt, Deferred Interest on the Class C Notes, the Class D Notes and the Subordinated Notes will be added to the principal amount of the Class C Notes, the Class D Notes and the Subordinated Notes, respectively. An amount equal to any such Deferred Interest so paid shall be subtracted from the principal amount of the Class C Notes, the Class D Notes or the Subordinated Notes, as applicable.

(f) Interest on the Notes

(i) Base Rate

The rate of interest from time to time in respect of the Class A Notes (the "**Class A Base Rate**"), in respect of the Class B Notes (the "**Class B Base Rate**"), in respect of the Class C Notes (the "**Class C Base Rate**"), in respect of the Class D Notes (the "**Class D Base Rate**")

and in respect of the Subordinated Notes (the "**Subordinated Notes Base Rate**") (each, a "**Base Rate**") will be determined by the Calculation Agent on the following basis:

(A) on each Interest Determination Date, the Calculation Agent will determine the applicable Benchmark in respect of the relevant Accrual Period and Designated Maturity as soon as practicable after the Reference Time on each Interest Determination Date;

(B) the Class A Base Rate, the Class B Base Rate, the Class C Base Rate, the Class D Base Rate and the Subordinated Notes Base Rate for each Accrual Period shall be the percentage rate per annum which is the aggregate of the Applicable Margin (as defined below) and the applicable Benchmark determined pursuant to sub-paragraph (A) above, all as determined by the Calculation Agent. If any day during an Accrual Period is not a US Government Securities Business Day, the Base Rate for that day will be the rate applicable to the immediately preceding US Government Securities Business Day; and

(C) where:

"**Applicable Margin**" means:

(a) in the case of the Class A1-SU Notes: 1.25 per cent. per annum;

(b) in the case of the Class A1 Notes: 1.26 per cent. per annum;

(c) in the case of the Class B Notes: 1.55 per cent. per annum;

(d) in the case of the Class C Notes: 1.75 per cent. per annum;

(e) in the case of the Class D Notes: 4.95 per cent. per annum; and

(f) in the case of the Subordinated Notes: a percentage per annum as notified by the Issuer (or the Collateral Manager on its behalf) to the Calculation Agent.

(ii) Determination of Base Rate and Calculation of Interest Amount

The Calculation Agent will, as soon as practicable after the Reference Time on each Interest Determination Date, but in no event later than the Business Day after such date, determine the Class A Base Rate, the Class B Base Rate, the Class C Base Rate, the Class D Base Rate and the Subordinated Notes Base Rate and calculate the interest amount payable in respect of principal amounts of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Subordinated Notes as of such Interest Determination Date for the relevant Accrual Period. The amount of interest (the "**Interest Amount**") payable in respect of such Notes shall be calculated by applying the Class A Base Rate in the case of the Class A Notes, Class B Base Rate in the case of the Class B Notes, the Class C Base Rate in the case of the Class C Notes, the Class D Base Rate in the case of the Class D Notes and the Subordinated Notes Base Rate in the case of the Subordinated Notes, respectively, to an amount equal to the Principal Amount Outstanding in respect of the relevant Class of Notes, multiplying the product thereof by the actual number of days in the Accrual Period (divided by 360) and rounding the resultant figure to the nearest US$0.01 (with US$0.005 or above and below US$0.01 being rounded upwards).

(iii) Calculation Agent

The Issuer will procure that, so long as any Note remains Outstanding, a Calculation Agent shall be appointed and maintained for the purposes of determining the interest rate and interest amount payable in respect of the Notes.

If the Calculation Agent is unable or unwilling to continue to act as the Calculation Agent for the purposes of calculating interest hereunder or fails to duly establish any Base Rate for any Accrual Period, or to duly calculate the Interest Amount on any Class of Senior Notes, the Issuer shall (with the prior approval of the Trustee as to the identity of the replacement Calculation Agent) appoint another leading bank to act as such in place of the Calculation Agent. The Calculation Agent may not resign its duties without a successor having been so appointed.

(g) Benchmark Replacement

In connection with the adoption of any Benchmark Replacement, the Collateral Manager will specify the qualifications for the Calculation Agent and procedures for the calculation and reporting of the Benchmark Replacement.

(h) Publication of Interest Amounts and Deferred Interest

The Calculation Agent will cause the Interest Amounts payable in respect of each Class of Senior Notes and the amount of any Deferred Interest due but not paid on any Class C Notes, Class D Notes or Subordinated Notes for each Accrual Period and Notes Payment Date and the Principal Amount Outstanding of each Class of Notes as of the applicable Notes Payment Date to be notified to the Registrar, the Principal Paying Agent, the Transfer Agent, the Trustee, the Transaction Administrator and the Collateral Manager (in the case of Deferred Interest in respect of the Senior Notes) as soon as possible after their determination but in no event later than the fourth Business Day prior to the Notes Payment Date, and the Principal Paying Agent shall cause each such rate, amount and date to be notified to the Noteholders of each Class in accordance with Condition 17 (*Notices*) as soon as possible following notification to the Principal Paying Agent but in no event later than the second Business Day after the date of such notification. The Interest Amounts in respect of any Class of Notes so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Accrual Period. If any of the Notes become due and payable under Condition 10 (*Note Events of Default*), interest shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this Condition 6 (*Interest*) but no publication of the applicable Interest Amounts shall be made unless the Trustee so determines.

(i) Determination or Calculation by Trustee

If the Calculation Agent does not at any time for any reason calculate a Base Rate, the Trustee (or an agent or expert appointed by it at the expense of the Issuer for the purpose) may do so and such determination or calculation shall be deemed to have been made by the Calculation Agent and shall be binding on the Noteholders. In doing so, the Trustee, or such agent or expert appointed by it, shall apply the foregoing provisions of this Condition 6 (*Interest*), with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances and in reliance on such Persons as it has appointed for such purpose. The Trustee shall have no liability to any Person in connection with any determination or calculation (including with regard to the

timelines thereof) it may make (or, as applicable, cause to be made) pursuant to this Condition 6(i) (*Determination or Calculation by Trustee*).

(j) Notifications, etc. to be Final

All notifications, opinions, determinations, certificates, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6 (*Interest*), whether by the Calculation Agent or the Trustee, will (in the absence of manifest error) be binding on the Issuer, the Calculation Agent, the Trustee, the Registrar, the Paying Agents, the Transfer Agent and all Noteholders and (in the absence of gross negligence, fraud or wilful default of the Calculation Agent or the Trustee (as applicable)) no liability to the Issuer or the Noteholders of any Class shall attach to the Calculation Agent or the Trustee in connection with the exercise, delay in exercising or non-exercise by them of their powers, duties and discretions under this Condition 6(j) (*Notifications, etc. to be Final*).

7. REDEMPTION AND PURCHASE

(a) Final Redemption

Save to the extent previously redeemed in full and cancelled, the Notes of each Class will be redeemed on the Maturity Date of such Notes. In the case of a redemption pursuant to this Condition 7(a) (*Final Redemption*), (i) the Senior Notes will be redeemed at their Redemption Price in accordance with the Priorities of Payments, and (ii) the Subordinated Notes will be redeemed at the amount equal to their share of the amounts of Principal Proceeds to be applied towards such redemption pursuant to paragraph (O) of the Principal Priority of Payments. Notes may not be redeemed other than in accordance with this Condition 7 (*Redemption and Purchase*).

(b) Optional Redemption

(i) Optional Redemption in Whole — Holders of Subordinated Notes or Collateral Manager

Subject to the provisions of Condition 7(b)(iii) (*Terms and Conditions of an Optional Redemption*), Condition 7(b)(iv) (*Optional Redemption effected in whole or in part through Refinancing*) and Condition 7(b)(v) (*Optional Redemption effected through Liquidation only*), the Senior Notes may be redeemed in whole but not in part by the Issuer, from Disposal Proceeds or Refinancing Proceeds (or a combination thereof), at the applicable Redemption Prices:

(A) on any Business Day after expiry of the Non-Call Period (1) at the option of the holders of the Subordinated Notes acting by way of Extraordinary Resolution, serving duly completed Redemption Notices, or (2) at the direction of the Collateral Manager (subject to the subsequent consent of the holders of the Subordinated Notes (acting by way of Extraordinary Resolution) pursuant to the terms thereof); or

(B) upon the occurrence of a Collateral Tax Event, on any Notes Payment Date falling after such occurrence at the direction of the holders of the Subordinated Notes acting by Extraordinary Resolution, serving duly completed Redemption Notices;

provided that, in each case, no later than two Business Days before such call date, the Issuer has (1) entered into committed sales agreements with buyers such that the Disposal Proceeds of all Infra Debt Obligations and the corresponding hedge transactions entered into pursuant to the relevant Hedge Agreements (if any) being disposed of will, together with any Refinancing Proceeds to be received on the applicable date of redemption, be

sufficient to redeem the Senior Notes in full and pay all accrued but unpaid interest and other amounts on the Senior Notes and all other amounts ranking senior to or *pari passu* with the Senior Notes in the Priorities of Payments and/or (2) entered into a Refinancing in accordance with Condition 7(b)(iv) (*Optional Redemption effected in whole or in part through Refinancing*).

(ii) Optional Redemption in Whole

Subject to the provisions of Condition 7(b)(iii) (*Terms and Conditions of an Optional Redemption*), Condition 7(b)(iv) (*Optional Redemption effected in whole or in part through Refinancing*) and Condition 7(b)(v) (*Optional Redemption effected through Liquidation only*) below, the Notes may be redeemed in whole but not in part by the Issuer, at the applicable Redemption Prices, from Disposal Proceeds or Refinancing Proceeds (or a combination thereof) on any Business Day after the Class A Notes have been redeemed in full if directed in writing by the Collateral Manager, **provided that**, in each case, no later than two Business Days before such call date, the Issuer has (1) entered into committed sales agreements with buyers such that the Disposal Proceeds of all Infra Debt Obligations and the corresponding hedge transactions entered into pursuant to the relevant Hedge Agreements (if any) being disposed of will, together with any Refinancing Proceeds to be received on the applicable date of redemption, be sufficient to redeem the Senior Notes in full and pay all accrued but unpaid interest and other amounts on the Senior Notes, all other amounts ranking senior to or *pari passu* with the Senior Notes in the Priorities of Payments and where relevant, all amounts payable to any Hedge Counterparty under the relevant Hedge Agreement, and/or (2) entered into a Refinancing in accordance with Condition 7(b)(iv) (*Optional Redemption effected in whole or in part through Refinancing*).

(iii) Terms and Conditions of an Optional Redemption

In connection with any Optional Redemption:

(A) the Issuer shall procure that at least 30 days' prior written notice (or such shorter notice as may be determined by the Collateral Manager exercising its reasonable judgement in accordance with the terms of the Collateral Management and Administration Agreement) of such Optional Redemption (but stating that such redemption is subject to satisfaction of the conditions set out in this Condition 7(b) (*Optional Redemption*)), including the applicable Redemption Date, and the relevant Redemption Price of the Senior Notes therefor, is given to the Trustee and the Noteholders in accordance with Condition 17 (*Notices*);

(B) the Senior Notes to be redeemed shall be redeemed at their applicable Redemption Prices (subject, in the case of an Optional Redemption of the Senior Notes in whole, to the right of holders of 100 per cent. of the aggregate Principal Amount Outstanding of any Class of Senior Notes to elect to receive less than 100 per cent. of the Redemption Price that would otherwise be payable to the holders of such Class of Senior Notes). Such right shall be exercised by delivery by each holder of the relevant Class of Senior Notes of a written direction confirming such holder's election to receive less than 100 per cent. of the Redemption Price that would otherwise be payable to it, together with evidence of their holding to the Issuer and the Collateral Manager no later than 25 days prior to the relevant Redemption Date;

(C) the Collateral Manager shall have no right or other ability to prevent an Optional Redemption directed by holders of the Subordinated Notes in accordance with this Condition 7(b) (*Optional Redemption*); and

(D) any such redemption must comply with the procedures set out in Condition 7(b)(vi) (*Mechanics of Redemption*).

(iv) Optional Redemption effected in whole or in part through Refinancing

Following receipt by the Transaction Administrator (acting on behalf of the Issuer) of a direction from the Subordinated Noteholder(s) (acting by way of Extraordinary Resolution) or the Collateral Manager to exercise any right of optional redemption pursuant to Condition 7(b)(i) (*Optional Redemption in Whole — Holders of Subordinated Notes or Collateral Manager*) or Condition 7(b)(ii) (*Optional Redemption in Whole*), the Issuer may (1) enter into one or more loans (as borrower thereunder) with one or more lending institutions (a "**Refinancing Facility**") and/or (2) issue replacement notes, whose terms in each case will be negotiated by the Collateral Manager in accordance with the terms of the Collateral Management and Administration Agreement on behalf of the Issuer (any such refinancing, a "**Refinancing**"). Each Refinancing is required to satisfy the following conditions:

(A) the Issuer provides prior written notice thereof to the Rating Agency;

(B) all Refinancing Proceeds (excluding any Refinancing Proceeds to be utilised, at the discretion of the Collateral Manager (acting on behalf of the Issuer) for the purposes of acquiring Refinancing (Issuer) Infra Debt Obligations) and all other available funds will be at least sufficient to pay (1) any Refinancing Costs, (2) all amounts due and payable in respect of all Classes of Notes (including without limitation Deferred Interest on the Class C Notes and the Class D Notes) save for the Subordinated Notes and (3) all amounts payable in priority to the Subordinated Notes pursuant to the Priorities of Payments on the Redemption Date when applied in accordance with the applicable Priorities of Payments;

(C) all Refinancing Proceeds (excluding any Refinancing Proceeds to be utilised, at the discretion of the Collateral Manager (acting on behalf of the Issuer) for the purposes of acquiring Refinancing (Issuer) Infra Debt Obligations), Principal Proceeds, Disposal Proceeds and other available funds are used (to the extent necessary) to make such redemption;

(D) each agreement entered into by the Issuer in respect of such Refinancing contains limited recourse and non-petition provisions substantially the same as those contained in the Trust Deed;

(E) all Refinancing Proceeds and all Disposal Proceeds, if any, are received by (or on behalf of) the Issuer on or prior to the applicable Redemption Date; and

(F) the Collateral Manager has consented in writing to the terms of such Refinancing and the identity of any lending institutions acting as lenders or note purchasers thereunder,

in each case, as certified to the Issuer and the Trustee by the Collateral Manager.

Refinancing Proceeds may be applied in addition to (or in place of) Disposal Proceeds in the redemption of the Senior Notes in whole pursuant to Condition 7(b)(i) (*Optional Redemption in Whole — Holders of Subordinated Notes or Collateral Manager*).

The Collateral Manager may, in connection with the Refinancing, utilise any Refinancing Proceeds to purchase or commit to purchase Refinancing (Issuer) Infra Debt Obligations in

accordance with the Collateral Management and Administration Agreement, provided that such purchase or commitment to purchase shall not prejudice or otherwise jeopardise the Issuer's compliance with the conditions set out in Condition 7(b)(iv)(A) to (F).

If, in relation to a proposed optional redemption of the Notes, any of the conditions specified in this Condition 7(b)(iv) (*Optional Redemption effected in whole or in part through Refinancing*) are not satisfied, the Issuer shall cancel the relevant redemption of the Notes and shall give notice of such cancellation to the Trustee, the Collateral Manager and the Noteholders in accordance with Condition 17 (*Notices*). Any such cancellation shall not constitute a Note Event of Default.

None of the Issuer, the Collateral Manager or the Trustee shall be liable to any party, including the Subordinated Noteholders, for any failure to obtain a Refinancing.

The Trustee will be entitled to conclusively rely and without any enquiry or liability upon any evidence, confirmation or certificate provided by the Issuer or the Collateral Manager pursuant to or in connection with this Condition 7(b)(iv) (*Optional Redemption effected in whole or in part through Refinancing*).

(v) Optional Redemption effected through Liquidation only

Following receipt of notice from the Issuer or, as the case may be, of confirmation from the Issuer of receipt of a direction in writing from: (i) the holders of the Subordinated Notes (acting by way of Extraordinary Resolution); (ii) the Controlling Class (acting by way of Extraordinary Resolution); or (iii) the Collateral Manager, as the case may be, to exercise any right of optional redemption pursuant to this Condition 7(b) (*Optional Redemption*) or Condition 7(f) (*Redemption following Note Tax Event*) (as applicable) with such redemption to be effected solely through the liquidation or realisation of the Collateral, the Transaction Administrator shall, as soon as practicable, and in any event not later than 17 Business Days prior to the scheduled Redemption Date (the "**Redemption Determination Date**"), **provided that** the Transaction Administrator has received such notice or confirmation at least 20 Business Days prior to the scheduled Redemption Date, calculate the Redemption Threshold Amount in consultation with the Collateral Manager. The Collateral Manager or any of its Affiliates will be permitted to acquire Infra Debt Obligations in the Portfolio where any right of early redemption is exercised pursuant to this Condition 7(b) (*Optional Redemption*) or Condition 7(f) (*Redemption following Note Tax Event*).

The Notes shall not be optionally redeemed where such Optional Redemption is to be effected solely through the liquidation or realisation of the Collateral unless:

(A) at least five Business Days before the scheduled Redemption Date, the Collateral Manager shall have furnished to the Trustee a certificate (upon which certificate the Trustee may rely absolutely and without enquiry or liability) signed by an officer of the Collateral Manager that the Collateral Manager on behalf of the Issuer has entered into a binding agreement or agreements with an entity or entities with sufficient available funding capacity (which may be determined by the Collateral Manager relying conclusively, in the absence of manifest error, on information provided by the relevant purchaser) to purchase (directly or by participation or other arrangement) from the Issuer, not later than the Business Day prior to the scheduled Redemption Date (or such earlier date as agreed between the Collateral Manager and the Trustee) all or part of the Portfolio and the corresponding hedge transactions entered into pursuant to the relevant Hedge Agreements (if any) at a purchase price at least sufficient (together with (without duplication) the amounts standing to the credit of

the Accounts which would be applied in accordance with the Post-Acceleration Priority of Payments if the Notes fell due for redemption in full) to meet the Redemption Threshold Amount;

(B) at least one Business Day before the scheduled Redemption Date, the Issuer shall have received proceeds of disposition of all or part of the Portfolio and the corresponding hedge transactions entered into pursuant to the relevant Hedge Agreements (if any) at least sufficient and (without duplication) together with the amounts standing to the credit of the Accounts which would be applied in accordance with the Post-Acceleration Priority of Payments if the Notes fell due for redemption in full, to meet the Redemption Threshold Amount, **provided that**, if the Issuer has received funds from a purchaser of one or more Infra Debt Obligations (in whole or in part) and/or the corresponding hedge transactions entered into pursuant to the relevant Hedge Agreements (if any), but such Infra Debt Obligations have not yet been disposed of by transfer of legal title or participation interest (as applicable) or such hedge transactions have not been disposed of by transfer, such funds will be counted in the calculation of whether the Redemption Threshold Amount has been met; and

(C) in the case of any Optional Redemption in whole directed by the Collateral Manager pursuant to Condition 7(b)(i) (*Optional Redemption in Whole — Holders of Subordinated Notes or Collateral Manager*), the holders of the Subordinated Notes (acting by way of Extraordinary Resolution) have consented to the terms of such Optional Redemption.

Any certification delivered by the Collateral Manager pursuant to this Condition 7(b)(v) (*Optional Redemption effected through Liquidation only*) must include (1) the prices (as at the date of such certification) of, and expected proceeds from, the sale (directly or by participation or any other arrangement) or redemption of any Infra Debt Obligations and the sale of the corresponding hedge transactions entered into pursuant to the relevant Hedge Agreements (if any), (2) amounts standing to the credit of the Accounts which would be applied in accordance with the Post-Acceleration Priority of Payments if the Notes fell due for repayment in full and (3) all calculations required by this Condition 7(b) (*Optional Redemption*) and Condition 7(f) (*Redemption following Note Tax Event*), as applicable. Any Noteholder, the Retention Holder, the Collateral Manager or any of the Collateral Manager's Affiliates shall have the right, subject to the same terms and conditions afforded to other bidders, to bid on Infra Debt Obligations or Hedge Agreements to be sold as part of an Optional Redemption pursuant to this Condition 7(b)(v) (*Optional Redemption effected through Liquidation only*).

The Trustee shall rely conclusively and without enquiry or liability on any confirmation or certificate of the Collateral Manager furnished by the Collateral Manager pursuant to or in connection with this Condition 7(b)(v) (*Optional Redemption effected through Liquidation only*).

If any of the conditions in sub-paragraphs (A) to (C) above is not satisfied, the Issuer shall cancel the redemption of the Notes and shall give notice of such cancellation to the Trustee, the Collateral Manager and the Noteholders in accordance with Condition 17 (*Notices*). Such cancellation shall not constitute a Note Event of Default.

(vi) Mechanics of Redemption

Following calculation by the Transaction Administrator in consultation with the Collateral Manager of the relevant Redemption Threshold Amount, if applicable, the Transaction

Administrator shall make such other calculations as it is required to make pursuant to the Collateral Management and Administration Agreement and shall notify the Issuer, the Trustee, the Collateral Manager and the Principal Paying Agent.

Any exercise of a right of Optional Redemption by the holders of the Subordinated Notes pursuant to this Condition 7(b) (*Optional Redemption*) or Condition 7(f) (*Redemption following Note Tax Event*) shall be effected by delivery to the Principal Paying Agent (with a copy to the Registrar), by holders of the requisite amount of Subordinated Notes or the requisite amount of Notes comprising the Controlling Class (as applicable) held thereby (in respect of which such right is exercised and presenting such Definitive Certificate or Global Certificate for endorsement of exercise) of duly completed Redemption Notices not less than 30 days prior to the proposed Redemption Date. No Redemption Notice so delivered or any direction given by the Collateral Manager may be withdrawn without the prior consent of the Issuer. The Registrar shall copy each Redemption Notice or any direction given by the Collateral Manager received to each of the Issuer, the Trustee, the Transaction Administrator and the Collateral Manager.

The Collateral Manager shall notify the Issuer, the Trustee, the Transaction Administrator, the Principal Paying Agent and each Rating Agency upon satisfaction of all of the conditions set out in this Condition 7(b) (*Optional Redemption*) and/or Condition 7(f) (*Redemption following Note Tax Event*) (as the case may be) and shall use reasonable endeavours in accordance with the terms of the Collateral Management and Administration Agreement to arrange for liquidation and/or realisation of the Collateral in whole or in part as necessary, on behalf of the Issuer in accordance with the Collateral Management and Administration Agreement. The Issuer shall deposit, or cause to be deposited, the funds required for an optional redemption of the Notes in accordance with this Condition 7(b) (*Optional Redemption*) and/or Condition 7(f) (*Redemption following Note Tax Event*) (as applicable) in the Payment Account on or before the Business Day prior to the applicable Redemption Date. Principal Proceeds and Interest Proceeds received in connection with a redemption in whole of the Senior Notes shall be payable in accordance with the Post-Acceleration Priority of Payments.

(vii) Optional Redemption of Subordinated Notes

The Subordinated Notes may be redeemed at their Redemption Price, in whole but not in part, on any Business Day on or after the redemption or repayment in full of the Senior Notes, at the direction of the Subordinated Noteholders (acting by way of Extraordinary Resolution).

(c) Mandatory Redemption upon Breach of Coverage Tests

(i) Class A Notes and Class B Notes

If the Class A/B Overcollateralisation Test is not satisfied on any Determination Date or if the Class A/B Interest Coverage Test is not satisfied on the Determination Date immediately preceding the second Notes Payment Date or any Determination Date thereafter when tested, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes and the Class B Notes in accordance with the Note Payment Sequence, on the related Notes Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if recalculated following such redemption.

(ii) Class C Notes

If the Class C Overcollateralisation Test is not satisfied on any Determination Date or if the Class C Interest Coverage Test is not satisfied on the Determination Date immediately

preceding the second Notes Payment Date or any Determination Date thereafter when tested, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes, the Class B Notes and the Class C Notes in accordance with the Note Payment Sequence, on the related Notes Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if recalculated immediately following such redemption.

(iii) Class D Notes

If the Class D Overcollateralisation Test is not satisfied on any Determination Date or if the Class D Interest Coverage Test is not satisfied on the Determination Date immediately preceding the second Notes Payment Date or any Determination Date thereafter when tested, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes in accordance with the Note Payment Sequence, on the related Notes Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if recalculated immediately following such redemption.

(d) Special Redemption

Principal payments on the Notes shall be made in accordance with the Principal Priority of Payments by the Collateral Manager (acting on behalf of the Issuer), if at any time during the Reinvestment Period, the Collateral Manager (acting on behalf of the Issuer) certifies (upon which certification the Trustee may rely without enquiry or liability) to the Trustee that, using reasonable endeavours in accordance with the terms of the Collateral Management and Administration Agreement, it has been unable, for a period of 45 consecutive Business Days, to identify Reinvestment Infra Debt Obligations that meet the Reinvestment Criteria in sufficient amounts to permit the investment or reinvestment of all or a portion of the funds then in the Principal Account that are to be invested in Reinvestment Infra Debt Obligations (a "**Special Redemption**"). On the first Notes Payment Date following the Due Period in which such certification is given (a "**Special Redemption Date**"), the funds in the Principal Account representing Principal Proceeds which, using reasonable endeavours in accordance with the terms of the Collateral Management and Administration Agreement, cannot be reinvested in Reinvestment Infra Debt Obligations by the Collateral Manager (a "**Special Redemption Amount**") will be applied in accordance with Condition 3(c)(ii)(J) of the Principal Priority of Payments.

Further, where the Collateral Manager has not identified, has not been able to identify, any Reinvestment Infra Debt Obligations for the purposes of acquisition, any Reinvestment Proceeds not used for the acquisition of Reinvestment Infra Debt Obligations and standing to the credit of the Principal Account may, as determined by the Collateral Manager using reasonable judgement in accordance with the terms of the Collateral Management and Administration Agreement, be paid out of the Principal Account to the Payment Account to the extent required for disbursement pursuant to the Principal Priority of Payments.

Notice of payments pursuant to this Condition 7(d) (*Special Redemption*) shall be given by the Issuer in accordance with Condition 17 (*Notices*) not less than two Business Days prior to the applicable Special Redemption Date to the Noteholders and to each Rating Agency. **Provided that** the two Business Days' notice period is met, such notice may be given in an Investor Report or a Payment Date Report. For the avoidance of doubt, the exercise of a Special Redemption shall be at the sole and absolute determination of the Collateral Manager using its reasonable judgement in accordance with the terms of the Collateral Management and Administration Agreement (acting on behalf of the Issuer) and the Collateral Manager shall be under no obligation to, or have any responsibility to, any Noteholder or any other Person for the exercise or non-exercise (as applicable) of such Special Redemption option.

(e) Redemption by the Issuer

The Issuer shall, on each Notes Payment Date occurring thereafter, apply Principal Proceeds transferred to the Payment Account immediately prior to the related Notes Payment Date in redemption of the Notes at their applicable Redemption Prices in accordance with the Priorities of Payments.

(f) Redemption following Note Tax Event

Upon the earlier of (a) the date upon which the Issuer certifies (upon which certification the Trustee may rely without enquiry or liability) to the Trustee that it is not able to effect such change of residence to eliminate the withholding tax giving rise to a Note Tax Event in compliance with the conditions specified in the Trust Deed and (b) the date which is 90 days from the date upon which the Issuer first becomes aware of such Note Tax Event (**provided that** such 90-day period shall be extended by a further 90 days in the event that during the former period the Issuer has notified (or procured the notification of) the Trustee and the Noteholders that, based on advice received by it, it expects that it shall have changed its place of residence by the end of the latter 90-day period), the holders of the Subordinated Notes, acting by way of Extraordinary Resolution, may elect that the Notes of each Class are redeemed, in whole but not in part, on any Notes Payment Date thereafter, at their respective Redemption Prices in accordance with the Note Payment Sequence, in which case the Issuer shall so redeem the Notes on such terms, **provided that** such Note Tax Event would affect payment of principal or interest in respect of the Subordinated Notes (in addition to any other Class of Notes) on such Notes Payment Date; **provided further that** such redemption of the Notes, whether pursuant to the exercise of such option by the Subordinated Noteholders or not, shall take place in accordance with the procedures set out in Condition 7(b)(iv) (*Optional Redemption effected in whole or in part through Refinancing*) (if the relevant instructing party chooses to redeem the Notes by way of Refinancing) or Condition 7(b)(v) (*Optional Redemption effected through Liquidation only*) (if the relevant instructing party chooses to redeem the Notes by way of liquidation).

(g) Redemption

Unless otherwise specified in this Condition 7 (*Redemption and Purchase*), all Notes in respect of which any notice of redemption is given shall be redeemed on the Redemption Date at their applicable Redemption Prices and to the extent specified in such notice and in accordance with the requirements of this Condition 7 (*Redemption and Purchase*) and in accordance with the applicable Priorities of Payments.

(h) Cancellation

All Notes redeemed in full by the Issuer will be cancelled and may not be reissued or resold. No Note may be surrendered (including in connection with any abandonment, donation, gift, contribution or other event or circumstance), for registration of transfer, exchange or redemption, or for replacement in connection with any Note mutilated, defaced or deemed lost or stolen.

In respect of Notes represented by a Global Certificate, cancellation of any Note required by the Conditions to be cancelled will be effected by reduction in the principal amount of the Notes on the Register, with a corresponding notation made on the applicable Global Certificate.

(i) Notice of Redemption

The Issuer shall procure that notice of any redemption in accordance with this Condition 7 (*Redemption and Purchase*) (which notice shall be irrevocable) is given to the Trustee and the Principal Paying Agent in accordance with Condition 17 (*Notices*) and promptly in writing to each Rating Agency.

8. PAYMENTS

(a) Method of Payment

Payments of principal upon final redemption in respect of each Note represented by a Definitive Certificate will be made against presentation and surrender (or, in the case of part payment only, endorsement) of such Note at the specified office of any Paying Agent by wire transfer. Payments of interest and, prior to redemption in full thereof, principal in respect of each Note represented by a Definitive Certificate will be made by wire transfer to the holder (or to the first-named of joint holders) of the Definitive Certificate appearing on the Register at the close of business on the Record Date at his address shown on the Register on the Record Date. Upon application of the Noteholder to the specified office of a Paying Agent not less than five Business Days before the due date for any payment in respect of a Note represented by a Definitive Certificate, the payment may be made (in the case of any final payment of principal against presentation and surrender (or, in the case of part payment only of such final payment, endorsement) of such Note as provided above) by wire transfer, in immediately available funds, on the due date to a US$ account maintained by the payee with a bank in Hong Kong.

Payments of principal upon final redemption in respect of each Note represented by a Global Certificate will be made against presentation and surrender (or, in the case of part payment only, endorsement) of such Global Certificate to or to the order of the Principal Paying Agent by wire transfer. Payments of interest and, prior to redemption in full thereof, principal in respect of each Note represented by a Global Certificate will be made by wire transfer to the holder (or to the first-named of joint holders) of the Global Certificate appearing on the Register at the close of business on the Record Date at his address shown on the Register on the Record Date. On each occasion on which a payment of interest or principal is made in respect of the relevant Global Certificate, the Registrar shall note the same in the Register and cause the aggregate principal amount of the Notes represented by a Global Certificate to be decreased accordingly.

(b) Payments

All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 9 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to FATCA. No commission shall be charged to the Noteholders.

(c) Payments on Presentation Days

A Noteholder shall be entitled to present a Note for payment only on a Presentation Date and shall not, except as provided in Condition 6 (*Interest*), be entitled to any further interest or other payment if a Presentation Date falls after the due date.

If a Note is presented for payment at a time when, as a result of differences in time zones it is not practicable to transfer the relevant amount to an account as referred to above for value on the relevant Presentation Date, the Issuer shall not be obliged so to do but shall be obliged to transfer the relevant amount to the account for value on the first practicable date after the Presentation Date.

(d) Paying Agents and Transfer Agents

The Issuer reserves the right at any time, with the prior written approval of the Trustee, to vary or terminate the appointment of the Paying Agents and the Transfer Agents and appoint additional or other Agents, **provided that** it will maintain a Principal Paying Agent as approved in writing by the Trustee and shall procure that it shall at all times maintain an Account Bank, a Custodian, a Collateral Manager and a Transaction Administrator. Notice of any change in any Agent or their specified offices or in the Collateral Manager or Transaction Administrator will promptly be given to the Noteholders by the Issuer in accordance with Condition 17 (*Notices*).

9. TAXATION

(a) General

All payments of principal and interest in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within any jurisdiction, or any political subdivision or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law in which case any amounts so deducted or withheld will be treated as paid for all purposes under the Notes. For the avoidance of doubt, the Issuer shall not be required to gross up any payments made to Noteholders of any Class and shall withhold or deduct from any such payments any amounts on account of such tax, duties, assessments or governmental charges where so required by law or any such relevant taxing authority or in connection with FATCA (including any voluntary agreement entered into with a taxing authority thereto). Any withholding or deduction shall not constitute a Note Event of Default under Condition 10(a) (*Note Events of Default*).

Payments will be subject in all other cases to any other fiscal or other laws and regulations applicable thereto in any jurisdiction and the Issuer will not be liable for any taxes, duties assessments or governmental charges (including any interest or penalties with respect thereto) of whatever nature imposed or levied by such laws or regulations.

(b) FATCA

Withholding payments in respect of the Notes are subject in all cases to any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to FATCA. Any such amounts withheld or deducted will be treated as paid for all purposes under the Notes, and no additional amounts will be paid by the Issuer or any other party with respect to any such withholding or deduction.

10. NOTE EVENTS OF DEFAULT

(a) Note Events of Default

Subject to Condition 9(a) (*General*), any of the following events shall constitute a "**Note Event of Default**":

(i) Non-payment of interest

the Issuer fails to pay:

(A) any interest in respect of the Class A Notes or the Class B Notes; or

(B) any interest in respect of the Class C Notes or the Class D Notes which is not deferred in accordance with Condition 6(d) (*Deferral of Interest*),

in each case, when the same becomes due and payable, and the failure to pay such interest continues for a period of at least five Business Days, **provided that** (i) in the case of a failure to disburse due to an administrative error or omission, such failure continues for a period of at least seven Business Days after the Issuer, the Transaction Administrator or the Principal Paying Agent receives written notice of, or has actual knowledge of, such administrative error or omission and (ii) the failure to effect any Optional Redemption or redemption following a Note Tax Event for which notice is given to cancel such redemption in accordance with the Conditions will not constitute a Note Event of Default;

(ii) Non-payment of principal

the Issuer fails to pay any principal (including, for the avoidance of doubt, any Deferred Interest) when the same becomes due and payable on any Note on the Maturity Date or any Redemption Date **provided that**, in the case of a failure to disburse due to an administrative error or omission, such failure continues for a period of at least five Business Days after the Issuer, the Transaction Administrator or the Principal Paying Agent receives written notice of, or has actual knowledge of, such administrative error or omission, and **provided further that**, failure to effect any Optional Redemption or redemption following a Note Tax Event for which notice is given to cancel such redemption in accordance with the Conditions will not constitute a Note Event of Default;

(iii) Default under Priorities of Payments

the failure on any Notes Payment Date to disburse amounts (other than (i) or (ii) above) available in the Payment Account:

(A) in respect of any taxes, governmental fees, filing and registration fees and registered office fees owing by the Issuer in accordance with the Priorities of Payments, in excess of US$25,000; and

(B) in respect of all other payments in accordance with the Priorities of Payments, in excess of US$200,000,

and, in each case, such failure to pay is continuing for a period of (i) in the case of a failure to disburse due to an administrative error or omission or a Note Disruption Event (as confirmed by the Collateral Manager based on its actual knowledge and certified in writing to the Trustee (upon which certification the Trustee may rely absolutely and without enquiry

or liability), but without liability as to such determination) by the Issuer or the Transaction Administrator, as the case may be, seven Business Days after the Issuer or the Transaction Administrator receives written notice of, or has actual knowledge of, such administrative error or omission and (ii) in all other cases, five Business Days;

(iv) Class A Minimum Collateralisation Test

on any Determination Date, the Class A Minimum Collateralisation Test is not satisfied;

(v) Breach of Other Obligations

except as otherwise provided in this definition of "Note Event of Default", a default in a material respect in the performance by, or breach in a material respect of any material covenant of, the Issuer under the Trust Deed and/or the Conditions or the failure of any material representation, warranty, undertaking or other agreement of the Issuer made in the Trust Deed and/or the Conditions or in any certificate or other writing delivered pursuant thereto or in connection therewith to be correct in each case in all material respects when the same shall have been made, and the continuation of such default, breach or failure for a period of 45 days after the earlier of (a) the Issuer having actual knowledge of such default, breach or failure, or (b) notice being given to the Issuer and the Collateral Manager by registered or certified mail or courier from the Trustee, the Issuer or the Collateral Manager (as the case may be), or to the Issuer and the Collateral Manager from the Controlling Class acting pursuant to an Ordinary Resolution, in each case copied to the Trustee (as applicable), specifying such default, breach or failure and requiring it to be remedied and stating that such notice is a "Notice of Default" under the Trust Deed;

(vi) Insolvency Proceedings

proceedings are initiated against the Issuer under any applicable liquidation, insolvency, bankruptcy, composition, reorganisation or other similar laws (together, "**Insolvency Law**"), or a receiver, administrative receiver, trustee, administrator, custodian, conservator, liquidator, curator or other similar insolvency official (a "**Receiver**") is appointed in relation to such proceedings and the whole or any substantial part (in the opinion of the Trustee) of the undertaking or assets of the Issuer and in any of the foregoing cases, except in relation to the appointment of a Receiver, is not discharged within 60 days; or the Issuer is subject to, or initiates or consents to judicial proceedings relating to itself under any applicable Insolvency Law, or seeks the appointment of a Receiver, or makes a conveyance or assignment for the benefit of its creditors generally or otherwise becomes subject to any reorganisation or amalgamation (other than on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the Controlling Class);

(vii) Illegality

it is or will become unlawful for the Issuer to perform or comply with any one or more of its obligations under the Notes; or

(viii) Investment Company Act

the Issuer or any of the Collateral becomes required to be registered as an "**Investment Company**" under the Investment Company Act and failure to comply with such requirement continues for more than 45 days.

(b) Acceleration

If a Note Event of Default occurs and is continuing, the Trustee may, at its discretion, and shall, at the request of the Controlling Class acting by way of Extraordinary Resolution (subject, in each

case, to being indemnified and/or secured and/or pre-funded to its satisfaction against all liabilities, proceedings, claims and demands to which it may thereby become liable and all costs, charges and expenses which may be incurred by it in connection therewith), give notice to the Issuer and the Collateral Manager that all the Notes are immediately due and repayable (such notice, an "**Enforcement Notice**"), whereupon the Notes shall become immediately due and repayable at their applicable Redemption Prices, **provided that** upon the occurrence of a Note Event of Default described in paragraph (vi) of the definition thereof, an Enforcement Notice shall be deemed to have been given and all the Notes shall automatically become immediately due and repayable at their applicable Redemption Prices.

(c) Curing of Note Event of Default

At any time after an Enforcement Notice (deemed or otherwise) has been given and prior to enforcement of the security pursuant to Condition 11 (*Enforcement*), the Trustee, subject to receipt of consent in writing from the Controlling Class, may and shall, if so requested by the Controlling Class, in each case, acting by Extraordinary Resolution (and subject, in each case, to the Trustee being indemnified and/or secured and/or pre-funded to its satisfaction against all liabilities, proceedings, claims and demands to which it may thereby become liable and all costs, charges and expenses which may be incurred by it in connection therewith) rescind and annul such Enforcement Notice and its consequences if:

(i) the Issuer has paid or deposited with the Trustee (or to its order) a sum sufficient to pay:

(A) all overdue payments of interest and principal on the Notes, other than the Subordinated Notes;

(B) all due but unpaid taxes owing by the Issuer, as certified by an Authorised Officer to the Trustee; and

(C) all unpaid Administrative Expenses and Trustee Fees and Expenses; and

(ii) the Collateral Manager has certified to the Trustee (upon which certification the Trustee may rely absolutely without further investigation or liability) that all Note Events of Default, other than the non-payment of the interest in respect of, or principal of, the Notes that have become due solely as a result of the acceleration thereof under Condition 10(b) (*Acceleration*) above due to such Note Events of Default, have been, based on the reasonable judgement or actual knowledge of the Collateral Manager, cured or waived by the Trustee as directed by the Noteholders in accordance with the Conditions.

Any previous rescission and annulment of an Enforcement Notice shall not prevent the subsequent acceleration of the Notes if the Trustee, at its discretion or, as directed in accordance with the Conditions, accelerates the Notes or if the Notes are automatically accelerated in accordance with Condition 10(b) (*Acceleration*) above.

(d) Restriction on Acceleration

No acceleration of the Notes shall be permitted by any Class of Noteholders, other than the Controlling Class as provided in Condition 10(b) (*Acceleration*) above.

(e) Notification and Confirmation of No Default

The Issuer shall immediately notify the Trustee, the Collateral Manager, the Noteholders (in accordance with Condition 17 (*Notices*)), each Hedge Counterparty that is party to the Trust Deed

and each Rating Agency upon becoming aware of the occurrence of a Note Event of Default. The Trust Deed contains provision for the Issuer to provide written confirmation to the Trustee and each Rating Agency on an annual basis that no Note Event of Default has occurred and that no condition, event or act has occurred which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition would constitute a Note Event of Default and that no other matter which is required (pursuant thereto) to be brought to the Trustee's attention has occurred.

11. ENFORCEMENT

(a) Security Becoming Enforceable

Save as provided in Condition 11(b) (*Enforcement*) below, the security constituted by the Trust Deed and the Hong Kong Security Deed over the Collateral shall become enforceable upon an acceleration of the maturity of the Notes pursuant to Condition 10(b) (*Acceleration*).

(b) Enforcement

At any time after the Notes become due and repayable and the security under the Trust Deed and the Hong Kong Security Deed becomes enforceable, the Trustee may, at its discretion (but subject always to Condition 4(c) (*Limited Recourse and Non-Petition*)), and shall, if so directed by the Controlling Class acting by Extraordinary Resolution (save, in each case, as provided in this Condition 11(b) (*Enforcement*)), institute such proceedings or take such other action against the Issuer or take any other action as it may think fit to enforce the terms of the Trust Deed, the Hong Kong Security Deed and the Notes and, pursuant and subject to the terms of the Trust Deed, the Hong Kong Security Deed and the Notes, realise and/or otherwise liquidate or sell the Collateral in whole or in part and/or take such other action as may be permitted under applicable laws against any Obligor in respect of the Collateral and/or take any other action to enforce or realise the security over the Collateral in accordance with the Trust Deed and the Hong Kong Security Deed (such actions together, "**Enforcement Actions**", and each, an "**Enforcement Action**"), in each case without any liability as to the consequences of such action and without having regard (save to the extent provided in Condition 15(f) (*Entitlement of the Trustee and Conflicts of Interest*)) to the effect of such action on the individual Noteholders of any Class or any other Secured Party, **provided that**:

(i) no such Enforcement Action may be taken by the Trustee unless:

(A) subject to being indemnified and/or secured and/or pre-funded to its satisfaction, the Trustee (or an agent or appointee on its behalf) determines subject to consultation by the Trustee or such agent or appointee with the Collateral Manager that the anticipated proceeds realised from such Enforcement Action (after deducting any expenses properly incurred in connection therewith) would be sufficient to discharge in full all amounts due and payable in priority to the Subordinated Notes pursuant to the Post-Acceleration Priority of Payments (such amount the "**Enforcement Threshold**" and such determination being an "**Enforcement Threshold Determination**") and the Controlling Class agrees with such determination by an Extraordinary Resolution (in which case the Enforcement Threshold will be met); or

(B) if the Enforcement Threshold will not have been met then, save as provided in paragraph (iii) below, in the case of a Note Event of Default specified in sub-paragraph (i), (ii), (iv) or (vi) of Condition 10(a) (*Note Events of Default*), the Controlling Class directs the Trustee by Extraordinary Resolution to take

Enforcement Action without regard to any other Note Event of Default which has occurred prior to, contemporaneously with or subsequent to such Note Event of Default;

(ii) save as provided above, the Trustee shall not be bound to institute any Enforcement Action or take any other action unless it is directed to do so by the Controlling Class acting by Extraordinary Resolution and the Trustee is indemnified and/or secured and/or pre-funded to its satisfaction against all liabilities, proceedings, claims and demands to which it may thereby become liable and all costs, charges and expenses which may be incurred by it in connection therewith. Following redemption and payment in full of the Senior Notes, the Trustee shall (provided it is indemnified and/or secured and/or pre-funded to its satisfaction against all liabilities, proceedings, claims and demands to which it may thereby become liable and all costs, charges and expenses which may be incurred by it in connection therewith) act upon the directions of the holders of the Subordinated Notes acting by Extraordinary Resolution; and

(iii) for the purposes of determining issues relating to the execution of a sale or liquidation of the Collateral, the anticipated proceeds to be realised from any Enforcement Action and whether the Enforcement Threshold will be met, the Trustee may appoint an independent investment banking firm or other appropriate adviser to advise it and may obtain and rely on an opinion and/or advice of such independent investment banking firm or other appropriate adviser (the cost of which shall be payable as Trustee Fees and Expenses) and shall not be liable for any liability arising directly or indirectly from any action taken or not taken by the Trustee in connection with such opinion or advice. The Trustee will exercise due care when making such appointment.

(c) Post-Acceleration Priority of Payments

The Trustee shall notify the Noteholders, the Issuer, the Custodian, the Agents, the Collateral Manager, each Hedge Counterparty that is party to the Trust Deed and each Rating Agency in the event that the Trustee makes an Enforcement Threshold Determination at any time or takes any Enforcement Action at any time. Following the effectiveness of an Enforcement Notice which has not been rescinded and annulled in accordance with Condition 10(c) (*Curing of Note Event of Default*) or, as the case may be following automatic acceleration of the Notes or pursuant to an Optional Redemption in whole in accordance with Condition 7(b) (*Optional Redemption*) or Condition 7(f) (*Redemption following Note Tax Event*), Interest Proceeds, Principal Proceeds and the net proceeds of enforcement of the security over the Collateral shall be credited to the Payment Account and shall be distributed in accordance with the following order of priority but, in each case, only to the extent that all payments of a higher priority have been made in full (the "**Post-Acceleration Priority of Payments**"), **provided that**, prior to any such distribution, the Collateral Manager shall determine whether any of the proceeds is an Overpaid Amount or a Non-Waterfall Amount and, if so determined and notified to the Trustee and the Transaction Administrator, the Transaction Administrator shall (on the instructions of the Trustee), subject to the receipt of the necessary information to do so, distribute any such Overpaid Amount or Non-Waterfall Amount (as the case may be) to the relevant Person as soon as reasonably practicable in accordance with the Transaction Documents:

(i) other than following an enforcement of security pursuant to this Condition 11 (*Enforcement*), the Trust Deed and the Hong Kong Security Deed, to the payment of accrued taxes owing by the Issuer, as certified by an Authorised Officer to the Trustee, if any (save for any tax payable in relation to any amount payable to the Secured Parties);

(ii) to the payment of accrued and unpaid Trustee Fees and Expenses up to an amount equal to the Senior Expenses Cap in respect of the related Due Period, **provided that**, upon the

occurrence of a Note Event of Default which is continuing, the Senior Expenses Cap shall not apply in respect of such Trustee Fees and Expenses;

(iii) to the payment of Administrative Expenses in the order stated in the definition thereof as may be varied by the Collateral Manager in accordance with the Collateral Management and Administration Agreement up to an amount equal to the Senior Expenses Cap in respect of the related Due Period less any amounts paid pursuant to paragraph (ii) above, **provided that** (x) upon the occurrence of a Note Event of Default which is continuing, the Senior Expenses Cap shall not apply in respect of such Administrative Expenses and (y) following an enforcement of security pursuant to this Condition 11 (*Enforcement*), the Trust Deed and the Hong Kong Security Deed, payments may only be made hereunder to Secured Parties;

(iv) to the payment of any due and unpaid Senior Collateral Management Fee save for any Deferred Senior Collateral Management Fee;

(v) to the payment on a *pro rata* and *pari passu* basis of:

(A) all Interest Amounts due and payable on the Class A Notes;

(B) any amounts which are scheduled to be paid to any Hedge Counterparty under a Hedge Agreement and any Termination Payments in connection with any Priority Hedge Termination Events;

(C) to the redemption on a *pro rata* basis of the Class A Notes, until the Class A Notes have been redeemed in full;

(vi) to the payment on a *pro rata* basis of all Interest Amounts due and payable on the Class B Notes;

(vii) to the redemption on a *pro rata* basis of the Class B Notes, until the Class B Notes have been redeemed in full;

(viii) to the payment on a *pro rata* basis of the Interest Amounts (excluding any Deferred Interest, but including interest on Deferred Interest) due and payable on the Class C Notes;

(ix) to the payment on a *pro rata* basis of any Deferred Interest on the Class C Notes;

(x) to the redemption on a *pro rata* basis of the Class C Notes, until the Class C Notes have been redeemed in full;

(xi) to the payment on a *pro rata* basis of the Interest Amounts (excluding any Deferred Interest, but including interest on Deferred Interest) due and payable on the Class D Notes;

(xii) to the payment on a *pro rata* basis of any Deferred Interest on the Class D Notes;

(xiii) to the redemption on a *pro rata* basis of the Class D Notes, until the Class D Notes have been redeemed in full;

(xiv) to the payment of Trustee Fees and Expenses and Administrative Expenses not paid by reason of exceeding the Senior Expenses Cap (if any), in relation to each item of the Administrative Expenses in the order stated in the definition thereof as may be varied by the Collateral Manager in accordance with the Collateral Management and Administration Agreement, on a *pro rata* basis, **provided that**, following an enforcement of security

pursuant to Condition 11 (*Enforcement*), the Trust Deed and the Hong Kong Security Deed, payments may only be made hereunder to Secured Parties;

(xv) in payment of interest on each Multi-Purpose Sponsor Loan (if any) on a *pro rata* basis in accordance with the Closing Sponsor Loans Agreement;

(xvi) in payment of interest on the Bridging Sponsor Loan in accordance with the Closing Sponsor Loans Agreement;

(xvii) in repayment of each Multi-Purpose Sponsor Loan (if any) on a *pro rata* basis until each Multi-Purpose Sponsor Loan is repaid in full;

(xviii) in repayment of the Bridging Sponsor Loan until the Bridging Sponsor Loan is repaid in full;

(xix) to the payment of, at the Collateral Manager's election, all or a portion of any Deferred Senior Collateral Management Fee;

(xx) to the payment of any due and unpaid Junior Collateral Management Fee and, at the Collateral Manager's election, all or a portion of any Deferred Junior Collateral Management Fee;

(xxi) to the payment of any amounts owing to any Hedge Counterparty under a Hedge Agreement which have not been paid pursuant to paragraph (v)(B) above; and

(xxii) any remaining proceeds to the payment on the Subordinated Notes on a *pro rata* basis (determined upon redemption in full thereof by reference to the proportion that the principal amount of the Subordinated Notes held by their holders bore to the Principal Amount Outstanding of the Subordinated Notes immediately prior to such redemption).

(d) Only Trustee to Act

Only the Trustee may pursue the remedies available under the Trust Deed and the Hong Kong Security Deed to enforce the rights of the Noteholders or any of the other Secured Parties under the Trust Deed, the Hong Kong Security Deed and the Notes and no Noteholder or other Secured Party may proceed directly against the Issuer or any of its assets unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed and/or the Hong Kong Security Deed, fails or neglects to do so within a reasonable period after having received notice of such failure and such failure or neglect continues for at least 30 days following receipt of such notice by the Trustee. Any proceeds received by a Noteholder or other Secured Party pursuant to any such proceedings brought by a Noteholder or other Secured Party shall be paid promptly following receipt thereof to the Trustee for application pursuant to the terms of the Trust Deed and/or the Hong Kong Security Deed. After realisation of the security which has become enforceable and distribution of the net proceeds in accordance with the Priorities of Payments or otherwise provided for in the Conditions in respect of any Non-Waterfall Amount or Overpaid Amount, no Noteholder or other Secured Party may take any further steps against the Issuer to recover any sum still unpaid in respect of the Notes or the Issuer's obligations to such Secured Party and all claims against the Issuer to recover any sum still unpaid in respect of the Notes or the Issuer's obligations to such Secured Party and all claims against the Issuer in respect of such sums unpaid shall be extinguished. In particular, none of the Trustee, any Noteholder or any other Secured Party shall be entitled in respect thereof to petition or take any other step for the winding up of the Issuer except to the extent permitted under the Trust Deed and the Hong Kong Security Deed.

(e) Purchase of Collateral by Noteholders or Collateral Manager

Upon any sale of any part of the Collateral following the acceleration of the Notes under Condition 10(b) (*Acceleration*), whether made under the power of sale under the Trust Deed or the Hong Kong Security Deed, or by virtue of judicial proceedings, any Noteholder, the Retention Holder, the Collateral Manager or any of its Affiliates may (but shall not be obliged to) bid for and purchase the Collateral or any part thereof and, upon compliance with the terms of sale, may hold, retain, possess or dispose of such property in its or their own absolute right without accountability. In addition, any purchaser in any such sale which is a Noteholder (including the Retention Holder or Collateral Manager in such capacity) may deliver Notes held by it in place of payment of the purchase price for such Collateral where the amount payable to such Noteholder in respect of such Notes pursuant to the Priorities of Payments or otherwise provided for in the Conditions in respect of any Non-Waterfall Amount or Overpaid Amount, had the purchase price been paid in cash, is equal to or exceeds such purchase price.

12. HEDGE AGREEMENTS

(a) Conditions for entry

The Issuer (or the Collateral Manager on its behalf) may enter into Hedge Agreements negotiated by the Collateral Manager from time to time on and after the Closing Date solely for the purpose of managing interest rate and foreign exchange risks in connection with the Infra Debt Obligations and/or the Notes (in addition to any Hedge Agreements entered into for such purpose prior to the Closing Date). The Issuer shall promptly provide notice of entry into any Hedge Agreement on or after the Closing Date to the Trustee, and shall provide a copy of each Hedge Agreement to the Trustee and, so long as any of the Senior Notes remain Outstanding, each Rating Agency. Notwithstanding anything to the contrary herein, the Issuer (or the Collateral Manager on behalf of the Issuer) shall not enter into any Hedge Agreement on or after the Closing Date unless, so long as any of the Senior Notes remain Outstanding, a Rating Agency Confirmation from each Rating Agency has been obtained by the Issuer (with a copy to the Collateral Manager) prior to the entry into such Hedge Agreement by the Issuer.

(b) Conditions for unwind/amendment without Rating Agency Confirmation

If any of the below occurs in respect of any Infra Debt Obligation which is not denominated in US Dollars or the interest payment relating to, under, or from, which is not linked to the Benchmark:

(i) such Infra Debt Obligation has become a Defaulted Obligation;

(ii) such Infra Debt Obligation has become a Credit Risk Obligation and has been sold; or

(iii) any unscheduled repayment/prepayment occurs in relation to such Infra Debt Obligation,

the Issuer (or the Collateral Manager on its behalf) may unwind or amend the corresponding Hedge Agreement so that the Issuer's hedge positions under such Hedge Agreement are adjusted to reflect the change in the payment profile of the relevant Infra Debt Obligation without obtaining a Rating Agency Confirmation in advance, insofar as the Collateral Manager determines, in its reasonable opinion, that such unwind or amendment is capable of reducing the overall interest rate and foreign exchange risks in connection with the Infra Debt Obligations and/or the Notes and provides written notice to each Rating Agency prior to such unwind or amendment.

(c) Expenses

The reasonable fees, costs, charges and expenses incurred by the Issuer and the Collateral Manager (including reasonable fees of counsel, accountants and other professionals) in connection with any Hedge Agreement or any transaction thereunder, other than any Termination Payment, shall constitute Administrative Expenses.

(d) Requirements relating to Hedge Agreements

(i) Each Hedge Agreement shall contain appropriate limited recourse and non-petition provisions equivalent to those contained on Condition 4(c) (*Limited Recourse and Non-Petition*).

(ii) Each Hedge Counterparty shall be required to have, at the time that any Hedge Agreement to which it is a party is entered into, the Required Hedge Counterparty Ratings unless so long as any of the Senior Notes remain Outstanding, a Rating Agency Confirmation from each Rating Agency has been obtained.

(iii) In the event of any early termination of a Hedge Agreement (x) with respect to which the Hedge Counterparty is the sole "Defaulting Party" or "Affected Party" (each as defined in the relevant Hedge Agreements) or (y) in any other cases and provided that the Issuer (or the Collateral Manager on its behalf) and the Hedge Counterparty so agrees:

(A) any Termination Payment paid by the Hedge Counterparty to the Issuer must be paid to a replacement Hedge Counterparty on any day at the direction of the Collateral Manager; and

(B) any payment received from a replacement Hedge Counterparty must be paid to the replaced Hedge Counterparty at the direction of the Collateral Manager under the terminated Hedge Agreement,

provided that if the Issuer is not required to pay the full amount of such Termination Payment to the replacement Hedge Counterparty or such payment to the replaced Hedge Counterparty, the remainder shall be credited to the Interest Account.

(iv) Subject to Condition 12(b), so long as any of the Senior Notes remain Outstanding, a Rating Agency Confirmation from each Rating Agency must be obtained by the Issuer prior to amendment or termination by the Issuer of a Hedge Agreement.

(e) Hedge Counterparty consent right

The Issuer shall not agree to, or procure, any amendment, modification or supplement of any Transaction Document without the prior written consent (or deemed consent) in accordance with Condition 12(f) (*Procedures in relation to the Hedge Counterparty consent right*) of each relevant Hedge Counterparty that is party to the Trust Deed (such consent not to be unreasonably withheld or delayed), insofar as such amendment, modification or supplement would cause:

(i) such Hedge Counterparty to be adversely affected from a Priority of Payments perspective as to the timing or priority of payments, or otherwise be required to pay more or to receive less than would have been the case absent such amendment, modification or supplement; or

(ii) any amendment, modification or supplement of this Condition 12(e),

provided that such consent right of the Hedge Counterparties shall not apply to any proposed unwind or amendment of a Hedge Agreement where the relevant Hedge Counterparty is the sole "Defaulting Party" or sole "Affected Party" (as such terms are defined in such Hedge Agreement).

(f) Procedures in relation to the Hedge Counterparty consent right

The Issuer (or the Collateral Manager on its behalf) shall notify each Hedge Counterparty that is party to the Trust Deed and the Trustee in writing of any proposed amendment, modification or supplement to the Transaction Documents at least 45 days (exclusive of the day on which notice is given and of the day on which the amendment, modification or supplement is intended to take effect) prior to the proposed effective date, notwithstanding any other provision of the Transaction Documents. A Hedge Counterparty that is party to the Trust Deed may notify the Trustee and the Issuer in writing if, in its reasonable opinion, the proposed amendment, modification or supplement would have the effect as described in Condition 12(e)(i). If the Issuer and/or the Trustee receive(s) notification from a relevant Hedge Counterparty that is party to the Trust Deed that it has determined the proposed amendment, modification or supplement would not have such an effect, or that it otherwise consents, such amendment, modification or supplement may take effect at any time from and including the date of receipt of such notification. If a relevant Hedge Counterparty entitled to receive notice under this Condition neither objects to nor otherwise responds to such notice within 21 days of receipt of such notice, such Hedge Counterparty shall be deemed to have consented to such proposed amendment, modification or supplement. Any proposed amendment, modification, supplement made otherwise than in accordance with this Condition and Condition 12(e) (*Hedge Counterparty consent right*) shall not be effective.

13. PRESCRIPTION

Claims in respect of principal and interest payable on redemption in full of the relevant Notes while the Notes are represented by a Definitive Certificate will become void unless presentation for payment is made as required by Condition 7 (*Redemption and Purchase*) within a period of five years, in the case of interest, and 10 years, in the case of principal, from the date on which payment in respect of such Notes is received by the Principal Paying Agent.

Notwithstanding the above, claims against the Issuer in respect of principal and interest on the Notes while the Notes are represented by a Global Certificate will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the date on which any payment first becomes due.

14. REPLACEMENT OF NOTES

If any Note is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Transfer Agent, subject, in each case, to all applicable laws, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer or the Transfer Agent may require (**provided that** the requirement is reasonable in the light of prevailing market practice). Mutilated or defaced Notes must be surrendered before replacements will be issued.

15. MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION

(a) Provisions in Trust Deed

The Trust Deed contains provisions for convening meetings of the Noteholders (and for passing Written Resolutions) to consider matters affecting the interests of the Noteholders, including, without limitation, modifying or waiving certain of the provisions of the Conditions and the substitution of the

Issuer in certain circumstances. The provisions in this Condition 15 (*Meetings of Noteholders, Modification, Waiver and Substitution*) are descriptive of the detailed provisions of the Trust Deed.

(b) Decisions and Meetings of Noteholders

(i) General

Decisions may be taken by Noteholders by way of Ordinary Resolution, Extraordinary Resolution or Written Resolution, in each case, either acting together (save as provided in Condition 15(b)(viii) (*Resolutions Affecting Other Classes*) below) or, to the extent specified in any applicable Transaction Document or the Conditions, by a Class of Noteholders acting independently. Ordinary Resolutions and Extraordinary Resolutions can be effected either at a duly convened meeting of the applicable Noteholders or by the applicable Noteholders resolving in writing, in each case, in at least the minimum percentages specified in the table "Minimum Percentage Voting Requirements" in Condition 15(b)(iii) (*Minimum Voting Rights*) below. Meetings of the Noteholders may be convened by the Issuer, the Trustee (subject to being indemnified and/or pre-funded and/or secured to its satisfaction) or by one or more Noteholders holding not less than 10 per cent. in principal amount of the Notes Outstanding of a particular Class, subject to certain conditions, including minimum notice periods. Where decisions are required to be taken by a Written Resolution of a Class or Classes under the Trust Deed or the Conditions, such decision may only be made in accordance with Condition 15(b)(iv) (*Written Resolutions*) below.

The holder of each Global Certificate will be treated as being one Person for the purposes of any quorum requirements of, or the right to demand a poll at, a meeting of Noteholders and, at any such meeting, as having one vote in respect of each US$1,000 of principal amount of Notes for which the relevant Global Certificate may be exchanged.

Notice of any Resolution passed by the Noteholders will be given by the Issuer to each Rating Agency in writing.

(ii) Quorum

The quorum required for any meeting convened to consider an Ordinary Resolution or Extraordinary Resolution, in each case, of all the Noteholders or of any Class or Classes of Noteholders, or at any adjourned meeting to consider such a Resolution, shall be as set out in the relevant column and row corresponding to the type of resolution in the table "Quorum Requirements" below.

	Quorum Requirements	
Type of Resolution	**Any meeting other than a meeting adjourned for want of quorum**	**Meeting previously adjourned for want of quorum**
Extraordinary Resolution of all Noteholders (or a certain Class or Classes only)	One or more Persons holding or representing not less than 66 2/3 per cent. of the aggregate Principal Amount Outstanding of the Notes (or the relevant Class or Classes only, if applicable)	One or more Persons holding or representing not less than 25 per cent. of the aggregate Principal Amount Outstanding of the Notes (or of the relevant Class or Classes only, if applicable)
Ordinary Resolution of all Noteholders (or a certain Class or Classes only)	One or more Persons holding or representing not less than 50 per cent. of the aggregate Principal Amount Outstanding of the Notes (or the relevant Class or Classes only, if applicable)	One or more Persons holding or representing not less than 25 per cent. of the aggregate Principal Amount Outstanding of the Notes (or of the relevant Class or Classes only, if applicable)

The Trust Deed does not contain any provision for greater quorums in any circumstances.

(iii) Minimum Voting Rights

Set out in the table "Minimum Percentage Voting Requirements" below are the minimum percentages required to pass the Resolutions specified in such table which, (A) in the event that such Resolution is being considered at a duly convened meeting of Noteholders, shall be determined by reference to the percentage which the aggregate Principal Amount Outstanding of Notes held or represented by any Person or Persons who vote in favour of such Resolution represents of the aggregate Principal Amount Outstanding of all applicable Notes which are represented at such meeting and are voted or, (B) in the case of any Written Resolution, shall be determined by reference to the percentage which the aggregate Principal Amount Outstanding of Notes entitled to be voted in respect of such Resolution and which are voted in favour thereof represent of the aggregate Principal Amount Outstanding of all the Notes entitled to vote in respect of such Written Resolution.

Minimum Percentage Voting Requirements

Type of Resolution	**Per cent.**
Extraordinary Resolution of all Noteholders (or of a certain Class or Classes only)	At least 66 2/3 per cent.
Ordinary Resolution of all Noteholders (or of a certain Class or Classes only)	More than 50 per cent.

(iv) Written Resolutions

Any Written Resolution may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the relevant Noteholders and the date of such Written Resolution shall be the date on which the latest such document is signed. Any Extraordinary Resolution or Ordinary Resolution may be passed by way of a Written Resolution. The minimum percentage required for each Extraordinary Resolution and Ordinary Resolution shall be at least 66 2/3 per cent. and more than 50 per cent., respectively.

(v) All Resolutions Binding

Subject to Condition 15(f) (*Entitlement of the Trustee and Conflicts of Interest*) and in accordance with the Trust Deed, any Resolution of the Noteholders (including any resolution of a specified Class or Classes of Noteholders, where the resolution of one or more other Classes is not required) duly passed shall be binding on all Noteholders (regardless of Class and regardless of whether or not a Noteholder was present at the meeting at which such Resolution was passed).

(vi) Extraordinary Resolution

Any Resolution to sanction any of the following items will be required to be passed by an Extraordinary Resolution (in each case, subject to anything else specified in the Trust Deed, the Collateral Management and Administration Agreement or the relevant Transaction Document, as applicable):

(A) any modification of any Transaction Document having a material adverse effect on the security over the Collateral constituted by the Trust Deed;

(B) any item expressly requiring an Extraordinary Resolution pursuant to the Conditions or the Transaction Documents;

(C) the exchange or substitution for the Notes of a Class, or the conversion of the Notes of a Class into, shares, bonds or other obligations or securities of the Issuer or any other entity;

(D) the modification of any provision relating to the timing and/or circumstances of the payment of interest, the rate of interest or redemption of the Notes of a Class at maturity or otherwise (including the circumstances in which the maturity of such Notes may be accelerated);

(E) the modification of any of the provisions of the Trust Deed which would directly and adversely affect the calculation of the amount of any payment of interest or principal on any Note;

(F) the adjustment of the outstanding principal amount of the Notes Outstanding of the relevant Class other than in connection with an issue of Additional Notes;

(G) a change in the currency of payment of the Notes of a Class;

(H) any change in the Priorities of Payments or of any payment items in the Priorities of Payments;

(I) the modification of the provisions concerning the quorum required at any meeting of Noteholders or the minimum percentage required to pass a Resolution; and

(J) any modification of this Condition 15(b) (*Decisions and Meetings of Noteholders*) or Schedule 4 (*Provisions for meetings of the Noteholders of each Class*) of the Trust Deed.

(vii) Ordinary Resolution

Any meeting of the Noteholders shall (in each case, subject to anything else specified in the Conditions, the Trust Deed, the Collateral Management and Administration Agreement or the relevant Transaction Document, as applicable) have power by Ordinary Resolution to approve any other matter relating to the Notes not referred to in Condition 15(b)(vi) (*Extraordinary Resolution*) above.

(viii) Resolutions Affecting Other Classes

If and for so long as any Notes of more than one Class are Outstanding, in relation to any meeting of Noteholders:

(A) subject to sub-paragraph (C) below, a Resolution which in the opinion of the Trustee affects only the Notes of a Class or Classes (the "**Affected Class(es)**"), but not another Class or Classes, as the case may be, shall be duly passed if passed at a meeting or meetings of the Noteholders of the Affected Class(es) and such Resolution shall be binding on all the Noteholders, including the holders of Notes which are not an Affected Class;

(B) subject to sub-paragraph (C) below, a Resolution which in the opinion of the Trustee affects the Notes of each Class shall be duly passed only if passed at separate meetings of the Noteholders of each Class;

(C) a Resolution passed by the Controlling Class to exercise any rights granted to them pursuant to the Conditions or any Transaction Document shall be duly passed if passed at a meeting of the Controlling Class and such Resolution shall be binding on all the Noteholders without the requirement for any meeting of any other Class of Noteholders; and

(D) a Resolution passed by the holder of the Subordinated Notes to exercise the rights granted to them pursuant to the Conditions shall be duly passed if passed only at a meeting of the holders of the Subordinated Notes and such resolution shall be binding on all of the Noteholders.

(c) Modification and Waiver

The Issuer may, without the consent of the Noteholders (save as otherwise provided for in this Condition 15(c) (*Modification and Waiver*)), amend, modify, supplement and/or waive the relevant provisions of the Trust Deed and/or the Collateral Management and Administration Agreement and/or any other Transaction Document (subject to Condition 12(e) and except as otherwise provided in the Conditions or the Trust Deed (as applicable), the consent of the other parties thereto) for any of the following purposes and the Trustee shall (or in the case of sub-paragraphs (x) and (xi) below, may) without the consent of the Noteholders (save as otherwise provided in this Condition 15(c)), consent to any such amendment, modification, supplement, and/or waiver:

(i) to add to the covenants of the Issuer for the benefit of the Noteholders;

(ii) to charge, convey, transfer, assign, mortgage or pledge any property to or with the Trustee;

(iii) to correct or amplify the description of any property at any time subject to the security of the Trust Deed or the Hong Kong Security Deed, or to better assure, convey and confirm unto the Trustee any property subject or required to be subject to the security of the Trust Deed or the Hong Kong Security Deed (including, without limitation, any and all actions necessary or desirable as a result of changes in law or regulations) or subject to the security of the Trust Deed or the Hong Kong Security Deed any additional property;

(iv) to evidence and provide for the acceptance of appointment under the Trust Deed or the Hong Kong Security Deed by a successor Trustee subject to and in accordance with the terms of the Trust Deed or the Hong Kong Security Deed (as applicable) and to add to or change any of the provisions of the Trust Deed or the Hong Kong Security Deed as shall be necessary to facilitate the administration of the trusts under the Trust Deed or the Hong Kong Security Deed by more than one Trustee, pursuant to the requirements of the relevant provisions of the Trust Deed;

(v) to make such changes as shall be necessary or advisable in order for the Senior Notes of each relevant Class to be (or to remain) listed on the SEHK or any other exchange and to authorise the appointment of any listing agent, transfer agent, paying agent or additional registrar for any relevant Class of Notes required or advisable in connection with the listing of such Notes, and otherwise to amend the Trust Deed and/or the Hong Kong Security Deed to incorporate any changes required or requested by any governmental authority, stock exchange authority, listing agent, transfer agent, paying agent or additional registrar for any relevant Class of Notes in connection therewith;

(vi) save as contemplated in Condition 15(e) (*Substitution*) below, to take any action advisable to prevent the Issuer from becoming subject to (or otherwise reduce) withholding or other taxes, fees or assessments;

(vii) to take any action advisable to prevent the Issuer from being treated as engaged in a United States trade or business or otherwise being subject to United States federal, state or local income tax on a net income basis;

(viii) to enter into any additional agreements not expressly prohibited by the Trust Deed or the Collateral Management and Administration Agreement (as applicable);

(ix) subject to Rating Agency Confirmation (so long as any of the Senior Notes remain Outstanding) and the consent of the Controlling Class acting by Ordinary Resolution, to make any modification to the Coverage Tests, the Reinvestment Criteria or the criteria set out in Condition 12 (*Hedge Agreements*) for entry into a Hedge Agreement and all related definitions (including in order to reflect changes in the methodology applied by each Rating Agency);

(x) to make any other modification of any of the provisions of any Transaction Document which, in the opinion of the Trustee, is of a formal, minor or technical nature or is made to correct a manifest error and, in the case of a modification of the Collateral Management and Administration Agreement, subject to the consent in writing of the Collateral Manager;

(xi) to make any other modification (save as otherwise provided in the Trust Deed, the Collateral Management and Administration Agreement or the relevant Transaction Document), and/or give any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Trust Deed, the Hong Kong Security Deed or any other Transaction Document which in the opinion of the Trustee is not materially prejudicial to the interests of the Noteholders of any Class and, in the case of a modification of the Collateral Management and Administration Agreement, subject to the consent in writing of the Collateral Manager;

(xii) to amend the name of the Issuer;

(xiii) to make any amendments to the Trust Deed, the Hong Kong Security Deed or any other Transaction Document to enable the Issuer to comply with FATCA or CRS or comply with any other similar regime for the reporting and automatic exchange of information;

(xiv) to make any changes necessary to reflect any issuances of Additional Notes;

(xv) to modify the terms of the Transaction Documents in order that they may be consistent with the requirements of the Rating Agency, including to address any change in the rating methodology employed by the Rating Agency, subject to receipt of Rating Agency Confirmation (or such other confirmation as the Rating Agency is willing to provide from time to time) in respect of the Senior Notes from the Rating Agency then rating any Class of the Senior Notes (upon which confirmation the Trustee shall be entitled to rely absolutely and without liability) unless directed otherwise by the holders of the Controlling Class acting by way of Ordinary Resolution;

(xvi) to modify the Transaction Documents in order to comply with the Risk Retention Requirements, any requirements of the CRA Regulation and/or any other law or regulation in any applicable jurisdiction, including any implementing regulation, technical standards and guidance related thereto;

(xvii) to modify the restrictions on and procedures for resales and other transfers of Notes to reflect any changes in applicable law or regulation (or the interpretation thereof);

(xviii) to evidence the succession of another Person to the Issuer and the assumption by any such successor Person of the covenants of the Issuer in the Transaction Documents and in the Notes, **provided that** any such successor issuer shall not have a worse position than the Issuer in respect of any legal or regulatory requirement or tax treatment;

(xix) to amend, modify or otherwise accommodate changes to any Transaction Document relating to the administrative procedures resulting from updates to the Moody's Rating Factors on the Infra Debt Obligations as required by the rating criteria of each Rating Agency;

(xx) to accommodate the settlement of the Notes in book-entry form through the facilities of the Depository or otherwise;

(xxi) to reduce the permitted Minimum Denomination of the Notes, **provided that** any such reduction in Minimum Denomination shall not adversely affect the Issuer (in respect of any legal or regulatory requirement, any listing rules applicable to the Senior Notes, or tax treatment of the Issuer);

(xxii) to change the date within the month on which reports are required to be delivered;

(xxiii) to make (at the direction of the Collateral Manager) any Benchmark Replacement Conforming Changes following a Benchmark Replacement Date;

(xxiv) to make any other modification of any of the provisions of the Trust Deed, the Hong Kong Security Deed, the Collateral Management and Administration Agreement or any other Transaction Document to comply with changes in the Risk Retention Requirements or which result from the implementation of the implementing technical standards relating thereto or any subsequent risk retention legislation or official guidance;

(xxv) to amend, modify or unwind any Hedge Agreements as permitted under Condition 12 (*Hedge Agreements*);

(xxvi) to make any amendments to the Trust Deed to enable a Hedge Counterparty to be acceded to the Trust Deed to the extent it is not already a party thereto;

(xxvii) solely for the purpose of the safekeeping of Debt Securities which cannot be held in any existing Custody (Securities) Account or pursuant to any existing Custody Agreement, to enter into one or more additional custody agreements with the Custodian or any other custodian which satisfies the Rating Requirement, open one or more additional custody accounts with the Custodian or such other custodian, and modify the terms of the Transaction Documents and/or the Conditions;

(xxviii) to modify the terms of the Transaction Documents (including but not limited to any Hedge Agreement) and/or the Conditions in order to enable the Issuer to comply with any requirements in respect of EMIR, subject to receipt by the Trustee of a certificate of the Issuer certifying to the Trustee that the requested amendments are to be made solely for the purpose of enabling the Issuer to satisfy its requirements under EMIR; and

(xxix) to make any amendments to the terms of the Transaction Documents and/or the Conditions as shall be necessary and/or advisable, in each case as determined by the Collateral Manager and/or the Issuer acting in good faith, to facilitate the Issuer to effect a Refinancing in part in accordance with Condition 7(b)(iv) (*Optional Redemption effected in whole or in part*

through Refinancing), provided that such amendments shall not prejudice or otherwise jeopardise the Issuer's compliance with the conditions set out in Condition 7(b)(iv)(A) to (F).

The foregoing paragraph is subject to the following:

(I) any such amendment, modification, supplement and/or waiver pursuant to sub-paragraphs (x) and (xi) above shall be subject to the prior written consent of the Trustee in accordance with those sub-paragraphs;

(II) no such amendment, modification, supplement and/or waiver consented to by the Trustee pursuant to this Condition 15(c) (*Modification and Waiver*) shall affect the Trustee's separate right to provide or withhold its consent to any amendment, modification, supplement and/or waiver pursuant to sub-paragraphs (x) and (xi) above; and

(III) any amendment, modification, supplement and/or waiver that has the effect of sanctioning an item which is required to be passed by Extraordinary Resolution under Condition 15(b)(vi) (*Extraordinary Resolution*) shall require an Extraordinary Resolution in accordance with that Condition and may not be effected pursuant to this Condition 15(c) (*Modification and Waiver*).

Any such modification, authorisation or waiver shall be binding upon the Noteholders and shall be notified by the Issuer as soon as practicable following the execution of any supplemental trust deed or any other modification, authorisation or waiver pursuant to this Condition 15(c) (*Modification and Waiver*) to:

(A) each Rating Agency, so long as any of the Senior Notes remain Outstanding; and

(B) the Noteholders in accordance with Condition 17 (*Notices*).

For the avoidance of doubt, the Trustee shall, without the consent or sanction of any of the Noteholders (other than as otherwise provided in sub-paragraphs (ix) and (xv) above) or any other Secured Party, concur with the Issuer in making any modification, amendment, waiver or authorisation pursuant to this Condition 15(c) (*Modification and Waiver*), which the Issuer (or the Collateral Manager acting on behalf of the Issuer) certifies to the Trustee (upon which certification the Trustee is entitled to rely without enquiry or liability) is (A) required to comply with the criteria under one or more of sub-paragraphs (i) to (xxix) (inclusive) above or, as the case may be, is solely to implement and reflect such criteria and (B) in each case, has been drafted solely to such effect (other than a modification, waiver or authorisation pursuant to sub-paragraphs (x) and (xi) above in which the Trustee may, without the consent or sanction of any of the Noteholders or any other Secured Party, concur with the Issuer on the basis set out therein) to the Transaction Documents, **provided that** the Trustee shall not be obliged to agree to any modification, waiver, authorisation or any other matter which, in the opinion of the Trustee, would have the effect of (i) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the rights, powers, indemnities or protections, of the Trustee in respect of the Transaction Documents.

In the case of a request for consent to a modification, amendment, waiver or authorisation pursuant to sub-paragraphs (x) and (xi) above, the Trustee shall be entitled to obtain legal, financial or other expert advice, at the expense of the Issuer, and rely on such advice without liability in connection with determining whether or not to give such consent (if applicable or required) as it sees fit.

In the case of a request for consent to a modification, amendment, waiver or authorisation pursuant to sub-paragraph (ix) or (xv) above, the Issuer will provide prompt notice thereof to the holders of

the Controlling Class, whereupon the Controlling Class will have 15 Business Days from receipt of notice of the proposed modification, amendment, waiver or authorisation in accordance with Condition 17 (*Notices*) to notify the Issuer of whether it opposes such modification, amendment, waiver or authorisation. If at the end of such 15 Business Day period, holders of the Controlling Class by Ordinary Resolution have notified the Issuer that they oppose such modification, amendment, waiver or authorisation, no modification, amendment, waiver or authorisation may take effect.

Notwithstanding any other provision of the Conditions, the Issuer may, without the consent of any other Person, make such amendments to the Corporate Services Agreement as shall be necessary to document the resignation, replacement and/or appointment of one or more Directors, **provided that**, following such amendments, such document shall be in substantially the same form as those entered into on the Closing Date. Upon the effectiveness of such amendments, the Issuer shall provide notice thereof to each of the parties to the Corporate Services Agreement.

(d) Effect of Benchmark Transition Event

(i) Benchmark Replacement

If the Collateral Manager determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date, then upon delivery of written notice by the Collateral Manager to the Issuer (who shall, within five Business Days, forward such notice to the Noteholders at the direction of the Collateral Manager), the Trustee and the Calculation Agent, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the transactions under the Conditions in respect of such determination on such date and all determinations on all subsequent dates. A supplemental trust deed shall not be required in order to adopt a Benchmark Replacement.

For so long as any of the Senior Notes remain Outstanding, the Issuer (or the Collateral Manager on its behalf) shall notify each Rating Agency of the adoption of any Benchmark Replacement.

(ii) Benchmark Replacement Conforming Changes

In connection with the implementation of a Benchmark Replacement, the Collateral Manager will have the right to make Benchmark Replacement Conforming Changes from time to time pursuant to a supplemental trust deed or by delivery of written notice to the Issuer (who shall forward such notice to the Noteholders at the direction of the Collateral Manager), the Trustee and the Calculation Agent.

(iii) Decisions and Determinations

Any determination, decision or election that may be made by the Collateral Manager pursuant to this Condition 15(d) (*Effect of Benchmark Transition Event*), including any determination with respect to tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error, may be made in the Collateral Manager's sole determination using reasonable judgement in accordance with the terms of the Collateral Management and Administration Agreement, and, notwithstanding anything to the contrary in the Conditions, shall become effective without consent from any other party.

(iv) Liability Regarding Benchmark Replacement

(A) The Trustee, when implementing any Benchmark Replacement Conforming Changes, shall not consider the interests of the Noteholders, any other Secured Parties or any other Person and shall act and rely solely and without further investigation, on any Benchmark Replacement Conforming Changes certificate provided to it by the Collateral Manager in accordance with Condition 15(c)(xxiii) (*Modification and Waiver*) (upon which the Trustee is entitled to rely without enquiry or liability).

(B) Further, the Trustee and the Agents shall not be liable to the Noteholders, any other Secured Parties or any other Person for so acting or relying, irrespective of whether any such Benchmark Replacement Conforming Changes are or may be materially prejudicial to the interests of any such Person, and (to the extent that any Benchmark Replacement Conforming Changes require the agreement of the Trustee and/or an Agent) the Trustee or such Agent shall not be obliged to agree to any Benchmark Replacement Conforming Changes which, in its sole opinion, would have the effect of (i) exposing the Trustee or such Agent to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights of protection, of the Trustee or such Agent in the Transaction Documents and/or the Conditions.

(e) Substitution

The Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require (without the consent of the Noteholders of any Class), to the substitution of any other company in place of the Issuer, or of any previous substituted company, as principal debtor under the Trust Deed and the Notes of each Class, if required for taxation purposes, **provided that** such substitution would not, in the opinion of the Trustee, be materially prejudicial to the interests of the Noteholders of any Class. In the case of such a substitution the Trustee may agree, without the consent of the Noteholders, but subject to receipt of Rating Agency Confirmation (subject to receipt of such information and/or opinions as each Rating Agency may require), to a change of the law governing the Notes and/or the Trust Deed, **provided that** such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders of any Class. Any substitution agreed by the Trustee pursuant to this Condition 15(e) (*Substitution*) shall be binding on the Noteholders and shall be notified by the Issuer to the Noteholders as soon as practicable in accordance with Condition 17 (*Notices*).

The Trustee may, subject to the satisfaction of certain conditions specified in the Trust Deed, including receipt of Rating Agency Confirmation, agree to a change in the place of residence of the Issuer for taxation purposes without the consent of the Noteholders of any Class, provided the Issuer does all such things as the Trustee may reasonably require in order that such change in the place of residence of the Issuer for taxation purposes is fully effective and complies with such other requirements which are in the interests of the Noteholders as it may reasonably direct.

The Issuer shall procure that, so long as the Senior Notes are listed on the SEHK, any material amendments or modifications to the Conditions, the Trust Deed, the Hong Kong Security Deed or such other conditions made pursuant to this Condition 15 (*Meetings of Noteholders, Modification, Waiver and Substitution*) shall be notified to the SEHK.

(f) Entitlement of the Trustee and Conflicts of Interest

In connection with the exercise of its trusts, powers, duties and discretions (including but not limited to those referred to in this Condition 15(f) (*Entitlement of the Trustee and Conflicts of*

Interest)), the Trustee shall have regard to the interests of each Class of Noteholders as a Class and shall not have regard to the consequences of such exercise for individual Noteholders of such Class and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer, the Trustee or any other Person any payment in respect of any tax consequence of any such exercise upon individual Noteholders.

In considering the interests of Noteholders while the Global Certificates are held on behalf of a Depository, the Trustee may have regard to any information provided to it by such Depository or its operator as to the identity (either individually or by category) of its account holders with entitlements to each Global Certificate and may consider such interests as if such account holders were the holders of any Global Certificate. The Trust Deed provides that in the event of any conflict of interest between or among the holders of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Subordinated Notes, the interests of the holders of the Controlling Class will prevail. If the holders of the Controlling Class do not have an interest in the outcome of the conflict, the Trustee shall give priority to the interests of (i) the Class A Noteholders over the Class B Noteholders, the Class C Noteholders, the Class D Noteholders and the holders of the Subordinated Notes, (ii) the Class B Noteholders over the Class C Noteholders, the Class D Noteholders and the holders of the Subordinated Notes, (iii) the Class C Noteholders over the Class D Noteholders and the holders of the Subordinated Notes, and (iv) the Class D Noteholders over the holders of the Subordinated Notes. If the Trustee receives conflicting or inconsistent requests from two or more groups of holders of a Class, given their priority as described in this paragraph, each representing less than the majority by principal amount of such Class, the Trustee shall give priority to the group which holds the greater amount of Notes Outstanding of such Class. The Trust Deed provides further that, except as expressly provided otherwise in any applicable Transaction Document or the Conditions, the Trustee will act upon the directions of the holders of the Controlling Class (or other Class given priority as described in this paragraph where the holders of the Class or Classes having priority over such other Class do not have an interest in the subject matter of such directions) (in each case acting by Extraordinary Resolution) subject to being indemnified and/or secured and/or pre-funded to its satisfaction against all liabilities to which it may thereby become liable or which may be incurred by it in connection therewith, and shall not be obliged to consider the interests of and is exempted from any liability to the holders of any other Class of Notes, **provided that** such action is consistent with the applicable law and with all other provisions of the Trust Deed.

In addition, the Trust Deed provides that, so long as any Note is Outstanding, the Trustee shall, as regards all the powers, trusts, authorities, duties and discretions vested in it by the Trust Deed except where expressly provided otherwise, have no regard to the interests of any Secured Party other than the Noteholders or, at any time, to the interests of any other Person.

16. INDEMNIFICATION OF THE TRUSTEE

The Trust Deed and the Hong Kong Security Deed contain provisions for the indemnification of the Trustee and for its relief from responsibility in certain circumstances, including provisions relieving it from instituting proceedings to enforce repayment or to enforce the security constituted by or pursuant to the Trust Deed and/or the Hong Kong Security Deed, unless indemnified and/or secured and/or pre-funded to its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer or any other party to any Transaction Document and any entity related to the Issuer or any other party to any Transaction Document without accounting for any profit. The Trustee is exempted from any liability in respect of any loss or theft or reduction in value of the Collateral from any obligation to insure, or to monitor the provisions of any insurance arrangements in respect of, the Collateral (for the avoidance of doubt, under the Trust Deed and the Hong Kong Security Deed, the Trustee is under no such obligation) and from any claim arising from the fact that the Collateral is held by the Custodian or is held in safe custody by a bank or

other custodian. The Trustee shall not be responsible for the performance by the Custodian of any of its duties under the Custody Agreement, for the performance by the Collateral Manager of any of its duties under the Collateral Management and Administration Agreement, for the performance by the Transaction Administrator of its duties under the Collateral Management and Administration Agreement or for the performance by any other Person appointed by the Issuer in relation to the Notes or by any other party to any Transaction Document. The Trustee shall not have any responsibility for the administration, management or operation of the Collateral, including the request by the Collateral Manager to release any of the Collateral from time to time.

The Trust Deed contains provisions for the retirement of the Trustee and the removal of the Trustee by Extraordinary Resolution of the Controlling Class, but no such retirement or removal shall become effective until a successor trustee is appointed.

17. NOTICES

Notices to Noteholders will be valid if posted to the address of such Noteholder appearing in the Register at the time of publication of such notice by prepaid, first-class mail (or any other manner approved by the Trustee, including by electronic transmission) and (for so long as the Senior Notes are listed on the SEHK and the rules of the SEHK so require) shall be published as required by the rules of the SEHK. Any such notice shall be deemed to have been given to the Noteholders (a) in the case of inland mail, three days after the date of dispatch thereof, (b) in the case of overseas mail, seven days after the dispatch thereof or, (c) in the case of electronic transmission, on the date of dispatch.

Notices will be valid and will be deemed to have been given, for so long as the Senior Notes are listed on the SEHK and the rules of the SEHK so require, when such notice is published as required by the rules of the SEHK.

The Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders (or a category of them) if, in its opinion, such other method is reasonable having regard to market practice then prevailing and to the rules of the stock exchange on which the relevant Classes of Notes are then listed, and **provided that** notice of such other method is given to the Noteholders in such manner as the Trustee shall require.

Notwithstanding the above, so long as any Notes are represented by a Global Certificate and such Global Certificate is held on behalf of a Depository, notices to Noteholders may be given by delivery of the relevant notice to that depository for communication by it to entitled account holders in substitution for delivery thereof as required by the Conditions of such Notes, **provided that** such notice is also published as required by the rules of the SEHK or so long as the relevant Classes of Notes are listed on the SEHK and the rules of the SEHK so require. Such notice will be deemed to have been given to the Noteholders on the date of delivery of the relevant notice to the relevant Depository.

18. ADDITIONAL ISSUANCES OF NOTES

(a) Senior Notes

The Issuer may, during the Reinvestment Period, subject to the approval of the Collateral Manager, the holders of the Subordinated Notes and, in the case of the issuance of additional Class A Notes, subject to the approval of the Controlling Class of such Noteholders, in each case, acting by Ordinary Resolution, create and issue further Class A Notes, Class B Notes, Class C Notes or Class D Notes having the same terms and conditions as existing Classes of Notes (save as provided below) and which shall be consolidated and form a single series with the Outstanding Notes of

such Class (unless otherwise provided), and will use the proceeds of sale thereof to acquire additional Infra Debt Obligations, **provided that** the following conditions are satisfied:

(i) such additional issuances in relation to the applicable Class of Notes may not exceed 100 per cent. in the aggregate of the original aggregate principal amount of such Class of Notes;

(ii) such additional Notes must be issued for a cash sale price and the net proceeds invested in Reinvestment Infra Debt Obligations;

(iii) the terms (other than the date of issuance, the issue price and the date from which interest will accrue) of such Notes must be identical to the terms of the previously issued Notes of the applicable Class of Notes;

(iv) the Issuer must notify the Trustee and each Rating Agency then rating any Class of Senior Notes of such additional issuance and obtain Rating Agency Confirmation from each Rating Agency in respect of such additional issuance;

(v) the Coverage Tests will be maintained or improved after giving effect to such additional issuance of Notes when compared with the results of such tests immediately prior to such additional issuance of Notes;

(vi) the holders of the relevant Class of Notes in respect of which further Notes are issued shall have been notified in writing by the Issuer at least 30 days prior to such issuance and shall have been afforded the opportunity to purchase additional Notes of the relevant Class in an amount not to exceed the percentage of the relevant Class of Notes each holder held immediately prior to the issuance (the "**Anti-Dilution Percentage**") of such additional Notes and on the same terms offered to investors generally;

(vii) (so long as the existing Notes of the Class of Notes to be issued are listed on the SEHK) the additional Notes of such Class to be issued are in accordance with the requirements of the SEHK and are listed on the SEHK;

(viii) such additional issuances are in accordance with all applicable laws, including, without limitation, the securities and banking laws and regulations of Hong Kong and do not adversely affect the Hong Kong tax position of the Issuer;

(ix) no additional Notes may be issued if, after issuance and purchase of such additional Notes, a Risk Retention Deficiency would occur; and

(x) such additional Notes must be of each Class of Notes and issued in a proportionate amount among the Classes so that the relative proportions of the aggregate principal amount of the Classes of Notes existing immediately prior to such additional issuance remain unchanged immediately following such additional issuance.

(b) Subordinated Notes

The Issuer may, during the Reinvestment Period, also create and issue further Subordinated Notes (without issuing Notes of any other Class) having the same terms and conditions as existing Subordinated Notes (save as provided below) and subject (i) to the approval of the holders of the Subordinated Notes acting by Ordinary Resolution and the prior written approval of the Retention Holder, or (ii) at the direction of the Retention Holder, and which, in each case, shall be consolidated and form a single series with the Outstanding Subordinated Notes, and will use the proceeds of sale thereof to acquire additional Infra Debt Obligations, **provided that** the following conditions are satisfied:

(i) the terms (other than the date of issuance, the issue price and the date from which interest will accrue) of such Subordinated Notes must be identical to the terms of the previously issued Subordinated Notes;

(ii) such additional Subordinated Notes are issued for cash, with the net proceeds to be deposited (x) where such net proceeds are to be reinvested or retained for acquisition of Reinvestment Infra Debt Obligations and the payment of any transfer fees, break costs and other amounts ancillary thereto, into the Collection Accounts and (y) otherwise into the Principal Account;

(iii) the Issuer must notify the Rating Agency then rating any Class of the Senior Notes of such additional issuance;

(iv) the holders of the Subordinated Notes shall have been notified in writing 30 days prior to such issuance and shall have been afforded the opportunity to purchase additional Subordinated Notes in an amount not to exceed the Anti-Dilution Percentage of such additional Subordinated Notes and on the same terms offered to investors generally;

(v) such additional issuances are in accordance with all applicable laws, including, without limitation, the securities and banking laws and regulations of Hong Kong and do not adversely affect the Hong Kong tax position of the Issuer; and

(vi) any issuance of additional Subordinated Notes would not result in breach of the Risk Retention Requirements.

References in the Conditions to the "Notes" include (unless the context requires otherwise) any other securities issued pursuant to this Condition 18 (*Additional Issuances of Notes*) and forming a single series with the Notes. Any further securities forming a single series with Notes constituted by the Trust Deed or any deed supplemental to it shall be constituted by a deed supplemental to the Trust Deed.

19. THIRD PARTY RIGHTS

No Person shall have any right to enforce any term or Condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

20. GOVERNING LAW

(a) Governing Law

The Trust Deed and each Class of Notes and any dispute, controversy, proceedings or claim of whatever nature (whether contractual or non-contractual) arising out of or in any way relating to the Trust Deed or any Class of Notes are governed by, and shall be construed in accordance with, English law. The Corporate Services Agreement and the Hong Kong Security Deed are governed by, and shall be construed in accordance with, the laws of Hong Kong.

(b) Jurisdiction

The courts of England and Wales are to have jurisdiction to settle any disputes (whether contractual or non-contractual) which may arise out of or in connection with the Notes, and accordingly any legal action or proceedings arising out of or in connection with the Notes ("**Proceedings**") may be brought in such courts. The Issuer has in the Trust Deed irrevocably submitted to the jurisdiction of such courts and waives any objection to Proceedings in any such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the Noteholders and the Trustee and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) Agent for Service of Process

The Issuer appoints CSC CLS (UK) Limited (having an office, at the date of the Information Memorandum, at 5 Churchill Place, 10th Floor, Canary Wharf, London, E14 5HU, United Kingdom) as its agent in England to receive service of process in any Proceedings in England based on any of the Notes. If for any reason the Issuer does not, or ceases to, have such agent in England, it will promptly appoint a substitute process agent and notify the Trustee and the Noteholders of such appointment. Nothing herein shall affect the right to service of process in any other manner permitted by law.

TAXATION

General

Potential investors of Notes may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the issue price of each Note.

POTENTIAL PURCHASERS ARE WHOLLY RESPONSIBLE FOR DETERMINING THEIR OWN TAX POSITION IN RESPECT OF THE NOTES. POTENTIAL PURCHASERS WHO ARE IN ANY DOUBT ABOUT THEIR TAX POSITION ON PURCHASE, OWNERSHIP, TRANSFER OR EXERCISE OF ANY NOTE SHOULD CONSULT THEIR OWN TAX ADVISERS. IN PARTICULAR, NO REPRESENTATION IS MADE AS TO THE MANNER IN WHICH PAYMENTS UNDER THE NOTES WOULD BE CHARACTERISED BY ANY RELEVANT TAXING AUTHORITY. POTENTIAL INVESTORS SHOULD BE AWARE THAT THE RELEVANT FISCAL RULES OR THEIR INTERPRETATION MAY CHANGE, POSSIBLY WITH RETROSPECTIVE EFFECT, AND THAT THIS SUMMARY IS NOT EXHAUSTIVE. THIS SUMMARY DOES NOT CONSTITUTE LEGAL OR TAX ADVICE OR A GUARANTEE TO ANY POTENTIAL INVESTOR OF THE TAX CONSEQUENCES OF INVESTING IN THE NOTES.

Hong Kong Taxation

Withholding Tax

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

Profits Tax

Profits tax is charged on every person carrying on a trade, profession or business in Hong Kong in respect of assessable profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets) according to the Inland Revenue Ordinance (Cap. 112 of the Laws of Hong Kong) (the "**Inland Revenue Ordinance**"). The definition of a person includes a corporation, partnership and trustee. Whether a person is carrying on business in Hong Kong is ultimately a question of fact having regard to the circumstances as a whole and determined by a number of indicia, with no single indicium being determinative. The question of source of profits is a practical, hard matter of fact. The broad guiding principle from judicial precedents requires that one looks to see what the taxpayer has done to earn the profit in question and where he has done it in determining the source of profits for Hong Kong profits tax purposes.

The standard prevailing profits tax rate for corporations is 16.5 per cent. and for unincorporated businesses is 15 per cent. The two-tiered profits tax rates system is available starting from the year of assessment 2018/19. Under the system, the profits tax rate for the first HK$2 million of assessable profits will be lowered by half to 8.25 per cent./7.5 per cent. with any remaining balance being taxed at 16.5 per cent./15 per cent. A group of connected entities can only nominate one entity to apply the two-tiered profits tax rates. Two entities will be regarded as connected if one has control over the other or if both are under common control.

Implications for the Issuer

The Issuer should be regarded as carrying on a business in Hong Kong and hence the Issuer should be chargeable to profits tax in respect of any assessable profits arising in or derived from Hong Kong from this business based on prevailing law. The Issuer's Hong Kong sourced income, which will include interest income, fees or charges in respect of the Infra Debt Obligations, after deduction of all outgoings

and expenses to the extent to which they are incurred in the production of the Issuer's assessable profits and of a revenue nature, should be chargeable to profits tax.

Implications for the Noteholders

If a Noteholder carries on a trade, profession or business in Hong Kong, it should be chargeable to Hong Kong profits tax in respect of any Hong Kong sourced profits derived from such trade, profession or business excluding profits arising from the sale of capital assets.

Noteholders should seek their own independent Hong Kong tax advice on this issue.

Stamp Duty

No stamp duty is payable on the issue of Notes. Stamp duty may be payable on any transfer of Notes if the Notes are regarded as "stock" (as defined in the Stamp Duty Ordinance (Cap. 117 of the Laws of Hong Kong) (the "**Stamp Duty Ordinance**")) and the relevant transfer is required to be registered in Hong Kong. Stamp duty will, however, not be payable on any transfers of Notes, **provided that** either:

(i) the Notes are denominated in a currency other than the currency of Hong Kong and are not redeemable in any circumstances in the currency of Hong Kong; or

(ii) the Notes constitute loan capital (as defined in the Stamp Duty Ordinance).

Since the Notes are denominated in a currency other than the currency of Hong Kong and are not redeemable in any circumstances in the currency of Hong Kong, the Notes should not be considered as "Hong Kong stock" for stamp duty purposes. Accordingly, the issuance and subsequent transfer of the Notes should not be subject to Hong Kong stamp duty.

Foreign Account Tax Compliance Act (FATCA)

Pursuant to FATCA, the Issuer, and other non-US financial institutions through which payments on the Notes are made, may be required to withhold tax on all, or a portion of, payments made after 31 December 2018 on any Notes issued or materially modified on or after the date that is six months after final US Treasury Regulations defining the term "foreign passthru payment" are filed. Such withholding may be required, among others, where (i) the Issuer or such other non-US financial institution is a foreign financial institution ("**FFI**") that agrees to provide certain information on its account holders to the IRS (making the Issuer or such other non-US financial institution a "**participating FFI**") and (ii)(a) the payee itself is an FFI but is not a participating FFI or does not provide information sufficient for the relevant participating FFI to determine whether the payee is subject to withholding under FATCA or (b) the payee is not a participating FFI and is not otherwise exempt from FATCA withholding. Hong Kong has an intergovernmental agreement with the United States (the "**IGA**") to implement FATCA. Guidance regarding compliance with FATCA and the IGA may alter the rules described herein, including treatment of foreign passthru payments. Notwithstanding anything herein to the contrary, if an amount of, or in respect of, withholding tax were to be deducted or withheld from interest, principal or other payments on the Notes as a result of FATCA, neither the Issuer nor any other person would, pursuant to terms of the Notes, be required to pay any additional amounts as a result of the deduction or withholding of such tax.

Under the applicable US Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payment of interest on a Note. While withholding under FATCA would have applied also to payments of gross proceeds from the sale or other disposition of a Note after 31 December 2018, proposed US Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed US Treasury Regulations until final US Treasury Regulations are issued.

If a Noteholder fails to provide the Issuer or its agents with any correct, complete and accurate information that may be required for the Issuer to comply with FATCA and to prevent the imposition of US federal withholding tax under FATCA on payments to or for the benefit of the Issuer, or if the noteholder's ownership of any Notes would otherwise cause the Issuer to be subject to tax under FATCA, the Issuer is authorised to withhold amounts otherwise distributable to the noteholder, to compel the Noteholder to sell its Notes, and, if the Noteholder does not sell its Notes within 30 days after notice from the Issuer, to sell the noteholder's Notes on behalf of the Noteholder (and such sale could be for less than its then fair market value).

THE RULES GOVERNING FATCA ARE COMPLICATED. INVESTORS SHOULD CONSULT THEIR TAX ADVISERS TO DETERMINE WHETHER THESE RULES MAY APPLY TO PAYMENTS THEY WILL RECEIVE UNDER THE NOTES.

Future Legislation and Regulatory Changes Affecting Noteholders

Future legislation, regulations, rulings or other authority could affect the federal income tax treatment of the Issuer and Noteholders. The Issuer cannot predict whether and to what extent any such legislative or administrative changes could change the tax consequences to the Issuer and to the Noteholders. Potential investors should consult their tax advisers regarding possible legislative and administrative changes and their effect on the federal tax treatment of the Issuer and their investment in the Notes.

THE DISCUSSION ABOVE IS A GENERAL SUMMARY. IT DOES NOT COVER ALL TAX MATTERS THAT MAY BE OF IMPORTANCE TO A PARTICULAR NOTEHOLDER. EACH POTENTIAL INVESTOR IS STRONGLY URGED TO CONSULT ITS OWN TAX ADVISER ABOUT THE TAX CONSEQUENCES OF AN INVESTMENT IN THE NOTES UNDER THE NOTEHOLDER'S OWN CIRCUMSTANCES.

SUBSCRIPTION AND SALE

This section consists of a summary of certain provisions in relation to the subscription and sale of the Notes, including a summary of certain provisions of the Subscription Agreement. It does not purport to be complete and is qualified by reference to the detailed provisions of such agreement. *The information appearing in this section has not been independently verified by the Sponsor, the Collateral Manager, the Issuer, any of the Sole Global Coordinator and the Joint Bookrunners, or any other party. As far as the Issuer is aware and is able to ascertain from information from the Sponsor, no facts have been omitted which would render the information in this section incorrect or misleading in any material respect. No party assumes any responsibility for the accuracy or completeness of such information.*

The Issuer has entered into a subscription agreement with HKMC, the Sole Global Coordinator and the Joint Bookrunners dated 22 October 2026 (the "**Subscription Agreement**"), pursuant to which and subject to certain conditions contained therein (a) the Issuer agreed to sell, and the Sole Global Coordinator and the Joint Bookrunners have agreed, severally and not jointly, to subscribe and pay for the aggregate principal amount of each class of Senior Notes indicated opposite its name in the Subscription Agreement at 100 per cent. of their principal amount and (b) HKMC has agreed to subscribe and pay for the Subordinated Notes at 100 per cent. of their principal amount. The Issuer has agreed in the Subscription Agreement to pay fees to the Sole Global Coordinator and the Joint Bookrunners in consideration of their subscription and payment of the Notes.

The Sole Global Coordinator and the Joint Bookrunners, and/or their respective affiliates are full-service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, corporate finance and other services, hedging, financing and brokerage activities ("**Banking Services or Transactions**"). Each of the Sole Global Coordinator and the Joint Bookrunners, and/or their respective affiliates may have engaged in, and may in the future engage in, various Banking Services or Transactions in the ordinary course of business with the Issuer, the Collateral Manager or their respective Affiliates from time to time, for which they have received or will receive customary fees and commissions.

The Sole Global Coordinator and the Joint Bookrunners, and/or their respective affiliates may also purchase the Notes and allocate the Notes for asset management and/or proprietary purposes but not with a view to distribution. Such entities may hold or sell such Notes or purchase further Notes for their own account in the secondary market or deal in any other securities of the Issuer or the Collateral Manager and, therefore, they may offer or sell the Notes or other securities otherwise than in connection with the offering of the Notes. Accordingly, references herein to the Notes being 'offered' should be read as including any offering of the Notes to the Sole Global Coordinator and the Joint Bookrunners, and/or their respective affiliates, or Affiliates of the Issuer or the Collateral Manager for their own account. Such entities are not expected to disclose such transactions or the extent of any such investment, otherwise than in accordance with any legal or regulatory obligation to do so. Furthermore, it is possible that only a limited number of investors may subscribe for a significant proportion of the Notes. If this is the case, liquidity of the Notes may be constrained (see the section entitled "*Risk Factors — Risks relating to the Notes and the Collateral — The Notes will have limited liquidity, and there may be restrictions on transfer of the Notes*" of this Information Memorandum). The Issuer, the Collateral Manager, HKMC, the Sole Global Coordinator and the Joint Bookrunners are under no obligation to disclose the extent of the distribution of the Notes among individual investors.

In the ordinary course of their various business activities, the Sole Global Coordinator and the Joint Bookrunners, and/or their respective affiliates make or hold (on their own account, on behalf of clients or in their capacity of investment advisers) a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and may at any time hold long and short positions in such securities and instruments and enter into other transactions, including credit derivatives (such as asset swaps, repackaging and credit default swaps) in relation thereto. Such transactions, investments and securities activities may involve securities and instruments of the Issuer, the Sponsor, HKMC, the Collateral Manager or their respective Affiliates, including the Notes, may be entered into at the same time or proximate to offers and sales of the Notes or at other times in the secondary market and be carried out with counterparties that are also purchasers, holders or sellers of the Notes. Certain of the Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates that have a lending relationship with the Issuer and/or the Collateral Manager routinely hedge their credit exposure to the Issuer, the Sponsor and/or the Collateral Manager consistent with their customary risk management policies. Typically, such Sole Global Coordinator or Joint Bookrunners, or their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the Issuer's, HKMC's the Sponsor's and/or the Collateral Manager's securities, including, potentially, the Notes offered hereby. Any such short positions could adversely affect future trading prices of the Notes offered hereby. The Sole Global Coordinator and the Joint Bookrunners, and their respective affiliates may make investment recommendations and/or publish or express independent research views (positive or negative) in respect of the Notes or other financial instruments of the Issuer, the Sponsor, HKMC or the Collateral Manager, and may recommend to their clients that they acquire long and/or short positions in the Notes or other financial instruments.

Selling Restrictions

General

This Information Memorandum does not constitute an offer, solicitation or invitation to subscribe for and/or purchase the Notes in any jurisdiction in which such offer, solicitation or invitation is unlawful or is not authorised or to any person to whom it is unlawful to make such offer, solicitation or invitation.

Accordingly, the Notes may not be delivered, offered or sold, directly or indirectly, and none of this Information Memorandum, its accompanying documents or any offering materials or advertisements in connection with the Notes may be distributed or published in or from any country or jurisdiction, except under circumstances that will result in compliance with any applicable rules and regulations of any such country or jurisdiction. Investors are advised to consult their legal advisers prior to applying for the Notes or making any offer, sale, resale or other transfer of the Notes.

Each person or entity who purchases the Notes shall do so in accordance with the securities regulations in each jurisdiction applicable to it.

If a jurisdiction requires that the offering be made by a licensed broker or dealer and the Sole Global Coordinator or any Joint Bookrunner, or any affiliate of them is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the Sole Global Coordinator or such Joint Bookrunner, or such affiliate on behalf of the Issuer in such jurisdiction.

Hong Kong

Each of the Sole Global Coordinator and the Joint Bookrunners has represented and agreed that it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to the Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the Securities and Futures Ordinance and any rules made under the Securities and Futures Ordinance.

Important Notice to CMIs (including private banks)

This notice to CMIs (including private banks) is a summary of certain obligations the Code imposes on CMIs, which require the attention and co-operation of other CMIs (including private banks). Certain CMIs may also be acting as OCs for this offering and are subject to additional requirements under the Code.

Prospective investors who are the directors, employees or major shareholders of the Issuer, a CMI or its group companies would be considered under the Code as having an Association with the Issuer, the CMI or the relevant group company. CMIs should specifically disclose whether their investor clients have any Association when submitting orders for the Notes. In addition, private banks should take all reasonable steps to identify whether their investor clients may have any Associations with the Issuer or any CMI (including its group companies) and inform the Sole Global Coordinator and the Joint Bookrunners accordingly.

CMIs are informed that the marketing and investor targeting strategy for this offering includes institutional investors, sovereign wealth funds, pension funds, hedge funds and family offices, in each case, subject to the selling restrictions and any MiFID II product governance language or any UK MiFIR product governance language set out elsewhere in this Information Memorandum.

CMIs should ensure that orders placed are *bona fide*, are not inflated and do not constitute duplicated orders (i.e., two or more corresponding or identical orders placed via two or more CMIs). CMIs should enquire with their investor clients regarding any orders which appear unusual or irregular. CMIs should disclose the identities of all investors when submitting orders for the Notes (except for omnibus orders where underlying investor information may need to be provided to any OCs when submitting orders). Failure to provide underlying investor information for omnibus orders, where required to do so, may result in that order being rejected. CMIs should not place "X-orders" into the order book.

CMIs should segregate and clearly identify their own proprietary orders (and those of their group companies, including private banks, as the case may be) in the order book and book messages.

CMIs (including private banks) should not offer any rebates to prospective investors or pass on any rebates provided by the Issuer. In addition, CMIs (including private banks) should not enter into arrangements which may result in prospective investors paying different prices for the Notes.

The Code requires that a CMI disclose complete and accurate information in a timely manner on the status of the order book and other relevant information it receives to targeted investors for them to make an informed decision. In order to do this, those Joint Bookrunners in control of the order book should consider disclosing order book updates to all CMIs.

When placing an order for the Notes, private banks should disclose, at the same time, if such order is placed other than on a "principal" basis (whereby it is deploying its own balance sheet for onward selling to investors). Private banks who do not provide such disclosure are hereby deemed to be placing their order on such a "principal" basis. Otherwise, such order may be considered to be an omnibus order pursuant to the Code. Private banks should be aware that placing an order on a "principal" basis may require the Sole Global Coordinator and the Joint Bookrunners to categorise it as a proprietary order and apply the "proprietary orders" requirements of the Code to such order.

In relation to omnibus orders, when submitting such orders, CMIs (including private banks) that are subject to the Code should disclose underlying investor information in respect of each order constituting the relevant omnibus order (failure to provide such information may result in that order being rejected). Underlying investor information in relation to omnibus orders should consist of:

- The name of each underlying investor;
- A unique identification number for each investor;
- Whether an underlying investor has any "Associations" (as used in the Code);
- Whether any underlying investor order is a "Proprietary Order" (as used in the Code);
- Whether any underlying investor order is a duplicate order.

Underlying investor information in relation to omnibus orders should be sent to synhk@sc.com.

To the extent that information being disclosed by CMIs and investors is personal and/or confidential in nature, CMIs (including private banks) agree and warrant: (A) to take appropriate steps to safeguard the transmission of such information to the OCs; and (B) that they have obtained the necessary consents from the underlying investors to disclose such information to the OCs. By submitting an order and providing such information to the OCs, each CMI (including private banks) further warrants that they and the underlying investors have understood and consented to the collection, disclosure, use and transfer of such information by the OCs and/or any other third parties as may be required by the Code, including to the Issuer, relevant regulators and/or any other third parties as may be required by the Code, for the purpose of complying with the Code, during the book-building process for this offering. CMIs that receive such underlying investor information are reminded that such information should be used only for submitting orders in this offering. The Sole Global Coordinator and the Joint Bookrunners may be asked to demonstrate compliance with their obligations under the Code, and may request other CMIs (including private banks) to provide evidence showing compliance with the obligations above (in particular, that the necessary consents have been obtained). In such event, other CMIs (including private banks) are required to provide the Sole Global Coordinator or the relevant Joint Bookrunner with such evidence within the timeline requested.

By placing an order, prospective investors (including any underlying investors in relation to omnibus orders) are deemed to represent to the Sole Global Coordinator and the Joint Bookrunners that they are not a Sanctions Restricted Person. A "**Sanctions Restricted Person**" means an individual or entity (a "**Person**") with whom dealings are restricted or prohibited by any Sanctions, including any Person: (a) that is, or is directly or indirectly owned or controlled by a Person that is, described or designated in (i) the most current "Specially Designated Nationals and Blocked Persons" list (which as of the date hereof can be found at: http://www.treasury.gov/ofac/downloads/sdnlist.pdf) or (ii) the Foreign Sanctions Evaders List (which as of the date hereof can be found at: http://www.treasury.gov/ofac/downloads/fse/fselist.pdf) or (iii) the most current "Consolidated list of persons, groups and entities subject to EU financial sanctions" (which as of the date hereof can be found at: https://eeas.europa.eu/headquarters/headquartershomepage_en/8442/Consolidated%20list%20of%20sanctions);

or (b) that is otherwise the subject of any sanctions administered or enforced by any Sanctions Authority, other than solely by virtue of the following (i) to (vi) to the extent that it will not result in violation of any sanctions by the CMIs: (i) their inclusion in the most current "Sectoral Sanctions Identifications" list (which as of the date hereof can be found at: https://www.treasury.gov/ofac/downloads/ssi/ssilist.pdf) (the "**SSI List**"), (ii) their inclusion in Annexes 3, 4, 5 and 6 of Council Regulation No. 833/2014, as amended by Council Regulation No. 960/2014 (the "**EU Annexes**"), (iii) their inclusion in any other list maintained by a Sanctions Authority, with similar effect to the SSI List or the EU Annexes, (iv) them being the subject of restrictions imposed by the US Department of Commerce's Bureau of Industry and Security ("**BIS**") under which BIS has restricted exports, re-exports or transfers of certain controlled goods, technology or software to such individuals or entities; (v) them being an entity listed in the Annex to the Executive Order of 3 June 2021 entitled "Addressing the Threat from Securities Investments that Finance Certain Companies of the People's Republic of China" (known as the Non-SDN Chinese Military-Industrial Complex Companies List), which amends the Executive Order 13959 of 12 November 2020 entitled "Addressing the threat from Securities Investments that Finance Chinese Military Companies"; or (vi) them being subject to restrictions imposed on the operation of an online service, Internet application or other information or communication services in the United States directed at preventing a foreign government from accessing the data of US persons; or (c) that is located, organized or a resident in a comprehensively sanctioned country or territory, including Cuba, Iran, North Korea, Syria, the Crimea region of Ukraine, the so-called Donetsk's People's Republic, the so-called Luhansk People's Republic or the non-government controlled areas of Zaporizhzhia and Kherson of Ukraine. "**Sanctions**" means any statute, executive order, regulation, decree, judicial decision, or any other legally binding act with respect to the imposition or administration of any economic, financial or trade sanctions or embargoes, export controls or other restrictive measures imposed by a Sanctions Authority. "**Sanctions Authority**" means: (a) the United States government; (b) the United Nations; (c) the European Union (or any of its member states); (d) the United Kingdom; (e) the People's Republic of China; (f) Singapore; (g) any other equivalent governmental or regulatory authority, institution or agency which administers economic, financial or trade sanctions; and (h) the respective governmental institutions and agencies of any of the foregoing including, without limitation, the Office of Foreign Assets Control of the US Department of the Treasury, the United States Department of State, the United States Department of Commerce and His Majesty's Treasury.

United States

The Notes are being offered and sold outside the United States to non-U.S. Persons in reliance on Regulation S. The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. Persons except in accordance with Regulation S or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

Each of the Sole Global Coordinator and the Joint Bookrunners has agreed that, except as permitted by the Subscription Agreement:

(i) it has not offered or sold, and will not offer or sell, any Notes constituting part of its allotment within the United States except in accordance with Rule 903 of Regulation S; and

(ii) neither it, nor any of its affiliates nor any person acting on its or their behalf has engaged or will engage in any directed selling efforts (within the meaning of Regulation S) with respect to the Notes.

Except with the prior written consent of the Issuer and where such sale falls within the exemption provided by Rule 20 of the U.S. Risk Retention Rules, the Notes offered and sold by the Issuer may not be purchased by, or for the account or benefit of, any Risk Retention U.S. Persons. Prospective investors should note that the definition of "U.S. Person" in the U.S. Risk Retention Rules is substantially similar

to, but not identical to, the definition of "U.S. Person" in Regulation S. Each purchaser of Notes, including beneficial interests therein, will be deemed to have made certain representations and agreements, including that it (1) is not a Risk Retention U.S. Person (unless it has obtained a prior written consent of the Issuer), (2) is acquiring such Notes or a beneficial interest therein for its own account and not with a view to distribute such Notes, and (3) is not acquiring such Notes or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

Singapore

Each of the Sole Global Coordinator and the Joint Bookrunners has acknowledged that this Information Memorandum has not been registered as a prospectus with the MAS. Accordingly, each of the Sole Global Coordinator and the Joint Bookrunners has represented, warranted and agreed that it has not offered or sold any Notes or caused such Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell such Notes or cause such Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Information Memorandum or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act) pursuant to Section 274 of the Securities and Futures Act, or (ii) to an accredited investor (as defined in Section 4A of the Securities and Futures Act) pursuant to and in accordance with the conditions specified in Section 275 of the Securities and Futures Act and (where applicable) Regulation 3 of the Securities and Futures (Classes of Investors) Regulations 2018.

Any reference to the "**Securities and Futures Act**" is a reference to the Securities and Futures Act 2001 of Singapore and a reference to any term as defined in the Securities and Futures Act or any provision in the Securities and Futures Act is a reference to that term or provision as modified or amended from time to time, including by such of its subsidiary legislation as may be applicable at the relevant time.

Singapore SFA Product Classification: In connection with Section 309B of the Securities and Futures Act and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the "**CMP Regulations 2018**"), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are "capital markets products other than prescribed capital markets products" (as defined in the CMP Regulations 2018) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Australia

No prospectus or other disclosure document (as defined in the Australian Corporations Act) in relation to the Notes has been, or will be, lodged with the Australian Securities and Investments Commission ("**ASIC**") or any other regulatory authority in Australia. Each of the Sole Global Coordinator and the Joint Bookrunners has represented and agreed that it:

(a) has not made or invited, and will not make or invite, an offer of the Notes for issue, sale or purchase in, to or from Australia (including an offer or invitation which is received by a person in Australia); and

(b) has not distributed or published, and will not distribute or publish, this Information Memorandum or any other offering materials or advertisements relating to the Notes in Australia,

unless:

(i) the aggregate consideration payable by each offeree is at least A$500,000 (or its equivalent in an alternative currency, in either case, disregarding monies lent by the offeror or its associates) or the offer or invitation does not otherwise require disclosure to investors under Part 6D.2 or 7.9 of the Australian Corporations Act;

(ii) the offer or invitation does not constitute an offer to a "retail client" for the purposes of sections 761G and 761GA of the Australian Corporations Act;

(iii) such action complies with any applicable laws, regulations and directives (including, without limitation, the licensing requirements set out in Chapter 7 of the Australian Corporations Act); and

(iv) such action does not require any document to be lodged with ASIC or any other regulatory authority in Australia.

Bahrain

This Information Memorandum has not been or will not be registered with the Central Bank of Bahrain pursuant to the rulebook issued by the Central Bank of Bahrain. Accordingly, this Information Memorandum and any other material or document in connection with the making available, offer or sale, or invitation for subscription or purchase, of the Notes, may not be circulated or distributed, nor may the Notes be made available, offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Bahrain.

Canada

The Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Information Memorandum (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

People's Republic of China

Each of the Sole Global Coordinator and the Joint Bookrunners has represented and agreed that the Notes are not being offered or sold and may not be offered or sold, directly or indirectly, in the PRC (for such purposes, not including the Hong Kong and Macau Special Administrative Regions or Taiwan), except as permitted by the securities laws of the PRC. This Information Memorandum, the Notes and any material or information contained or incorporated by reference herein relating to the Notes have not been, and will not be, submitted to or approved/verified by or registered with the China Securities Regulatory Commission ("**CSRC**") or other relevant governmental and regulatory authorities in the PRC pursuant to relevant laws and regulations and thus may not be supplied to the public in the PRC or used in connection with any offer for the subscription or sale of the Notes in the PRC. Neither this Information Memorandum nor any material or information contained or incorporated by reference herein relating to the Notes constitutes an offer to sell or the solicitation of an offer to buy any securities in the PRC.

The Notes may only be invested by PRC investors that are authorised to engage in investment in the Notes of the type being offered or sold. PRC investors are responsible for informing themselves about and observing all legal and regulatory restrictions, obtaining all relevant government regulatory approvals/ licences, verification and/or registrations themselves, including, but not limited to, any which may be required from the People's Bank of China, the State Administration of Foreign Exchange, CSRC, the

China Banking and Insurance Regulatory Commission and other relevant regulatory bodies, and complying with all relevant PRC regulations, including, but not limited to, all relevant foreign exchange regulations and/or overseas investment regulations.

European Economic Area

In relation to each Member State of the European Economic Area, each of the Sole Global Coordinator and the Joint Bookrunners has represented and agreed that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Information Memorandum to the public in that Member State other than:

(a) to any legal entity which is a qualified investor as defined in the EU Prospectus Regulation;

(b) to fewer than 150 natural or legal persons (other than qualified investors as defined in the EU Prospectus Regulation), subject to obtaining the prior consent of the Sole Global Coordinator and the relevant Joint Bookrunner nominated by the Issuer for any such offer; or

(c) in any other circumstances falling within Article 1(4) of the EU Prospectus Regulation,

provided that no such offer of Notes shall require the Issuer or any of the Sole Global Coordinator and the Joint Bookrunners to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes and the expression "**EU Prospectus Regulation**" means Regulation (EU) No 2017/1129.

Prohibition of Sale to European Economic Area Retail Investors

Each of the Sole Global Coordinator and the Joint Bookrunners has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Information Memorandum in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision, the expression "retail investor" means a person who is one (or more) of the following:

(a) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or

(b) a customer within the meaning of Directive (EU) 2016/97 ("**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

India

No invitation, offer or sale to purchase or subscribe to the Notes is made or intended to be made to the public in India through this Information Memorandum or any amendment or supplement thereto. Neither this Information Memorandum nor any amendment or supplement thereto is a prospectus, offer document or advertisement nor has it been or will be submitted or registered as a prospectus or offer document under any applicable law or regulation in India. Neither this Information Memorandum nor any amendment or supplement thereto has been reviewed, approved or recommended by any Registrar of Companies in India, the Securities and Exchange Board of India, the Reserve Bank of India, any stock exchange in India or any other Indian regulatory authority.

Accordingly, no person may make any invitation, offer or sale of any Notes, nor may this Information Memorandum or any amendment or supplement thereto, or any other document, material, notice or circular in connection with the invitation, offer or sale for subscription or purchase of any Notes ("**Offer**"), be circulated or distributed, whether directly or indirectly, to, or for the account or benefit of, any person resident in India, other than where an exception applies or strictly on a private and confidential basis and so long as any such Offer is not calculated to result, directly or indirectly, in the Notes becoming available for subscription or purchase by persons other than those receiving such offer or invitation. The foregoing proscription is exempted from application in case of (i) an electronic-based offering, subscription and listing of securities in the International Financial Services Centres (the "**IFSC**") set up under section 18 of the Special Economic Zones Act, 2005 (28 of 2005) or (ii) if foreign companies as well as companies incorporated or to be incorporated outside India are offering subscription in Notes within the IFSC. Notwithstanding the foregoing, in no event shall the Offer be made, directly or indirectly, in any circumstances which would constitute an offer to the public in India within the meaning of any applicable law or regulation.

Any Offer of Notes to a person in India shall be made subject to compliance with all applicable Indian laws, including, without limitation, the Foreign Exchange Management Act, 1999, as amended, and any guidelines, rules, regulations, circulars or notifications issued by the Reserve Bank of India, the Securities and Exchange Board of India, the Ministry of Corporate Affairs and any other Indian regulatory authority.

Each investor in the Notes acknowledges, represents and agrees that it is eligible to invest in the Issuer and the Notes under applicable laws and regulations in India and that it is not prohibited or debarred under any law or regulation from acquiring, owning or selling the Notes.

Indonesia

Each of the Sole Global Coordinator and the Joint Bookrunners has represented and agreed that it has not made or invited, and will not make or invite, an offer of the Notes for subscription or purchase, and has not circulated or distributed, and will not circulate and distribute, this Information Memorandum, in a manner that will constitute a public offering or private placement in Indonesia under Law No. 8 of 1995 on Capital Market as amended by Law No. 4 of 2023 on Development and Reinforcement of Financial Service Sector and further amended by Law No. 1 of 2026 on Adjustment of Criminal Sanctions, together with its implementing regulations and Indonesia Financial Services Authority (*Otoritas Jasa Keuangan* — OJK) Regulation No. 30 of 2019 on the Issuance of Debt Securities and/or Sukuk by way of Private Placement.

A "public offering" is defined as an offering of securities in Indonesia by an Indonesian or foreign issuer where the offer is made: (i) using the mass media, (ii) to more than 100 Indonesian parties (including Indonesian citizens/entities in Indonesia or offshore, or foreign nationals domiciled in Indonesia) or (iii) to fewer than 100 Indonesian parties but results in sales to more than 50 Indonesian parties (including Indonesian citizens in Indonesia or offshore, or foreign nationals domiciled in Indonesia). On the other hand, "private placement" is any offering of securities in Indonesia by an Indonesian or foreign issuer which does not fall under the definition of "public offering".

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the "**FIEA**"). Accordingly, each of the Sole Global Coordinator and the Joint Bookrunners represents and agrees that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the account or benefit of, any Japanese Person or to others for reoffering or resale, directly or indirectly, in Japan or to, or for the account or benefit of, any Japanese Person except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and other applicable laws and regulations of Japan.

For the purposes of the preceding paragraph, "**Japanese Person**" means a "resident" of Japan as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended). Any branch or office in Japan of a non-resident will be deemed to be a resident irrespective of whether such branch office has the power to represent such non-resident.

Malaysia

Each of the Sole Global Coordinator and the Joint Bookrunners has:

(a) acknowledged that:

(i) the approval, registration, authorisation or recognition (including the lodgement under the Lodge and Launch Framework) from the Securities Commission of Malaysia ("**SC**") and/or the Central Bank of Malaysia under the Capital Markets and Services Act 2007 ("**CMSA**") and/or the Financial Services Act 2013 ("**FSA**") respectively, as the case may be and as may be amended from time to time, has/have not and will not be obtained for the issue (including issue of an invitation), offer or making available of the subscription, sale or purchase of the Notes on the basis that the Notes will be issued and offered exclusively to persons outside Malaysia; and

(ii) this Information Memorandum has not been and will not be registered as a prospectus, information memorandum or other offering material or document with the SC under the CMSA. Accordingly, the Notes may not be made available, issued, offered for subscription, sale or purchase and no invitation to subscribe for or purchase the Notes may be made, directly or indirectly, to persons in Malaysia and this Information Memorandum may not be issued, circulated or distributed directly or indirectly to any person in Malaysia; and

(b) represented and agreed that, save for being permitted under the laws of Malaysia and that it has complied with and will comply with the regulatory requirements under the CMSA, the FSA and all other applicable laws of Malaysia (as the case may be), it has not and will not circulate or distribute this Information Memorandum and has not made, and will not make, any offers, invitations, promotions, marketing or solicitations for subscription, purchase or sales of, or for, as the case may be, any Notes directly or indirectly to any person in Malaysia.

New Zealand

This Information Memorandum and the information contained in or accompanying this Information Memorandum:

(a) are not, and are under no circumstances to be construed as, an offer of Notes to any person who requires disclosure under Part 3 of the Financial Markets Conduct Act 2013 (New Zealand) (the "**FMCA**"); and

(b) are not a product disclosure statement under the FMCA and do not contain all the information that a product disclosure statement is required to contain under New Zealand law.

This Information Memorandum and the information contained in or accompanying this Information Memorandum, or any other product disclosure statement, prospectus or similar offering or disclosure, have not been registered, filed with or reviewed or approved by any New Zealand regulatory authority or under or in accordance with the FMCA.

The Notes referred to in this Information Memorandum are not being allotted with a view to being offered for sale in New Zealand.

Any offer or sale of any Notes described in this Information Memorandum and the information contained in or accompanying this Information Memorandum in New Zealand will be made only in accordance with the FMCA:

(a) to a person who is an "investment business";

(b) to a person who is "large"; or

(c) to a person who is a "government agency",

in each case as defined in Schedule 1 to the FMCA; or

(d) in other circumstances where there is no contravention of the FMCA, provided that (without limiting paragraph (c) above) the Notes may not be offered or transferred to any "eligible investors" (as defined in the FMCA) or any person that meets the investment activity criteria specified in clause 38 of Schedule 1 to the FMCA.

In subscribing for Notes, each investor represents and agrees that it meets the criteria set out in sub-paragraphs (a) to (d) inclusive of the preceding paragraph and that:

(a) it has not offered or sold, and will not offer or sell, directly or indirectly, any Notes; and

(b) it has not distributed and will not distribute, directly or indirectly, any Information Memorandum and the information contained in or accompanying this Information Memorandum or offering materials or advertisements in relation to any offer of Notes,

other than to persons who meet the criteria set out in sub-paragraphs (a) to (d) inclusive of the preceding paragraph or in other circumstances where no disclosure under Part 3 of the FMCA is required and there is no contravention of the FMCA and its regulations (or any statutory modification or re-enactment of, or statutory substitution for, the FMCA or its regulations).

Philippines

THE NOTES BEING OFFERED OR SOLD HAVE NOT BEEN AND WILL NOT BE REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION OF THE PHILIPPINES UNDER THE SECURITIES REGULATION CODE OF THE PHILIPPINES (THE "SRC"). ANY FUTURE OFFER OR SALE OF THE NOTES WITHIN THE PHILIPPINES IS SUBJECT TO THE REGISTRATION REQUIREMENTS UNDER THE SRC UNLESS SUCH OFFER OR SALE QUALIFIES AS AN EXEMPT TRANSACTION.

To the extent that there is or will be an offer or sale of the Notes in the Philippines, such offer or sale of the Notes is or will be made to persons who are "qualified buyers" pursuant to Section 10.1(l) of the SRC and the 2015 Implementing Rules and Regulations of the SRC ("**SRC Rules**"), and, hence, is exempt from registration.

Each of the Sole Global Coordinator and the Joint Bookrunners has represented, warranted and agreed that it has not sold or offered for sale or distribution and will not sell or offer for sale or distribution, or that it has not caused or will not cause to be sold or offered for sale or distribution, any Notes in the Philippines except to "qualified buyers" pursuant to Section 10.1(1) of the SRC, and Rule 10.1.3 and Rule 10.1.11 of the SRC Rules.

The Issuer has not obtained any confirmation of exemption from the Philippine SEC in respect of any offer or sale of the Notes within the Philippines. Unless such confirmation of exemption in respect of any

offer or sale of the Notes is issued by the Philippine SEC, any person claiming exemption under Section 10 of the SRC has the burden of proof, if challenged, of showing that it is entitled to the exemption. The Philippine SEC may challenge such exemption at any time.

No securities sold under exempt transactions shall be offered for sale or sold to the public without prior registration. Notwithstanding that a particular class of securities issued under the SRC is exempt from registration, the conduct by any person in the Philippines in the purchase, sale, distribution, settlement and other activities involving such securities must comply with the provisions of the SRC, the SRC Rules and other applicable laws.

Kingdom of Saudi Arabia

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public offering of the Notes. Any investor in the Kingdom of Saudi Arabia or who is a Saudi person (a "**Saudi Investor**") who acquires any Notes pursuant to an offering should note that the offer of Notes is a private placement under the Rules on the Offer of Securities and Continuing Obligations issued by the Capital Market Authority, and as amended from to time (the "**KSA Regulations**"), made through a capital market institution licensed to carry out arranging activities by the Capital Market Authority and following a notification to the Capital Market Authority in accordance with the KSA Regulations.

The Notes may thus not be advertised, offered or sold to any person in the Kingdom of Saudi Arabia other than to such offerees as are permitted under the KSA Regulations. Each of the Sole Global Coordinator and the Joint Bookrunners has represented and agreed that any offer of Notes by it to a Saudi Investor will be made in compliance with the requirements of the KSA Regulations.

Each offer of Notes shall not therefore constitute a "public offer", an "exempt offer" or a "parallel market offer" pursuant to the KSA Regulations, but is subject to the restrictions on secondary market activity under the KSA Regulations.

South Korea

The Notes have not been and will not be registered with the Financial Services Commission of South Korea for public offering in South Korea under the Financial Investment Services and Capital Markets Act and its subordinate decrees and regulations (collectively, the "**FSCMA**"). The Notes may not be offered, remarketed, sold or delivered, directly or indirectly, or offered, remarketed or sold to any person for reoffering or resale, directly or indirectly, in South Korea or to any resident of South Korea (as defined in the Foreign Exchange Transactions Law of South Korea and its subordinate decrees and regulations (collectively, the "**FETL**")), except as otherwise permitted under applicable South Korean laws and regulations, including the FSCMA and the FETL.

Taiwan

The Notes may be made available only (i) outside Taiwan to Taiwan resident investors for purchase by such investors outside Taiwan, (ii) to investors in Taiwan through licensed Taiwan financial institutions to the extent permitted under relevant Taiwan laws and regulations, (iii) to the offshore banking units of Taiwan banks purchasing the securities for their proprietary account or in trust for their non-Taiwan trust clients, (iv) to the offshore securities units of Taiwan securities firms purchasing the securities for their proprietary account, in trust for their non-Taiwan trust clients or as agent for their non-Taiwan brokerage clients or (v) to the offshore insurance units of Taiwan insurance companies purchasing the Notes in connection with the issuance of investment-linked insurance policies to non-Taiwan policy holders, but are not permitted to otherwise be offered or sold in Taiwan.

Thailand

The Notes have not been and will not be approved by, and this Information Memorandum has not been filed with or approved by, the Securities and Exchange Commission of Thailand. Each of the Sole Global Coordinator and the Joint Bookrunners has represented, warranted and agreed that it has not offered or sold and will not offer or sell in Thailand, whether directly or indirectly, any Notes, not made and will not make, whether directly or indirectly, any advertisement, invitation or document relating to the Notes in Thailand, and not circulated or distributed, nor will it circulate or distribute, this Information Memorandum in relation to the Notes or any other documents or material in connection with the offering of the Notes, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any persons in Thailand.

United Kingdom

Each of the Sole Global Coordinator and the Joint Bookrunners has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Prohibition of Sale to UK Retail Investors

Each of the Sole Global Coordinator and the Joint Bookrunners has represented and agreed that it has not offered, sold, distributed or otherwise made available and will not offer, sell, distribute or otherwise make available any Notes to any retail investor in the United Kingdom. For the purposes of this provision:

(a) the expression "retail investor" means a person who is either one (or both of the following):

  (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); or

  (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024; and

(b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to buy or subscribe for the Notes.

Switzerland

The Notes shall not be offered, directly or indirectly, in Switzerland, and neither this Information Memorandum nor any other offering or marketing material relating to the Notes shall be distributed or otherwise made available, to any investors other than specific professional clients within the meaning of Article 4 paragraph 3 sections (a) through (g) of the Swiss Federal Financial Services Act ("**FinSA**"), being:

(a) financial intermediaries pursuant to the Swiss Federal Banking Act of 8 November 1934, the Swiss Federal Financial Institutions Act of 15 June 2018 and the Swiss Federal Collective Investment Schemes Act of 23 June 2006;

(b) insurance companies pursuant to the Insurance Supervision Act of 17 December 2004;

(c) foreign clients subject to prudential supervision like the persons mentioned in sub-sections (a) and (b) above;

(d) central banks;

(e) public entities with professional treasury operations ("**PTO**");

(f) occupational pension schemes, and other institutions whose purpose is to service occupational pensions, with PTO; and

(g) large companies, i.e., companies exceeding two of the following parameters: (x) balance sheet total of 20 million Swiss francs ("**CHF**"); (y) turnover of CHF 40 million; and (z) equity of CHF 2 million.

No application has or will be made to admit the Notes to trading on any trading venue (exchange or multilateral trading facility) in Switzerland. Neither this Information Memorandum nor any other offering or marketing material relating to the Notes constitutes a prospectus pursuant to FinSA or pursuant to the Swiss Code of Obligations (as in effect immediately prior to the entry into force of the FinSA), and no such prospectus has been or will be prepared for or in connection with the offering of the Notes.

No key information document according to the FinSA or any equivalent document under the FinSA has been or will be prepared in relation to the Notes.

The Notes are not subject to the supervision by the Swiss Financial Market Supervisory Authority or any other Swiss supervisory authority, and investors in the Notes will not be benefit from protection or supervision by such authority.

TRANSFER RESTRICTIONS

Because of the following restrictions, potential investors are advised to consult legal counsel prior to making any offer, resale, pledge or transfer of the Notes.

The Notes have not been registered under the Securities Act or any state securities or "Blue Sky" laws or the securities laws of any other jurisdiction and, accordingly, may not be reoffered, resold, pledged or otherwise transferred except in accordance with the restrictions described herein and set forth in the Trust Deed.

Notes

Each purchaser of Notes will be deemed to have represented and agreed as follows:

(1) In connection with the purchase of the Notes: (a) none of the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, the Collateral Manager or the Transaction Administrator is acting as a fiduciary (other than the Trustee) or financial adviser for the purchaser; (b) the purchaser is not relying (for purposes of making any investment decision or otherwise) upon any advice, counsel or representations (whether written or oral) of the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, the Collateral Manager or the Transaction Administrator other than in this Information Memorandum for such Notes and any representations expressly set forth in a written agreement with such party; (c) none of the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, the Collateral Manager or the Transaction Administrator has given to the purchaser (directly or indirectly through any other person) any assurance, guarantee or representation whatsoever as to the expected or projected success, profitability, return, performance, result, effect, consequence or benefit (including legal, regulatory, tax, financial, accounting or otherwise) as to an investment in the Notes; (d) the purchaser has consulted with its own legal, regulatory, tax, business, investment, financial and accounting advisers to the extent it has deemed necessary, and it has made its own investment decisions (including decisions regarding the suitability of any transaction pursuant to the Trust Deed) based upon its own judgment and upon any advice from such advisers as it has deemed necessary and not upon any view expressed by the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Trustee, the Collateral Manager or the Transaction Administrator; (e) the purchaser has evaluated the rates, prices or amounts and other terms and conditions of the purchase and sale of the Notes with a full understanding of all of the risks thereof (economic and otherwise), and it is capable of assuming and willing to assume (financially and otherwise) those risks; and (f) the purchaser is a sophisticated investor.

(2) The purchaser will provide the Issuer or its agents with any correct, complete and accurate information and documentation that may be required for the Issuer to comply with FATCA and CRS and to prevent the imposition of US federal withholding tax under FATCA on payments to or for the benefit of the Issuer. In the event the purchaser fails to provide such information or documentation, or to the extent that its ownership of Notes would otherwise cause the Issuer to be subject to any tax under FATCA, (A) the Issuer or its agents are authorised to withhold amounts otherwise distributable to the purchaser as compensation for any amounts withheld from payments to or for the benefit of the Issuer as a result of such failure or such ownership, and (B) to the extent necessary to avoid an adverse effect on the Issuer as a result of such failure or such ownership, the Issuer will have the right to compel the purchaser to sell its Notes and, if such purchaser does not sell its Notes within 30 days after notice from the Issuer or its agents, the Issuer will have the right to sell such Notes at a public or private sale called and conducted in any manner permitted by law, and to remit the net proceeds of such sale (taking into account any taxes incurred by the Issuer in connection with such sale) to such person as payment in full for such Notes. The Issuer may also assign each such Note a separate ISIN in the Issuer's sole discretion. Each purchaser agrees that

the Issuer, the Trustee or their agents or representatives may (1) provide any information and documentation concerning its investment in its Notes to the Inland Revenue Department of Hong Kong, the US Internal Revenue Service and any other relevant tax authority and (2) take such other steps as they deem necessary or helpful to ensure that the Issuer complies with FATCA and CRS.

(3) No purchaser of Subordinated Notes will treat any income with respect to its Subordinated Notes as derived in connection with the Issuer's active conduct of a banking, financing, insurance or other similar business for purposes of Section 954(h)(2) of the Code.

(4) The purchaser is purchasing the Notes for its own account or for an account with respect to which it exercises sole investment discretion, the purchaser and such account is located outside the United States and the purchaser is not a U.S. Person.

(5) The purchaser understands that the Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. Persons.

(6) The purchaser agrees, for the benefit of the Issuer, the Sole Global Coordinator, the Joint Bookrunners, and any of their Affiliates, that the Notes have not been and will not be registered under the Securities Act and such Notes are being offered only in a transaction that does not require registration under the Securities Act and, if such purchaser decides to resell or otherwise transfer such Notes, then it agrees that it will offer, resell, pledge or transfer such Notes only: (i) to a purchaser who is not a U.S. Person (as defined in Regulation S) or an Affiliate of the Issuer or a person acting on behalf of such an Affiliate, and who is not acquiring the Notes for the account or benefit of a U.S. Person (as defined in Regulation S) and who is acquiring the Notes in an offshore transaction pursuant to an exemption from registration in accordance with Rule 903 or Rule 904 of Regulation S; (ii) pursuant to an effective registration statement under the Securities Act; or (iii) pursuant to another exemption from the registration requirements of the Securities Act, in each case in accordance with any applicable securities laws of any state or other jurisdiction of the United States; provided, that the agreement of such purchaser is subject to any requirement of law that the disposition of the purchaser's property shall at all times be and remain within its control.

(7) The purchasers will, and each subsequent holder is required to, notify any purchaser of the Notes from them of the above resale restrictions.

(8) The purchaser is: (a) not a Risk Retention U.S. Person (unless it has obtained a prior written consent of the Issuer); (b) acquiring such Notes or a beneficial interest therein for its own account and not with a view to distribute such Notes; and (c) not acquiring such Notes or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

(9) The purchaser acknowledges that the Issuer, the Sole Global Coordinator, the Joint Bookrunners, the Collateral Manager, the Trustee or the Transaction Administrator and their agents and Affiliates, and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements.

(10) The purchaser understands that (i) the sale of the Notes (including interests therein represented by a Global Certificate, a Definitive Certificate or a Book-Entry Interest) to it is being made in reliance on Regulation S; and (ii) the Notes (including interests therein represented by a Global Certificate, a Definitive Certificate or a Book-Entry Interest) may not be reoffered, resold, pledged or otherwise transferred except in accordance with the legend set forth below:

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"). THE HOLDER HEREOF, BY PURCHASING THE NOTES IN RESPECT OF WHICH THIS NOTE HAS BEEN ISSUED, AGREES FOR THE BENEFIT OF THE ISSUER THAT THE NOTES MAY BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED, ONLY TO A NON-U.S. PERSON IN AN OFFSHORE TRANSACTION COMPLYING WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT AND IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES. EXCEPT WITH THE PRIOR WRITTEN CONSENT OF THE ISSUER AND WHERE SUCH SALE FALLS WITHIN THE EXEMPTION PROVIDED BY RULE 20 OF THE U.S. RISK RETENTION RULES, THE NOTES OFFERED AND SOLD BY THE ISSUER MAY NOT BE PURCHASED BY, OR FOR THE ACCOUNT OR BENEFIT OF, ANY "U.S. PERSON" AS DEFINED IN THE U.S. RISK RETENTION RULES. PROSPECTIVE INVESTORS SHOULD NOTE THAT THE DEFINITION OF "U.S. PERSON" IN THE U.S. RISK RETENTION RULES IS SUBSTANTIALLY SIMILAR TO, BUT NOT IDENTICAL TO, THE DEFINITION OF "U.S. PERSON" IN REGULATION S. ANY TRANSFER IN VIOLATION OF THE FOREGOING WILL BE OF NO FORCE AND EFFECT, WILL BE VOID *AB INITIO* AND WILL NOT OPERATE TO TRANSFER ANY RIGHTS TO THE TRANSFEREE, NOTWITHSTANDING ANY INSTRUCTIONS TO THE CONTRARY TO THE ISSUER, THE TRANSFER AGENT OR ANY INTERMEDIARY.

TRANSFERS OF THIS NOTE OR OF PORTIONS OF THIS NOTE SHOULD BE LIMITED TO TRANSFERS MADE IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN THE TRUST DEED REFERRED TO HEREIN.

THE PRINCIPAL OF THIS NOTE IS PAYABLE AS SET FORTH HEREIN. ACCORDINGLY, THE OUTSTANDING PRINCIPAL OF THIS NOTE AT ANY TIME MAY BE LESS THAN THE AMOUNT SHOWN ON THE FACE HEREOF. ANY PERSON ACQUIRING THIS NOTE MAY ASCERTAIN ITS CURRENT PRINCIPAL AMOUNT BY INQUIRY OF THE REGISTRAR.

EACH PERSON OR ENTITY ACQUIRING OR HOLDING THIS NOTE OR ANY INTEREST HEREIN SHALL BE DEEMED TO HAVE ACKNOWLEDGED AND AGREED THAT SUCH NOTE OR INTEREST HEREIN SHALL CARRY A RIGHT TO VOTE IN RESPECT OF, AND BE COUNTED FOR THE PURPOSES OF DETERMINING A QUORUM AND THE RESULT OF VOTING ON A CM REMOVAL RESOLUTION OR A CM REPLACEMENT RESOLUTION.

Introduction

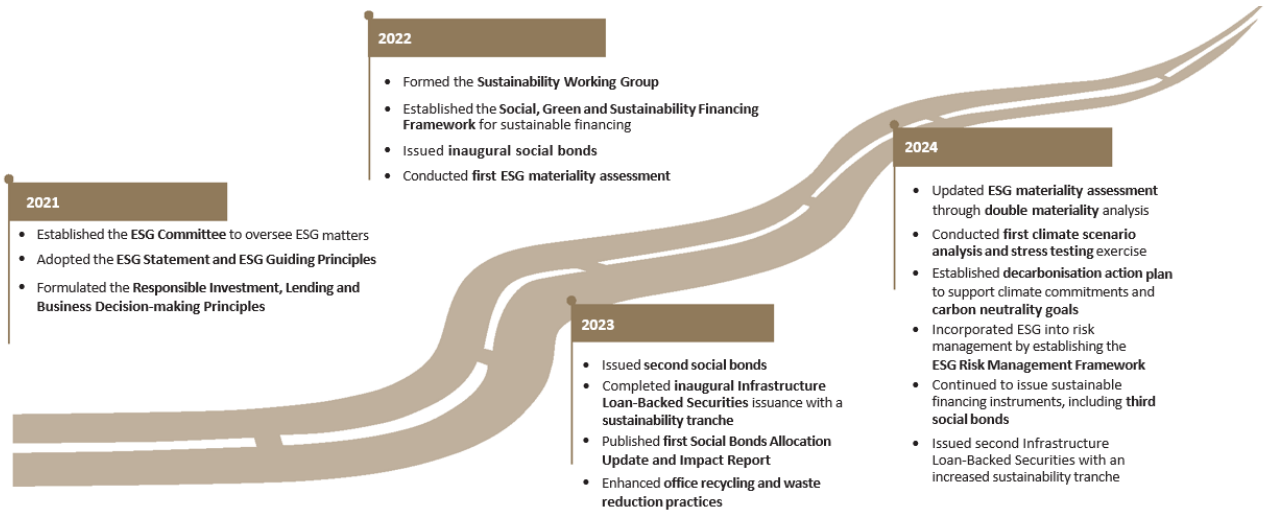

About the HKMC

The Hong Kong Mortgage Corporation Limited ("**HKMC**" or the "**Group**"), incorporated since March 1997, is wholly owned by the Government of the Hong Kong Special Administrative Region of the People's Republic of China (the "**HKSAR Government**") through the Exchange Fund. The Group has three wholly-owned principal operating subsidiaries: HKMC Insurance Limited ("**HKMCI**"), HKMC Annuity Limited ("**HKMCA**") and HKMC Mortgage Management Limited ("**HMML**").

The Group is committed to its core missions of promoting stability of the banking sector, wider home ownership, development of the local debt market and development of retirement planning market in Hong Kong, through the following main business activities:

- **Promote stability of the banking sector**: purchases residential mortgage assets.
- **Support home ownership in Hong Kong**: operates the Mortgage Insurance Programme ("**MIP**").
- **Support small and medium-sized enterprises ("SMEs") in Hong Kong**: operates a platform for the HKSAR Government to provide financial guarantee cover to banks in respect of loans advanced to local non-listed enterprises, including SMEs.
- **Promote development of the retirement planning market**: offers retirement products, namely the Reverse Mortgage Programme ("**RMP**"), the Policy Reverse Mortgage Programme ("**PRMP**") and the HKMC Annuity Plan ("**Annuity Plan**"), to provide retirees with immediate, stable and lifelong streams of income.
- **Consolidate Hong Kong as infrastructure financing hub and fill the infrastructure financing market gaps**: acquires infrastructure debt obligations including purchasing and co-financing infrastructure loans, and at right market conditions, securitises these loan assets to further its mandates of promoting the development of the local debt market and stability of the banking sector and facilitating infrastructure investment and financing flows, benefiting financial and professional service sectors in Hong Kong.
- **Promote development of Hong Kong debt market**: continues to play its key role and keep regular presence in the local debt market development.

A Snapshot of Key Environmental, Social and Governance ("**ESG**") Milestones

Group ESG Governance

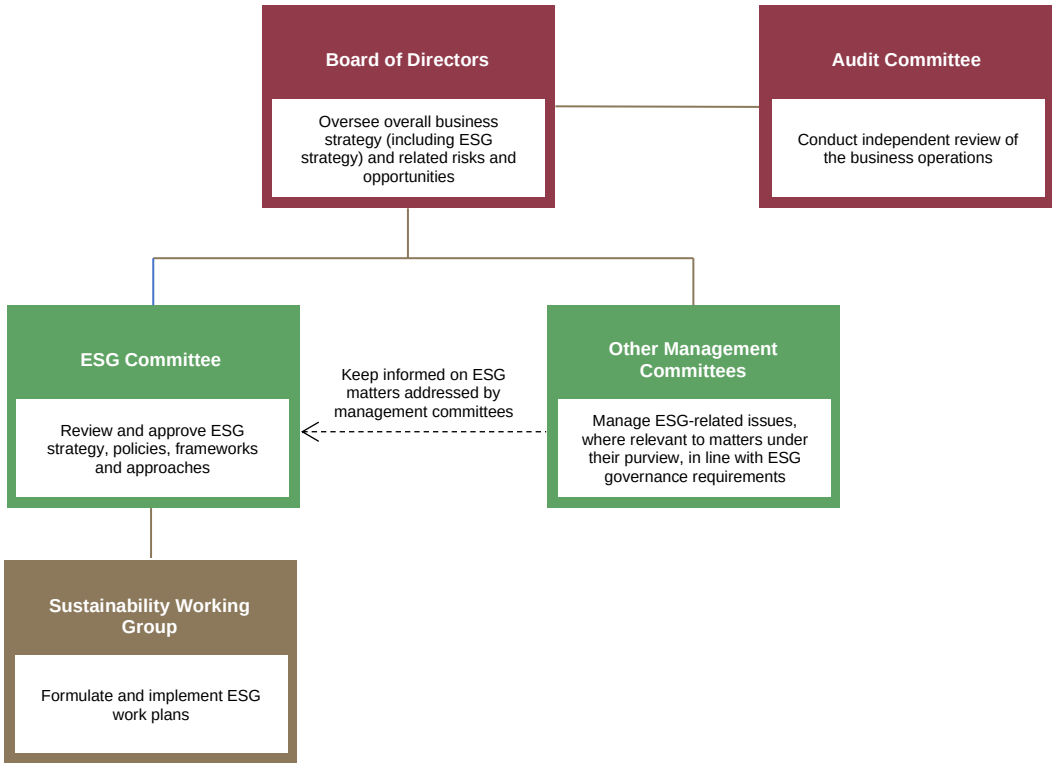

The Board is the highest governance body of the HKMC and bears ultimate responsibility and oversight for the overall business strategy (including ESG strategy) and related risks and opportunities of the Group.

In 2021, the Group established the ESG Committee to lead its sustainability efforts, oversee the implementation of its ESG strategy, and monitor and manage the associated risks. The ESG Committee is responsible for reviewing, approving and updating the Group's ESG strategy, policies and plans, as well as overseeing their implementation while analysing and monitoring the ESG trends and topics that are material to the Group and ensuring appropriate skills and competencies are available to provide oversight. The ESG Committee will also oversee the establishment and maintenance of systems, policies and processes to identify and manage ESG risks and opportunities, and evaluate the performance of the Group in achieving its ESG-related goals and targets and report the progress to the Board.

The ESG Committee is chaired by the Chief Executive Officer ("**CEO**") of the HKMC, and its members include the CEOs of the HKMCA and the HKMCI and senior representatives of relevant functional departments and teams of the Group.

The Sustainability Working Group ("**SWG**"), comprising relevant department heads and supporting staff, is tasked to assist the ESG Committee in formulating and implementing ESG work plans. The SWG also helps to identify ESG topics, risks and opportunities of the Group while facilitating the co-ordination of different business units and functions to determine key ESG metrics and targets for monitoring and reporting.

ESG Governance Structure

Since 2021, the Group has adopted its ESG Statement and ESG Guiding Principles, detailed as follows, which serve to guide its approach to incorporating ESG factors in its corporate strategy and operations.

ESG Statement

The Group is committed to operating and carrying on business in a responsible and sustainable manner while applying high standards of corporate governance. This commitment is embedded in the way it operates, serves its customers, accounts to its stakeholders, cares for its staff, manages its impact on the environment and contributes to the community.

ESG Guiding Principles[1]

Areas	Guiding Principles
Contributing to the Society	▪ Offer financing solutions that support home ownership, facilitate retirement financial planning, and help to meet the financing needs of SMEs in Hong Kong ▪ Provide products and services that facilitate banks' liquidity and risk management to promote stability of the banking sector in Hong Kong ▪ Support the financial and debt markets in Hong Kong, and talent developments as well as financial education, in areas pertinent to its core missions
Upholding Governance Standards, Operational Resilience and Workplace Inclusion	▪ Adhere to best practices of corporate governance and maintain high standards of professionalism, integrity and ethics in its work ▪ Safeguard operational resilience and information security by continuous risk surveillance, system set-up and proper response ▪ Promote inclusion and equality in the workplace, and foster staff wellness and development
Meeting Environmental Concerns	▪ Devise strategic response to and implement plans to meet the risks and ride on opportunities relating to climate change and Hong Kong's long-term sustainability vision ▪ Adopt and integrate ESG principles in its investment, lending and business decision-making activities ▪ Strive for positive environmental impact with its operations and promote eco-friendly work practices and culture

[1] The ESG Guiding Principles were updated and approved by the ESG Committee on 13 October 2022.

Delivering Socially Responsible Financial Products

The HKMC achieves social objectives via the implementation of its core missions and the delivery of socially responsible products and services:

Solutions for Homebuyers

The Group has been operating the MIP since 1999, establishing it as an integral part of mortgage financing in Hong Kong. The MIP helps a potential homebuyer with limited resources to make the down payment to purchase a property. Through the MIP, the HKMCI provides insurance coverage to MIP participating banks, enabling the banks to extend mortgage loans with a higher loan-to-value ("**LTV**") ratio. In addition, the HKMC has introduced the Fixed Rate Mortgage Scheme for fixed-rate mortgages, which provides an alternative financing option that can help mitigate the risk of interest rate volatility for homebuyers. As of the end of 2024, the MIP has supported 235,181 households since the launch of the programme[2].

Solutions for Retirees

Shifting into retirement can bring a myriad of financial hurdles, particularly as regular pay cheques cease. Many seniors, despite saving diligently, may find their retirement savings fall short when it comes to managing daily costs and handling the higher expenses of healthcare associated with increased longevity.

The Group has introduced the "HKMC Retire 3" branding, with the RMP, the PRMP and the Annuity Plan promoted together as a holistic solution for retirement planning. These three products provide the elderly with immediate, stable and lifelong streams of income to supplement their daily expenses after retirement, strengthening their financial security and improving their quality of life. Relatively illiquid assets are utilised as collateral, including residential properties for the RMP, death benefits of life insurance policies for the PRMP, and/or contribution of a lump-sum single premium for the Annuity Plan. These products help provide retirees with additional income support during their retirement.

Solutions for SMEs

To help tide SMEs and non-listed enterprises over financial difficulties, the HKSAR Government provides support for bank financing to SMEs and non-listed enterprises in Hong Kong with the 80% and 90% Guarantee Products of the SME Financing Guarantee Scheme ("**SFGS**") under the entrusted operation of the HKMCI.

To ease the cash flow problems of enterprises adversely affected by the Coronavirus Disease 2019 ("**COVID-19**") pandemic, the HKSAR Government launched the Special 100% Loan Guarantee (**"100% SFGS"**) as temporary special measures under the SFGS in April 2020, aiming to alleviate the financial burden of paying employee wages and rents by the enterprises which were suffering from reduced income and to help minimise shut-downs and layoffs. The HKMCI is the scheme administrator and the Group purchases loans originated under the 100% SFGS which is fully guaranteed by the HKSAR Government. As society has returned to normalcy after the COVID-19 pandemic, the 100% SFGS expired and ceased to accept new applications at the end of March 2024.

As of the end of 2024, the HKMCI had approved more than 27,400, 14,700 and 67,000 applications for loans amounting to HK$118,4 billion, HK$26.5 billion and HK$143.7 billion for the

[2] The number of households supported includes count of the same household which is or has been supported through application for new loan drawdown and/or refinancing under the MIP since its launch.

80%, 90% and 100% Guarantee Products respectively since their respective launch date, benefitting around 62,400 local SMEs and 774,400 related employees in total.

Acknowledging that the economic recovery needs further reinforcement and mindful of the fluctuating market conditions, the HKSAR Government continues to offer support to SMEs in tackling their capital flow problems. To this end, the application period of the 80% and 90% Guarantee Products of the SFGS has been extended for two years to end-March 2026. Complementing this extension, the total guaranteed commitment under the SFGS was increased further by HK$10 billion.

To further alleviate the repayment pressure on borrowing enterprises, and help them address challenges brought about by economic restructuring, the HKSAR Government announced enhancements to the SFGS in "The Chief Executive's 2024 Policy Address" in October 2024. For both existing and new loans, borrowing enterprises under the SFGS could apply by 17 November 2025 for a principal moratorium for up to 12 months, while the maximum loan guarantee periods of the 80% and 90% Guarantee Products have been extended to ten and eight years respectively. In addition, partial principal repayment arrangement would be offered to new loans under the two guarantee products. These measures took effect on 18 November 2024.

Solutions for Specified Sectors

In 2023, the Group launched the Dedicated 100% Loan Guarantee Schemes ("**DLGS**") to provide fully guaranteed loans to eligible licensed travel agents, owners of local tour coaches and vehicle owners or ferry owners/ operators of cross-boundary passenger transport to facilitate their business resumption alongside the gradual tourism recovery. The application period of the DLGS for Travel Sector and the DLGS for Cross-boundary Passenger Transport Trade expired on 28 October 2024.

Meanwhile, to support Hong Kong's target to achieve zero vehicular emissions by 2050, the HKSAR Government has been actively promoting the use of electric vehicles and has established a target of introducing about 3,000 battery electric taxis ("**e-Taxis**") by the end of 2027. To encourage the taxi trade to switch to e-Taxis, the HKMCI launched in September 2023 the DLGS for Battery Electric Taxis, with an application period of five years, to provide loans for eligible taxi owners to replace their liquefied petroleum gas, petrol, or hybrid taxis with e-Taxis.

Promoting Banking Stability and Local Financial and Debt Markets Development

The Group upholds its role in promoting banking and financial stability whilst executing sound risk management practices. To achieve this mission, the Group maintains a proactive approach, standing ready to acquire mortgage assets from the banking industry through the Mortgage Purchase Programme. Also, the MIP enables participating banks to provide mortgage loans at higher LTV ratios without incurring additional credit risk. It serves as a safeguard against potential losses from mortgage defaults that exceed the established LTV thresholds, thus contributing to Hong Kong's banking stability. Furthermore, through the provision of the 80% and 90% Guarantee Products of the SFGS, the HKMCI extends guarantee coverage for bank loans to eligible SMEs, helping to reinforce the overall stability of the banking system.

As a leading corporate debt issuer in Hong Kong, the HKMC plays a crucial role in cultivating the local debt market. This is achieved not only through regular debt issuances, but also by launching innovative debt products and contributing to the evolution of the debt and financial markets.

Filling the Infrastructure Financing Market Gaps

In anticipation of the demand for infrastructure financing in the market, the HKMC saw an opportunity to further promote banking stability and local debt market development in Hong Kong and at the same time, help consolidate Hong Kong's position as an infrastructure financing hub, and established the Infrastructure Financing and Securitisation ("**IFS**") Division in 2019 to participate in the infrastructure financing market. The HKMC purchases and accumulates mainly infrastructure loans from commercial banks, as well as co-finances infrastructure projects with multilateral development banks and commercial banks. It will, under the right market conditions, securitise these loan assets to further its mandate of promoting the local debt market development in Hong Kong.

Since 2023, the HKMC has been leading the issuance of Infrastructure Loan-backed Securities ("**ILBS**") as a channel for directing investments from the capital markets into infrastructure assets.

Sustainable Financing

The HKMC successfully executed three rounds of social bonds, across 3 different currencies, as of the end of 2024. The inaugural issuance, launched in October 2022, marked a significant milestone as the world's first dual-tranche HKD and CNH social bond by a quasi-sovereign issuer, totalling HK$8 billion and CNH 3 billion. The second round, issued in September 2023, was the largest social bond issuance in Asia at that time, amounting to approximately HK$20 billion equivalent. The third round, issued in October 2024, further expanded the HKMC's commitment in sustainable financing with an issuance of approximately HK$23.8 billion equivalent, reinforcing its dedication to financing socially impactful projects. These issuances are aligned with the HKMC's objectives to support sustainable initiatives and contribute to Hong Kong's long-term sustainability visions.

Summary of the Social Bond Issuances

Round	Date	Description
1	October 2022	▪ Inaugural social bond issuance ▪ Comprised of 2 tranches, denominated in 2 currencies: HKD 8 billion 2-year and CNH 3 billion 3-year
2	September 2023	▪ Comprised of 3 tranches, denominated in 3 currencies: HKD 9.5 billion 2-year, CNH 5 billion 3-year, and USD 650 million 5-year ▪ The largest social bond issuance in Asia on the date of issuance
3	October 2024	▪ Comprised of 4 tranches, denominated in 3 currencies: HKD 7 billion 2-year and HKD 8 billion 5-year, CNH 2 billion 7-year, and USD 850 million 3-year ▪ The largest social bond issuance in Asia Pacific on the date of issuance

The HKMC successfully completed two ILBS issuances in May 2023 and September 2024 respectively, both of which consisted of multiple classes of USD-denominated secured notes backed by the cash flows from diversified portfolios of project and infrastructure loans across various regions and sectors. The issuances offered professional investors exposure to a diversified portfolio of project and infrastructure loans across multiple geographies and sectors. Each issuance included a sustainability tranche backed by sustainable, green and social assets.

Summary of the ILBS Issuances

Round	Date	Description
1	May 2023	▪ Total issuance size of approximately US$404.8 million ▪ Comprising a portfolio of 35 project and infrastructure loans spreading across 12 countries and 9 sectors ▪ Among these, there was an US$100 million sustainability tranche backed by sustainable, green and social assets
2	September 2024	▪ Total issuance size of approximately US$423.3 million ▪ Comprising a portfolio of 28 project and infrastructure loans spreading across 14 countries and 10 sub-sectors ▪ Among these, there was an US$107 million sustainability tranche backed by sustainable, green and social assets

Transition to Carbon Neutrality

In alignment with the HKSAR Government's carbon neutrality commitments and Hong Kong's Climate Action Plan 2050, the HKMC targets to achieve carbon neutrality by 2050. As an interim target, the HKMC strives to reduce its greenhouse gas ("**GHG**") emissions intensity by 36% by 2035 from a 2023 base year[3].

The HKMC's progress in meeting its decarbonisation targets will be monitored, reviewed and regularly reported to the ESG Committee and the Board.

To achieve its goal of reaching carbon neutrality across operations and specific investment portfolios by 2050 as stated above and contribute to Hong Kong's Climate Action Plan 2050, the HKMC has established a decarbonisation action plan below which sets out the non-exhaustive list of actions it aims to take to help achieve decarbonisation over time.

Decarbonisation Action Plan

Carbon reduction initiatives	▪ Encouraging resources conservation, energy saving and waste reduction in the workplace ▪ Retiring diesel-fuelled company vehicles ▪ Reducing overseas business meetings that may be effectively done virtually ▪ Purchasing renewable energy certificates for Scope 2 GHG emissions ▪ Purchasing carbon credits for Scope 1-3 (except Category 15) GHG emissions, including carbon offsets offered by airlines ▪ Portfolio re-balancing through positively shifting towards less carbon-intensive sectors and companies, including setting investment target on high-emitting sectors over time ▪ Increasing the proportion of financing renewables and decreasing the proportion of financing carbon-intensive assets over time by adopting a climate resilience framework to assess the relevant portfolio's climate resilience

[3] Taking into account the nature of the HKMC's businesses, portfolios, services and operations and the feasibility of data collection and quantification including considering the relevance and/or materiality of its various emissions sources, the scope of the GHG emissions for emissions intensity calculation of the HKMC's decarbonisation target includes Scope 1, Scope 2 and Category 3, 5, 6 and 15 of Scope 3 GHG emissions (as applicable).

Carbon reduction investments/financing	▪ Investment in green bonds or corporate bonds with issuers engaged in renewable projects or projects which could generate carbon credits (i.e. carbon creditable projects) ▪ Financing carbon creditable projects or less carbon-intensive infrastructure projects or projects with carbon avoidance or carbon removal potentials

Integrating ESG Considerations into Business Decision-making

The HKMC is committed to operating and carrying on business in a responsible and sustainable manner. As part of that commitment, in 2021, the HKMC incorporated ESG factors into its corporate strategy and operations by adopting its ESG Statement and ESG Guiding Principles.

The HKMC has adopted the Responsible Investment, Lending and Business Decision-making Principles, which establish a framework for implementing responsible strategies in its investment, lending and business decision-making activities. Through ESG integration, the HKMC identifies and evaluates ESG factors within its decision-making processes, encompassing standard risk assessments and thematic investment, lending and business activities.

To achieve its ESG vision, the HKMC has adopted a list of ESG integration factors that cover key aspects such as office operations, corporate governance and culture, overall strategy, product design, and stakeholder engagement. These are designed to facilitate the undertaking of ESG integration actions and enable the tracking of ESG progress. To ensure the robust implementation of the ESG strategy, the HKMC will conduct regular reviews on its ESG strategy, performance and policies.

Green Operations

To reduce GHG emissions and improve energy efficiency, the HKMC has developed the Green Operations Guidelines in alignment with the HKSAR Government's carbon neutrality commitments and Hong Kong's Climate Action Plan 2050. The guidelines serve to steer and facilitate the adoption of eco-friendly practices, with an emphasis on two areas: green workplace design and positive environmental impact.

Green Workplace

The HKMC continues to support and implement various green initiatives to create a more environmentally-friendly office, taking environmental protection as one of its priorities when selecting and maintaining its office buildings and workplace.

In 2024, the HKMC relocated its headquarters to a building that obtained the Leadership in Energy and Environmental Design Platinum certification by the U.S. Green Building Council to demonstrate high-performance in sustainable building standards.

Other Adopted Green Office Elements

Office furniture and equipment	▪ Reuse of office furniture and equipment ▪ Use of Cradle to Cradle Certified® carpets which are safe and responsibly made
Air-conditioning	▪ Installation of individual air-conditioning switches to reduce electricity consumption when not in use
Lighting	▪ Use of LED lighting instead of fluorescent tubes ▪ Installation of timers for office lighting and motion sensors to reduce indoor lighting usage

Water	▪ Water dispensers are used to replace bottled water
Other considerations in workplace design	▪ Provision of greenery within the offices

Environmental Protection

The staff of the HKMC are encouraged to positively contribute to environmental protection through waste reduction and energy conservation. Actions taken include adopting digital communication tools for paperless operations and recycling wastepaper and used toner cartridges. The HKMC's workplace utilises sustainable products such as Forest Stewardship Council-certified paper and eco-friendly pantry supplies. In 2024, the HKMC introduced the “Go Green Trio” programmes to facilitate the re-use of items and recycling. To raise awareness about treasuring resources and reducing waste, the HKMC provides support for year-round book donations and works with Management Services Offices to enhance waste management and monitoring of waste data.

Initiatives to Reduce Environmental Footprint

Waste Reduction	▪ Providing facilities, including recycling bins, for collection of used paper, cans and bottles ▪ Donating old computer equipment which are in good condition to charitable organisations ▪ Recycling used paper and envelopes ▪ Recycling rechargeable batteries and electronic appliances via the HKSAR Government’s waste reduction and recycling programmes ▪ Supporting Used Clothes Recycling Programme to set up collection points in the office to collect clothing items from staff for recycling ▪ Minimising consumption of bottled water and usage of plastic carboy containers ▪ Replacing desktop computers with laptops to facilitate paperless meetings ▪ Issuing publications in electronic format, including the in-house staff publication, HKMConnection ▪ Adopting electronic internal administrative procedures, including leave application, performance appraisal and reservation of meeting rooms ▪ Utilising infographics in the office to promote reduction of paper consumption
Energy Conservation	▪ Installation of energy-saving devices, including LED lights, motion sensors and timers to control indoor lighting ▪ Utilising infographics in the office to promote reduction of energy consumption

The information disclosed in this section will be updated from time to time. For the latest information, please refer to the ESG report of the HKMC's annual report which is made available on its website.

HKMC Social, Green and Sustainability Financing Framework

As a public sector entity and one of the major debt issuers in Hong Kong, the HKMC launched this Social, Green and Sustainability Financing Framework ("**Framework**") to expand and implement its sustainability strategy as an integral part of its business strategy.

The HKMC first published this Framework in September 2022 and updated the Framework in August 2025. The updated Framework reflects the HKMC's latest sustainable initiatives and is aligned with Hong Kong's long-term sustainability visions.

The HKMC will use this Framework as the basis to structure and issue green, social and/or sustainability bond(s) and asset-backed securities via public issuance and private placement (referred to as "**Sustainable Financing Instruments**"), to support the growth of assets or projects with environmental and/or social benefits.

The Sustainable Financing Instruments issued under this Framework will be structured in alignment with the Social Bond Principles (2025)[4] ("**SBP**"), Green Bond Principles (2025)[5] ("**GBP**"), and the Sustainability Bond Guidelines (2021)[6] ("**SBG**") released by the International Capital Market Association ("**ICMA**") (collectively, the "**ICMA Principles**").

In particular, sustainable securitisations issued under this Framework will be aligned with the elaboration on "Secured Social / Green Bond" in Appendix 1 of the SBP and GBP.

The HKMC structured this Framework based on the four components of the ICMA Principles:

- Use of Proceeds;
- Process for Project Evaluation and Selection;
- Management of Proceeds; and
- Reporting.

1. Use of Proceeds

Under this Framework, the HKMC can launch Sustainable Financing Instruments in the following formats:

- Social: proceeds are exclusively allocated to Eligible Social Asset Category(ies);
- Green: proceeds are exclusively allocated to Eligible Green Asset Category(ies); and
- Sustainability: proceeds are allocated to a mix of Eligible Green Asset Category(ies) and Eligible Social Asset Category(ies).

An amount equivalent to the net proceeds of any of the HKMC's Sustainable Financing Instruments will be used to finance and/or refinance, in whole or in part, new and/or existing projects, programmes, schemes, plans, products, loans, expenditures and investments falling within one or more of the Eligible Green Asset Categories or Eligible Social Asset Categories as defined below (collectively, the "**Eligible Assets**"). For the avoidance of doubt, loans to companies can also be eligible if at least 90% of their revenues are generated by the operation of one or more eligible activities[7], as per the Eligibility Criteria set out in this Framework.

[6] https://www.icmagroup.org/sustainable-finance/the-principles-guidelines-and-handbooks/sustainability-bond-guidelines-sbg/

[7] The remaining 10% of the revenues shall not be generated from activities that cause significant environmental or social harm and shall be subject to the Internal Task Force's (as defined below) review.

For each sustainable securitisation, the HKMC or the issuer of asset-backed securities will adopt one of the following approaches and will clearly specify the approach adopted in the marketing materials and transaction documentation for each issuance:

- Secured Sustainable Collateral Bond: a secured bond where the net proceeds will be exclusively applied to finance or refinance the green and/or social project(s), loan(s), and/or transaction(s) securing the specific bond only.
- Secured Sustainable Standard Bond: a secured bond where the net proceeds will be exclusively applied to finance or refinance the green and/or social project(s), loan(s), and/or transaction(s) of the issuer, originator or sponsor, where such projects may or may not be securing the specific bond, in whole or in part. A Secured Sustainable Standard Bond may be a specific class or tranche of a larger transaction.

According to the composition of the collateral asset pool or committed use of proceeds, the respective securitisation (or a specific class or tranche thereof) will bear a "Green", "Social" or "Sustainability" label.

[11] Excluding high-risk countries or regions according to the IFS Compliance Guidelines (see Appendix II for details) which cover the evaluation of anti-money laundering, counter-terrorist financing and sanctions risks of the countries.
[12] Eligible projects shall be located in areas with no access or substantially inadequate access to transportation. Areas with substantially inadequate access to transportation are defined as areas that have unpaved, ungraded narrow or non-weather proof (mud road) roads or roads with poor conditions (such as potholes, cracked pavement, or collapsing shoulders) rendering its use difficult or impossible. In the case of maritime transportation, areas with poor maritime infrastructure are areas for which ports project will improve travel time or travel capacity by at least 100%.
[13] Underserved communities are defined as communities with access to 4G or lower network technologies.

		Development Goals Alignment[4]
Renewable Energy	Loans or bonds to support renewable energy power generation including development, manufacturing, construction, operation and maintenance of renewable energy generation technologies and its components, such as: (i) solar (solar photovoltaic and concentrated solar power); (ii) wind (onshore and offshore); (iii) geothermal with direct emission threshold of ≤ 100g CO_2/kWh, (iv) hydropower[15]; (v) tidal power; (vi) green hydrogen made using renewable energy, and its derivatives such as ammonia and methanol; and (vii) bioenergy[16]. In particular, for storage, transmission and distribution systems, the following applies: (i) if the system carries more than 90% electricity from renewable sources, the full financing or project is considered eligible; (ii) if the system carries less than 90% renewable energy, but is on a decarbonisation trajectory with more than 67% of the newly-enabled generation capacity in the system below the generation threshold of 100g CO_2e/kWh over a rolling five-year period, according to the EU Taxonomy, then the full financing is considered eligible; and (iii) if the system carries less than 90% renewables, but the percentage of renewables is expected to increase, then a pro-rata approach will be adopted for allocation.	Climate Change Mitigation 
Clean Transportation	Loans or bonds to support clean transportation projects such as: (i) for passenger transportation, vehicles or rolling stocks that have zero tailpipe CO_2	Climate Change Mitigation

[15] Activity shall comply with either of the following criteria: (i) Small-scale (< 25 MW) or run-of-river, (ii) Lifecycle carbon emissions < 100g CO_2e/kWh, (iii) Power density is greater than 5W/m^2 as referenced by the Organisation for Economic Co-operation and Development.
[16] Lifecycle GHG emissions of electricity shall be ≤100g CO_2/kWh; and feedstock could be from waste or non-waste, which should be sourced sustainably.

	emissions (e.g. fully electric or hydrogen-powered) (ii) for freight transportation, road freight (e.g. lorries and trucks) and freight rail (trains) that are either fully electric or with emissions at or below (≤) 25g CO_2/t-km (tonne-kilometre); and (iii) for aircraft leasing, activity complying with the technical screening threshold as specified in the EU Taxonomy[17]; and (iv) production and delivery of dedicated parts for clean transportation such as rechargeable batteries, fuel cells, sustainable fuels, or charging station networks.	and Pollution Prevention and Control 
Pollution Prevention and Control	Loans or bonds to support infrastructure intended to achieve pollution prevention and control, such as remediation of contaminated land, waste recycling, reuse treatment and waste-to-energy projects which follow the waste hierarchy (i.e. collection, sorting and recycling before energy recovery)[18], as well as landfill gas capture and utilisation projects. Loans or bonds to support carbon capture technologies[19], transportation[20], utilisation[21] and/or storage[22] projects whereby carbon emissions are captured for further use or sequestered. Loans or bonds to support retrofitting, refurbishment or alterations to projects that result in reduced air pollutants and GHG emissions and reduce discharges into water and land and generation of waste by at least 30%.	Pollution Prevention and Control 

[17] For the leasing of aircraft, the activity shall comply with the EU Taxonomy's technical screening threshold for Activity 6.18 (https://ec.europa.eu/finance/docs/level-2-measures/taxonomy-regulation-delegated-act-2022-climate-annex-1_en.pdf).
[18] For municipal wastes, the majority of recyclables, especially plastic waste that can be recovered from the waste stream, will be segregated before energy conversion. In countries where the local environmental laws mandate the household solid waste must be segregated at the source, it is not necessary for the waste management company to implement sorting process at the project level.
[19] Air capture is related to carbon-intensive and hard-to-abate industrial sector, with demonstrated high carbon capture efficiency of 90%.
[20] For transport of CO_2, the activity shall comply with the EU Taxonomy's technical screening threshold and the transport process should include a plan to monitor and mitigate leakage.
[21] Captured CO_2 will not be utilised for enhanced oil recovery.
[22] For permanent sequestration of captured CO_2, operation of a permanent CO_2 storage facility is eligible if the facility complies with requirements and recommendations of ISO 27914:2017 or comparable standards for geological storage of CO_2.

Sustainable Water and Wastewater Management	Loans or bonds to support sustainable water and wastewater management projects, such as: (i) water / wastewater treatment or recycling including sewer network and treatment, and slurry or sludge treatment facilities; (ii) water collection and water / wastewater treatment facilities to enhance water and wastewater treatment capacity / efficiency, improve water quality, and promote water recycling and reuse; and (iii) projects to improve water management efficiency by reducing leakage or improving water usage efficiency such as water pressure management systems, pump and pipe systems.	Sustainable Water and Wastewater Management and Pollution Prevention and Control 
Green Buildings	Loans or bonds in green buildings that meet regional, national or internationally recognised standards or certifications for environmental performance, including but not limited to: ○ U.S. Leadership in Energy and Environmental Design with a rating at "Gold" or "Platinum"; ○ Building Research Establishment Environmental Assessment Method or BREEAM: "Very Good" or "Excellent"; and ○ any other green building or infrastructure certification that is comparable to the above standards. Loans or bonds in infrastructure projects, corporate, entities or facilities for data centres that meet a power usage effectiveness ("**PUE**") of 1.4 or below [23] or meet the PUE levels specified by local regulatory standards designed to classify data centres as green[24]; or the upgrade, retrofit or renovation works resulting in achievement of such PUE value.	Climate Change Mitigation 
Energy Efficiency	Loans or bonds in energy efficiency improvement projects, such as:	Climate Change Mitigation

[23] The eligibility for loans to data centres that were committed by the HKMC prior to the publication date of this version of the Framework (i.e. August 2025) shall be governed by the criteria applied under the previous version of the Framework, which is a PUE level of 1.5 or below.
[24] In cases where local regulatory standards impose a PUE threshold of lower than 1.4, the more stringent local standards shall apply.

	(i) for telecommunication infrastructure projects: modernisation of networks and supporting infrastructure such as replacement of 3G or 4G with 5G, or transformation of legacy/ copper networks with more efficient fibre networks such as fibre optics; and (ii) other energy efficiency upgrade or improvement projects [25] or provision of electrical and mechanical supplies that result in an enhancement in energy performance by at least 30%.	
Climate Change Adaptation	Loans or bonds in climate adaptation projects, such as: (i) information support systems, such as climate observation and early warning systems for extreme weather and climate events; and (ii) infrastructure designed to provide protection against flooding and extreme weather events and climate change, such as heavy rain drainage systems, flood prevention, flood defences or stormwater management, and other risk mitigation programmes.	Climate Change Adaptation 
Environmentally Sustainable Management of Living Natural Resources and Land Use	Loans or bonds in environmentally sustainable management of living natural resources and land use projects, such as: (i) environmentally sustainable forestry, including afforestation or reforestation that use tree species that are well-adapted to the site conditions, and preservation or restoration of natural landscapes and resources[26].	Protection and Restoration of Biodiversity and Ecosystems 
Green Construction Materials	Loans or bonds in the manufacturing of green construction materials that meet regional, national or internationally recognised standards or certifications for environmental performance, including but not limited to: (i) for reinforcing bar and structural steel: " Gold" or "Platinum" certification from the Hong Kong Construction Industry	Climate Change Mitigation 

[25] Projects involving, for example, heat exchangers, heat pumps, heat recovery steam generators, and thermodynamic cycles such as adoption of Organic Rankine Cycle (ORC).
[26] For afforestation and reforestation projects, native species must be given preference and certified sustainable management plan (e.g. Forest Stewardship Council (FSC) or Programme for the Endorsement of Forest Certification (PEFC) would be preferred.

	Council's Green Product Certification Scheme, with the condition that the carbon footprint of the product is lower than the global average as revealed by the International Energy Agency ("**IEA**") or comparable international and regional organisations[27]; and (ii) any criteria that are comparable to the above standards.	

Exclusionary Criteria:

For the avoidance of doubt, in any case, the following assets shall not be eligible for the use of proceeds of the HKMC's Sustainable Financing Instruments:

- Nuclear energy generation related assets and projects
- Weapons, gambling and casinos
- Business activities which are prohibited by laws and regulations in HKSAR
- In addition, projects under the Infrastructure Financing and Securitisation Division will be further subject to IFS Division Environmental and Social Exclusion List (Appendix I)

(the "**Exclusionary Criteria**")

2. Process for Project Evaluation and Selection

The HKMC will establish an internal task force (the "**Internal Task Force**") to lead the process of evaluating and selecting projects for each issuance of Sustainable Financing Instruments under this Framework.

In order to ensure strong governance process and inclusivity of expertise from various functions of the Group, the Internal Task Force shall, on an as-needed basis, consist of senior representatives from the following:

- Compliance Function;
- IFS Division;
- Risk Management Department;
- Treasury Department; and/or
- Any other departments or teams involved in the structuring and issuance of the relevant Sustainable Financing Instrument.

Frontline staff from business lines of the HKMC will be responsible to identify and select potential assets by using this Framework as the primary selection guideline.

In order to ascertain the eligibility of and funding required for potential assets selected for each potential launch of Sustainable Financing Instrument, the Internal Task Force will review the

[27] Given the relative immaturity of regional carbon footprint standards on green construction materials, the HKMC currently focuses on aligning the carbon footprint of the products to the industry average revealed by the IEA or international organisations of comparable standing. However, the HKMC will continue to monitor and recognise the market developments, and if prior to the next review of this Framework, there are commonly acceptable carbon footprint standards of green construction materials developed by regional organisations or key jurisdictions, the HKMC will aim to seek Second Party Opinion at the transactional level to confirm the eligibility prior to issuance of the financing instrument(s).

potential assets selected by frontline staff (and identify further assets where necessary) and collate relevant information in respect of the selection of those potential assets for the relevant Sustainable Financing Instrument; such information will be one of the factors for the HKMC to determine the format, category of financing instrument, and issuance size range of the potential issuance.

In addition, as part of the Group's decision-making processes for investment, the Group takes into account its Responsible Investment, Lending and Business Decision-making Principles to identify and evaluate ESG factors as a key guideline.

For projects potentially subject to medium or high ESG risks, the HKMC will engage in-house expertise or independent consultant(s) to conduct appropriate reviews, and present relevant risk mitigation measures to the Internal Task Force for consideration.

As a final step, the potential assets selected will be subject to the approval of the ESG Committee, based on the eligibility criteria defined in this Framework and the analysis on the expected environmental and/or social risks and impact relating to the potential assets.

In addition to following the company-wide process, the IFS Division has a more specific process for evaluating and selecting potential infrastructure loan assets. Please refer to Appendix II.

3. Management of Proceeds

The Financial Control Department shall establish an independent allocation register (the "**Register**") to record and track the allocation of the proceeds from the issuance of Sustainable Financing Instruments to the Eligible Assets.

The net proceeds from the issuance of Sustainable Financing Instruments will be deposited in general funding accounts or designated accounts specified by the respective Sustainable Financing Instruments and managed through a formal internal process to ensure the proceeds of the Sustainable Financing Instruments are allocated to the Eligible Assets.

The HKMC intends to fully allocate the net proceeds into Eligible Assets within two years from issuance of the relevant Sustainable Financing Instruments.

The Register will contain, but not limited to, the following information:

- details of each Sustainable Financing Instrument including the instrument type, pricing date, maturity date, currency, gross and net amount of proceeds, coupon/interest rate, etc.;

- information of the list of allocated Eligible Assets for each instrument including the category, asset description, total costs / outstanding loan amount, allocated amount of proceeds, etc., of the relevant Eligible Assets; and

- the balance of any unallocated amount of proceeds.

Any balance of net proceeds pending allocation to the Eligible Assets shall be held in accordance with the HKMC's internal liquidity management policy and managed in accordance with the HKMC's Responsible Investment, Lending and Business Decision-making Principles and the Exclusionary Criteria of this Framework. Any balance of proceeds not allocated to Eligible Assets might be temporarily invested in traditional bonds or sustainable bonds, short-term money

market instruments with good ratings and market liquidity in the domestic and international markets, time deposits, or as cash, until being fully allocated into Eligible Assets.

Post-allocation, the Internal Task Force will review the assets allocated at least annually or when necessary to ensure that proceeds are allocated to the relevant Eligible Assets in line with the eligibility criteria throughout the tenor of the respective Sustainable Financing Instrument; and for Sustainable Financing Instruments issued in the form of asset-backed securities, which could be a stand-alone issue or of a specific class or tranche of a larger transaction, a pool of Eligible Assets is managed at a level no less than the net proceeds of the issuance amount of such Sustainable Financing Instruments as collateral.

Any allocated assets that are no longer eligible under the eligibility criteria will be substituted as soon as reasonably practicable and on a best-effort basis by other Eligible Assets. Any such substitution of assets shall be subject to prior review and approval by the ESG Committee.

4. Reporting

For Bonds and Asset-Backed Securities:

The HKMC will report on the allocation of net proceeds of each Sustainable Financing Instrument and, where available, environmental and/or social impact indicators on an annual basis until the proceeds have been fully allocated (the "**Report**"), and update the market if there are any material changes to the respective assets on a timely basis.

The Internal Task Force will lead the drafting of the Report, which will be reviewed and subject to approval by the ESG Committee. The Report will be published as a stand-alone annual sustainable financing report and/or as a part of the HKMC's annual report and made available through the HKMC's website.

The Report will consist of the following:

1. **Allocation Reporting**

- A list of all Sustainable Financing Instruments issued in the reporting period and outstanding as at the reporting date;

- By each Sustainable Financing Instrument:
  - Amount and percentage of proceeds allocated under Eligible Green Asset Category and/or Eligible Social Asset Category;
  - Description of selected / allocated Eligible Assets;
  - Remaining balance of unallocated proceeds for each Sustainable Financing Instrument outstanding;
  - Estimated percentage of financing and refinancing of Eligible Assets; and

- In particular, for each sustainable securitisation and asset-backed securities:
  - Amount of the pool of Eligible Assets allocated to each sustainable securitisation or asset-backed securities, and its key information such as amount and percentage allocated under the Eligible Green Asset Category and/or Eligible Social Asset Category, number of loans and impact (if applicable).

2. Impact Reporting

The HKMC is committed to disclosing information about the positive environmental and/or social benefits of the Eligible Assets.

Subject to the availability of data and feasibility, the Report will include the relevant indicators recommended under the Harmonised Framework for Impact Reporting issued by the ICMA and the associated impact calculation methodologies and standards. Set out below is a list of examples of indicators for Eligible Green Asset Category and/or Eligible Social Asset Category:

Eligible Social Asset Categories	Examples of Impact Reporting Indicators
Employment Generation and Social Alleviation	• Number and type of beneficiaries / loans provided • Type of sectors supported • Number of jobs supported, created, and/or retained • Number of hours in up- and reskilling workers • Qualitative information that reflects the benefits of the projects to ensure a "just transition"
Access to Essential Financing & Financial Services for the Elderly	• Number of elderly supported through RMP
Access to Essential Services	• Types of essential services provided • Number and type of beneficiaries • Number of essential services facilities financed
Affordable Housing	• Number of beneficiaries / benefited families • Number of affordable housing financing loans granted
Access to Affordable Basic Infrastructure and Services	• Number and type of beneficiaries • Number of projects built to benefit the targeted population • Increase in electrification rates • Increase in digital penetration rates • % of underserved population having new access to the services as a result of the infrastructure financed

Eligible Green Asset Categories	Examples of Impact Reporting Indicators
Renewable Energy	• Installed capacity in MW • Estimated annual GHG emissions avoided (in tCO_2e or in %) • Estimated annual renewable energy production (in MWh)
Clean Transportation	• Number of electric vehicles / e-taxi deployed • Tracks built / repaired / improved / modernised (in km) • Number of passengers carried • Estimated annual GHG emissions avoided (in tCO_2e or in %) • Estimated fuel consumption reduced (in %)

Pollution Prevention and Control	• Amount of waste reduced • Amount of annual energy generated from non-recyclable waste /emission-efficient waste-to-energy facilities
Sustainable Water and Wastewater Management	• Number of water treatment facilities built or upgraded • Volume of water saved / reduced / treated (in m^3 or %) • Volume of wastewater treated / reused / reduced (in m^3 or %)
Green Buildings	• Number and types of green building certifications obtained • Estimated GHG emissions avoided (in tCO_2e or in %, annually or over project lifetime) • Designed or operational PUE achieved • Proportion of energy use from renewable sources
Energy Efficiency	• Energy savings (in MWh/year or in %, annually or over project lifetime) • Energy efficiency of transferred data • Estimated GHG emissions avoided (in tCO_2e or in %, annually or over project lifetime)
Climate Change Adaptation	• Number and type of adaptation and resilience measures or systems installed
Environmentally Sustainable Management of Living Natural Resources and Land Use	• Estimated GHG emissions avoided (in tCO_2e) • Increase in area under sustainable forest management (ha)
Green Construction Materials	• Number and types of green construction materials and building products certifications obtained • GHG emissions intensity ($kgCO_2e$/tonne steel) • Amount of CO_2 emissions captured/reduced (in tCO_2e/year)

Note: The impact reporting may be based on data sources from external consultants, information and statistics published by government and multilateral agencies and/or estimates by experts.

For Private Placements:

Subject to the terms of the underlying agreements in respect of the Eligible Assets or the Sustainable Financing Instruments, the HKMC will disclose aggregate information on the allocation of proceeds, and provide relevant information on the environmental and/or social impacts of Eligible Assets by adopting an approach similar to that for bonds and asset-backed securities outlined above.

Subject to the agreement and preference of the lenders and investors, the HKMC may disclose the relevant information in its annual report or in a stand-alone annual sustainable financing report made available through the HKMC's website.

External Review

Pre-issuance: Second Party Opinion

The HKMC has engaged Sustainable Fitch to provide a Second Party Opinion report on this Framework and confirm its alignment with the GBP, SBP and SBG. The Second Party Opinion

has been made available on the HKMC's website.

For any sustainable securitisations issued under this Framework, the HKMC will engage with an external reviewer to conduct pre-issuance eligibility assessment on the nominated projects and asset pools. The external review on the sustainable securitisations will be made available on the HKMC's website.

Post-issuance: Verification

The HKMC may engage with an independent third party to conduct post-issuance verification annually on the allocation of proceeds and impact reporting, until full allocation of any outstanding Sustainable Financing Instruments.

Appendix I – Environmental and Social Exclusion List for the Infrastructure Financing and Securitisation Division

The HKMC will not knowingly finance nor invest in the activities below. Requests for special exceptions shall be made by the IFS Investment Team on a case-by-case basis with strong and valid justifications, for review and approval by IFSIC.

- Production or activities involving forced labour[28] or harmful or exploitative forms of child labour[29];
- Production of or trade in any product or any activity deemed illegal under host country laws or regulations or international conventions and agreements, or subject to international phase-outs or bans, such as:
    - ❖ Pharmaceuticals;[30]
    - ❖ Polychlorinated Biphenyls ("**PCBs**"), pesticides/herbicides and other hazardous chemicals;[31]
    - ❖ Ozone depleting substances;[32]
    - ❖ Wildlife or products regulated under the Convention on International Trade in Endangered Species of Wild Fauna and Flora ("**CITES**");[33] and
    - ❖ Transboundary movements of hazardous wastes or other wastes in violation of the Basel Convention;[34]
- Activities prohibited by host country legislation or international conventions relating to the protection of biodiversity resources or cultural heritages;[35]

28 Forced labour means all work or service not voluntarily performed, that is, extracted from an individual under threat of force or penalty.

29 Child labour means the employment of children whose age is below the host country's statutory minimum age of employment or employment of children in contravention of International Labour Organization Minimum Age Convention, 1973 (No. 138) (www.ilo.org). For the purposes of this list, harmful or exploitative forms of child labour means the employment of children that is economically exploitive, or is likely to be hazardous to, or to interfere with, the child's education, or harmful to the child's health, or has a negative impact on the child's physical, mental, spiritual, moral, or social development.

- Production of or trade in or use of radioactive materials;[36]
- Production of, trade in, or use of asbestos fibres, whether or not bonded;[37]
- Activities that directly affect primary tropical moist forests or old-growth forests or critical habitats, where significant degradation or conversion is involved;[38]
- Shipment of oil or other hazardous substances in tankers which do not comply with the requirements stipulated by the International Maritime Organization;[39]
- Nuclear projects where the host country has not ratified the relevant convention and treaty[40] or the operations are inconsistent with the International Atomic Energy Agency ("**IAEA**") Safety Standards; [41]
- Large dams inconsistent with the World Commission on Dams framework;[42]
- Mining of or trade in rough diamonds unless it is Kimberley Process certified;[43]
- Production of or trade in or distribution of tobacco products violating the Framework Convention on Tobacco Control by the World Health Organization;
- Production of or trade in weapons and munitions, including paramilitary materials;
- Stand-alone gambling establishments or casinos or equivalent premises;
- Thermal coal mining, coal-fired power and heating plants or Projects that are functionally related to coal.[44]
- Production of, or trade in, alcoholic beverages, excluding beer and wine[45]
- Production or trade in wood or other forestry products other than from sustainably managed forests; and
- Marine and coastal fishing practices, such as large-scale pelagic drift net fishing and fine mesh net fishing, harmful to vulnerable and protected species in large numbers and damaging to marine biodiversity and habitats.

Agreement for the Asia and Pacific Region (www.fao.org); and Convention Concerning the Protection of the World Cultural and Natural Heritage (whc.unesco.org/en/convention).

36 This does not apply to the purchase of medical equipment, quality control (measurement) equipment, and any equipment for which IFS considers the radioactive source to be trivial and adequately shielded.

37 In special circumstances, if necessary to enable the borrower to transition from the use of bonded asbestos to alternative materials, the IFS Division may agree with the borrower on a reasonable transition period, provided that the asbestos content of the materials being used is less than 20 percent. Projects involving disposal of asbestos are not prohibited, provided a suitable asbestos management plan is adopted for such disposal.

38 Critical habitat includes areas with high conservation value that meet the criteria of the International Union for Conservation of Nature (IUCN), including habitat required for the survival of critically endangered or endangered species as defined by the IUCN Red List of Threatened Species (www.iucnredlist.org) or as defined in the host country's laws and regulations.

39 This includes: tankers which do not have all required International Convention for the Prevention of Pollution from Ships (MARPOL) and International Convention for the Safety of Life at Sea (SOLAS) certificates (including, without limitation, International Safety Management (ISM) Code compliance), tankers blacklisted by the European Union or banned by the Paris Memorandum of Understanding on Port State Control and tankers due for phase out under MARPOL regulation 13G.

40 For example the Convention on Nuclear Safety (www-ns.iaea.org/conventions/nuclear-safety.asp) and the Treaty on the Non-Proliferation of Nuclear Weapons (www.un.org/disarmament/wmd/nuclear/npt/).

41 Further information on the IAEA Safety Standards is available at www-ns.iaea.org/standards/.

42 The International Commission on Large Dams (www.icold-cigb.net) defined a large dam is a dam with a height of 15 metres or greater from lowest foundation to crest or a dam between 5 metres and 15 metres impounding more than 3 million cubic metres.

43 Information regarding Kimberley Process is available at www.kimberleyprocess.com.

44 Projects functionally related to coal means associated facilities that are dedicated to enable the mining and use of coal or projects that would not be carried out without dedicated coal-based power supply. In order to assist reduction of coal use, we may support Projects that aim at early retirement of coal plants, replacement of coal with lower-carbon fuel sources, or Projects for decommissioning, remediation, and redevelopment of affected coal facility sites and communities.

45 This does not apply to Clients who are not substantially involved in these activities. Not substantially involved means that the activity concerned is ancillary to the entity's primary operations.

Appendix II - Project Evaluation and Selection Process of the Infrastructure Financing and Securitisation Division

Through the IFS Division, the HKMC purchases and accumulates infrastructure loans from commercial banks, as well as co-finances infrastructure projects with multilateral development banks and commercial banks.

The IFS Division comprises the Investment, Risk Management, ESG and Loan Administration Teams. The Investment Team is responsible for deal origination and execution. The Risk Management Team is a risk control unit that is responsible for the credit assessment, day-to-day monitoring and reporting and risk management of the investments. The ESG Team is responsible for managing sustainable finance and overall ESG risks of the investments. The Loan Administration Team is responsible for the day-to-day loan administration processes.

After a deal is originated by the Investment Team, it has to go through a deal evaluation process, which involves a review of preliminary information received from the sellers, issuers or borrowers, followed by a more in-depth due diligence review. All investments are subject to the approval of the IFS Investment Committee, a governing forum that includes the following members:

- Executive Director
- Chief Executive Officer
- Chief Investment Officer (IFS Division)
- Senior Vice Presidents representing Operations, Finance (including Treasury) and Risk divisions
- General Counsel representing Legal Office and Compliance Function

Assessment of the ESG-related risks is covered by the IFS Risk Management Guidelines which comprises, among others, the Environmental and Social ("**E&S**") Guidelines and the Compliance Guidelines that outline the detailed risk management requirements and processes. The IFS Division also follows the company-wide policies in controlling the use of proceeds. In addition, where possible, the IFS Division will work with stakeholders to continuously seek improvement in IFS policies, procedures and practices.

The objectives of the E&S Guidelines are to:

- promote environmentally and socially responsible infrastructure financing;
- ensure that the E&S risks management processes are aligned with industry practices and those adopted by the key market players;
- guide IFS Division's E&S due diligence processes for the projects and business activities under consideration, as well as to provide a structured approach to monitor and record borrowers' performances; and
- ensure that the HKMC effectively understands, assesses, and manages E&S risks associated with the IFS transactions.

The E&S Guidelines comprises the IFS Division's Environmental and Social Exclusion List, E&S Categorisation Checklist, Physical Risk Assessment Checklist and Transition Risk Assessment Checklist (collectively, the "**Climate Risk Assessment Checklists**") and Sector Guidelines, which

may be updated from time to time to align with the evolving market standards and regulatory requirements.

The IFS Division's Environmental and Social Exclusion List is attached in Appendix I of this Framework and the updated version, if any, will be made available on the HKMC's website.

The E&S Guidelines reflects international and local Hong Kong E&S standards, including among others, the Equator Principles adopted by project finance banks to assess and manage E&S risks of the projects. The IFS Division is dedicated to adopt the Equator Principles in its projects to the extent practicable. For projects that are co-financed with: (i) other financial institutions that adopt the Equator Principles; (ii) multilateral development banks; and/or (iii) export credit agencies, whose standards are customarily recognised as consistent with the Equator Principles, the IFS Division may adopt the E&S standards as agreed with other lenders in the projects.

The IFS Division has incorporated climate risk assessment to assess the physical risk and transition risk of the infrastructure loan assets:

- Physical risk: Different emission scenarios and time horizons are adopted in the stress test on the infrastructure loan assets for their exposure to climate hazards, which include coastal flood, riverine flood, cyclone, landslide, wildfire and extreme heat.

- Transition risk: Under different emission scenarios and time horizons, the infrastructure loan assets are assessed for their exposure to transition risks under different factors, including sector, regulatory, technology, market and reputation.

In addition to the E&S Guidelines, the IFS Division adheres to the Compliance Guidelines to identify, assess and manage the governance risks associated with the borrowers and the projects. In adopting the Compliance Guidelines, the IFS Division seeks to (i) ensure that due diligence has been conducted to consider and identify governance risks and impacts related to the projects; (ii) formulate approaches to manage and mitigate the potential governance risks; (iii) work with borrowers to continuously seek improvement on managing the governance risks, to the extent practicable; and (iv) monitor the implementation of the project and identify any potential changes to the governance-related risks and impacts post-commitment.

As for the selection of the potential assets, the IFS Division is responsible for nominating the eligible infrastructure loan assets for the Sustainable Financing Instruments.

Additional Undertakings for Sustainability-Linked Loans ("SLLs") Financing Bonds

In addition to the assets bearing the "Green", "Social" or "Sustainability" labels as stipulated in this Framework, the HKMC may issue debt instrument(s) to finance its sustainability-linked loans portfolio ("**SLLB Instrument**"). Any such transaction incorporating undertakings as per *Additional Undertakings for Sustainability-Linked Loans Financing Bonds* specified below will receive a separate second party opinion on a deal-by-deal basis.

This section is structured with reference to the ICMA Guidelines for Sustainability-Linked Loans Financing Bonds[46].

Use of Proceeds

An amount equal to the net proceeds from the SLLB Instrument will be used to finance and/or refinance sustainability-linked loans ("**Eligible SLLs**"). The HKMC will identify a pool of Eligible SLLs to form the SLL Financing Portfolio. Eligible SLLs will be screened according to the following criteria:

- Eligible SLLs shall align with the 5 core components (i.e. Selection of Key Performance Indicators ("**KPIs**"), Calibration of Sustainability Performance Targets ("**SPTs**"), Loan Characteristics, Reporting, and Verification) of the most recent Sustainability-Linked Loan Principles ("**SLLP**") published by relevant regulatory and industry sources at the time of signing the SLL facility; and
- Each Eligible SLL shall be verified by an internationally recognised, credible and independent external verifier to ensure alignment with the SLLP.

To the extent feasible, priority will be accorded to selected KPIs that conform to the ICMA's Illustrative KPIs Registry[47], as shown in the table below:

Objectives	Description of KPIs included
Climate Change Mitigation	KPIs considered may include, without limitation: • GHG Emissions Reduction / Avoidance / Displacement (Absolute or Intensity-based) • Utilisation of Renewable Energy • PUE value • Energy Consumption Reduction (Absolute or Intensity-based) • Water Efficiency or Water Usage Reduction (Absolute or Intensity-based)

[47] https://www.icmagroup.org/sustainable-finance/the-principles-guidelines-and-handbooks/sustainability-linked-bond-principles-slbp/

Diversity and Inclusion	KPIs considered may include, without limitation: • Diversity, Equity, and Inclusion which might include without limitation % of women across all levels of the organisation or % of women at Management / Executive level

For SLLs associated with hard-to-abate sectors, the HKMC will prioritise companies and projects that demonstrate a robust and ambitious climate strategy or policy including a climate and decarbonisation roadmap that outlines their concrete actions to achieve targets in short, medium and long terms, as well as those that have established procedures to address any material social and governance issues.

Process for SLLs Evaluation and Selection

The same project evaluation and selection process used by the IFS Division as previously mentioned in this Framework is also applied to the SLLB Instrument, and the IFS Division is responsible for nominating the Eligible SLLs in the SLL Financing Portfolio.

The process for disqualifying and requalifying SLLs in the SLL Financing Portfolio is in place to ensure ongoing compliance with the HKMC's standards and alignment with international best practices. In the event that the borrower fails to achieve the predefined SPT(s), thereby preventing margin reduction triggers, the HKMC shall conduct a case-by-case assessment to determine the feasibility of excluding the SLL from its SLL Financing Portfolio and potentially replace it with a new Eligible SLL. Following the exclusion, an SLL may be included back into the SLL Financing Portfolio, subject to meeting the predefined KPI and SPT that trigger the margin reduction.

Management of Proceeds

Planning for Use of Proceeds

The net proceeds will be allocated fully within two years from the date of issuance of the SLLB Instrument.

Management of the Eligible SLL Register

The HKMC shall record the source and allocation of proceeds in a separate register management system to ensure that all net proceeds of the SLLB Instrument are properly managed and utilised.

The HKMC will review and update the register on a regular basis (at least annually). During the life of each SLLB Instrument, if any Eligible SLLs cease to fulfil the eligibility criteria or if allocated SLLs have been partially or fully prepaid/repaid, the net proceeds will be reallocated to new Eligible SLLs.

Use of Unallocated Proceeds

Unallocated proceeds shall be prioritised to be allocated to Eligible Assets as described in the Framework. Any balance of proceeds not allocated to Eligible SLL or Eligible Assets might be temporarily invested in traditional bonds or sustainable bonds, short-term money market instruments with good ratings and market liquidity in the domestic and international markets, time deposits, or as cash. Unallocated proceeds shall not be invested in GHG-intensive, highly-polluting or energy-intensive projects nor projects with negative social impacts (including but not limited to those listed on Appendix I – IFS Division's Environmental and Social Exclusion List).

Reporting

The HKMC is committed to maintaining transparency in information disclosure by adhering to best practices. The HKMC will publish a report on an annual basis until the proceeds have been fully allocated, and update the market if there are any material changes to the respective assets on a timely basis.

The HKMC commits to disclose information that includes, without limitation:

- Amount of the net proceeds allocated
- Size of the portfolio of Eligible SLLs
- Number of Eligible SLLs included in the Eligible SLL Register
- Sector and geography of the borrower
- Information on the achievement of KPIs/SPTs
- Information on disqualified SLL facilities and newly added SLLs

Subject to the confidentiality agreements, competitive considerations, or limitations due to a large number of Eligible SLLs, the information disclosed may be presented in generic terms or on an aggregated portfolio basis.
