Press Release

The Hong Kong Mortgage Corporation Limited

Fourth Issuance of Retail Bonds

The Hong Kong Mortgage Corporation Limited (HKMC) is pleased to announce today (Wednesday) the launch of a new issue of retail bonds that will be placed to investors through an enlarged group of Placing Banks.

The HKMC signed the Placing Bank Agreement with Bank of China (Hong Kong), The Bank of East Asia, Chiyu Bank, Citibank, CITIC Ka Wah Bank, Dao Heng Bank, HSBC, Hang Seng Bank, International Bank of Asia, Nanyang Commercial Bank, Shanghai Commercial Bank, Standard Chartered Bank and Wing Lung Bank at the signing ceremony held this afternoon. The HKMC also entered into an Underwriting Agreement with The Bank of East Asia, Citigroup, Standard Chartered Bank, Bank of China (Hong Kong), HSBC, CITIC Ka Wah Bank, Wing Lung Bank, Dao Heng Bank and International Bank of Asia for an aggregate amount of HK$1,595 million.

The arrangement introduced by the HKMC in October 2001 has proved to be highly effective in placing bonds to retail investors. The HKMC has issued HK$4.4 billion of retail bonds to around 12,000 investors since October 2001. Using this placing mechanism, 15 banks and companies have raised over HK$19 billion through issuance of retail bonds and certificates of deposit since the beginning of 2002.

The new issue will adopt the same offering mechanism (see Technical Brief at Annex 1). It will also contain the following key features that will bring additional benefits to retail investors:

(a) **Enlarged Placing Bank network**: to reach out to more retail investors, the number of Placing Banks will be increased to 13 for the new issue. The number of designated bank branches for processing applications will also be increased to 625 branches. In addition, retail investors can make use of the phone and/or Internet banking facilities of some Placing Banks to subscribe for the retail bonds.

(b) **More choices on structure and return:** to give retail investors more choices in bond products for portfolio diversification and return enhancement, the new issue will be divided into three tranches. The HKMC will introduce one new structured product in addition to a fixed rate bond of 3-year maturity and a 2-year extendable for 3-year note (see Annex 2 for details). The new fixed-inverse floating rate note carries a 5.5% fixed-rate coupon for the first year followed by a semi-annually determined floating rate coupon at 6% minus 6-month interbank rate with a minimum coupon of 0.5% (see Annex 3 for details). The new product offers retail investors a high upfront coupon in the first year, and potential yield enhancement compared with a five-year fixed-rate bond.

(c) **Reliable market making arrangement**: the 13 Placing Banks are committed to quoting firm bid prices for the retail bonds during business hours until the maturity date. This will ensure that retail investors can liquidate their holdings at any time. To ensure the ability of the Placing Banks to quote offer prices, the amount to be available to support secondary market making activities is 30% of the initial issued amount. The placing banks are also committed to quoting firm offer prices until the reserve amount is exhausted and will continue to do so on a best effort basis afterwards.

The coupons of the three tranches are as follows.

Tenor	Coupon per annum (payable semi-annually)
3-year	2.7%
2-year extendable for 3-year note	3.3%
5-year fixed-inverse floating rate note	5.5% for first year, thereafter 6.0% minus 6-month HIBOR, with a minimum coupon of 0.5%

An investor may subscribe for one or more of the above tranches. The actual subscription price for Tranche A Notes and Tranche B Notes will be determined by reference to the relevant Exchange Fund Notes as specified in the Prospectus. Subscription price for Tranche C Notes is set at 100% of the principal amount of the Notes.

The subscription period will commence at 9:00 a.m. on 3 October 2002 (Thursday) and end at 2:00 p.m. on 11 October 2002 (Friday). The timetable for the issue is set out in Annex 4. As applicants need to have a bank account and an investment account with the placing banks they intend to instruct, they are encouraged to submit their applications early and not to wait until the closing date of the subscription period. The subscription money will only be deducted from the applicant's account on the closing date.

Retail investors who are interested in subscribing for the retail bonds can obtain the prospectus from the offices of the HKMC and the 625 designated branches of the 13 Placing Banks (see Annex 5), and the HKMC's website at www.hkmc.com.hk.

Mr. Peter Pang, Chief Executive Officer of the HKMC, said, "the HKMC's retail bond programme has a proven track record of providing retail investors with high quality debt securities of a secure and stable return. This new issue is a clear demonstration of the HKMC's strong commitment to further develop the retail bond market. The wider selection of product structure and yield provides many choices to suit the investment objectives of portfolio diversification and yield enhancement of retail investors under the current market conditions."

Technical Brief

What are HKMC retail bonds?

- They represent senior and unsecured debt issued by The Hong Kong Mortgage Corporation Limited ("HKMC") to retail investors through appointed Placing Banks.

Why does HKMC issue retail bonds?

- To enhance the HKMC's fund-raising capabilities by broadening its investor base to include retail investors.

- To promote the development of an active retail bond market in Hong Kong.

- To meet the increasing demand for high quality bonds by retail investors as evidenced by their enthusiastic response to the Corporation's latest retail bond issue in May 2002 as well as the retail bond and CD issues of other issuers year-to-date.

What are the benefits of investing in HKMC's retail bonds?

- HKMC Notes are a **stable investment** that provides steady interest income – **the HKMC is wholly owned by the Hong Kong SAR Government through the Exchange Fund and is rated Aa3 by Moody's and AA- by S&P as a long-term, local currency issuer.** However, the Notes are not guaranteed by either the HKSAR Government or the Exchange Fund.

- HKMC Notes carry a relatively **higher yield** than Exchange Fund Notes of comparable maturity as well as the prevailing saving and time deposit rates.

- HKMC Notes have **assured liquidity** as the Placing Banks have agreed with the HKMC to quote firm bid prices for the Notes during business hours until the maturity date. The Corporation has also set aside 30% of the issue amount for tapping by the Placing Banks to facilitate the quoting of offer prices.

- HKMC Notes are flexible to invest in with a **small minimum denomination** (HK$50,000), **low transaction costs** (0.15% subscription fee) and **different structures** (3-year fixed-rate notes, 2-year extendable for 3-year fixed-rate notes, 5-year fixed-inverse floating rate notes) to suit the needs of different investors.

- HKMC Notes are **convenient to subscribe** through the 625 designated branches of the thirteen Placing Banks, as well as the phone and Internet banking facilities of some of the Placing Banks.

- Prices of HKMC Notes may fall as well as rise.

Why has HKMC appointed a network of Placing Banks for the retail bonds?

- In addition to the existing Placing Banks (Bank of China (Hong Kong), the Bank of East Asia, CITIC Ka Wah Bank, Dao Heng Bank, HSBC, International Bank of Asia, Hang Seng Bank, Nanyang Commercial Bank, Shanghai Commercial Banks, Standard Chartered Bank and Wing Lung Bank), the HKMC has appointed two new Placing Banks (Chiyu Bank and Citibank) to enhance the distribution network. With their extensive retail banking network and customer base, the Placing Banks have strong capability to distribute the Notes to the retail investors.

- The allocation of Notes through the Placing Banks will enable retail investors to make use of the familiar and highly efficient branch offices as well as the Placing Banks' telephone and Internet banking facilities to subscribe for and to trade the Notes.

How can retail investors apply for the upcoming retail bonds?

- Retail investors intending to subscribe for the HKMC retail notes must already have, or must open, a bank account and also an investment account with one of the Placing Banks. A retail investor may apply for the Notes through the following methods:

  (a) Application in person through a designated branch of a Placing Bank

  Investors can go to any designated branch of a Placing Bank and give instructions in person to apply for the Notes.

  (b) Application by Internet banking facilities

  Investors can make an on-line application if they already have set up arrangement with The Bank of East Asia, CITIC Ka Wah Bank, Dao Heng Bank, HSBC or Hang Seng Bank to use its Internet banking facilities.

  (c) Application by phone banking facilities

  Investors can make a telephone application if they already have made an arrangement with Bank of China (Hong Kong), The Bank of East Asia, Citibank, CITIC Ka Wah Bank, Dao Heng Bank, HSBC, Hang Seng Bank or Standard Chartered Bank to use their phone banking facilities.

What price will retail investors pay for the HKMC retail bonds?

- Upon application of the Notes, investors are required to pay the Application Price, plus a handling fee of 0.15% of the Application Price of the Notes. The actual price investors are required to pay for the Notes allotted is the Subscription Price plus a handling fee of 0.15% of such Subscription Price.

- **Application Price:** An indicative cap price of 102% of the principal amount of Tranche A Notes and Tranche B Notes applied for. Application Price of the Tranche

C Notes is 100% of the principal amount of the Notes. The principal amount of Notes applied for must be a minimum of HK$50,000 or a whole multiple of HK$50,000.

- **Subscription Price:** Subscription Price of Tranche A Notes and Tranche B Notes will be the actual purchase price of the specific Notes determined at or around 11:30 a.m. on 16 October 2002. Subscription Price of Tranche C Notes will be 100% of the principal amount of the Notes. The annualised yield of the Tranche A Notes and Tranche B Notes will be fixed so as to equal to the annualised yield of the specified Exchange Fund Note ("EFN"), plus a spread, as follows:

  Annualised yield of Tranche A Note = EFN 5509 offer yield + 0.15%
  Annualised yield of Tranche B Note = EFN 5709 offer yield + 0.20%

- Difference in Application Price and Subscription Price for Tranche A Notes and Tranche B Notes:

  (a) refund the relevant part of the application monies if the Application Price is larger than the Subscription Price, or

  (b) additional payment is required from successful applicants if Subscription Price is larger than the Application Price.

What is the allocation method?

- If total valid applications for each tranche are more than the amount to be issued (as determined by the HKMC at its discretion), all valid applicants will be allocated a minimum of HK$50,000 in principal amount of the Notes of that tranche. The remaining Notes of that tranche will be allocated on a pro rata basis according to the number of Notes validly applied for (rounded down to the nearest whole Note), and in the case of Notes remaining after rounding, by ballot.

- The ballot will be executed by the Paying Agent, Bank of China (Hong Kong).

How can retail investors trade the retail bonds in the secondary market?

- The Placing Banks have agreed with the HKMC to make a market for the Notes to quote a firm bid price so that investors can sell their holding if needed.

- The Placing Banks have also agreed to quote a firm offer price for the Notes so long as they may request the HKMC to issue additional Note (up to a maximum of 30% of initial issue amount), and thereafter the offer price will be quoted on best efforts basis.

What will be the factors affecting the market price of the retail bonds and where can investors obtain information about the current yield level?

- After the issue date, the price of the Notes will vary depending on many factors including, but not limited to, prevailing interest rates. Generally, the price of Notes will rise when there is a fall in interest rates, and vice versa.

- Retail investors can find out the current price and yield for Notes from the Placing Banks.

What are the transaction costs to subscribe for and hold the retail bonds?

- Investors will pay a handling fee of 0.15% of Subscription Price of the Notes allotted to them.

- As the Notes are scripless and the allotted Notes will be credited to the investment account of the investor's chosen Placing Bank, the Placing Banks will charge a fee for opening and operation of an investment account. Investors should consult the Placing Banks for the relevant fee level.

Features of the 2-Year Extendable Notes

What are the key terms of the 2-year Extendable Notes (Tranche B)?

Issue Date:	18 October 2002
Original Maturity Date:	18 October 2004 (2 years)
Extended Maturity Date:	18 October 2007 (5 years)
Issuer's right, not obligation, to extend the Maturity:	Issuer (HKMC) has one time right (not obligation) on the Original Maturity Date of the Extendable Notes to extend the whole amount of notes of maturity for another 3 years to October 2007
Notice for Extension:	Issuer will give notice of extension (if so decided) to the Placing Banks at least 7 business days before the Original Maturity Date of the Extendable Notes

Under what circumstances will the Notes not be extended?

- The HKMC, like any issuer, will consider several factors when deciding whether or not to extend an Extendable Note. The HKMC may decide not to extend the maturity in certain circumstances, for example:

  (a) the prevailing yield of HKMC's 3-year Notes at the end of the second year is lower than the yield of the Extendable Notes;
  (b) the HKMC has surplus funds;
  (c) the HKMC needs funds of maturities other than 3 years.

What are the benefits of the Extendable?

- The Extendable Notes offer retail investors an additional choice of an investment product that is available mainly to private banking and institutional investors.

- Priced at the yield of the HKMC's 5-year Notes, the Extendable Notes offer an immediate yield pick up which will be realized if the HKMC decides not to extend the maturity at the end of the second year.

- If the bond is extended, the investor will still enjoy the same yield as a plain vanilla 5-year HKMC Notes i.e. no sacrifice of yield for the potential enhancement in return.

- For the Issuer, the Extendable Notes will help the HKMC to better manage its funding and the prepayment of its retained mortgage portfolio. In addition, the HKMC can diversify its investor base as well as broadening the retail bond market.

Annex 3

Features of the 5-Year Fixed-Inverse Floating Rate Notes

What are the key terms of the 5-year Fixed-Inverse Floating Rate Notes (Tranche C)?

Issue Date:	18 October 2002
Maturity Date:	18 October 2007 (5 years)
Coupon Rate:	5.5% p.a. for the first year 6% p.a. minus 6-month HIBOR for the subsequent four years, with a minimum of 0.5% p.a. HIBOR means Hong Kong Interbank Offer Rate quoted on the Moneyline/Telerate Page 9898 on the first day of the relevant Interest Period
Notice for Coupon Rate:	Notice will be sent from the Paying Agent to the Placing Banks to notify the coupon rate on each Interest Payment Date after the first year

What are the benefits of the Fixed-Inverse Floating Rate Notes?

- The Fixed-Inverse Floating Rate Notes offer retail investors an additional choice of an investment product that is available mainly to private banking and institutional investors.

- The Notes offer an immediate yield pick up in the first year (coupon: 5.5%) when compared to the HKMC's 2-year extendable for 3-year notes (coupon: 3.3%). In the subsequent four years, investors will continue to enjoy a higher coupon rate if the difference between 6% and 6-month HIBOR is higher than 3.3%.

- From investor perspective, the 5-Year Fixed-Inverse Floating Rate Notes effectively offer retail investors a total guaranteed return of 107.5% in 5 years (i.e. 100% principal redemption on the 2007 Maturity Date + 5.5% for the first year + 4 times a minimum of 0.5% per annum in the subsequent years) with a potential gain in return if the difference between 6% and 6-month HIBOR exceeds 0.5% in the subsequent 4 years.
